INMARSAT APPROVES WORLD'S FIRST ISATDOCK2 FOR ISATPHONE2 BY BEAM

Beam Communications Pty Ltd, a wholly owned subsidiary of World Reach Limited, today announced that it had received Inmarsat approval for its range of Beam IsatDock 2 Docking Stations for the recently released Inmarsat IsatPhone satellite handset.

This additional docking station development further enhances Beam's position as the provider of one of the broadest ranges of satellite equipment in the marketplace. This new range of docking solutions enables the use of satellite handsets to be extended to applications where normal handheld services are limited or impractical.

The four Docking Stations are for Maritime, Vehicular, In-building as well as a low cost Universal Solution.

The IsatDOCK 2 docking stations will commence commercial shipments by Beam before the end of calendar 2014.

Yours faithfully

Michael Capocchi
Managing Director
