REFUND OF R&D TAX INCENTIVE

The Board of Foyson Resources Limited is pleased to announce that the Company has received a refund of A\$317,061 following lodgement of the 2014 R&D Tax Incentive.

The Board is pleased with the support that this Federal Government Incentive provides and affirms its commitment to further the R&D programme in order to bring value to Foyson shareholders.

The funds will be used to provide working capital to continue the exploration activities on its highly prospective Amazon Bay Project and the due diligence on Integrated Green Energy Limited.
