\$3 Million Funding Agreement

25 November 2014: Brisbane, Australia – Citigold Corporation Limited (“Citigold” or “Company”) (ASX:CTO) is pleased to announce that it has agreed to a \$3 million debt facility to assist in further advancing its high grade 100% controlled Charters Towers gold project.

Highlights:

- \$3 million debt facility.
- Term 12 months
- Funds used for general business purposes
- Ensure adequate cash flow until larger capital funding deal concluded

The loan facility (Note) has nil interest rate. The Note is fully drawn at the start by the issue of 30,000 notes of \$100 each. The Notes are not convertible into shares. Citigold can redeem the Notes at any time at a redemption cost of \$110 per note if within 6 months, and a cost of \$120 per note if between 6 and 12 months. The Notes are secured by mortgages over some of the mining leases and other tenure controlled by Citigold as well as the process plant.

The Note facility is with CGN Finance Pty Ltd and was brokered between Citigold and CGN by 1P Capital out of Sydney.

As part of the overall deal 20 million shares will be issued. In accordance with the ASX Listing Rules attached is an Appendix 3B in relation to the shares.

This short term funding deal should provide Citigold with adequate funding to continue to advance mine planning. A low cost mining approach is a key focus. We are looking to continually reduce our business costs. Productivity will be further improved as we expand Citigold’s highgrade underground mine at Charter Towers using the latest technologies and efficiencies. We plan to compete for the world’s lowest quartile “all in” production costs.

Potential major capital development funding is advancing strongly with a few parties who are enthusiastic about getting involved with the development of the Charters Towers Gold Project. This recent Note facility will help accelerate completion of this capital funding.
