CONFIRMED ORDERS UPDATE

Further to the Group's update on 3 December 2014, we are pleased to announce that the Group has successfully won another contract worth US\$13m (S\$17m) to supply 1 turn-key gas processing plant in Bangladesh in a consortium partnership with an engineering institute of one of the largest petroleum companies in the People's Republic of China.

The project will involve joint-engineering and joint execution by the Group and the PRC partner who has considerable experiences in this area.

The project is expected to be delivered in the financial year ending 30 June 2016. It is therefore not expected to impact significantly on the earnings for FY 30 June 2015.

The Group's confirmed orders in hand now total S\$100.1m of which S\$50.5m are expected to be delivered in FY 2015.

Yours faithfully
