**Company Announcement 29<sup>th</sup> January, 2015**

## RECORD HALF YEAR RESULTS

The Prophecy accounts for the Half Year ending 31/12/14 have been completed and show record results for the half.

These accounts are yet to be audited and the final audited half year report will be released later in February.

The completed management accounts show that revenue for the half was \$4.42 million, a new record result. New sales invoicing for the SNARE product set was up 85% on the same period last year and this has contributed to this record number.

Profit from ordinary activities before tax has come in at \$2.05 million, another record result for the half. This is up 48% from the same period last year and is a very pleasing result.

Cash at the end of December 2014 was \$ 5.9 million which was up \$1 million from the same time last year.

The board will declare a dividend of 2 cents per share payable on the 2nd April 2015.

Our plan to aggressively grow the SNARE business has shown excellent progress so far this year and we expect to see a very good full year result from our continued sales push.
