Half Yearly Report

31 December 2014

Established in 1954

Website: www.imperialpacific.com.au

Chairman's Key Points – December Half

Operational

In the December half Imperial Pacific focused on its associate, **London City Equities Limited**. It also expanded its own portfolio slightly by acquiring a small holding in a dividend paying mining company. Imperial Pacific continues to hold comfortable levels of cash on deposit and these funds have enabled it to continue the payment of modest fully franked dividends.

On other potential areas of business we continue to hold **performance / activist investment fund** aspirations. In this regard time was spent monitoring one particular potential target investment. We believe managed funds will be easier to raise once we have established a prime, albeit confidential, investment target. We have not reached this comfort zone yet.

> Financial Results

The December year resulted in a loss of \$82,000 for the period, resulting predominantly from the fall in contribution from associated London City Equities Limited. Again, we received no performance fees from the investment management activities. A fully franked dividend of 5.0 cents per share was paid to shareholders in October.

➤ Net Assets Per Share – 74 cents per share

The group's net assets of \$2.2 million are slightly down on the \$2.4 million at 30 June, however it must be remembered that Imperial Pacific has paid a 5 cent dividend to shareholders in the meantime.

Cash on deposit with Imperial Pacific's bankers is comfortable at \$500,000.

Main Investments

Imperial Pacific's 30.1% shareholding in **London City** was stable in this half, influenced by **IMB**'s decision to defer the Share Buy-Back to this half and by London City's cautious expansion of its share portfolio in the period. London City's 4.2% ownership of **Fiducian Portfolio Services** has been particularly rewarding and we pass on our appreciation to Mr Singh and his team.

MainstreamBPO Pty Limited, 2% owned, woefully, has not provided proper meaningful consoldated annual accounts to Imperial Pacific for years. We made a number of lengthy submissions to ASIC under Section 294 about this situation in 2014 – where ASIC rejected any action initially. We finally received the 2013 accounts but these were limited. We have not been given any numbers or accounts for June 2014. We retain the investment at cost.

We have been examining active directly participating roles – one in the mining sector and one in litigation funding.

> The Outlook

Directors have noted that there is still little interest in smaller capitalised companies from both broker's research and from investors themselves. This should offer our group some opportunities this year.

Statutory Directors' Report For the Half Year ended 31 December 2014

The Directors of Imperial Pacific Limited submit their report together with the consolidated financial report for the above period.

Directors

The names of Directors who held office at any time during the half year and up to the date of this report are Mr Peter E.J. Murray, Mr Rob Chenery and Mr David A. Sutherland.

Results

Imperial Pacific recorded a loss of \$82,000 for the six months. This increased loss reflects the lower contribution from the company's 30.1% owned associate, London City Equities Limited. The lack of performance fees on its management of London City's portfolio is also relevant.

Review of Operations

Imperial Pacific's subsidiary Imperial Pacific Asset Management continued its management of the portfolio of London City. The positive features include increased shareholdings in Fiducian Portfolio Services Limited (4.2% owned) and a new potentially attractive candidate. Time was spent on legal options open to London City with its investment in Penrice. And Imperial Pacific again paid a fully franked dividend to shareholders of 5.0 cents per share.

Imperial Pacific's funds on deposit presently amount to around \$500,000.

Note 1 Statement of Significant Accounting Policies

(a) Basis of Preparation

This general purpose half-year condensed financial report has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001 and other applicable Accounting Standards and other mandatory professional reporting requirements.

This interim financial report does not include all the notes of the type normally included in an annual financial report. This report should be read in conjunction with the 2014 Annual Report and public announcements made by the company during the half year, in accordance with the continuous disclosure requirements of the Corporations Act 2001.

This half-year financial report has been prepared in accordance with AIFRS (Australian Equivalents to International Financial Reporting Standards).

The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with the historical cost convention.

The accounting policies adopted have been consistently applied by the company and are consistent with those applied in the 30 June 2014 Annual Report. New standards or interpretations mandatory for the annual reporting period beginning 1 July 2014 will not have any effect on the financial position or performance of the company.

(b) Other Disclosure

The financial report of Imperial Pacific Limited for the six months ended 31 December 2014 was authorised for issue in accordance with a resolution of the Directors on 20 February 2015.

Imperial Pacific Limited is a company limited by shares incorporated in Australia. Its shares are publicly traded on the Australian Securities Exchange.

Note 7 Contingent Liabilities

In support of past and future financing needs the parent company and its subsidiary Imperial Pacific Asset Management Pty Ltd have in place cross-guarantees to a bank. Neither company presently has any bank loan facilities or arrangements.

Note 8 Contingent Assets

On 28 January 2011 shareholders of Imperial Pacific approved the sale of the company's interest in convertible loan notes in MainstreamBPO Pty Limited. It was a condition of that contract that Imperial Pacific will accrue a profit share of 15% of the realised gain achieved by the purchaser if the investment is sold within five years. There is insufficient information at the date of this report to estimate any future benefit that may arise.

On 17 June and on 25 July 2011 associated company London City Equities Limited was granted judgement in its favour by the Federal Court of Australia to access certain records and documents of Penrice Soda Holdings Limited ("Penrice"). This followed legal action by London City to assess the conduct of the directors of Penrice and the provision of information at the time London City made investments in Penrice. This investigatory process may ultimately lead to legal action being taken against the Directors of Penrice, or that company itself, for the recovery of substantial investment losses. There is insufficient information at the date of this report to estimate any future benefit that may arise.

Independent Review Report to the Members of Imperial Pacific Limited

Scope

The financial report and director's responsibility

We have reviewed the financial report of Imperial Pacific Limited for the half year ended 31 December 2014 as set out on pages 3 to 10. The financial report comprises the statement of financial position, income statement, cash flow statement, statement of changes in equity, accompanying note to the financial statements, and the directors' declaration for Imperial Pacific Limited and its consolidated entities ("the consolidated entity") for the half year ended 31 December 2014.

The company's directors are responsible for preparing a financial report that gives a true and fair view of the financial position and performance of the company, and that complies with Accounting Standards AASB 134 "Interim Financial Reporting", in accordance with the corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Review Approach

We conducted and independent review of the financial report in order to make a statement about it to the members of the company and in order for the company to lodge the financial report with the Australian Stock Exchange and the Australian Securities and Investments Commission.

Our Review was conducted in accordance with Auditing Standard on Review Engagements ASRE 2410: "Review of an Interim Financial Report Performed by the Independent Auditor of the Entity", in order to state whether, on the basis of the procedures described, anything has come to our attention that would indicate that the financial report is not presented fairly in accordance with the Corporations Act 2001, Accounting Standard AASB 134: "Interim Financial Reporting" and other mandatory financial reporting requirements in Australia, so as to present a view which is consistent with our understanding of the company's financial position, and of its performance as measured by the results of its operations and its cash flows. In addition, ASRE 2410 requires compliance with the ethical requirements relevant to the audit of the annual financial report.

A review is limited primarily to inquiries of company personnel and analytical procedures applied to the financial data. These procedures do not provide all the evidence that would be required in an audit, thus the level of assurance is less than that given in an audit. We have not performed an audit and, accordingly, do not express an audit opinion.

Independence

We are independent of the company, and have met the independence requirements of Australian professional ethical pronouncements and the Corporations Act 2001.

Statement

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Imperial Pacific Limited is not in accordance with:

- (a) the Corporations Law, including:
 - (i) giving a true and fair view of the company's financial position as at 31 December 2014 and of its performance for the half year ended on that date; and
 - (ii) complying with accounting standard AASB 134: "Interim Financial Reporting" and the Corporations Regulations 2001; and
- (a) other mandatory financial reporting requirements in Australia.
