NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2010

This financial report includes the consolidated financial statements and notes of Welcome Stranger Mining Limited (formerly Commsecure Limited) and controlled entities ('Consolidated Group', 'Consolidated Entity' or 'Group').

1. Statement of Significant Accounting Policies

Basis of Preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2010 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Welcome Stranger Mining Limited and its controlled entities. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2010, together with any public announcements made during the half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements except for the adoption of the following new and revised Accounting Standards.

a. Going concern

The financial statements have been prepared on a going-concern basis notwithstanding that the Consolidated Entity incurred an operating loss after income tax of \$458,584 as at 31 December 2010. (Loss of \$72,906 at 31 December 2009)

The Consolidated Entity is currently in the final process of recapitalising its operations. Accordingly, the Directors are of the opinion that the Company will be able to meet its current trade and other payables, as well as repay its debts as and when they fall due. Therefore, the Directors are of the opinion that the financial statements be prepared on a going-concern basis.

The stated purpose of the Company on exit from liquidation is to recapitalise and to seek opportunities to enable the reinstatement of its securities to official quotation on the ASX. The Company intends to expand its royalties and tenement as well as seeking other business opportunities within the gold mining sector and other investments that will add shareholder value.

In the event that Welcome Stranger Mining Limited is unable to realise its object of obtaining profitable opportunities or complete any further capital raisings it will be required to realise its assets and extinguish its liabilities in a manner other than in the normal course of business such as voluntarily administration. The financial report does not include any adjustments relating to the recoverability or classification of recorded asset amounts or classification of liabilities that might be necessary should the consolidated entity not be able to continue as a going concern.

NOTE 5: SEGMENT REPORTING

Primary Reporting — Business Segments

During the year the Company was predominately dormant. The Company was placed in voluntary administration in June 2009 and all the key management and employees left the Company in the first half of the year. Only limited information is available and it is not possible to accurately report results, assets and liabilities by Business Segment.

Historically the Company had operated two segments – Technology and Exploration and in two geographical segments - Australia and Hong Kong. Segment revenues and expenses were directly attributable to the segments and included any joint revenue and expenses where a reasonable basis of allocation existed. Segment assets included all assets used by a segment. While most assets were directly attributed to individual segments, the carrying amount of certain assets used jointly by two or more segments is allocated to the segments on a reasonable basis. Segment liabilities consist principally of payables, employee benefits, accrued expenses, provisions and borrowings. Segment assets and liabilities do not include deferred income taxes.

Segment revenues, expenses and results included transfers between segments. The prices charged on intersegment transactions are the same as those charged for similar goods to parties outside of the consolidated group at an arm's length. These transfers are eliminated on consolidation.

Independent Auditors Review Report

To the members of Welcome Stranger Mining Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Welcome Stranger Mining Limited (formerly Commsecure Limited) and controlled entities which comprises the consolidated statement of financial position as at 31 December 2010, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, the accounting policies and other selected explanatory notes and the directors' declaration of the consolidated entity comprising the Company and the entity it controlled at the half-year end or from time to time during the financial period.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with AASB 134 Interim Financial Reporting including: giving a true and fair view of the consolidated entities financial position as at 31 December 2010 and its performance for the half-year ended on that date and complying with AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Welcome Stranger Mining Limited ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Welcome Stranger Mining Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Basis for Qualified Conclusion

Welcome Stranger Mining Limited was placed into liquidation on 2 July 2009. The company was removed from liquidation on 29 October 2010. There has been a limitation of scope regarding the comparative period figures for the year ended 30 June 2010 and the half year ended 31 December 2009. Since the opening balances enter into determination of financial performance and cash flows, we have been unable to determine whether adjustments might have been necessary in respect of the income for the year recorded in the consolidated statement of comprehensive income and the cash flows recorded in the consolidated statement of cash flows.

Qualified Conclusion

Except for the effect, if any, on the comparatives for the preceding corresponding period and the preceding financial year that may result in qualification in the preceding paragraph, based on our review which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Welcome Stranger Mining Limited and controlled entities is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2010 and of its performance for the half-year ended on that date; and
- (ii) Complying with AASB 134 Interim Financial Reporting, and the Corporations Regulations 2001.

Material Uncertainty Regarding Going Concern

Without qualifying our conclusion, we draw attention to Note 1 in the financial report which states that in the event that the Group is unable to realise its object of obtaining profitable opportunities or complete any further capital raisings it will be required to realise its assets and extinguish its liabilities in a manner other than in the normal course of business.
