### **Fiducian attracts \$81 million in Funds Under Advice**

Fiducian Group Limited (FGL) is pleased to announce the incorporation of 4 established financial planning businesses within its franchise network with an aggregate of \$81 million in funds under advice.

Manager Investment Projects, Jai Singh said "The financial planners fit our culture and seek our reliable systems and disciplined process. The total funds under advice adds scale to the overall network and new planners with aspirations to increase the size of their businesses over time".

The progress on these recent additions was referred to in the half year result, however as explained at that time they were yet to be finalised. The businesses are located in geographical areas in which Fiducian does not currently have a presence.

As a matter of policy Fiducian does not disclose the names of Financial Planners that join it or sell their businesses and nor does it disclose the name of the dealer groups from which client bases are acquired.
