Directors' Report

The directors of BlackRock Investment Management (Australia) Limited (the "Responsible Entity"), the Responsible Entity of iShares Treasury ETF (the "Fund"), present their interim report together with the condensed financial report of the Fund, for the half-year ended 31 December 2014 and the auditor's report thereon.

The condensed financial report has been prepared for the iShares Treasury ETF as it is a disclosing entity under the *Corporations Act 2001*.

Change of Fund Name

Effective from 29 September 2014 the Fund's name changed from iShares UBS Treasury ETF to iShares Treasury ETF.

Fund Objectives

The Fund aims to provide investors with the performance of the market, before fees and expenses, as represented by the Bloomberg AusBond Treasury Index (the "Index").

Responsible Entity

The Responsible Entity of the Fund is BlackRock Investment Management (Australia) Limited (ABN 13 006 165 975). The registered office and principal place of business for the Responsible Entity and the Fund is Level 26, 101 Collins Street, Melbourne, VIC 3000.

Principal Activities

The Fund invested in accordance with the provisions of the Fund's Constitution.

The Fund is currently listed on the Australian Securities Exchange (ASX). The admission date was 14 March 2012.

The Fund did not have any employees during the half-year ended 31 December 2014.

There were no significant changes in the nature of the Fund's activities during the half-year ended 31 December 2014.

Directors

The following persons held office as directors of the Responsible Entity during the half-year or since the end of the half-year and up to the date of this report:

| Director | Date appointed | Date resigned |
|-------------|-----------------------------|-----------------------|
| M S McCorry | Appointed 2 December 2009 | |
| J Arter | Appointed 19 September 2012 | |
| L McMahon | Appointed 13 February 2013 | Resigned 6 March 2015 |

Review of Results and Operations

During the half-year, the Fund continued to invest funds in accordance with target asset allocations as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's Constitution.

Directors' Report (continued)

Review of Results and Operations (continued)

Results

The performance of the Fund, as represented by the results of its operations, was as follows:

| | Half-year ended | |
|--|-------------------------------|-------------------------------|
| | 31 December 2014 \$'000 | 31 December 2013 \$'000 |
| Operating profit/(loss) before finance costs attributable to unitholders | 1,262 | 41 |
| Distributions paid and payable | 279 | 181 |

Returns

The table below demonstrates the performance of the Fund as represented by the total return.

| | Returns* | | |
|------------------------------|---|---|---|
| | 1 July 2014 to 31 December 2014 % | 1 July 2013 to 31 December 2013 % | 1 July 2012 to 31 December 2012 % |
| iShares Treasury ETF returns | 5.34 | 0.32 | 0.41 |

* Returns (after fees) are calculated on the assumption that all distributions are reinvested in the Fund, and include the effect of compounding.

Significant Changes in State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the financial half-year under review.

Rounding of Amounts to the Nearest Thousand Dollars

The Fund is a registered scheme of a kind referred to in Class Order 98/100 (as amended), issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report and financial statements. Amounts in the directors' report and the financial statements have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

Directors' Report (continued)

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 4.

The financial statements were authorised for issue by the directors on 9 March 2015.

This report is made in accordance with a resolution of the directors.

9 March 2015

Dear Directors,

iShares Treasury ETF

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of BlackRock Investment Management (Australia) Limited as Responsible Entity of the iShares Treasury ETF (formerly the iShares UBS Treasury ETF) (the "Fund").

As lead audit partner for the review of the financial statements of the Fund for the financial period 1 July 2014 to 31 December 2014, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely,

1 Statement of Compliance

The condensed financial report is a general purpose financial report prepared in accordance with the *Corporation Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This condensed financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2014 and any public announcements made during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

2 Basis of Preparation and Accounting Policies

This condensed financial report includes financial statements for iShares Treasury ETF (the "Fund") as an individual entity. The Fund was constituted on 2 December 2011.

The Fund is a registered scheme of a kind referred to in Class Order 98/100 (as amended), issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report and financial statements. Amounts in the directors' report and the financial statements have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Fund's 2014 annual financial report for the financial year ended 30 June 2014.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial half-year beginning 1 July 2014 that would be expected to have a material impact on the Fund.

3 Financial Risk Management

(a) Fair Values of Financial Assets and Liabilities

The carrying amounts of the Fund's assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Condensed Statement of Comprehensive Income.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair value. The fair value of financial liabilities is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

(i) Fair value in an active market

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market prices used for financial assets and financial liabilities held by the Fund are the last traded market prices. Where the last traded price does not fall within the bid ask spread, an assessment is performed by the Responsible Entity to determine the appropriate valuation price to use that is most representative of fair value.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

3 Financial Risk Management (continued)

(a) Fair Values of Financial Assets and Liabilities (continued)

(ii) Fair value in an inactive or unquoted market (continued)

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward foreign exchange contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

Investments in other unlisted unit trusts are recorded at the net asset value per unit as reported by the Responsible Entity of such funds.

(b) Fair value hierarchy

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables present the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2014 and 30 June 2014.

| As at 31 December 2014 | Level 1 | Level 2 | Level 3 | Total |
|---|----------|---------------|----------|---------------|
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Financial assets | | | | |
| Financial assets designated at fair value through profit or loss: | | | | |
| Interest bearing securities | - | <u>15,583</u> | - | <u>15,583</u> |
| Total | <u>-</u> | <u>15,583</u> | <u>-</u> | <u>15,583</u> |

3 Financial Risk Management (continued)

(b) Fair value hierarchy (continued)

| As at 30 June 2014 | Level 1 \$'000 | Level 2 \$'000 | Level 3 \$'000 | Total \$'000 |
|---|-------------------|-------------------|-------------------|-----------------|
| Financial assets | | | | |
| Financial assets designated at fair value through profit or loss: | | | | |
| Interest bearing securities | - | <u>24,575</u> | - | <u>24,575</u> |
| Total | <u>-</u> | <u>24,575</u> | <u>-</u> | <u>24,575</u> |

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities, trusts, exchange traded derivatives, semi-government securities and money market securities.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment grade corporate bonds, certain listed equities, certain unlisted unit trusts, and over-the-counter derivatives. As level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non transferability, which are generally based on available market information.

Investments classified as level 2 are debt instruments. The fair value of debt instruments is derived from industry standard valuation models with published or observable market data.

Investments classified within level 3 have significant unobservable inputs, as they are infrequently traded. As observable prices are not available for these securities, the Responsible Entity has used valuation techniques to derive fair value.

Except for cash and cash equivalents which are classified as level 1, the Fund's assets and liabilities not measured at fair value at 31 December 2014 and 30 June 2014 have been classified as level 2. The carrying amounts of these assets and liabilities approximate their fair values as at the end of the reporting date.

The Fund did not hold any level 3 instruments during the half-year ended 31 December 2014 (30 June 2014: Nil).

There were no transfers between levels for recurring fair value measurements during the half-year ended 31 December 2014 (30 June 2014: Nil).

4 Net Gains/(Losses) on Financial Instruments Held at Fair Value Through Profit or Loss

The net gains/(losses) recognised in relation to financial assets and financial liabilities held at fair value through profit or loss:

| | Half-year ended | |
|---|-------------------------------|-------------------------------|
| | 31 December 2014 \$'000 | 31 December 2013 \$'000 |
| Financial assets and liabilities | | |
| Net gain/(loss) on financial assets and liabilities designated at fair value through profit or loss (including FX gains/(losses)) | <u>1,298</u> | <u>58</u> |
| Net gains/(losses) on financial instruments held at fair value through profit or loss | <u>1,298</u> | <u>58</u> |

5 Distributions to Unitholders

The distributions during the half-year were as follows:

| | Half-year ended | | | |
|---|---------------------|--------------|---------------------|--------------|
| | 31 December 2014 | | 31 December 2013 | |
| | \$'000 | CPU | \$'000 | CPU |
| Distribution paid - 30 September | 221 | 78.54 | 91 | 76.07 |
| Distribution paid/payable - 31 December | <u>58</u> | <u>39.18</u> | <u>90</u> | <u>74.62</u> |
| | <u>279</u> | | <u>181</u> | |

6 Net Assets Attributable to Unitholders

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as other units of the Fund. Units are created and redeemed at the unitholders' option at prices based on the value of the Fund's net assets at the time of creation/redemption less transaction costs. The Fund is required to distribute all taxable income to the unitholders.

Movement in number of units and net assets attributable to unitholders during the half-year were as follows:

| | 31 December 2014 | | 30 June 2014 | |
|---|---------------------|------------|-----------------|---------------|
| | No. '000 | No. '000 | \$'000 | \$'000 |
| | Opening balance | 241 | 120 | 24,585 |
| Creations | 75 | 121 | 7,793 | 12,180 |
| Redemptions | (169) | - | (17,763) | - |
| Units issued upon reinvestment of distributions | - | - | 4 | 7 |
| Increase/(decrease) in net assets attributable to unitholders | <u>-</u> | <u>-</u> | <u>983</u> | <u>382</u> |
| Closing balance | <u>147</u> | <u>241</u> | <u>15,602</u> | <u>24,585</u> |

Capital Risk Management

The Fund manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily creations and redemptions at the discretion of unitholders.

The Fund monitors the level of daily creations and redemptions relative to the liquid assets in the Fund. As of 31 December 2014 the capital of the Fund is represented in the net assets attributable to unitholders table.

In the event of a significant redemption, the Fund's Constitution allows the delay of payment beyond the usual redemption timeframe but no later than the maximum number of days specified in the Constitution for satisfying redemption requests. Further, in certain circumstances such as disrupted markets, the Constitution allows payment to be delayed beyond the maximum number of days.

7 Financial Assets Held at Fair Value Through Profit or Loss

| | As at | |
|---|----------------------|----------------------|
| | 31 December 2014 | 30 June 2014 |
| | Fair value \$'000 | Fair value \$'000 |
| Designated at fair value through profit or loss | | |
| Interest bearing securities | 15,583 | 24,575 |
| Total designated at fair value through profit or loss | 15,583 | 24,575 |
| Total financial assets held at fair value through profit or loss | 15,583 | 24,575 |

8 Segment Information

The Fund operates solely in the business of providing investors with the performance of the market, before fees and expenses, as represented by the Bloomberg AusBond Treasury Index. The Responsible Entity, which is the chief operating decision maker for the purposes of assessing performance and determining the allocation of resources ensures that the Fund's holdings and performance are identical to the Bloomberg AusBond Treasury Index. Accordingly, no additional qualitative or quantitative disclosures are required.

9 Events Occurring After the Reporting Period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the Condensed Balance Sheet as at 31 December 2014 or on the results and cash flows of the Fund for the half-year ended on that date.

Directors' Declaration

The directors of the Responsible Entity declare that:

- (a) In the opinion of the directors of the Responsible Entity, there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- (b) In the opinion of the directors of the Responsible Entity, the attached financial statements and notes thereto are in accordance with the *Corporations Act 2001*, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Fund.

Signed in accordance with a resolution of the Responsible Entity made pursuant to s.303(5) of the *Corporations Act 2001*.

Independent Auditor's Review Report to the unitholders of the iShares Treasury ETF

We have reviewed the accompanying half-year financial report of the iShares Treasury ETF (formerly the iShares UBS Treasury ETF) (the "Fund"), which comprises the condensed balance sheet as at 31 December 2014, and the condensed statement of comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration as set out on pages 5 to 14.

Directors' Responsibility for the Half-Year Financial Report

The directors of BlackRock Investment Management (Australia) Limited (the "Responsible Entity"), as Responsible Entity for the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Fund's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Responsible Entity, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 31 December 2014 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
