

AstiVita Limited ABN 46 139 461 733

30 March 2015

AstiVita Update

AstiVita announces today that its new website should be fully operational in the next 4 – 12 weeks. The new website will be fully integrated with our enterprise management system and will create further operational efficiencies in processing orders and may result in an increase in sales.

The product rationalisation is progressing well as we continue to source alternative products where existing products were not competitive in the Australian market.
