

## BIG GROWTH CONTINUES

The directors of Big Un Limited are pleased to announce that the Big Review TV pipeline recently exceeded 7000 merchants, and Australian cash receipts for May reached \$81,000.

“ We are seeing strong month-on-month growth from the Australian market and are anticipating even stronger growth as we roll-out and begin to build our pipeline in overseas markets” said co-founder Brandon Evertz who recently returned with the team from talks in Asia.

## ABOUT BIG UN LIMITED

Big Un Limited is the parent company of Big Review TV Ltd. Big Un Limited listed on the ASX on 31/12/14 and is led by an experienced entrepreneurial team that includes Australia's youngest founder of a publicly listed company Brandon Evertz.

Big Review TV Ltd operate in the media and technology space providing online video content, video reviews and online marketing services to small and medium enter- prise through [bigreviewtv.com](http://bigreviewtv.com)

[Bigreviewtv.com](http://Bigreviewtv.com) is a brand new video review platform aimed at consumers. It is a video review platform that integrates video review shows, video marketing, and user- generated video content with social media via the Big Review TV app.

The Big Review TV App is a free video review mobile phone application that allows consumers to search and view video reviews of places of interest, and produce their own video reviews that upload automatically to [Bigreviewtv.com](http://Bigreviewtv.com) and can be shared via social media networks.

The app can also be used by merchants as a video marketing tool to communicate with customers by uploading video news and updates to their business profile page on [Bigreviewtv.com](http://Bigreviewtv.com)

## **THE BIG UNLIMITED ECOSYSTEM**

Big Review TV products and services combine an exciting blend of emerging technologies and emerging market trends into an ecosystem and community for merchants and consumers that is fun, informative and easy to use. The business model generates income and provides multiple revenue streams. Having established a substantial early mover advantage in the video review space, the company is actively pursuing an international roll-out strategy during 2015/16
