30 June 2015

**Daily Net Tangible Asset (NTA) Update**

During the week prior to expiry of the PGFO Options on 30 June 2015, PGF will be providing a daily NTA update.

PGF provides below its daily NTA update as at Friday, 26 June 2015.

<b>NET TANGIBLE ASSET BACKING PER ORDINARY SHARE</b> (all figures are unaudited)	<b>26 JUNE 2015</b>
<b>Approximate NTA before tax on unrealised gains</b>	\$1.2218
<b>Approximate NTA after tax</b>	\$1.1659

As at 26 June 2015, the NTA before any tax accrual was approximately \$1.2491 per share. After the accrual of tax on realised gains (but before tax on any unrealised gains), the approximate NTA was \$1.2218 per share as shown in the table above.

Note that no adjustments are made for future exercise of outstanding PGFO options (exercise price \$1.00 per option) in the table above. The NTA after tax accrual on realised gains, but before tax accrual on unrealised gains would have been approximately \$1.1740 (and \$1.1302 after all tax accruals) if all of the PGFO options had been exercised on Friday, 26 June 2015.

As at Friday 26 June 2015, 98,872,141 of the initial 173,672,200 options issued by the Company as part of its IPO had been exercised.

Yours faithfully,

Ben Skilbeck  
Director  
Signed for PM Capital Global Opportunities Fund Limited
