

Corporate Governance Statement

White Energy Company Limited (the Company) and its controlled entities (the Group) have adopted a corporate governance framework that is intended to meet the interests of shareholders, while being appropriate for the nature and size of the Company's business and operations. The Board is responsible for the corporate governance of the Group and is committed to achieving and demonstrating the highest standards of corporate governance. The Board acknowledges and seeks to embrace the Corporate Governance Principles and Recommendations (Recommendations) set by the Australian Securities Exchange (ASX) Corporate Governance Council and continues to review the framework in the light of evolving good practice.

During the year ended 30 June 2015, and as at the date of this statement, the Company complied with all of the Recommendations other than that:

- (1) The Chair of the Nomination Committee (being the Chair of the Company) was not an independent Director (Recommendation 2.1);
- (2) The Chair of the Company did not meet the ASX test for independence, as he is a substantial shareholder of the Company (Recommendation 2.5); and
- (3) The Board has not set measurable objectives for achieving gender diversity (Recommendation 1.5), however as outlined in its Diversity Policy, the Board will seek to promote and increase diversity within the organisation as positions of employment and appropriately skilled candidates become available.

Notwithstanding the above exceptions, the Board believes that its composition and that of its Committees, is appropriate for the size and nature of the Company and that having Directors of the Company holding significant shareholding interests demonstrates their strong commitment to the Company and should be seen as a positive by shareholders.

The table below outlines each Recommendation and the Company's response. All practices, unless otherwise stated, were in place for the entire financial year and remain current as at 30 June 2015, the date of this statement. This statement was approved by the Board on 24 June 2015. Company policies and charters are available on the Company's website at: <http://www.whiteenergyco.com/about-us/corporate-governance/index.php>.

The purpose of the policy is to outline the objectives which the Company seeks to achieve in regards to gender, age and cultural diversity. • A copy of the Diversity Policy is available on the Company's website. • As at 30 June 2015 and 30 June 2014, the Company had the following number of women employed at the following levels:

	Whole Group	19	11%	19	10%

	• The Company does not presently have set targets for the representation of women employees in senior executive positions and on the Board. Principle 2: Structure the Board to add value					
(2.1) The Board of a listed entity should: (a) have a Nomination Committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director; and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met	▪ The Nomination Committee is comprised of the full Board of Directors. Therefore the Committee does not comply with the composition requirements of Recommendation 2.1, as it is not chaired by an independent Director. Despite this, the Board considers that the composition of the Committee is appropriate given the skills and experience of the individuals involved. ▪ The Nomination Committee is responsible for the selection and appointment of new Directors and for considering the re-election of incumbent Directors, noting that each Director must have sufficient experience and input into the Company’s affairs. ▪ The Nomination Committee is reformulating, in light of the recently released Version 3 Recommendations, its Board skills matrix to review the range of skills,				

throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a nomination committee, disclose that fact and the process it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.	experience, expertise and diversity (where possible) on the Board and to identify its needs in this regard. The Committee is responsible for developing a short list of candidates. The Board is then responsible for the appointment of the most suitable candidate to stand for election at the next annual general meeting. ▪ New candidates to the Board are sought through referrals and/or professional intermediaries to identify and assess candidates. ▪ The nomination of existing Directors for reappointment is not automatic and is contingent on performance and the current and future needs of the Company. The Nomination Committee also has regard to the duration of each existing Directors' tenure and whether the size of the Board remains appropriate to facilitate effective discussions and efficient decision making. ▪ A copy of the Nomination Committee Charter is on the Company's website.
(2.2) A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	▪ During the year, the Board assessed its mix of skills and diversity through implementation of a board skills matrix, and signed off on a final matrix on 26 November 2014. ▪ The Board achieved its assessed skills rating for all criteria, being for skills in Financial/Audit, Legal/Governance, Investor Relations, Risk Management and Compliance, Human Resources/Remuneration, IT/Technology, Marketing/Social Media, Strategic Planning, Government Affairs, Policy Development, Executive Management, International Experience, Listed Company Director Experience, Mining Industry Experience, Coal Specific Mining Industry Experience and Coal Technology Experience. ▪ Details of the Directors' skills, experience, expertise and attendance at meetings are set out in the Directors' Report in each year's Annual Report.
(2.3) A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, association or relationship of the type described in the governance principles but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director	▪ The Company recognises the importance of having a Board of appropriate composition, size and diversity. ▪ The Board believes that the individual directors on the Board have the appropriate skill levels which are suitable for the nature, size and geographic diversity of the business operations of the company. ▪ The composition of the Board throughout the year and at the date of this statement was as follows: - Travers Duncan is a Non-Executive Director and Chairman; - Brian Flannery is Managing Director; and - Graham Cubbin, Hans Mende, Vincent O'Rourke and Terence Crawford are all Non-Executive Directors. ▪ Graham Cubbin, Hans Mende, Vincent O'Rourke, and Terence Crawford are considered to be independent Directors. Travers Duncan and Brian Flannery are not considered to be independent Directors as each is a substantial shareholder of the Company. The Board assesses the independence of its Non-Executive Directors against the guidelines as outlined in the Recommendation. ▪ The appointment date of each director is disclosed in the Company's Annual Report.
(2.4) A majority of the Board should be independent Directors	• Graham Cubbin, Hans Mende, Vincent O'Rourke, and Terence Crawford are considered to be independent Directors, meaning that the majority of the Board is independent and the Company is in compliance with this Recommendation. Brian Flannery is not considered to be an independent Director as he is the Managing Director and a substantial shareholder of the Company. Travers Duncan is not considered to be an independent Director as he is a substantial shareholder of the Company. The Board assesses the independence of its Non-

	Executive Directors against the guidelines as outlined in the Recommendation.
(2.5) The Chair of the board should be an independent Director and in particular, should not be the same person as the CEO of the entity.	The Chair of the Board is not considered to be independent. The roles of Chair and Chief Executive Officer are separated, with Travers Duncan acting as Chair and Brian Flannery as Managing Director and Chief Executive Officer.
(2.6) A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.	- The Board implements an induction program for new directors which involves a detailed briefing in regards to their role as a Director of the Company and the business of the Company. The Board is continually informed by Senior Management of key developments in the Company's business and the industry in which the Company operates. - The Board recognises that there are occasions when directors believe that it is in their best interest and the interest of the Company to seek independent professional advice. Following consultation with the Chairman, directors can seek independent professional advice at the Company's expense, in fulfilling their duties.

(3.1) A listed entity should: (a) have a code of conduct for its directors, senior executives and employees; and (b) disclose the code or a summary of it.	- The Company and the Board promotes ethical and responsible decision making and has adopted a Code of Conduct for this purpose. - The Code of Conduct provides that all directors, employees and officers of the Company must act in good faith and in the best interests of the Company. In doing so, all directors, officers and employees must: - comply with the law and have regard to the reasonable expectations of stakeholders; - maintain the confidentiality of any confidential information received in the performance of duties; - be responsible and accountable for their actions; - observe the ethical principles of fairness, honesty, integrity and truthfulness, including disclosure of potential conflicts; and - report any actual or suspected behaviour which is not in compliance with the Code of Conduct. - The day to day management and operations of the Company are guided by these principles. - All new staff are inducted in regards to all Company policies including the Code of Conduct. Further training is periodically implemented. - A copy of the Code of Conduct is available on the Company's website.
Principle 4: Safeguard integrity in corporate reporting	
(4.1) The Board of a listed entity should: (a) have an Audit Committee which: (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and (2) is chaired by an independent director who is not the chair of the board; and disclose (3) the charter of the committee;	- The Company has systems in place to independently verify and safeguard the integrity of the Company's financial reporting. - The Board has established an Audit and Risk Committee to assist in the execution of its duties by overseeing the material aspects of the Company's financial reporting, control, risk management and audit functions. - During the year and at the date of this statement, the Committee consists of: - Graham Cubbin (Chair, Non-Executive Director and Independent); - Travers Duncan (Non-Executive Director and not Independent); - Vince O'Rourke (Non-Executive Director and Independent).

(4) the relevant qualifications and experience of the members of the committee; and (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have an audit committee, disclose that fact and the process it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.	• All members of the Committee are financially literate and have an understanding of the industries in which the Group operates. Graham Cubbin has relevant financial experience, having held board and senior finance positions in a number of public and private companies over an extensive period of time. • Details of the Committee members' qualifications and attendance at Audit and Risk Committee meetings are set out in the Directors' Report in each year's Annual Report. • The Audit and Risk Committee has a formal Charter. Its main responsibilities include: - reviewing the annual and interim financial statements and reports of the Company; - approving changes in important accounting principles and their application in the interim and annual financial reports; - evaluating the qualitative aspects of financial reporting to shareholders; - overseeing the external audit scope, plans to ensure completeness of coverage and the efficient use of audit resources; - review the results of audits, including any significant changes in audit plans, the rationale behind adoptions and changes in accounting principles and accounting estimates requiring significant judgments; - recommending the selection of the external auditor for approval by the Board; - reviewing and assessing the Company's business and financial risk management process, including the adequacy of the overall control environment and controls in selected areas representing significant risk; and - reviewing and assessing the Company's system of internal controls, and discussing with management policies and programs in respect of risk management and risk assessment. • The Committee: - monitors the independence of the external auditors, including discussing with the auditors any relationships or non-audit services that may affect, or be perceived to affect, their objectivity or independence; - reviews the performance of the external auditors; and - reviews and if appropriate, approves requests for any non-audit services to be performed by the external auditors. • A copy of the Audit and Risk Committee Charter is available on the Company's website. • The Board's policy is to appoint external auditors who clearly demonstrate quality and independence. Applications for tender for external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs. • The Company requires the periodic rotation of the audit partner in accordance with the <i>Corporations Act 2001</i>.
--	--

	- The Company's audit partner Mr Brett Entwistle of PricewaterhouseCoopers was appointed during the 2010 financial year. Under the <i>Corporations Act 2001</i>, audit partners must be rotated at least every 5 years. Accordingly, Mr Entwistle would ordinarily have been replaced with another audit partner at the conclusion of the 30 June 2014 audit. However, during 2014 the Board considered the impact of the impending rotation of Mr Entwistle for the 2015 financial year, particularly in view of the operational changes at White Energy following the acquisition of MCC and the ongoing cross-border litigation relating to a terminated Joint Venture in Indonesia, both of which Mr Entwistle is familiar with. For these reasons the Board believed that compliance with the rotation requirements would have adversely affected audit quality. - Accordingly, the Board resolved, in accordance with section 324DAA of the <i>Corporations Act 2001</i>, that Mr Entwistle's term as audit engagement partner be extended for an additional financial year. This means that Mr Entwistle has continued as the Company's audit partner for the 2015 financial year. Importantly, in considering the extension of Mr Entwistle's term as audit engagement partner, the Board was satisfied that such an extension would not give rise to a conflict of interest situation, as defined in the <i>Corporations Act 2001</i> as there are measures within PwC to ensure that any conflict of interest did not arise and, thereby, impair Mr Entwistle's independence. PricewaterhouseCoopers agreed in writing to the extension of Mr Entwistle's term.
(4.2) The Board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	- The Board requires that the Managing Director and Chief Financial Officer, for all financial reports that are released to the ASX, confirm in writing, to the best of their knowledge and belief, that the declaration provided in accordance with section 295A of the <i>Corporations Act 2001</i> is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks. - The Board has received such confirmation from the Managing Director and Chief Financial Officer in respect of this financial year.
(4.3) A listed entity that has an AGM should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.	A representative of the external auditor attends each Annual General Meeting to answer any questions concerning the audit of the Group and the contents of the Auditor's Report.
Principle 5: Make timely and balanced disclosure	
(5.1) A listed entity should: (a) have a written policy for complying with its continuous disclosure obligations under the Listing Rules; and (b) disclose that policy or a summary of it.	- The Company has a Disclosure and Communication Policy and a Disclosure and Materiality Guidelines for Officers and Employees Policy. - These policies promote timely and balanced disclosure of material matters concerning the Company. - The Disclosure and Communication Policy provides that the Company must immediately disclose to the market any information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities. Disclosure of any such price sensitive information is not required where:

	- a reasonable person would not expect the information to be Disclosed; - the information is confidential and the ASX has not taken a contrary view; and - one or more of the following applies: (i) it would be a breach of law to disclose the information; (ii) the information concerns an incomplete proposal or negotiation; (iii) the information comprises matters of supposition or is insufficiently definite; (iv) the information is generated for internal management purposes; (v) the information is a trade secret; • If a potential disclosure obligation arises, officers or employees are to report it to the Managing Director/Chief Executive Officer, who will determine whether disclosure to the ASX is required. • A copy of the Disclosure and Communication Policy and the Disclosure and Materiality Guidelines for Officers and Employees Policy is available on the Company's website.

(7.2) The board or committee of the board should: (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound; and (b) disclose, in relation to each reporting period, whether such a review have taken place	• During the year, ongoing monitoring, mitigating and reporting on material risks by senior executives, the Audit and Risk Committee and the Board took place in accordance with the process disclosed above.
(7.3) A listed entity should disclose (a) if it has an internal audit function, how the function is structured and what role it performs; or (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.	• Under the Charter of the Audit and Risk Committee, the Committee reviews and considers the need for an internal audit function, how the function should be structured and what role it performs. Where there is an internal audit function, it reviews and recommends the appointment or removal of the head of internal audit, the scope and adequacy of the internal audit work plan and the objectivity and performance of the internal audit function. • The Audit and Risk Committee and the Board has determined not to have an internal audit function due to the current size of the Company and its operations, although this is reviewed regularly by the Committee. • The Company's external auditors perform a half year review and full year audit as required under the Corporations Act 2001. The Audit and Risk Committee have regular meetings and contact with the external auditors during the year and for the review and audits. • The Company adheres to its Risk Management Policy and Procedures, including management of its risk management and internal control processes.

	• A copy of the Environmental Policy is available on the Company's website.
Principle 8: Remunerate fairly and responsibly	
(8.1) The board of a listed entity should: (a) have a remuneration committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director; and disclose (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a remuneration committee, disclose that fact and the process it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.	▪ The Company aims to remunerate in line with industry benchmarks and the Company's circumstances.
