Sovereign Gold Company Ltd. (Sovereign Gold or the Company) (ASX Code: **SOC**) is pleased to provide an update on the Company and its corporate structure, following the recent successful placement and rights issue, which the Directors believe, is a significant step forward for the Company and its shareholders.

Raising the \$1,122,126 has enabled Sovereign Gold to completely pay off the loan to Bergen and reduce the loan to Hudson Corporate, with the balance of this loan to be repaid from the sale of Frontier Capital Group (FCG) shares announced on 1 April 2015, expected to settle in April 2016, during this period no further interest will be accrued.

Sovereign Gold is now in a financial position that allows it to plan a full and complete drill program of its assets.

Sovereign Gold's geoscience technical team are leaders in the research and development of new methodologies and new knowledge on defining

* The information regarding the Mineral Resource is extracted from the report entitled "Hobbs Pipe Mineral Resource Update Additional Information" created 27th December 2013 and is available to view on www.sovereigngold.com.au/investors.htm. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

diagnostic mineralisation characteristics of Intrusion-Related Gold Systems (**IRGS**). This ground-breaking research forms the basis of the R&D Tax Incentive claim.

Sovereign Gold expects to update the market shortly regarding finalisation of the recently announced (13 May 2015) JV funding agreement with a Chinese Consortium (**Consortium**) to progress exploration of Mount Adrah Gold Project (EL6372). The Consortium can earn up to 50% through funding up to \$2M.

With drilling recently commenced at high-grade targets in the Rocky River project the Company looks forward to outlining its Fully Funded and aggressive drilling campaign in the coming weeks. The Company also intends to actively pursue other opportunities that may increase shareholder value.

Simon Bird, Sovereign Gold Company Limited Managing Director commented "The second half of 2015 is a completely fresh start for Sovereign Gold and its shareholders, with the recent cash injection, retirement of debt, aggressive drill campaign and significant \$2M JV, we look forward to delivering significant value to our shareholders".
