About Talon Petroleum Limited:

Talon Petroleum Limited is a Texas and Gulf Coast focused exploration and appraisal company listed on the ASX (ASX code: TPD). Talon's strategy is to invest in multi-well oil projects that are located within areas with good production infrastructure employing horizontal drilling and advanced fracking technologies. The projects target oil in resource plays (shales) or in low permeability conventional reservoirs that originally produced only a small fraction of the hydrocarbons in-place (old fields with tight reservoirs) where recoveries can be improved with new technologies. Additional information is available on Talon's website: www.talonpetroleum.com.au.
