London City Equities Limited

Chairman's Review

Full Year

Last year we discussed the scene of investors flocking to buy bank shares to take account of the high franking yields available - nearly three times that of the RBA Cash Rate. This has continued to push the stock-market to heights we have not seen since pre GFC levels of 6,800 (Nov 2007). But from June last year the index was flat. It moved from 5,380 to 5,390 in Dec 14 and to 5,450 this June – up 1.3%. However in April we saw the index reach 5,963 and around the same time CBA shares touched \$96.10. Volatility continues to be the outstanding feature of market attitudes and last week the index moved 4% between 5,030 and 5,240!

Shareholders know we are not in the passive portfolio business and that we seek strategic shareholdings in special companies that offer inherent growth, mainly in the smaller company arena up to \$100 million market cap. In this regard, Fiducian Group Limited (5.1% owned) appreciated 7% over the year and its dividend payout increased 16%.

Financial Results

Given our cautious attitude London City's disclosed net profit of \$59,000 was arguably acceptable, down from \$419,000 last year. We can report that dividend franking credits have increased again and the company is now capable of paying fully franked dividends of \$670,000, compared to \$470,000 a year ago. Directors have again recommended a 1.0 cent fully franked dividend for 2015.

Net Asset Backing – 21 cents per share at 30 June – 23 cents today

At 30 June 2015 London City's net asset backing per share stood at 21 cents, a figure that takes account of both the appreciated portfolio value and the one cent dividend paid during the year. Since balance date the investment portfolio has improved another \$450,000, around 2.1 cents a share. And there is potential upside in unaccounted tax losses and some possible recovery on the Penrice front.

Investment

During the year our shareholding in well managed **Fiducian Group** moved to 5.1% and its value in our portfolio rose from \$2.0 to \$2.7 million. In late 2014 we increased a modest holding in **Coffey International** to 1.5% - to be stunned by adverse disclosures in February and more recently in April. Our participation in **IMB Limited's** 2015 Share Buy-Back released funds that were slowly re-invested in more IMB shares. Liquidity remains good with \$1.0 million on deposit today, close to 4 cents a share. Our search programme is active, but cautious.

We are determined to pursue **Penrice Soda** logically. This is because of the sums involved, namely losses in the order of \$7 million – losses only surpassed by another investor group. Information provided to investors in 2008 and 2009 has been assessed by us as most unsatisfactory and our objective is to recover funds from implicated parties. In July 2014 McGrath Nicol were appointed Liquidators. Sadly, shareholders have been kept in the dark. Extensive explanatory letters from us to the Liquidators have failed to get a reply. We estimate 3,500 shareholders have lost \$130 million, the banks \$100 million and trade suppliers \$30 million in Penrice. The Penrice Managing Director's remuneration package of \$981,000 in 2013 may be compared to the \$110 million Penrice *lost* in 2012 and 2013. We urge a government investigation into this mess.

Outlook

While our current investments are expected to grow in value this year we are very wary about the Australian economy, increasing "spin" in corporate reporting and odd behaviour of some Boards. Nonetheless, London City is positive its research will uncover a solid investment. We soon hope to activate the Penrice matter formally.

Yours,

P E J Murray
Chairman of Directors

15 September 2015

Statutory Directors' Report for the year ended 30 June 2015

Your Directors present herewith their report on the Company for the financial year ended 30 June 2015.

Strategic Positioning

London City is a long term strategic holding company investing in entities that have significant and unique market shares and offer inherent growth. London City is risk averse, avoids borrowings and supports quality management in its holdings. It seeks some control over its destiny and is prepared to be assertive when required.

London City seeks to provide shareholders with attractive investment returns over the medium to longer terms by enhancing capital growth and pay dividends that over time grow faster than the rate of inflation.

Directors and Officers

The Directors and Officers of the Company in office at any time of the year are as follows:

Peter E.J. Murray – Chairman of Directors

Special Responsibility: Chief Operating Officer

Chartered Accountant, Senior Associate Financial Services Industry of Australia, Member Turnaround Management Association of Australia.

Mr Murray has spent over 35 years involved in company management, corporate finance and ASX listed company matters. He has been a senior executive in merchant banking and stockbroking at Director level. Experienced in corporate financial advice, mergers, fund raisings and general management. Chairman of Imperial Pacific Ltd since 1980. Past Chairman of Directors of Camelot Resources NL and CCI Holdings Ltd. Director of Delany Foundation Limited. [Director of London City since 1986].

Robin Chenery - Non Executive Independent Director.

Special Responsibility: Chairman, Audit, Compliance and Risk Management Committee

Bachelor of Science (Honours), Master of Business Administration

Mr Chenery's initial background was in manufacturing management. He has had in excess of 35 years extensive Australian and international experience in the steel and coal industries. He has also held a number of senior Board positions throughout his career. Past Director of CCI Holdings Limited. Presently a Director of Imperial Pacific Limited. [Director of London City since 2007].

David A Sutherland - Non-Executive Independent Director.

Special Responsibility: Chairman, Remuneration Committee

Bachelor of Science (Agriculture)

Mr Sutherland has been involved in the securities markets for over thirty years. He has held senior positions in the sector within merchant banks, stockbrokers and investment houses in this period. Until recently he held the senior executive position of Investment Manager at HGL Limited for seven years where he had particular experience with corporate equity investments. Presently a Director of Imperial Pacific Limited. [Director of London City since 2012].

Gordon F. Furner – Company Secretary

Chartered Accountant, Bachelor of Commerce

Mr Furner has been involved in the securities markets for over 20 years and is presently a senior stockbroking executive. His expertise includes economic matters, the financial markets, securities industry and corporate finance issues. [Company Secretary of London City since 2014].

Remuneration Report

The company does not have any formal employees and operates through its Board and a shareholder approved management agreement with Imperial Pacific Asset Management Pty Limited. The company has a Remuneration Committee which is responsible for remuneration policies and monitors the remuneration of Directors and officeholders with market conditions. Details of the emoluments of the Directors are set out in Note 17 of the financial statements and are also shown below:

	Fees	Super Contributions	Total
Mr P.E.J.Murray	-	-	-
Mr R Chenery	\$25,000	-	\$25,000
Mr D.A.Sutherland	\$25,000	\$2,375	\$27,375

Activities

The principal activities of the company during the year consisted of investment in Australian equities, predominantly those reflecting some long term strategic advantage, and in deposit funds with the company's bankers.

London City's shareholding in Fiducian Group Limited was increased to over 5% and London City is now a Substantial Shareholder. An interest held in IMB Limited was sold through that company's 2015 share buy-back and the proceeds re-invested in IMB shares. An interest in 1.5% of the equity of Coffey International Limited was purchased during the year. The Board and advisors continued to spend time assessing Penrice and the information given to shareholders at the time of London City's investments.

While the Directors took into account future income tax benefit on the unrealised year-end losses, they decided not to account fully for potential tax benefits that might arise from the realised losses. The relevant potential benefit sum is in the order of \$2,000,000 - or approx 9 cents per share.

Statutory Directors Report (Cont'd)

Results and Dividend Status

London City reports a net profit for the year of \$59,000 (profit of \$419,000 in 2014). Net asset values at 30 June 2015 closed at \$4.5 million, or 21 cents per share, after the payment of 1.0 cent in a fully franked dividend in October 2014 and taking a conservative stance of future tax benefits. Directors recommend the payment of a fully franked dividend of 1.0 cent per share for 2015. The Dividend Reinvestment Plan (DRP) remains suspended.

Objectives, Achievements and Review of Operations

The prime objectives during the year were to protect and enhance London City's long term aspirations as a strategic holding company. Overall, the portfolio increased by around \$1.0 million including IMB proceeds being re-invested into IMB again. The Board of London City continued to examine the Penrice situation, a South Australian disaster that has now gone into liquidation and left shareholders and banks with losses of at least \$230 million. . This examination process is continuing with key advisors.

Significant changes in the state of affairs

There have been no significant changes in the state of affairs other than those mentioned elsewhere in this Annual Report.

Likely developments and expected results of operations

London City intends to retain its deposit funds in the short term and focus on its existing investments. It will continue to search for equity investments into companies that exhibit high market shares, inherent growth, managements with owner mentality and ones that reflect good value. It favours companies where it may have positive influence. London City intends to continue its investigation into how it might recover some of its funds lost in Penrice. (While it might be argued successfully that adverse issues at Penrice had not been fully brought to the attention of investors in 2008, 2009 and later years it is noted that Penrice now has gone into liquidation with massive losses incurred by shareholders, banks, employees and trade suppliers). The Board recognises its modest funding base and may pursue a Share Purchase Plan when the Penrice matter moves into more positive territory.

Otherwise, Directors are not aware of any firm development likely to have a significant effect upon the operations of the company.

Matters subsequent to the end of the financial year

Directors propose the payment in October of a fully franked dividend of 1.0 cents per share. This sum has not been provided for in the financial statements. The investment portfolio has appreciated by \$450,000 since balance date.

Environmental regulation

The Company is not subject to significant environmental regulations under any Commonwealth, State or Territory Law.

Other Information

The Directors are not aware of any significant change in the state of affairs of the group that occurred during the financial year under review not otherwise disclosed in this report and the accounts. In the opinion of the Directors likely developments in the operations of the company known at the date of this report have been covered generally within the Annual Report.

Proceedings in respect of the company

At the date of this report no person has applied to the Court under Section 237 of the Corporations Act 2001 for leave to bring action on behalf of the company. While London City has lawyers examining the Penrice situation, there are no court proceedings at foot at the present time.

Statutory Directors Report (Cont'd)

Risk and Compliance Control

The Board of Directors has in place an Audit, Compliance and Risk Management Committee to assist its deliberations in respect of these issues. The ACRM Committee meets regularly and considers, amongst other things, the audit arrangements and internal control processes of the company. Board meetings consider issues raised by the ACRM Committee and formal management reports on the compliance by the company with its key obligations. The Board also notes the regulatory compliance obligations of its portfolio management provider, Imperial Pacific Asset Management Pty Limited.

The Directors have received and considered the Section 295A certification from the senior officeholder responsible for meeting the company's financial, operational and compliance requirements.

Directors and auditors indemnification

The company has not, during or since the end of the financial year in respect of any person who is or has been an officer or auditor of the company or a related body corporate indemnified or made any relevant agreement for indemnifying against a liability incurred by an officer, including costs and expenses in successfully defending legal proceedings. Nor has the company paid or agreed to pay a premium in respect of a contract insuring against a liability incurred as an officer for the costs or expenses to defend legal proceedings. There is at present no formal insurance policy in existence. This is being reviewed.

Auditor

The auditor continues in office in accordance with Section 327 of the Corporations Act 2001.

Non-audit services.

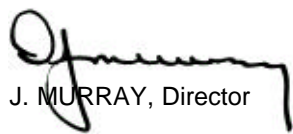

Details of the non-audit services provided by the auditor are set out at Note 18 of the financial statements. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of each type of non-audit service provided means the auditor independence was not compromised.

Auditor's Independence Declaration

A copy of the auditor's declaration under Section 307C in relation to the audit for the financial year is provided later in this report.

Signed in accordance with a resolution of the Directors. Dated at Sydney this 15 September 2015.

On Behalf of the Board,

P E. J. MURRAY, Director

D. A. SUTHERLAND, Director

London City Equities Limited

Corporate Governance Statement – 30 June 2015

London City has noted the updated “principles and recommendations” of the ASX Corporate Governance Council effective from 1 July 2014. The Board of London City believes it carries out the broad thrust of the issues in a proper and pragmatic way for a small company such as London City in the strategic holding company business. In some cases it has not adopted recommendations. The corporate governance policies of the company and the departures from the recommendations are discussed below.

This Corporate Governance Report has been approved by the Board and is current at 14 September 2015.

Principle 1 Lay solid foundations for management and oversight

London City has a Board Charter which establishes the functions reserved to the Board and to senior management. A copy of the Board Charter is set out in the rear pages of this Annual Report. London City operates its business through its Board of Directors and its Chief Operating Officer in conjunction with its portfolio management arrangements with Imperial Pacific Asset Management Pty Limited, which has managed and administered the portfolio since 1 July 2005. The company secretary is directly accountable to the Board.

London City supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. It has incorporated into its Board Charter a policy in this regard. While such diversity is considered when the opportunity arises, the Board recognises that a company of the size of London City, conducting investment activities with three directors and without formal employees, has limited scope for making major changes. The Board considers production of numerical statistics is not meaningful in its case.

The Board sets and monitors strategic business plans and shorter term operating challenges. The Board meets at least once a quarter. London City has a formal policy in relation to Core Business Processes as well as formal policies on investment processes and approvals. Written agreements of appointment are in place with ongoing Directors. The operations of the company and delegation of duties are inherent in a public listed organisation with investments that may impact on other companies.

Principle 2 Structure the Board to add value

The Board of Directors is structured to add long term value to London City. The Directors hold a variety of professional, securities market and corporate skills, operating in a climate where cost effectiveness is a key issue and shareholding interests encourage active participation. There are three Directors, of whom two are regarded for corporate governance purposes as independent because of their miniscule shareholdings in the associated group and their professionalism. Directors believe it is not practicable, nor cost-effective presently, for London City as a small strategic holding company to have an “independent” (as defined by the governance principles) Chairman. Indeed the Directors believe it is positive that major shareholdings are held by Directors. London City structure is such that it operates without a Chief Executive Officer. London City’s policy allows Directors, subject to Board approval, to take independent professional advice at its expense.

Directors also point out that they regard a formal Board nomination committee as not being appropriate for a company like London City. This task is undertaken by the Board as a whole as and when circumstances dictate. The criteria set for membership of the Board is to ensure that there exists a sufficient mix of skills and experience for a company of the nature of London City to add value and enhance shareholders’ wealth.

The Directors also believe they are very open and transparent in disclosing their plans, aspirations and financial results to the shareholders. They believe the annual shareholder meetings provide a good opportunity for shareholders to evaluate their performance. Directors are subject to re-election every three years. The Board has a policy of operating a tight structure, but appoints external parties experienced in specific sectors from time to time to provide the Board with expert advice or undertake projects.

London City Equities Limited

Corporate Governance (Continued)

Principle 3 Act ethically and responsibly

The Board is committed to ensuring that the group's affairs are conducted in a judicious and ethical manner above and beyond legal and regulatory obligations. To meet these objectives London City has in place a formal Code of Conduct Policy. It also has a Securities Trading Policy for dealing in the company's securities in addition to complying with legislative obligations. A copy is on the ASX Announcements Platform – 29 December 2010. This Trading Policy includes the prohibition of officeholders from dealing in London City securities between the end of accounting periods and the release of results without the written consent of the Chair. Investments on the Embargo list are prohibited without the approval of the Board. A summary of terms of the Code of Conduct follows:

London City Equities Limited ("London City") and its shareholders expect that each Director, member of staff and / or related personnel should pursue exemplary conduct in respect of ethics, roles and responsibilities of their office. The Group's directors and employees should conform with high community standards of corporate and individual behaviour, in particular:

PERSONAL BEHAVIOUR AND ACCOUNTABILITY

- a. Role and statutory responsibilities as an officer of the corporation
- b. Awareness of social responsibilities
- c. Obligations to all corporate stakeholders
- d. Honesty and fairness in dealings
- e. Pursuit of the best interests of the corporation
- f. Adherence to Group policies and practices
- g. Continuing assessment of corporate opportunity and risk
- h. Undertaking training and being informed on current commercial and business matters.

SECURITY AND CONFIDENTIALITY

- a. Boardroom confidentiality
- b. Security of corporate information
- c. Misuse of corporate information

MANAGEMENT OF PRIVATE INTERESTS

- a. Declaration of private interests including any interest in Group contracts
- b. Gratuities, gifts, and other benefits related to corporate office
- c. Potential and real conflicts of interest

COSTS TO THE CORPORATION

- a. Expenses incurred on corporation business
- b. Fringe benefits and allowances including leave and retirement allowances
- c. Sundry claimable expenses

SANCTIONS

Failure to observe high standards in relation to the foregoing will constitute grounds on which the Board of London City Equities Limited may by resolution of the directors institute such disciplinary or remedial action as it deems appropriate and necessary. This may include dismissal and/or reporting to relevant authorities.

Principle 4 Safeguard integrity in corporate reporting

The Board has in place an Audit, Compliance and Risk Management Committee which comprises two non-executive Directors (Mr Chenery as Chairman and Mr Sutherland as the other party). Both are regarded as independent persons. With a Board incorporating only three personnel London City believes two members, rather than three, are appropriate for an entity of its nature. London City has further assurances in regard to financial reporting integrity because of the involvement of external auditors and the manager of the company's portfolio, Imperial Pacific Asset Management, which has extensive ASIC obligations. Operating office-holders are professionally qualified in financial reporting matters. The Board has received positive written Section 295A opinions from the Chief Operating Officer and Chief Financial Officer equivalents and confirmation that such has been formed on an effective sound system of risk management and internal control in accord with the company's characteristics. In relation to audit partner rotation of the company's external auditors, the Chief Operating Officer monitors the situation in conjunction with the audit firm. The ACRM Committee has a formal charter. A summary is set out in the rear pages of this Annual Report.

Corporate Governance (Continued)

Principle 5 Make timely and balanced disclosure

The Board aims to ensure timely, balanced and continuous disclosure to the market of all material matters concerning London City in accordance with the ASX continuous disclosure regime and appropriate corporate transparency. To carry out this obligation effectively the Board is sensitive to the requirements of an informed market and it has in place a Communications Policy which encompasses a continuous disclosure policy. It seeks to keep its shareholders informed through reports to the Australian Securities Exchange, half and full-year profit disclosures, annual reports and material shareholder information announcements.

While the Board is ultimately responsible for this task, the Chief Operating Officer carries the immediate administrative obligation for meeting communications obligations and shareholder transparency. A summary of the Communications Policy follows:

The Board of London City Equities Limited ("London City") firmly believes in providing quality communications to its shareholders and other stakeholders. This includes meeting the company's obligations to the Australian Securities Exchange ("ASX") in relation to Continuous Disclosure Obligations. London City aspires to over-deliver, rather than under-deliver information to its stakeholders. In view of this approach, London City meets the ASX Corporate Governance Principle No 5.

London City seeks to provide to its stakeholders the highest levels of communication standards by adopting the following focus:

- Shareholders are the owners of the company and are entitled to the maximum of information.
- The company will provide all regulatory documentation such as Annual Reports and other letters of advice on a consistent and timely basis
- London City will maintain a web site that provides information on its activities for external consumption.
- Communications will be set out in a clear way, be honest, be factual and endeavour to answer all likely queries that may arise.
- London City will not employ financial "spin doctors" or embellish a story.
- Annual Reports will be explanatory and will be mailed as soon as possible and sent to holders in a hard copy.
- Shareholders are encouraged to telephone management to discuss issues and subject to confidentiality issues, full explanations will be forthcoming.
- London City will announce all important and material items as soon as practicable. Where announcements may impact on other organisations, London City may advise that organisation on a confidential basis beforehand..

The Board of London City is primarily responsible for communicating matters to stakeholders. Management personnel will provide the support for the preparation and distribution of announcements. Mr Peter EJ Murray is the senior executive responsible for London City meeting its Continuous Disclosure obligations to the Australian Securities Exchange and any ASIC required communications.

Principle 6 Respect the rights of security holders

London City, as reported earlier, has a communications policy in place. This recognises the importance of effective communications with shareholders and other parties. London City has an informative web-site that assists shareholders in making decisions on their rights and contacting the company electronically. Furthermore, the shareholders have other formal and informal rights provided by the company's Constitution, regulatory bodies and proper public company behaviour. These rights include their entitlement to financial statements, attendance at shareholder meetings, participation by voting on the election of directors at the Annual General Meeting and on other important issues. The auditor is invited to attend the Annual General Meeting, however the board notes that auditor is professionally restricted from providing detailed financial information and limited to discussing audit process. Shareholder meetings are conducted in an open forum with wide discussion encouraged by the Chairman.

Principle 7 Recognise and manage risk

London City has established policies for the recognition, oversight and management of material business risks. It does not consider it has material exposure to economic, environmental and social sustainability issues. Given the volatility of equity markets and economic conditions, especially in recent times, London City regards risk management as a very important issue. It does not have a formal internal audit function but has in place an Audit, Compliance and Risk Management Committee. Risk recognition, oversight and management issues are carried out by senior personnel in conjunction with the Board, the Committee and in some cases, external professionals. The Audit, Compliance and Risk Management Committee's framework was reviewed in September prior to the completion of the Annual Report.

Corporate Governance (Continued)

While the company's internal policies are considerable, the Board points out that, as a strategic holding company investing in other companies, it can be difficult to monitor the behaviour of those entities, especially when weak regulatory bodies do not examine or enforce corporate law. The Board has received positive written Section 295A assurances from the Chief Operating Officer and Chief Financial Officer equivalents. A summary of London City's policies on risk recognition, oversight and management follows:

The Board of London City Equities Limited ("London City") believes in competent risk recognition, oversight and management.

It recognises that as a strategic holding company (where it primarily invests in other organisations) there is some danger where that organisation does not provide proper business or financial reporting disclosures or does not meet competent risk management practices. For these reasons London City must continue to be vigilant in these procedures.

London City seeks, as far as practicable for an organisation in strategic investment in other companies, to undertake competent levels of risk management. These relate to its internal and external matters:

Internal Matters (Own resources)

- London City seeks to have a comfortable asset base in which it has no formal gearing.
- Investments must be selected carefully and generally monitored for some time before any shares are purchased.
- London City must concentrate on investment opportunities where it can acquire a reasonably significant equity stake (eg 10%-20%) in a company that can be understood, has a leading position in its market, has good management and represents good investment value with attractive IRRs. (The policy of a leading US investor).
- London City must be available to work in with investee companies.
- London City must remain cost conscious.
- Surplus monies must be placed only with its trading bankers,
- Monies on Deposit and investments must take account of external advice when necessary.
- Good internal controls to be maintained, disaster recovery assessed and regulatory compliance pursued.

Other Matters (External Factors)

- London City must monitor economic, stock-market, industrial sector conditions and maintain close contact with existing investee companies
- London City must have the potential (where events prove unsatisfactory) to become active supporters of the investee company either through direct Board representation or by arms-length support.
- London City must maintain close contacts in various industries of interest.
- London City may seek Board representation with certain investee entities.

The Board of London City is primarily responsible for risk recognition, oversight and management. The Board of London City is assisted in its deliberations by the Audit, Compliance and Risk Management Committee (ACRM). Both the Board and the ACRM Committee are assisted by the management of London City and its portfolio management service provider Imperial Pacific Asset Management Pty Limited. Risk Management issues must be discussed regularly. All Board meetings must be provided with details of current investments, targeted investments and funds on deposit

Principle 8 Remunerate fairly and responsibly

London City has a Remuneration Committee in place. The Remuneration Committee is responsible for assessing appropriate remuneration and payment for Directors as well as for other office holders and the portfolio management service provider. The Remuneration Committee comprises Mr Sutherland (Chairman) and Mr Chenery. Both are regarded as independent under the ASX definition. Details of their attendance at committee meetings are set out elsewhere in this Annual Report. Ultimately shareholders approve director's fees and in 2007 they approved a maximum payout of \$125,000 per annum. Current fees are significantly below this level and reflect the company's nature. Shareholders in London City on 19 November 2004 voted and approved a management agreement in which the portfolio of London City would be managed by Imperial Pacific Asset Management Pty Limited.

Except for compulsory legislative obligations London City has no scheme for retirement benefits for non-executive directors. Furthermore, London City has no equity based remuneration scheme and has no requirement for policies in this regard. A summary of the Remuneration Committee Charter is set out in the rear pages of this Annual Report.

Note 1: Summary of significant accounting policies

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. International Financial Reporting Standards ("IFRS") form the basis of Australian Accounting Standards ("AASBs") adopted by the AASB. The financial statements have been prepared in accordance with AIFRS (Australian Equivalents to International Financial Reporting Standards).

The Company has early adopted AASB 9 - Financial Instruments. The Company has voluntarily adopted this standard as it is considered to result in a presentation that better reflects the performance and operations of the Company. A feature of AASB 9 is that unrealised gains or losses to fair value of the investment portfolio are not treated as "impairment" charges in the Income Statement but are reflected in the unrealised reserve account.

The Company has tried to adopt "plain English" where possible to assist in information transparency.

The following is a summary of the significant accounting policies adopted by the company in the preparation of the financial report. The accounting policies have been consistently applied, unless stated otherwise.

Basis of Accounting

London City Equities Limited is a listed public company incorporated and domiciled in Australia. It is a free standing company and its accounts are presented as such. The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with historical cost convention.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Actual results may differ from these estimates. Estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting policies are recognised in the period in which the estimate is revised.

(a) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements and to the unused tax losses.

Deferred tax assets and liabilities are offset as all current and deferred taxes relate to the Australian Taxation Office and can legally be settled on a net basis. Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those differences and losses.

A tax provision is made for the unrealised gain or loss on Trading Portfolio securities valued at market value through the Income Statement.

Where non-current Investment Portfolio assets are adjusted for unrealised gains or losses at balance date in the Unrealised Revaluation Reserve an assessed deferred tax liability or asset is created to reflect the applicable tax, even though there may be no intention to dispose of those holdings. The tax sum is applied to the Unrealised Revaluation Reserve on one hand and the deferred tax liability or asset on the other.

No deferred tax asset has been taken up in relation to losses arising from the realisation of certain non-current Investment Portfolio assets during the year. This judgement was made in the light of market conditions and the doubt of early recovery of those losses. The potential future benefit is \$2,000,000.

(b) Investments

The Company has two discrete types of investments - the Trading Portfolio (Current Assets) and the Investment Portfolio (Non-Current Assets). The Company is a long term investor. All investments are initially recognised at the fair value of the consideration given. After initial recognition, investments (classified as either Trading or Investment) are measured at their fair value. Fair Value of listed securities is determined by reference to the last sale price at the close of business at balance date. Gains or losses on Trading Portfolio investments are recognised in the Income Statement. Gains or losses on Portfolio investments are recognised as a separate component of equity in the Unrealised Revaluation Reserve.

London City Equities Limited

Notes to the financial statements - 30 June 2015

Note 1: Summary of significant accounting policies (Cont'd)

(c) Non-Current Assets

The carrying amounts of all non-current assets other than investments are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower value. In assessing recoverable amounts, the relevant cash flows have been discounted to their present value.

(d) Derivatives

To a large extent the company may be exposed to fluctuations in interest rates with its activities. It is not the policy of the company to use derivative financial instruments. The company does not hedge its exposure to interest rates or foreign currency fluctuations.

(e) Financial Risk issues

The economic entity has in place risk management controls supervised by the Board and the Audit, Compliance and Risk Management Committee. Risk issues are explained further in Note 16 of the financial statements.

(f) Cash and cash equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets. Dividend revenue is recognised when the right to receive a dividend has been established. Revenue from the rendering of a service is recognised upon delivery of the service.

(h) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable where invoiced. The net amount of GST recoverable from, or payable to the ATO is included with other payables in the balance sheet. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are reported as operating cash flows.

(i) New Standards and interpretations not yet adopted.

A number of new standards, amendments to standards and and interpretations are effective for annual periods beginning after 1 July 2015, and, except for AASB 9 which was early adopted, have not been applied in preparing these statements. None of these is expected to have a significant effect on the financial statements of the company.

(j) Financial Statements Approval

The financial statements were authorised for issue by the Board of Directors on 20 August 2015.

(d) Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the company in proportion to the number and amounts paid on the shares. On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll is entitled to one vote.

Note 13. Capital Management

The Company's objective in managing capital is to continue to provide shareholders with attractive investment returns over the medium to longer term through access to a steady stream of fully-franked dividends, minimal gearing and enhancement of capital invested. Its goals include paying dividends that, over time, grow faster than the rate of inflation.

The company recognises that its capital will fluctuate in accordance with market conditions and the performance of its underlying investments. It may adjust the amount of dividends paid, issue new shares from time to time, buy-back its own shares or sell assets to minimise debt. At present there is no share buy-back programme in operation. The company intends to pay dividends according to franked credits available.

Note 16. Financial instruments and risk

A. Financial instruments - fair value of financial assets and liabilities

Accounting Standards require the disclosure of fair value measurements by level of the following fair value measurement hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 - Inputs for the asset or liabilities that are not based on observable market data (unobservable inputs).

B. Main Risk Considerations

London City's activities expose it to various financial risks, mainly market risk, credit risk and liquidity risk. Risk management is carried out by senior management under policies and strategies approved by the Board and the Audit, Compliance and Risk Management Committee. The company is not directly exposed to currency risk.

(a) Market Risk

This is the risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices that depend on many factors including economic conditions and corporate profitability. London City seeks to reduce market risk by adhering to the prudent investment guidelines of its Board, including guidelines in respect of industry status, investee position in industry, performance outlook, management skills and level of strategic shareholding acquired. Price and Interest Rate risks are shown below.

(a) (i) Price Risk

The company is exposed to equities securities price risk. This arises from investments held by the company and classified on the balance sheet as either Trading or Investment. London City is not directly exposed to commodity price risk or derivative securities risk.

Note 16. Financial instruments and risk (Cont'd)

Price Risk Sensitivity Analysis:

The table below summarises the pre-tax impact of both a general increase and general fall in stock-market prices by 10%. The analysis is based on the assumption that the movements are spread equally over all assets in the Trading and Investment Portfolios.

	---- 2015 ----		---- 2014 ----	
	10.0% increase in market price	10.0% decrease in market prices	10.0% increase in market prices	10.0% decrease in market prices
	\$	\$	\$	\$
Impact on Profit (Pre tax)	(3,342)	3,342	(2,375)	2,375
Impact on Equity (Pre tax)	334,208	(334,208)	237,487	(237,487)

(a) (ii) Interest Rate Risk

This is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At balance date London City had a significant proportion of its assets held in interest-bearing bank accounts and deposits at call. As such, the company's revenues and assets are subject to interest rate risk to the extent that the cash rate falls over any given period. Given that London City does not have any interest bearing liabilities at balance date, the Board and management do not consider it necessary to hedge the group's exposure to interest rate risk.

Interest Rate Risk Sensitivity Analysis:

The table below summarises the pre-tax impact of both a decrease and an increase in interest rates by 100 basis points (1.00%). The analysis is based on the assumption that the change is based on the amounts of cash at bank and cash on hand at year end.

	---- 2015 ----		---- 2014 ----	
	100 bps increase in Interest Rate	100 bps decrease in Interest Rate	100 bps increase in Interest Rate	100 bps decrease in Interest Rate
	\$	\$	\$	\$
Impact on profit (pre-tax)	9,702	(9,702)	25,067	(25,067)

(b) Credit Risk

The credit risk on the financial assets of an entity is the risk that one party to a financial instrument may cause a financial loss for the other party by failing to discharge an obligation. This credit risk for London City is minimised by its policy of placing surplus funds with the company's bankers.

(b) (i) Cash and Cash Equivalents

The credit risk of London City in relation to cash and cash equivalents is in the carrying amount and any accrued unpaid interest. The average weighted maturity of the cash portfolio at any time is no greater than 90 days. The credit quality of material deposits of cash and cash equivalents can be assessed by reference to external credit ratings.

	2015	2014
Cash at bank and short-term bank deposits:		
A-1+	970,186	2,506,727

(b) (ii) Trade and sundry receivables

The credit risk of the company in relation to trade and sundry receivables is their carrying amounts. The sums are minor and relate mainly to accrued interest and prepayments. The risk is mitigated by internal monitoring.

(c) Liquidity Risk

This risk is that experienced by an entity when it has difficulties meeting its financial obligations. London City has no external borrowings. It manages liquidity carefully, maintaining appropriate maturity balances of short term deposits and marketable securities. London City's Board and management actively review the liquidity position on a regular basis to ensure that the company can always meet its commitments, including investment programmes.

Note 17. Directors and Executives' Remuneration (Cont'd)

(d) Remuneration Practices

1. The company has no executives.
2. The remuneration arrangements for directors are determined by the shareholders in general meeting. From time to time the Board may submit proposals to increase the fees, which are presently a maximum of \$125,000. The company has scope to remunerate Directors for special duties that may be requested on occasion. Mr Murray does not receive Directors Fees from the Company.
3. There is a formal management agreement in place with Imperial Pacific Asset Management Pty Limited, a subsidiary of Imperial Pacific Limited. This was approved by shareholders on 16 November 2004 and provides for, inter alia, a term of 15 years from 1 July 2005 and fees of 1% of the value of the Portfolio, together with possible performance fees of 15% of any gain achieved above the performance of the S&P ASX 300 Accum Index movement. The total fee payable during 2015 was \$46,696 (2014 \$47,401).
4. Interests of Mr Murray were paid \$121,200 by Imperial Pacific Limited during 2015.
5. The company has a Remuneration Committee in operation.

Note 19. Contingent liabilities

The Directors of London City Equities Limited are not aware of any contingent liabilities that may impact on the company.

Note 20 Contingent assets

On 17 June 2011 London City was granted judgment in its favour by the Federal Court of Australia to access certain records and documents of Penrice Soda Holdings Limited ("Penrice") and on 25 July 2011 Federal Court gave orders granting London City's access to specific Penrice records. The records have since been returned. The purpose of the legal action was, inter alia, to assess the conduct of the directors of Penrice and the provision of information at the time London City made its investments in Penrice. On 31 July 2014 Liquidators were appointed over Penrice and the operations closed. London City estimates that over \$230 million has been lost in Penrice by investors and the two banks, NAB and Westpac. The Board of London City is continuing this investigatory process with its advisors. It may lead to legal action being taken against Penrice, its Directors or associated parties for the recovery of substantial investment losses. Although information is supportive of a case there is insufficient information at this date to estimate future benefit that may arise from this action.

Note 21. Capital and Leasing commitments

(a) Capital Expenditure Commitments

There are no material capital commitments outstanding at year end.

(b) Operating Lease Commitments

These commitments represent non-cancellable operating leases relating to office premises.

Note 22. Related parties

Directors

The names of persons who were Directors of London City Equities Limited at any time during the financial year were Mr P.E.J.Murray, Mr R.Chenery and Mr D.A.Sutherland. Each of these parties were directors of associated company, Imperial Pacific Limited and its group companies during the same periods, including the subsidiary Imperial Pacific Asset Management Pty Limited, the manager of London City's portfolio.

Remuneration

Information on remuneration of directors is disclosed in Note 17.

Other related parties

Aggregate amounts included in the determination of operating profit before income tax that resulted from transactions with other related parties, predominantly its associate Imperial Pacific Limited.:

	2015	2014
Management fee payable:		
Associated Entity - Imperial Pacific Limited Group	46,696	47,401
Professional Fee - Imperial Pacific Limited Group	-	-
Amounts payable at balance date to Imperial Pacific Limited Group	3,661	50

Note 23. Economic dependency

The main trading activity of the company during the year was investment in equities, property and cash deposits. From time to time a significant strategic investment may be made which could influence its economic dependency. London City Equities owns 5.1% of the equity capital of Fiducian Group Limited, a financial services company and 1.5% of Coffey International Limited, an engineering and international aid organisation. Accordingly, London City has some dependency on the financial services, infrastructure and international aid sectors. With its funds on deposit the company's revenue has some dependence on the level of interest rates.

Note 24. Events occurring after balance date

The Board of London City and its advisors have continued to investigate matters associated with Penrice Soda with particular emphasis on the provision (or lack thereof) of information to investors during 2008 and 2009 and scope for recovery. The Board notes that Penrice had Liquidators appointed on 31 July 2014. Any major decision taken by the London City Board will be advised to shareholders immediately.

An Ordinary Dividend of 1.0 Cents per share has been proposed for payment in October 2015. This has not been provided for in the financial statements.

The investment portfolio has appreciated some \$300,000 since balance date.

Independent Audit Report to the Members of

LONDON CITY EQUITIES LIMITED

ABN 59 003 200 664

Report on the Financial Report

We have audited the accompanying financial report of London City Equities Limited (the company), which comprises the statement of financial position as at 30 June 2015, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of London City Equities Limited are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the Directors also state, in accordance with Accounting Standard AASB101: Presentation of Financial Statements, that compliance with Australian equivalents to International Financial Reporting Standards (IFRS) ensures that the financial report, comprising the financial statements and notes, complies with IFRS.

The directors also are responsible for preparation and presentation of the remuneration disclosures contained in the directors' report in accordance with the Corporations Regulations 2001.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement and that the remuneration disclosures in the directors' report comply with Accounting Standard AASB 124.

Independent Audit Report to the Members (cont'd)

Auditor's Responsibility (cont'd)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement on the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors', as well as evaluating the overall presentation of the financial report and the remuneration disclosures in the directors' report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

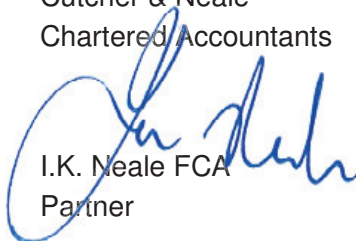

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the directors London City Equities Limited, would be in the same terms if provided to the directors as at the date of this auditor's report.

Auditor's Opinion

In our opinion:

- a) the financial report of London City Equities Limited is in accordance with the Corporations Act 2001, including:
 - i) giving a true and fair view of the company's financial position as at 30 June 2015 and their performance for the year ended on that date; and
 - ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
- b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

London City Equities Limited

Corporate Governance Charters - 2015

A – The Board Charter of London City Equities Limited

The Board of London City Equities Limited ("London City") recognises that formal and informal responsibilities and tasks are established in the company's Constitution, in legislation and in regulatory requirements. The purpose of this Charter is to provide a structural framework to give the Board direction and authority over non contractual, legislative or regulatory responsibilities and duties.

Terms of Reference

Complementary to contractual, legislative or regulatory responsibilities, the Board's responsibilities shall include the following:

- Recognising that London City is foremost a business entity.
- Considering and approving corporate strategies and policies, reviewing and approving business plans and major items of expenditure and reviewing and approving financial statements and their presentation to shareholders
- Monitoring and utilising bodies such as the Audit, Compliance and Risk Management Committee and the Remuneration Committee, ensuring that the company has in place a reporting system which enables it to address the compliance and risk management responsibilities of the business carried out by London City.
- Assessing management, including the appointment of executives to the organisation, including the Company Secretary and examining corporate and executive performance.
- Considering Board appointments
- Reviewing from time to time the compliance undertaken by the company's portfolio manager, Imperial Pacific Asset Management Pty Limited.

Membership

The membership of the Board is determined by the Constitution and "shall be not less than 3 or more than 7". One-third of (non-executive) Directors must retire from office each year. They may seek re-election. From time to time the Board may consider it appropriate to appoint a new member (or members) to the Board. Personnel considered for selection shall be chosen in the first place on the basis of their requisite business, financial and communications skills. Assessments will then be made as to their suitability for the role in the light of other characteristics including diversity of skills and background, diversity of gender, potential conflicts of interest, personality, costs, availability and the ability to conform to a small company operation such as that of London City. (Independence (as defined by ASX Corporate Governance statements) is not considered an important characteristic for London City. Induction of new Board members is to incorporate detailed explanations of operational matters and assurances as to meeting competent business practices.

London City supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. Directors should pursue relevant research and investment presentations to enhance professional development. London City will adopt as far as practicable for a company of the size and business activity of London City such a policy in these matters.

Meetings

The Board proposes to meet a minimum of four times each year. Additional meetings may be initiated by a Director or through requests from senior management.

External Reporting

The Board recognises its legislative and regulatory obligations to report financial and other events to its owners, the shareholders, on a continuous disclosure basis and to comply with other regulatory obligations such as those of ASIC and ATO and to undertake scrutiny and re-election at Shareholder Meetings.

Other Duties and Responsibilities

In addition to its formal legislative and regulatory obligations, the Board's responsibilities include the following:

Planning and Decision making

- Considering and approving corporate strategies and policies;
- Reviewing and approving business plans and major items of expenditure
- Assessing and deciding upon Investment opportunities.
- Assessing and deciding upon capital adequacy, gearing ratios and conservative placement of surplus monies on deposit.

Board Charter (Cont'd)

Monitoring

- Meeting regularly, formally and informally. Monitoring the company's performance and its capital and funding adequacy.
- Creating, monitoring and utilising the Audit, Compliance and Risk Management Committee;
- Ensuring that the company has in place a reporting system which enables it to address the reporting, compliance and risk management responsibilities of the business carried out by London City.
- Reviewing from time to time the compliance undertaken by the company's portfolio manager, Imperial Pacific Asset Management Pty Limited.

Reporting

- Ensuring that the company has in place a reporting system which enables it to produce effective, accurate and responsible financial reporting to the shareholders and other parties, including ASIC, ASX and ATO.
- Assessing Section 295A declarations by the CEO and the CFO.
- Reviewing and approving final financial statements and their presentation to shareholders.
- Maintaining open dialogue with all shareholders, especially at the Shareholder Meetings.

Management

- Assessing the need for additional or amended management personnel.
- Evaluating corporate and executive performance.
- Selecting and appointing executives to the organisation.
- Delegating the task of managing the corporation to executive management, namely:
 - Creating structure of command and responsibilities
 - Day-to-day management of resources
 - Payments of accounts and receipt of monies
 - Recording of transactions
 - Preparation and presentation of investment proposals, updates on existing and potential investments to the Board in conjunction with Imperial Pacific Asset Management Pty Limited
 - Preparation and presentation of various Board reports, agenda and minutes.
- Creating, monitoring and utilising the Remuneration Committee;

Liaison with Management

- The Board is ultimately responsible for the success of the entity and although it undertakes top level strategic planning and decision making for the entity, any Director is entitled to examine and if necessary, audit, any aspect of the company's operations or its management.

Codes of Conduct, Securities Dealings

- Considering and establishing codes of conduct about Director and personnel behaviour.
- Considering and establishing principles in relation to dealing in securities by Directors and company personnel, including Embargo Lists

Other

Any Director has the right, with Board approval, to seek independent professional advice where this is reasonably required for fulfilment of the responsibilities set out in this Charter.

B – The Audit, Compliance and Risk Management Committee Charter (Summary)

The Audit, Compliance and Risk Management ("ACRM") Committee's activities are directed towards satisfaction of Principles 4 and 7 of the ASX Corporate Governance Principles of the time.

Terms of Reference

The primary function of the ACRM Committee is to assist the Board of London City Equities Limited ("London City") in fulfilling its governance responsibilities in the following areas of Audit, Compliance and Risk Management:

A. Audit

- a. Articulation of the guiding principles to be adopted by the external auditors;
- b. Consideration of operating functions that will ensure adequate internal controls and financial reporting systems are in place.

B. Compliance

- c. Consideration of operating functions that will provide adequate compliance with all relevant statutory and regulatory requirements and community obligations.

C. Risk Management

- d. Appropriate consideration of operating functions that will provide adequate protection of the company's tangible and intangible assets by acceptable management of risk.

ACRM Charter (Summary) (Cont'd)

Membership

The membership of the ACRM Committee will be determined from time to time by the Board and comprises at least two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's Chief Operating Officer and other personnel may be invited to attend meetings. The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff and / or external auditors. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

Meetings

The ACRM Committee shall meet a minimum of two times during each year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings.

Reporting to the Board

The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

Specific Duties and Responsibilities

The Committee is given responsibility for considering and advising Board on the following six areas:

One - Internal Controls and Procedures

- Ensuring through regular reviews that adequate procedures are in place to safeguard the company's assets provide informative financial statements and reports.
- Reviewing internal audit reports.
- Seeking to ensure that a system is in place to monitor legislative changes and current developments in accounting standards that might impact on the company.
- Assessing Section 295A declarations by the CEO and the CFO.

Two - External Audit

- Discussing with the external auditors the scope and extent of the half yearly and full year financial audits
- Reviewing and discussing findings of the external auditors and advising the Board of any issues of concern.

Three - Published Financial Statements

- Ensuring that systems are in place to allow the annual report statements to reflect properly the financial condition of the company and comply with ASX listing and other regulatory requirements

Four - Compliance

- Ensuring that the company has in place a reporting system which advises the Board periodically and addresses the compliance obligations of a public listed company such as London City.
- Reviewing from time to time the appropriateness of, and compliance action taken, by the company in maximising compliance obligations.
- Reviewing from time to time the compliance undertaken by the company's portfolio manager, Imperial Pacific Asset Management Pty Limited.

Five - Risk Management

- Ensuring that the company has in place a system which addresses risk recognition, oversight and management and reports as appropriate to the Board.
- Reviewing from time to time the appropriateness of, and risk management action taken by the company in maximising risk management protection.

Six - Special Assignments

- Subject to Board approval, doing such other things as are necessary or prudent to fulfil the responsibilities of the Committee.
- Undertaking other related activities referred to the ACRM Committee by the Board.

General

The ACRM Committee has the right at all times to obtain from all levels of management such information as is necessary to fulfil the responsibilities set out in this Charter. The Committee has the right, with Board approval, to seek independent professional advice where this is reasonably required for fulfilment of the responsibilities set out in this Charter.

C – The Remuneration Committee Charter (Summary)

The Remuneration Committee's activities are directed towards satisfaction of Principle 1 of the ASX Corporate Governance Principles. The primary function of the Remuneration Committee is to assist the Board of London City Equities Limited ("London City") in fulfilling its governance responsibilities in the following area:

Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for any Director, or employee of the organisation or related party such as a portfolio management service provider.

The membership of the Remuneration Committee will be determined from time to time by the Board and comprise two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's Chief Operating Officer and other personnel may be invited to attend meetings. The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

The Remuneration Committee shall meet as required, expected to be not less than twice per year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings. The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

The Committee is given responsibility for considering and advising Board on the following three areas:

One - The Board - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for members of the Board, predominantly directors fees, examining comparative sums payable in the marketplace for similar services and ensuring proper compliance is undertaken for shareholder approval.

Two – Management - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for executive management and examining comparative sums payable in the marketplace for similar services.

Three - Service Provider – Assessing and monitoring the payment of portfolio management fees to service provider, Imperial Pacific Asset Management Pty Limited.

The Remuneration Committee has the right at all times to obtain from management such information as is necessary to fulfil the responsibilities set out in this Charter

LOGO: The emblem of London City Equities Limited represents the London Plane Tree. This plant, initially recorded in 1670, has become a long term survivor of the English seasons and population growth. Its resilience comes from its hardwood strength and its ability to shed bark, thereby renewing and protecting itself from risk of disease. Its shiny leaves are easily washed and reinvigorated by the rain. There are many examples still growing vigorously in London Squares that are estimated to be over 200 years old.
