Correction of September 2015 quarterly operational data

Z Energy released its operational data for the quarter ended 30 September 2015 on Thursday 15 October 2015. Z has released the data again today with minor corrections made to the Health, Safety, Security and Environment (HSSE) data.

Z said three of the September 2015 HSSE measures were incorrectly stated as year to date numbers instead of quarterly numbers. This has been corrected and Z apologises for any confusion this may have caused.
