CHAIRMAN'S LETTER

Dear Shareholder

On 12 November 2015 Jatenergy Limited (The Company) announced a rights issue to fund the continuing operations of the business.

The rights issue will raise up to \$343,909 (before costs) through issue of 20,229,932 new shares in the company. The new shares will be issued at a cost of \$0.017 each and will be offered to existing shareholders on a one new share for every seven (7) existing shares held.

Proceeds from the Rights Issue will be used as general working capital, including the costs of office and corporate administration.

Full details of the Issue are contained in the Offer Document dated 13 November 2015 which is attached to this letter. Key dates that shareholders should note are as follows:

- Record Date for Offer 19 November 2015
- Opening Date for Offer 23 November 2015
- Closing Date for Offer 4 December 2015
- Anticipated Issue Date 14 December 2015

You are urged to read the offer document in full and to consult your stockbroker or financial adviser in relation thereto before deciding whether to accept the offer.

Shareholders who do not participate in this offer should be aware that the level of their existing proportion of share capital in the Company may be significantly diluted as a result of a shortfall in the number of shareholders accepting this offer for further share in the Company and other persons or entities taking up such shortfall.

Yours faithfully

Tony Crimmins
Executive Chairman

1.2. Offer Statistics

Number of New Shares to be issued and offered to:

Shareholders 20,229,932

Issue Price 1.7 cents per New Share

1.3. How to Accept Entitlements to New Shares

Entitlements to New Shares can be accepted in full or in part by completing and returning the Entitlement and Acceptance Form which accompanies this Offer Document in accordance with the instructions set out below and on the entitlement and Acceptance Form.

This Offer Document also is available in electronic form on the Internet at www.jatenergy.com. If you wish to obtain a free copy of this Offer Document please contact the Share Registry on (08) 9315 2333.

Eligible shareholders may also apply for more than their Entitlement by completing the "Additional New Shares" section on the Entitlement and Acceptance Form with the number of Additional New Shares you wish to apply for, lodging the completed form and paying the applicable Application Monies. If you are paying by BPAY® you should make the payment for the total number of Entitlement Shares and Additional New Shares applied for.

If you request Additional New Shares then, subject to this Prospectus, including Jatenergy's absolute discretion to scale back your allocation of Additional New Shares (in whole or part), you will be issued these at the same time as other shares issued as part of the Offer. The decision of Jatenergy on the number of Additional New Shares to be allocated to you will be final.

Your BPAY® payment or your Entitlement and Acceptance Form with full payment must be received by the Registry by the closing Date, 5.00pm (WST) 4 December 2015. Applications received after that date may not be accepted.

1.4. Important Notice

This document is dated 12 November 2015.

This Offer is being made without a Prospectus in accordance with Section 708AA of the Corporations Act, as modified by Class Order (CO08/35). This Offer Document is not a Prospectus or any other form of disclosure document and has not been lodged with ASIC. Accordingly, this Offer Document does not contain all of the information which a prospective investor may require to make a decision as to whether to subscribe for New Shares. Further, this Offer Document does not contain all of the information which would otherwise be required to be disclosed in a Prospectus or other form of disclosure document.

The document is important and requires your immediate attention. It should be read in its entirety. If you do not understand its contents or are in doubt as to the course you should follow, you should consult your stockbroker or professional advisor without delay.

This offer opens on 23 November 2015 and closes at 5.00pm WST on 4 December 2015.

Valid acceptances must be received before the closing date.

Please read the instructions in this document and on the accompanying Entitlement and Acceptance Form regarding the acceptance of your Entitlement.

The Company has not made any investigation as to the regulatory requirements that may prevail in countries outside Australia and New Zealand, in which the Company's Shareholders may reside. The distribution of this offer Document in jurisdictions outside Australia and New Zealand may be restricted by law and persons who come into possession of this Offer Document should seek advice on and observe those restrictions. Any failure to comply with such restrictions might constitute a violation of applicable securities laws.

It is the responsibility of overseas Applicants to ensure compliance with all laws of any country relevant to their Acceptance. A number of terms and abbreviations used in this Offer Document have defined meanings, which are

explained in the Glossary. Money as expressed in this Offer Document is in Australian dollars or else as indicated.

No person named in this Offer Document, nor any other person, guarantees the performance of Jatenergy Limited, the repayment of capital or the payment of a return on the New Shares.

Information about the Company is publicly available and can be obtained from ASIC, ASX and other sources. Any such publicly available information is not incorporated into this Offer Document and does not form part of the Offer. This Offer Document is intended to be read in conjunction with publicly available information in relation to the Company that has been notified to ASIC and ASX. Investors should have regard to that information prior to making a decision to subscribe for New Shares pursuant to the Offer.

The information contained in this Offer Document is not and should not be considered to be financial product advice. The information is general only and has been prepared without any actual or implied knowledge or consideration of the investment objectives, financial situation, taxation position or other particular needs or requirements of you or any other person.

The information contained in this Offer Document is not a recommendation by the company (or its officers, employees, agents or advisers) to any person that they should subscribe for new Shares pursuant to the Offer.

To the maximum extent permitted by law, no representation, warranty or undertaking, express or implied, is made, and to the maximum extent permitted by law, no responsibility or liability is assumed by the Company or its related entities or by any of its officers, employees, agents or consultants or any other person as to the adequacy, accuracy, completeness, accuracy, completeness or reasonableness of this Offer Document. To the maximum extent permitted by law, no responsibility is accepted for errors or omissions from this Offer Document.

The information set out in this section is not intended to be comprehensive and should be read in conjunction with the full text of this Offer Document.

1.5. The Offer

This Offer Document is for the non-renounceable rights issue of 20,229,932 New Shares at an issue price of 1.7 cents each, on the basis of One (1) New Share for every Seven (7) Shares held by Shareholders on the Record Date.

Shareholdings are to be determined as at the Record Date of 19 November 2015.

Eligible Shareholders will also be entitled to apply for Additional New Shares, to take up any shortfall created by not all of the other Eligible Shareholders taking up all or any of their entitlement under this Offer. If the Board of Jatenergy exercises its discretion to make up any shortfall under this Offer, then it may do so under this Prospectus as a separate offer to third parties of its choosing but only at the issue price of 1.7 cents.

The Company has applied for listing of the New Shares on the ASX.

1.6. Minimum Subscription

There is no minimum subscription to the Issue.

1.7. Additional Shares

If you do not wish to take up any part of your entitlement under the Entitlement Offer, you are not required to take any action. That part of your entitlement not taken will form part of the Shortfall and will be dealt with in accordance with this Section. In these circumstances, you will receive no benefit. Accordingly, it is important that you take action if you want to accept your entitlement in accordance with the instructions in Section 1.3.

Eligible Shareholders are also entitled to apply for Additional Shares in excess of their entitlement, at an issue price of \$0.017 per Share, which is the issue price at which the Entitlement Offer has been made to Eligible Shareholders. The Shares issued as Additional Shares will have the same rights as attached to existing Shares.

1.8. New Share Terms

Each New Share will rank equally with all existing Shares then on issue and will have the same rights as attached to existing Shares.

1.9. Acceptance of Entitlement to New Shares

The number of New Shares to which each Shareholder is entitled is shown on the Entitlement and Acceptance Form accompanying this Offer Document. This Offer Document is for the information of Shareholders who are entitled and may wish to apply for the New Shares.

Entitlements to New Shares can be accepted in full or in part by completing and returning the Entitlement and Acceptance Form which accompanies this Offer Document in accordance with the instructions set out below and on the entitlement and Acceptance Form.

1.10. Offer Underwritten

The Offer is underwritten for a maximum of \$100,000 by Mr Anthony Crimmins, the Executive Chairman of the Company.

The Directors may place any shortfall after taking into account this underwriting to such eligible persons or entities as they shall determine other than to Directors or related parties.

The Underwriter is a current shareholder of the Company, holding 11,194,145 ordinary fully paid shares or 7.91% of the ordinary shares on issue. Mr Crimmins intends to take up his full entitlement under the Offer.

The Underwriter's present relevant interest and changes under several scenarios are set out in the table below. Each scenario assumes that Mr Crimmins subscribes for his full entitlement.

Shares	Shares owned by Mr Crimmins	Shares issued to Mr Crimmins as Underwriter	Total Shares on issue	Voting Power of Mr Crimmins
As at date of Offer	11,194,145		141,609,526	7.91%
Completion of Entitlement Offer				
- Fully Subscribed	12,793,309	0	161,839,458	7.91%
- 50% Subscribed	12,793,309	5,882,353	157,606,845	11.85%
- Only Mr Crimmins subscribes	12,793,309	5,882,353	149,091,043	12.53%

Therefore the maximum voting power of Mr Crimmins in the event that he is the only shareholder that takes up his entitlement is 12.53%. It is highly unlikely that no Shareholders will take up their entitlement.

2. DETAILS OF THE OFFER

2.1. Offer to Shareholders

The Directors of Jatenergy Limited have approved a non-renounceable rights issue of 20,229,932 New Shares at 1.7 cents per New Share to raise approximately \$343,909 (less expenses associated with the Issue).

Shareholders are entitled to subscribe for one (1) New Share for every seven (7) Share held. Only those Shareholders shown on the share register at 5:00pm (WST) on the Record Date will be entitled to participate in the Issue.

Jatenergy has applied to ASX for official quotation of the New Shares on the ASX. Official quotation of the New Shares is expected to occur on or about 15 December 2015. ASX Participating Organisations (as defined in the ASX Business Rules) cannot deal in the New Shares either as principal or agent until official quotation is granted.

2.2. Important Dates

Record Date for the Offer	19 November 2015
Offer document sent to shareholders	23 November 2015
Opening Date of Offer	23 November 2015
Closing Date of Offer	4 December 2015
Expected date of sending out New Shareholding Statements	15 December 2015

2.3. What to do with your Entitlement

Sections 2.3 and 2.7 inclusive DO NOT apply to Shareholders with registered addresses outside Australia or New Zealand. Such Shareholders should refer to Section 2.12 of this Offer Document.

The number of New Shares to which you are entitled under this Offer Document (Your Entitlement) is shown on the accompanying Entitlement and Acceptance Form.

2.4. No Rights Trading

The rights to New Shares under the Issue are non-renounceable. Accordingly, there will be no trading of rights on ASX and you may not dispose of your rights to subscribe for New Shares under the Issue to any other party. If you do not take up your Entitlement to New Shares under the Issue by the Closing Date, the Offer to you will lapse.

2.5. If your Entitlement is not taken up

If you do nothing, any part of your Entitlement that is not taken up by 4 December 2015 will lapse and the New Shares that would otherwise have been issued pursuant to the taking up of your Entitlement will form part of the shortfall.

2.6. Payment

The number of New Shares to which Shareholders are entitled is shown on the Entitlement and Acceptance Form which accompanies this Offer Document.

Entitlements to New Shares can be accepted in full or in part by completing and returning the Entitlement and Acceptance Form which accompanies this Offer Document in accordance with the instructions set out in this Offer Document (refer above) and on the Entitlement and Acceptance Form and forwarding the completed Form together with your cheque, bank draft or BPAY® for the full amount payable so as to reach the Share Registry by no later than 5:00pm (WST) on the Closing Date.

The issue price of 1.7 cents per New Share is payable in full on acceptance of part or all of your Entitlement.

Cheques should be in Australian currency and made payable to "Jatenergy Limited" and crossed "not negotiable". Completed forms and accompanying cheques should be lodged at or forwarded to the following address:

Jatenergy Limited
c/- Security Registries Pty Ltd
PO Box 535
APPLECROSS WA 6953

Payment by BPAY® must be made according to the instructions set out on your personalised Entitlement and Acceptance Form.

If paying by BPAY®, Eligible Shareholders do not need to submit a completed Entitlement and Acceptance Form.

If you have multiple holding you will have multiple BPAY® reference numbers. You must use the specific customer reference number shown on each personalised Entitlement and Acceptance Form when paying for any Shares that you wish to apply for in respect of that holding. If you inadvertently use the same customer reference number for more than one of your Entitlements, you may be deemed to have applied for the Entitlement to which that customer reference number applies and any excess amount may be treated as an application for Additional New Shares.

Applicants should be aware that their own financial institution may implement early cut off times with regards to BPAY® payment, and therefore should take this into consideration when making payment. You may also have your own limit on the amount that can be paid via BPAY®. It is your responsibility to check that the amount you wish to pay via BPAY® does not exceed your limit.

No brokerage or stamp duty is payable by Applicants in respect of their applications for New Shares under this Offer Document. The amount payable on acceptance will not vary during the period of the Offer and no further amount is payable on allotment. Acceptance Monies will be held in trust in a subscription account until allotment of the New Shares. The subscription account will be established and kept by the Share Registrar on behalf of the Applicants. Any interest earned on the Acceptance Monies will be retained by the Company irrespective of whether allotment takes place.

2.7. Allotment and Allocation Policy

Jatenergy will proceed to issue and allot New Shares as soon as possible after the Closing Date. Successful Applicants will be notified in writing of the number of New Shares allocated to them by 22 December 2014.

In the case that there is less than full subscription by shareholders for their Entitlements under this Offer Document, the Directors may place any shortfall to such eligible persons or entities as they shall determine other than to Directors or related parties at an issue price not less than that at which such shares were offered to shareholders under this rights issue.

The Directors reserve their rights to reject any Entitlement and Acceptance Form which is not complete in any particular or the processing of which would result in a contravention of any relevant law including, without limitation, any contravention of the takeover provisions set forth in the Corporations Act.

It is the responsibility of Applicants to confirm the number of New Shares allocated to them prior to trading New Shares. Applicants who sell New Shares before they receive notice of the number of securities allocated to them do so at their own risk. No New Shares will be allotted or issued on the basis of this Offer Document later than 13 months after the date of issue of the Offer Document.

2.8. ASX listing

Jatenergy has applied for the listing and quotation of the New Shares on ASX. If granted, quotation and trading of the New Shares will commence as soon as practicable after allotment.

2.9. Investment Risks

Investors should carefully read Risk Factors outlined in Section 5. An investment of this kind involves a number of risks, a number of which are specific to Jatenergy and the industry in which it operates.

2.10. CHESS

Jatenergy will apply to the ASX Settlement and Transfer Corporation Pty Ltd (ASTC) to have the New Shares issued under this Offer Document participate in the Securities Clearing House Electronic Sub-register System known as CHESS. After allotment of the New Shares, those who are issuer sponsored holders will receive an issuer sponsored statement and those who are CHESS holders will receive an allotment advice.

The CHESS statements, which are similar in style to bank account statements, will set out the number of New Shares allotted to each successful Applicant pursuant to this Offer Document. The Statement will also advise holders of their holder identification number. Further statements will be provided to holders which reflect any changes in their holding in Jatenergy during a particular month.

2.11. Overseas Shareholders

This Offer Document and accompanying Entitlement and Acceptance Form does not, and is not intended to, constitute an offer of New Shares in any place outside Australia and New Zealand in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Offer Document or the Entitlement and Acceptance Form. The distribution of this Offer Document and the accompanying Entitlement and Acceptance Form in jurisdictions outside Australia and New Zealand may be restricted by law and persons who come into possession of this Offer Document and the accompanying Entitlement and

Acceptance Form should seek advice on and observe those restrictions. Any failure to comply with those restrictions may constitute a violation of applicable securities laws.

The Company has decided that it is unreasonable to make offers under this Offer Document to Shareholders with registered addresses outside Australia and New Zealand having regard to the number of Shareholders in those places, the number and value of the New Shares they would be offered and the costs of complying with the legal and regulatory requirements in those places. Accordingly, the Issue is not being extended to, and does not qualify for distribution and no New Shares will be issued to Shareholders having registered addresses outside Australia and New Zealand. This Offer Document is sent to those Shareholders for information purposes only.

2.12. Electronic Offer Document

An electronic version of this Offer Document is available on the internet at www.jatenergy.com

The Entitlement and Acceptance Form may only be distributed accompanying a complete and unaltered copy of the Offer Document. The company will not accept a completed Entitlement and Acceptance Form if it has reason to believe that the Applicant has not received a complete paper copy or electronic copy of the Offer Document or if it has been altered or tampered with in any way.

While the Company believes that it is extremely unlikely that in the Issue period the electronic version of the Offer Document will be tampered with or altered in any way, the Company cannot give any absolute assurance that it will not be the case. Any Applicant in doubt concerning the validity or integrity of an electronic copy of the Offer Document ought to immediately request a paper copy of the Offer Document directly from the Share Registry.

3. THE BUSINESS OF THE COMPANY

3.1. Introduction

The Board of Jatenergy is pleased to announce and provide this Rights Issue to current shareholders in Jatenergy Limited. I encourage all shareholders to become involved in the Company and take a stake in its future. The basics of the Company are now in order, focusing on cash flow and profit which is now demanded from small capital companies. We have a business network and the right product mix to actively work on projects that provide ready cash flow for our business.

3.3.2 Future and Current Strategy

Jatenergy has been actively involved for the past 12 months in the trading of pharmaceutical supplements, milk powder, infant formula, personal hygiene and other related products from Australia to China. The business has proven to be successful and to take advantage of the continuing demand from China

we are expanding our range of products both from local providers and products that will be partly owned by Jatenergy. The critical path in this trading program is having enough supply and having product that has quality verification from the Chinese market. This means our products will be pushed overseas through brand awareness programs being implemented in Australian stores such as Coles, Woolworths and Chemist Warehouse.

The company is also continuing with its acquisition of Nanyang Electric which has continued to sell more LED product in Europe with new markets opening in the USA. Due diligence will recommence in January with a stronger balance sheet reflected in these increased sales. LED lighting is rapidly replacing traditional incandescent and fluoro lights for both domestic and utility application. Again this another cash flow positive strategy to take Jatenergy into a real operating company.

Coal Projects

Jatenergy currently has the rights for marketing of coal in Jong Kang, but due to the continued fall in coal pricing the mine has been placed in care and maintenance till market conditions improve. There is no time estimation on when the mine will be back in production as the coal market is still out of favour for the near and distant future. Taking into account the unpopular nature of coal and the fact we have limited interest from buyers, the Directors are considering a total write down on its central coal asset in central Kalimantan, Indonesia.

Technologies

Coal Plus: Jatenergy currently has the rights to a proprietary coal upgrading technology, which converts low value brown coal into high value energy products. Jatenergy has the license for the Coal Plus technology for Indonesia, with an option to extend into Southeast Asia. Unlike existing coal upgrading technologies, which are mostly at a pilot plant stage, the Coal Plus Technology has been commercially demonstrated. Jatenergy is looking to license the technology, specifically in Indonesia on a project-by-project basis.

TIG Energy Material Recovery: Jatenergy has the rights to a technology within Indonesia for the recovery of energy materials from low to poor grade ores such as manganese, lithium, copper and gold. Jatenergy is seeking to extend this license to cover China for the recovery of manganese, which is a key component in the manufacture of current generation batteries.

3.2. Use of Funds

Proceeds from the rights issue will be used as general working capital, including the costs of office, corporate administration, marketing and development of Jatenergy propriety owned product for sale into China.

4. EFFECT OF RIGHTS ISSUE ON THE COMPANY

4.1. Principal Effects

Assuming the Rights Issue is fully subscribed the principal effects are as follows:

1. The Company will issue 20,229,932 New Shares and the total number of Shares on issue will increase to 161,839,458. The New Shares will constitute 14.3% of the expanded issued Share capital of 161,839,458 Shares.
2. The Rights Issue will also increase the Company's cash reserves by \$343,909 assuming all rights are taken up and all shortfall placed (before expenses of the Rights Issue)

4.2. Capital Structure on Completion of the Rights Issue

The pro-forma capital structure of the Company following the Rights Issue is set out below:

Shares	Number
Existing Shares	141,609,526
Maximum number of New Shares to be issued pursuant to this Offer	20,229,932
Total Shares on issue after Rights Issue	161,839,458

4.3. Purpose of the Offer and Use of Funds

The purpose of the Offer is to raise \$343,909.

Proceeds from the rights issue will be used as general working capital, including the costs of office and corporate administration, marketing and development of Jatenergy propriety owned product for sale into China.

However, in the event that circumstances change or other opportunities arise, the Directors reserve the right to vary the proposed use to maximise the benefit to Shareholders.

4.4. Effect of the Offer

The principal effect of the Offer, will be to increase the cash reserves of the Company by \$343,909 immediately after completion of the Offer.

4.5. Pro-forma Consolidated Statement of Comprehensive Income

Set out below is an unaudited Pro-forma Consolidated Statement of Financial Position of the Company after the completion of the Rights Issue prepared on

the basis of the adjusted accounts of the Company as at 30 June 2015, and adjusted for the following transactions and assumptions:

- A non-renounceable rights issue of 20,229,932 new Jatenergy Share at an issue price of 1.7 cents each, on the basis of one (1) New Share for every seven (7) Share held, raising \$343,909.

The Balance Sheet has been prepared to provide investors with information on the assets and liabilities of the Company and pro-forma assets and liabilities of the Company as noted below.

The historical and pro-forma financial information is presented in an abbreviated form, insofar as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements.

4.6. Effects of Rights Issue on control of the Company

If all shareholders take up their entitlements under the Issue then the Issue will have no effect on the control of the Company. Because the Rights Issue is non-renounceable and it cannot be known with certainty which shareholders will take up their rights entitlements the effect on the control of Jatenergy cannot be determined at this time.

Relevant matters which may determine any such effects are:

1. The percentage of issued share capital held by the largest shareholders in the Company
2. The number and identity of large shareholders who take up their rights entitlements
3. The equity holdings associated with directors of the Company and whether the relevant rights entitlements are taken up
 - i. The following directors have declared equity holdings in the Company on either a direct or indirect basis:

	Direct	In-Direct	Total
Anthony Crimmins	7,257,451	3,936,694	11,194,145
Xipeng Li	13,411,222	Nil	13,411,222
Wilton Yao	Nil	Nil	Nil

- (i) The number of new shares forming part of the shortfall which are placed by directors to eligible entities or persons who are neither Directors nor related parties.
- (ii) The fact that New Shares issued pursuant to this Rights Issue will comprise 14.3% of the issued Share Capital of the Company after completion of the rights issue.
- (iii) As at 31 October 2015 there were 818 shareholders in the Company and the largest five shareholders, and the percentage of share capital owned by each, is as follows:
 - Zhou Xuan Feng (14.92%)
 - Adam Hajek (12.70%)
 - Tony Crimmins (7.91%)
 - Sheng Run Holdings – L&S Fam A/c (6.45%)
 - Hajek Super PL – Austratronics S/F (4.02%)
- (iv) Depending on which shareholders take up their rights entitlements, and the distribution of the shortfall the ability of certain shareholders to control the Company through their voting rights as shareholders may change.

4.7. Options

The Company has no listed or unlisted options.

4.8. Rights of Directors to allocate Shortfall

The Directors of the Company may nominate those entities or persons who have indicated to the Directors their desire to take up any shortfall. Any shortfall may be allocated by the Directors amongst such applicants for the shortfall as the Directors shall determine but not to Directors, their associate or related parties.

5. RISK FACTORS

5.1. General Risk Factors

An investment in the Company is not risk free and prospective investors should consider the risk factors detailed below, before deciding whether to apply for Shares.

Generally the Company's Business may be adversely affected by:

- Local and international factors such as fluctuation in interest and inflation rates, rise and fall in prices, currency fluctuations, rise and fall in the world equity markets, and changes in demand for those products and licences sold by the Company.
- Varying and changing governmental and regulatory factors,
- Availability of key personnel.
- Conditions of grant or renewal of licences.
- Force Majeure which prevents the Company from supplying its products.
- Claims of adverse interests in intellectual property.

5.2. Technical difficulties

Possible technical difficulties might unexpectedly be encountered in achieving the Company's objectives or manufacture or sale of the Company's products.

These difficulties may be caused by failure to achieve manufacturing standards or market share or changes in compliance requirements or costs of manufacture or compliance.

5.3. Investment Risks

The exploitation of our coal and biofuel resources, marketing of energy related conversion recovery technologies business is subject to various factors and uncertainties and accordingly an investment in shares should be considered

speculative. Investors interested in capital gains should consider that the value of the Company's shares might fluctuate. Investors interested in an income stream from dividends should recognise that the Company may have a limited revenue stream until resources and technologies are exploited developed and sold.

The Directors of the Company do not consider that any such conditions or regulations constitute such a significant risk to the carrying out of the Company's business in respect of its existing activities that would justify not continuing such business.

5.4. Economic Risks

Investors should consider the impacts of supply and demand for coal and fluctuations in prices and exchange rates, Australia's and Indonesia's inflation rate and interest rates. All of these factors have a bearing on operating costs, potential revenue and share prices. Market perceptions of the value of the Company's shares alter significantly from time to time. Fluctuations may also occur as a result of factors influencing the price of shares in small cap resource companies or share prices generally.

5.5. Business Decisions

Decisions to exploit our coal and biofuel projects and market coal conversion and energy material recovery technologies involve expressions of judgment based on knowledge, experience and industry practice. Estimates, which were valid when originally calculated, may alter significantly when new information or techniques become available.

In addition, such decisions depend to some extent on interpretations and forecasts, which may prove to be inaccurate. As further information becomes available through additional research and analysis, such forecasts are likely to change. This may result in alterations to development and investment plans, which may, in turn adversely affect the Company's operations.

5.6. Prices and Exchange Rate Risks

Material prices in particular coal prices fluctuate and are affected by numerous factors beyond the control of the Company. These factors include world demand for coal.

Moreover, prices are also affected by macroeconomic factors such as expectations regarding inflation, interest rates and regional demand for, and supply of, the coal as well as general economic conditions.

These factors may have an adverse effect on the Company's development and production activities, as well as on its ability to fund those activities.

Furthermore, the international prices of some of the Company's products are denominated in United States dollars, while the Company's cost base is principally in Australian dollars. Consequently, the Company is exposed to the fluctuations and volatility of the rate of exchange between the United States

dollar and the Australian dollar as determined in the international markets.

5.7. Financing Risks

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised pursuant to this capital raising. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its resource exploitation and marketing technology programmes as the case may be.

5.8. Personal Risk Factors

The investment detailed in this Offer Document may not be suitable for all its recipients. Potential investors should consider carefully whether an investment in the Company is suitable for them in the light of their personal circumstances and the financial resources available to them and their personal taxation obligations.

Prospective investors should be aware that the market price of shares may be influenced by many unpredictable factors and that subscribing for shares involves various risks. While some of the risks can be minimised by the use of safeguards and appropriate systems, some are outside the control of the Company. The value of the Company's securities on ASX may rise and fall depending on factors beyond the control of the Company.

5.9. Share market and Liquidity Risk

Investors will be able to offer their shares for sale freely on ASX, however, there is no assurance of the price at which listed shares will trade or that there will be any buyers at all. New investors should therefore be prepared to hold their shares for extended periods pending the development of the Company and potential opportunities emerging in the future.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities and in particular, industrial stocks. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

The market price of shares may be subject to general movements in local and international stock exchanges, economic conditions, prices of materials, currency fluctuations and interest rates. The shares may trade at a price above or below the issue price depending on a range of factors including the performance of the securities market generally, the performance of the industrial sector of the market, national and international economic performance, market perceptions of the Company, the degree of success in the Company's business endeavours, results of future development for products

manufactured and/or developed by the Company and the financial performance of the Company.
