BPS TECHNOLOGY APPOINTS CHIEF TECHNOLOGY OFFICER

BPS Technology Ltd (ASX:BPS) is pleased to announce the appointment of Mr Andrew McIntyre in the newly created role of Chief Technology Officer, effective 30 November 2015.

Andrew is a strategic technology thinker with more than 20 years' practical technology experience in a mixture of hands-on, senior management and board roles working in the public and private sectors both in Australia and Internationally. Andrew has demonstrated success in actively leading and enabling the implementation of award winning technology in the business community in senior management roles in both his prior capacity as CIO of the Australian Tourism Data Warehouse "ATDW" and as Director of one of Queensland's largest credit unions.

With a strong background in critical software design, strategy, policy implementation, service delivery and client services, Andrew has a proven track record as an agent of change whilst working in challenging environments and has a demonstrated capacity in developing a confident, capable and highly productive workforce.

Andrew holds a Bachelor of Information Technology from Griffith University with a double major in Computer Science and Artificial Intelligence. He is also currently completing a Masters in Computational Finance and Econometric / Computational Neuroscience with the University of Washington, Seattle.

The Board and Management of BPS Technology look forward to Andrew joining the team and contributing to the ongoing growth of the business.
