SECTION 2: CHAIRMAN'S LETTER

Dear Shareholder,

The Directors of Minotaur Exploration Limited (**Minotaur**, or **the Company**) are pleased to invite Eligible Shareholders to participate in a non-renounceable entitlement offer (the **Offer**) to raise approx. \$1.4 million (before costs) for the Company. The Offer is structured with an offer price of \$0.07 per New Share.

The Offer price represents an entry price to the Company that is near to historical lows at a time when Minotaur itself is in a very strong position - a sound balance sheet, an assortment of prospective projects and the support of esteemed joint venture partners. Furthermore, the Company is offering Shareholders one (1) Attaching Option (at no additional cost), exercisable at \$0.095 on or before 30 November 2017, for each New Share subscribed for under the Prospectus (each New Share and Attaching Option together a **Unit**). The value of options can be particularly pronounced in small resources companies where the event of exploration success leads to the potential for large share price fluctuations. One Unit is being offered for each ten (10) Shares held as at the Record Date.

The purpose of this capital raising is primarily to position the Company for an expanded exploration program around Cloncurry, Queensland and for the anticipated target validation phase of the collaboration project with OZ Minerals around the Prominent Hill mine in South Australia. The recent Placement together with receipts from this Offer will bolster Minotaur's current cash position of \$3.2 million (unaudited figure as at 31 October 2015) by up to \$3 million (before costs and if the Offer is wholly subscribed) and will ensure that the Company remains suitably funded for its anticipated work program.

As an exploration group, upside for Shareholders depends on success in the field, which in turn depends on the Company maintaining an active, focused work portfolio. Minotaur consistently invests substantive amounts in real work. During the 2015 financial year the Company invested \$8 million on exploration, over 12 times more than the median spend of \$0.6 million achieved by Junior Miners. At the same time, while maintaining a strong technical team, the Company's administration expenditure was held to around 14% of our total exploration plus administration expenditure over the same period. This compares to the Junior Miner median of approximately 51%. These facts demonstrate sound management of Shareholders' funds and are testament to Minotaur's well established joint venture strategy.

In November, we welcomed a new major Shareholder to the Company. Exploration Capital Partners 2014 Limited Partnership (**EX2014**), an entity affiliated with Sprott Inc. (TSX: SII, a leading North American-based asset management firm), became our primary Shareholder through the recent Placement. This investment provides a tangible endorsement of the Board's governance and the Company's prospects. It is worthwhile noting that EX2014, in conjunction with a high net worth client whose account resides with an affiliate of Sprott Inc., additionally acquired on 13 November 2015 all the Shares held by Norilsk Nickel Australia Pty Ltd, previously Minotaur's largest Shareholder. Shareholders can derive further comfort by the faith amply demonstrated by Sprott Inc. in the Company.

On the basis detailed above I recommend, on behalf of the Board, your full participation in this Offer. You are also able to apply for an allocation in excess of your Entitlement. Any further allocations and scale back will be subject to the discretion of the Board and only available in the event of a shortfall in take-up of the Entitlements by other Shareholders. I urge you to act upon the enclosed Application Form promptly on receipt.

Yours faithfully,

Derek Carter
Chairman

SECTION 3: DETAILS OF THE OFFER

3.1 The Offer

By this Prospectus the Company is making a non-renounceable pro-rata offer of New Shares to Eligible Shareholders on the basis of one (1) New Share for every ten (10) Shares held in the Company on the Record Date at an offer price of \$0.07 for each New Share, to raise approximately \$1.4 million. If all or some of the Current Options are exercised prior to the Record Date, this will impact on the maximum number of New Shares to be issued under the Offer.

In addition, Applicants under the Offer will receive one (1) Attaching Option at no additional cost for every one (1) New Share allotted pursuant to this Prospectus. The Attaching Options will be exercisable at \$0.095 each on or before 30 November 2017.

In the calculation of any Entitlement, fractions will be rounded up to the nearest whole number.

3.2 Opening and Closing Dates

The Offer will open for receipt of Applications immediately following the despatch of this Prospectus to Eligible Shareholders.

The Closing Date for the Offer is anticipated to be 5.00 pm (AEDT) on 18 December 2015. This date may be varied by the Company without prior notice, subject to the requirements of the Listing Rules and the Corporations Act.

3.3 What is my entitlement?

The number of New Shares to which you are entitled is shown in the accompanying Application Form.

You can elect:

- to subscribe for all of your Entitlement;
- to subscribe for Shortfall Shares, if you subscribe for all of your Entitlement;
- to subscribe for part of your Entitlement; or
- to not take up any of your Entitlement.

Please note that if you choose not to accept your Entitlement in full your shareholding in the Company will be proportionally diluted to the extent that the Offer is taken up by other Shareholders.

3.4 Shortfall Shares

In addition to being able to apply for New Shares in the manner described above, Shareholders who subscribe for their full Entitlement will also have the opportunity to apply for New Shares that are not subscribed for in the Offer, subject to the limitations set out in section 3.6 of this Prospectus.

3.5 How to take up all or part of your Entitlement

To subscribe for New Shares offered to you, please complete the accompanying Application Form according to the instructions on it for all, or the part you wish to subscribe for, of your Entitlement or make payment via BPay®.

You may participate in the Offer as follows:

(a) If you wish to accept your Entitlement in full:

- complete the Application Form, filling in the details in the spaces provided and attach your cheque or bank draft (as described below) for the amount indicated on your Application Form; or
- make your payment via BPay® in accordance with the instructions below; or

(b) If you wish to accept your Entitlement in full and apply for Shortfall Shares:

- complete the Application Form and fill in the number of Shortfall Shares you wish to apply for in the space provided on the Application Form and attach your cheque or bank draft (as described below) for the appropriate application monies (at \$0.07 per New Share subscribed); or
- make your payment via BPay® in accordance with the instructions below; or

(c) If you wish to accept part of your Entitlement:

- fill in the number of New Shares you wish to accept in the space provided on the Application Form and attach your cheque or bank draft (as described below) for the appropriate application monies (at \$0.07 per New Share subscribed); or
- make your payment via BPay® in accordance with the instructions below; or

(d) If you do not wish to accept all or part of your Entitlement, then take no action.

Completed Application Forms, together with a cheque or bank draft in payment for all New Shares you wish to subscribe for, must be sent to the Company's share registry, Computershare Investor Services Pty Limited, in the reply paid envelope to GPO Box 2987, Adelaide SA 5001 so that they reach the share registry by no later than 5.00 pm (AEDT) on 18 December 2015.

Acceptances will not be valid if they are received after the Closing Date.

If the Application Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the Application Form as valid and how to construe the Application Form is final.

Payments must be in Australian currency and by:

- cheque drawn on and payable at any Australian bank; or
- bank draft drawn on and payable at any Australian bank.

Cheques or bank drafts must be made payable to 'Minotaur Exploration Limited and crossed 'Not Negotiable'. Cash payments will not be accepted and receipts for payment will not be provided.

Alternatively payment can be made via BPay® by following the instructions on the Application Form. You can only make a payment via BPay® if you are the holder of an account with an Australian financial institution that supports BPay® transactions.

Please note that should you choose to pay by BPay®:

- you do not need to submit the enclosed Application Form but are taken to make any declarations, warranties, representations and agreements on that Application Form;
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your payment; and
- if your payment exceeds the amount you need to pay for your full Entitlement, you are deemed to have taken up your full Entitlement and applied for such whole number of Shortfall Shares which is covered in full by your payment after deducting the amount you need to pay for your full Entitlement.

It is your responsibility to ensure funds submitted through BPay® are received by no later than 5.00 pm (AEDT) on 18 December 2015. You should be aware that your financial institution may implement earlier cut off times with regards to electronic payment, and you should therefore take this into consideration when making payment.

3.6 Subscription for Shortfall Shares

(a) How to apply for Shortfall Shares

In addition to being able to apply for New Shares in the manner described above, Shareholders who take up their Entitlement in full will also have the opportunity to apply for Shortfall Shares.

Shortfall Shares will be issued at the same price and on the same terms as the New Shares and a Shareholder may only make an application for Shortfall Shares if it applies for its maximum Entitlement.

Shortfall Shares will only be issued if the Offer is undersubscribed and will only be issued to the extent necessary to make up any shortfall in subscriptions. If the Company receives applications for Shortfall Shares that would result in the Offer being oversubscribed, then the Company will not accept such oversubscriptions and will reject applications at its absolute discretion.

The Directors reserve the right to reject any application for Shortfall Shares or to allot a lesser number of Shortfall Shares than applied for. Application monies received but not applied towards subscriptions for Shortfall Shares will be refunded as soon as practicable. No interest will be paid on application monies held and returned. Furthermore, the Company will not issue Shortfall Shares where to do so would result in a breach of the Corporations Act or the Listing Rules.

(b) Completion of Application Form

All acceptances for New Shares and applications for Shortfall Shares offered under this Prospectus must be made on the personalised Application Form or by making payment via BPay®, in accordance with the instructions set out in the form.

(c) Placement of Shortfall Shares

Under an exception to the Listing Rule 7.1 requirement for shareholder approval to an issue of securities in excess of 15% of a company's issued share capital, the Company may issue any Shortfall Shares that are not successfully subscribed for by Shareholders, at the discretion of the Directors provided that:

- the price at which the Shortfall Shares are issued is not less than the issue price for the New Shares under the Offer; and
- the Shortfall Shares (or any number of them) are issued within three months after the Closing Date.

If there is such a shortfall, then the Board reserves the right to utilise this exception to Listing Rule 7.1, in which case the Board may:

- seek bids from institutions and other prospective investors for the New Shares comprising the shortfall; and
- determine the issue price and allot the New Shares on the basis of those bids.

The Company may pay fees or commissions determined at the time of offering or issuing Shortfall Shares. Recipients of Shortfall Shares need not be shareholders of the Company.

3.7 **No Rights Trading**

Your Entitlement is non-renounceable. Accordingly, there will be no trading of rights on ASX and you will be unable to dispose of your Entitlement to another party. If you do not take up your Entitlement by the Closing Date, the unexercised portion of your Entitlement will lapse.

3.8 **Application Monies**

Prior to the allotment and issue of New Shares and the allotment and grant of Attaching Options, all application monies received under the Offer shall be held by the Company on trust.

Application monies will be returned (without interest) if the relevant New Shares are not allotted and issued and Attaching Options are not allotted and granted.

3.9 **Allotment and Allocation**

The New Shares will be allotted and issued and Attaching Options allotted and granted by no later than the proposed date of 29 December 2015. Holding statements in relation to the New Shares and Attaching Options will be despatched as soon as practicable after the securities are allotted.

It is the responsibility of Applicants to determine their allocation prior to trading in New Shares and Attaching Options. Applicants who sell any of those New Shares or Attaching Options before they receive their holding statements will do so at their own risk.

3.10 **ASX Quotation**

The Company will apply to ASX within seven days after the date of this Prospectus for admission to Official Quotation of the New Shares and Attaching Options offered under this Prospectus.

If ASX does not grant permission for Official Quotation of the New Shares and Attaching Options within three months after the date of this Prospectus, or such longer period as is permitted by the Corporations Act, none of the New Shares will be allotted and issued and none of the Attaching Options will be allotted and granted (unless ASIC grants to the

Company an exemption permitting the allotment, issue and grant) and the Company will return all application money as soon as practicable without interest.

The fact that ASX may admit the New Shares and Attaching Options to Official Quotation is not to be taken in any way as an indication of the merits of the Company or the New Shares and Attaching Options offered by this Prospectus.

3.11 **Overseas Shareholders**

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Shares these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction.

Accordingly, the Offer is not being extended and Shares will not be issued to Shareholders with a registered address which is outside Australia and New Zealand.

Shareholders resident in Australia and New Zealand holding Shares on behalf of persons who are resident overseas are responsible for ensuring that taking up an Entitlement under the Offer does not breach regulations in the relevant overseas jurisdiction. Return of a duly completed Application Form will be taken by the Company to constitute a representation that there has been no breach of those regulations.

3.12 **CHESS**

The Company participates in CHESS. CHESS is operated by ASX Settlement (a wholly owned subsidiary of ASX) in accordance with the Listing Rules and the ASX Settlement Operating Rules.

Under CHESS, Applicants will receive a statement of their holding of Shares and Options (including New Shares and Attaching Options granted under this Prospectus).

If you are broker sponsored, ASX Settlement will send you a CHESS statement. The CHESS statement will set out the number of New Shares and Attaching Options issued and granted under this Prospectus, and provide details of your holder identification number and the participant identification number of the sponsor.

If you are registered on the Issuer Sponsored Subregister, your statement will be despatched by the Company's share registry, Computershare Investor Services Pty Limited, and will contain the number of New Shares issued to you and Attaching Options granted to you under this Prospectus and your security holder reference number.

CHESS statements and Issuer Sponsored statements will routinely be sent out to holders of Shares and Options at the end of any calendar month during which the balances of their holdings change. Holders may request a statement at any other time, however a charge may be payable for additional statements.

3.13 **Taxation**

Investors should seek and rely on their own taxation advice regarding an investment in the Company as the taxation consequences will depend on the investor's particular circumstances.

3.14 **Ranking**

The New Shares will rank equally with the existing Shares on issue. The rights attaching to New Shares are referred to in section 6.1 of this Prospectus.

The terms and conditions of the Attaching Options are set out in section 6.2 of this Prospectus. Any Shares issued on the exercise of the Attaching Options will rank equally with the existing Shares on issue.

3.15 **Withdrawal of Prospectus**

The Directors may at any time decide to withdraw this Prospectus, in which case the Company will repay, as soon as practicable and without interest, all application monies received pursuant to this Prospectus.

3.16 **Enquiries**

If you have any questions regarding the Offer, or any of the documents referred to in this Prospectus, please contact the Company's Commercial Manager, Varis Lidums, by telephone on (08) 8132 3400.

SECTION 5: RISK FACTORS

The New Shares and Attaching Options offered under this Prospectus and Shares issued upon exercise of Attaching Options should be considered speculative because of the nature of the business activities of the Company. While the Directors commend the Offer, potential investors should consider whether the New Shares and Attaching Options offered are a suitable investment having regard to their own personal investment objectives and financial circumstances and the risk factors set out below. This list is not exhaustive. All information contained in this Prospectus should be considered, in conjunction with any specific matters which have or may be referred to in the Company's ASX announcements. If in any doubt, potential investors should consult their professional advisers before deciding whether to participate in the Offer.

5.1 Share Market, Economic and Regulatory Risk

Share market and economic conditions may affect the price of listed securities and the Company's future possible revenue regardless of operating performance. Share market conditions are influenced by factors such as:

- general economic outlook;
- movements in interest rates and inflation rates;
- currency fluctuations;
- commodity prices;
- global events and market shocks
- changes in investor sentiment towards particular market sectors; and
- the demand for, and supply of, capital.

Further, changes in government, monetary policies, taxation and other laws and regulations may also have a significant influence on returns to investors.

5.2 Exploration and Development

There is a significant risk that the Company's proposed exploration and development programs may not be successful. Exploration and development of natural resources, by its nature, is a high-risk endeavour. Consequently there can be no assurance that exploration of the Company's tenements and joint venture interests will result in the discovery of a mineral resource having the physical and economic characteristics required to transform the resource into a viable mining or processing operation. In the event that a resource discovery is made, there is no guarantee that it will result in the estimate of a mineral resource or be commercially viable.

Minerals exploration, project development, mine operations and production by their nature contain elements of significant risk. The success of these activities depends on many factors including:

- the discovery and/or acquisition of economically recoverable reserves;
- successful conclusions to bankable feasibility studies;
- access to adequate capital for exploration, feasibility studies and project development;
- investment from existing or new joint venture parties;
- securing and maintaining title to tenements;
- obtaining all consents and approvals necessary for access to land to conduct exploration and mining activities;
- access to competent operational management and prudent financial administration;
- availability and reliability of appropriately skilled and experienced employees;

- cost and/or time overruns in relation to drilling and other project activities;
- technical problems related to mine equipment, infrastructure and supply chain;
- adverse weather conditions over a prolonged period; and
- equipment failures and other accidents.

Whether the development of the Company's mineral discoveries results in any income, depends on success in all phases of the project life cycle, such as; exploration, resource definition, feasibility studies, project financing, project approvals, mine design and development, commissioning and operations. Additional factors including government policies, capital and operating costs, market appetite for physical product, commodity prices, security of off-take agreements and suitable smelter terms may also impact on the success of project development and mining operations.

5.3 **Native Title Risk**

The Company's tenements and/or joint venture interests may exist on land over which Native Title exists or which may be subject to Native Title claim. The Company abides by the Native Title process, as applicable, in the relevant jurisdiction. When implemented, this may be protracted and uncertain as to outcome and represents a risk that the Company may not be able to advance its prospects in an affected location in a reasonable time frame, or at all.

5.4 **Aboriginal Significant Sites**

Commonwealth and State legislation obliges the Company to identify and protect sites of significance to Aboriginal custom and tradition. Some sites of significance may be identified within the Company's tenements and/or an area which the Company considers to be prospective. Where applicable, the Company is obliged to carry out clearance surveys prior to conducting exploration, in accordance with regulatory requirements and land access agreements in the relevant jurisdiction. It is possible that access to prospective sites may not be achievable due to heritage restrictions.

5.5 **Environmental Risks**

The mining industry is subject to best practice standards of environmental responsibility and commensurate liability.

The Company endeavours to conduct its exploration work in a manner that causes minimum impact on the environment. Consistent with this approach, it may be necessary in some cases to undertake baseline environmental studies prior to certain exploration or drilling activities, so that environmental impact can be monitored and, where possible, minimised. As the Company is currently not aware of any groundwater issues, endangered or protected species of fauna and flora within any of its project areas, no baseline environmental studies have been deemed necessary to date. However, the identification of any groundwater contamination or discovery of threatened species may prevent or delay further work in such areas pending the completion of requisite surveys, reports and clearances by regulatory authorities.

5.6 **No Valuation**

No formal valuation has been undertaken in relation to the Company's projects, tenement assets or the Shares of the Company. The Company makes no representation as to the value of its tenements and physical assets. Potential investors and their advisers should make their own assessment as to the value of the Company and its assets.

5.7 **Future Financing**

The Company may be required to raise significant additional equity and/or debt capital to finance its future exploration, development and commercial activities. There can be no assurance that the Company will be able to raise that finance on acceptable terms, in a timely manner or at all.

SECTION 6: RIGHTS AND LIABILITIES ATTACHING TO SHARES AND TO ATTACHING OPTIONS

6.1 Shares

The New Shares and the Shares issued on the exercise of the Attaching Options and Current Options will rank equally with the existing Shares on issue.

The rights and liabilities attaching to Shares are set out in the Company's Constitution and are regulated by the Corporations Act, the general law, the Listing Rules and the ASX Settlement Operating Rules.

The following is a summary of the more significant rights and liabilities attaching to Shares. The summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

(a) General Meetings

Each member is entitled to receive notice of, and to attend and vote at, general meetings of the Company and to receive all notices, accounts and other documents required to be sent to members under the Company's Constitution, the Corporations Act or the Listing Rules.

(b) Voting

Subject to any rights or restrictions for the time being attached to any class or classes of shares whether by the terms of their issue, the Constitution, the Corporations Act or the Listing Rules, at a general meeting of the Company every holder of fully paid ordinary shares present in person or by a representative has one vote on a show of hands and every such holder present in person or by a representative, proxy or attorney has one vote per share on a poll. A person who holds an ordinary share which is not fully paid is entitled, on a poll, to a fraction of a vote equal to the proportion which the amount paid bears to the total issue price of the share. A member is not entitled to vote unless all calls and other sums presently payable by the member in respect of shares in the Company have been paid. Where there are two or more joint holders of the share and more than one of them is present at a meeting and tenders a vote in respect of the share (whether in person or by proxy or attorney), the Company will count only the vote cast by the member whose name appears before the other(s) in the Company's register of members.

(c) Issues of Further Shares

The Directors may, on behalf of the Company, issue, grant options over or otherwise dispose of unissued shares to any person on the terms, with the rights, and at the times that the Directors decide. However, the Directors must act in accordance with the restrictions imposed by the Company's Constitution, the Listing Rules, the Corporations Act and any rights for the time being attached to the shares in special classes of shares.

(d) Variation of Rights

At present, the Company has on issue one class of shares only, namely ordinary shares. The rights attached to the shares in any class may be altered only by a special resolution of the Company and either a special resolution passed at a

separate meeting of the holders of the issued shares of the affected class, or with the written consent of the holders of at least three quarters of the issued shares of the affected class.

(e) **Transfer of Shares**

Subject to the Company's Constitution, the Corporations Act, the ASX Settlement Operating Rules and the Listing Rules, securities are freely transferable.

Shares may be transferred by a proper transfer effected in accordance with ASX Settlement Operating Rules or by a written instrument of transfer in any usual form or in any other form approved by the Directors that is permitted by the Corporations Act. The Company must decline to register a transfer of shares in the circumstances described in the Company's Constitution and where permitted to do so under the Listing Rules. If the Company declines to register a transfer, the Company must, within five business days after the transfer is lodged with the Company, give the lodging party written notice of the refusal and the reasons for refusal. The Directors must decline to register a transfer of shares when required by law, by the Listing Rules or by the ASX Settlement Operating Rules.

(f) **Partly Paid Shares**

The Directors may, subject to compliance with the Company's Constitution, the Corporations Act and the Listing Rules, issue partly paid shares upon which amounts are or may become payable at a future time(s) in satisfaction of all or part of the unpaid issue price.

(g) **Dividends**

The Company in general meeting may declare a dividend if the Directors have recommended a dividend, and a dividend shall not exceed the amount recommended by the Directors. Subject to the Corporations Act, the Directors may from time to time declare a dividend and fix the time and method for payment of the dividend.

Subject to the rights of members entitled to shares with special rights as to dividend (if any), all dividends in respect of shares (including ordinary shares) are to be declared and paid proportionally to the amount paid up or credited as paid up on the shares.

(h) **Winding Up**

Subject to the rights of holders of shares with special rights in a winding up, if the Company is wound up, members (including holders of ordinary shares) will be entitled to repayment of the capital paid up on their shares and to participate in the division of any surplus assets of the Company.

(i) **Dividend Plans**

The Directors or the members of the Company, in general meeting, may establish and maintain dividend plans under which (among other things) a member may elect that dividends payable by the Company be reinvested by way of subscription for shares in the Company or a member may elect to forego any dividends that may be payable on all or some of the shares held by that member and to receive shares instead.

(j) **Directors**

The Company's Constitution states that the number of directors must be not less than three nor more than nine.

(k) **Powers of the Board**

The Directors have power to manage the business of the Company and may exercise that power to the exclusion of the members, except as otherwise required by the Corporations Act, the Listing Rules or the Company's Constitution.

6.2 **Terms and Conditions of Attaching Options**

The Attaching Options will be granted on the following terms and conditions:

- (a) The Optionholder is entitled on payment of \$0.095 per Share (**Exercise Price**) to be allotted one Share in the Company for each Option exercised (subject to possible adjustments referred to below).
- (b) The Options held by the Optionholder are exercisable in whole or in part at any time during the period commencing on the date of grant of the Options and expiring on 30 November 2017 (**Exercise Period**). Options not exercised before the expiry of the Exercise Period will lapse.
- (c) Options are exercisable by notice in writing (**Notice of Exercise**) to the Board of the Company delivered to the registered office of the Company and payment of the Exercise Price in cleared funds.
- (d) The Company will apply for official quotation on ASX of the Options. The Company will also apply for official quotation on ASX of New Shares allotted on exercise of the Options. Those Shares will participate equally in all respects with existing issued ordinary shares, and in particular new shares allotted on exercise of the Options will qualify for dividends declared after the date of their allotment.
- (e) Options are freely transferable.
- (f) An Optionholder may only participate in new issues of securities to holders of ordinary shares in the Company if the Option has been exercised and shares allotted in respect of the Option before the record date for determining entitlements to the issue. The Company must give prior notice to the Optionholder of any new issue before the record date for determining entitlements to the issue in accordance with the Listing Rules.
- (g) If there is a bonus issue to the holders of ordinary shares in the capital of the Company, the number of ordinary shares over which the Option is exercisable will be increased by the number of ordinary shares which the holder of the Option would have received if the Option had been exercised before the record date for the bonus issue.
- (h) If the Company makes a pro rata issue (other than a bonus issue), the exercise price of Options on issue will be reduced according to the following formula:

$$A = O - \frac{E[P - (S + D)]}{(N + 1)}$$

Where:

- A = the new exercise price of the Option;
- O = the old exercise price of the Option;
- E = the number of underlying Shares into which one Option is exercisable;
- P = the volume weighted average market price (referred to in Listing Rule 6.22.2) per Share of the underlying Shares, calculated over the 5 trading days ending on the day before the ex rights date or ex entitlements date;
- S = the subscription price for a Share under the pro rata issue;
- D = the dividend due but not yet paid on existing underlying Shares (except those to be issued under the pro rata issue); and
- N = the number of Shares with rights or entitlements that must be held to receive a right to one new Share.

- (i) If, during the currency of the Options, the issued capital of the Company is reorganised, those Options will be reorganised to the extent necessary to comply with the Listing Rules.
