Prospectus

This Prospectus relates to the offer by Macquarie Group Limited ABN 94 122 169 279 ("MGL") of Macquarie Group Capital Notes 2 ("MCN2") to raise \$500 million with the ability to raise more or less (the "Offer").

This Prospectus is dated 1 December 2015 and a copy was lodged with the Australian Securities and Investments Commission ("ASIC") on this date in accordance with the Corporations Act 2001 (Cth) ("Corporations Act"). This is a replacement prospectus which replaces the Prospectus dated and lodged with ASIC on 23 November 2015 ("Original Prospectus"). This Prospectus expires 13 months after this date and no MCN2 will be issued on the basis of this Prospectus after that expiry date.

Neither ASIC nor ASX Limited ("ASX") take any responsibility for the contents of this Prospectus or for the merits of investing in MCN2.

Documents relevant to the Offer

In addition to this Prospectus, the following documents are relevant to the Offer and can be obtained from www.MacquarieCN2Offer.com.au:

- the Trust Deed (see section 6.1); and
- the MGL Constitution.

Status of MCN2

MCN2 are fully paid, unsecured, subordinated, non-cumulative, mandatorily convertible notes.

MCN2 are not deposit liabilities and are not protected accounts of Macquarie Bank Limited ABN 46 008 583 542 ("MBL") under the Banking Act 1959 (Cth) ("Banking Act") and are not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction. MGL is not an authorised deposit-taking institution for the purposes of the Banking Act and its obligations do not represent deposits or other liabilities of MBL. The investment performance of MCN2 is not guaranteed by MGL, MBL or any other member of the Macquarie Group.

Claims in respect of MCN2 are subordinated in a winding up of MGL so as to rank after all creditors, equally with the holders of certain preference shares and other equal ranking instruments and ahead only of holders of Ordinary Shares. Further, if MGL is in financial difficulty some or all MCN2 may be required to be Exchanged into Ordinary Shares or Written-Off. If Exchange occurs, you would be in the position of a holder of Ordinary Shares and those shares may be worth significantly less than your investment in MCN2. If an MCN2 is Written-Off you lose all of your investment in the MCN2.

MCN2 are unsecured notes for the purposes of section 283BH of the Corporations Act.

MCN2 are issued by MGL under the MCN2 Terms and the Trust Deed and holders of MCN2 have no claim on MGL except as provided in the MCN2 Terms and the Trust Deed.

1.1.6. Reason for Issue of MCN2	<ul style="list-style-type: none"> As at the Issue Date, MCN2 will constitute eligible regulatory capital of Macquarie Group in a manner which satisfies the Australian Prudential Regulation Authority's ("APRA") regulatory capital requirements. The MCN2 and MGL's other regulatory capital instruments and equity capital provide a buffer which protects Senior Creditors against losses that may be incurred by the Macquarie Group. The terms of the MCN2 are complex and derived from the detailed capital requirements which APRA applies to these instruments. MGL's ability to pay Distributions or to optionally Redeem or Resell MCN2 is dependent upon APRA either not objecting or giving prior written approval (as well as other conditions). 	Sections 2.9 and 3
1.1.7. Use of Proceeds	<ul style="list-style-type: none"> The net proceeds of the Offer will be used for general corporate funding and capital management purposes, including that the capital raised may be used to make contributions to an ADI within the Macquarie Group that will fully qualify as Additional Tier 1 Capital of that ADI. 	
1.2. Key features of MCN2		
1.2.1. Term	<ul style="list-style-type: none"> MCN2 are perpetual and do not have a fixed maturity date and, if MCN2 are not Exchanged, Redeemed or Written-off, they could remain on issue indefinitely and the Issue Price may not be repaid. MCN2 will Exchange into Ordinary Shares on 18 March 2024³, subject to certain Exchange Conditions being satisfied, unless they are Exchanged, Redeemed or Written-Off earlier. If the Exchange Conditions have not been satisfied on the above date then MCN2 will Exchange on the next Distribution Payment Date on which the Exchange Conditions are satisfied, unless they are Exchanged, Redeemed or Written-Off earlier. 	Sections 2.2 to 2.8.
1.2.2. Distributions	<ul style="list-style-type: none"> MCN2 are scheduled to pay floating rate cash distributions commencing on 17 March 2016, thereafter semi-annually, in arrears until all MCN2 are Exchanged, Redeemed or Written-Off. The Distribution Rate is based on the Reference Rate plus the Margin, adjusted for franking. The Margin is 5.15%, which was determined under the Bookbuild. Distributions on MCN2 are discretionary, which means MGL can decide not to pay them. Distributions can also only be paid if certain Payment Conditions are met (including that MGL is able to pay Distributions without breaching APRA's capital adequacy requirements or becoming insolvent). 	Section 2.1

3. Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 17 March 2024 to 18 March 2024.

1.2.2. Distributions continued	<ul style="list-style-type: none">▪ Distributions are non-cumulative, which means that if a Distribution has not been paid on a Distribution Payment Date then MGL has no obligation to pay the Distribution at any later date. Failure to pay a Distribution is not an event of default.▪ Unless a Distribution is paid in full within 10 Business Days of the Distribution Payment Date, in most circumstances MGL is restricted from paying any dividends or returning capital on Ordinary Shares until the next Distribution Payment Date.	Section 2.1
1.2.3. Franking	<ul style="list-style-type: none">▪ Distributions on MCN2 are frankable.▪ Distributions are expected to be franked at the same rate as dividends on Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 40%. The level of franking may vary over time and Distributions may be partially, fully or not franked.▪ A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution.▪ If Distributions are franked, the ability of MCN2 Holders to use the franking credits will depend on their individual circumstances.	Sections 2.1.2, 2.1.3, 4.1.7 and 5
1.2.4. Return of Investment	<ul style="list-style-type: none">▪ MGL has no obligation to return the Issue Price on any fixed date, therefore capital invested by MCN2 Holders may never be returned.▪ Whether and when the capital invested by MCN2 Holders may be returned will depend on what happens to MCN2. What may happen to MCN2 is uncertain and depends on a number of factors, including whether:<ul style="list-style-type: none">– a Scheduled Mandatory Exchange occurs;– a Non-Viability Event, Acquisition Event, Regulatory Event or Tax Event occurs;– MGL elects for an Optional Exchange, Redemption or Resale to occur; and– APRA approval is given when it is required under the MCN2 Terms.▪ MCN2 Holders will have no right to request that MGL Exchange, Redeem or Resell any MCN2.▪ If a Non-Viability Event occurs MCN2 will be Exchanged for Ordinary Shares or if MCN2 are not Exchanged for any reason, those MCN2 will be Written-Off in which case the relevant MCN2 Holders' rights will be terminated and they will not receive any return of capital invested. The Exchange Conditions (where applicable) are intended to ensure that MCN2 Holders will receive approximately \$101 worth of Ordinary Shares per MCN2 on Exchange (based on the VWAP during the 20 ASX Trading Days before the Relevant Mandatory Exchange Date) and that the Ordinary Shares are capable of being sold on ASX. Similarly to Mandatory Exchange, those shares may be worth more or less than \$101 by the time the Exchange occurs.▪ The number of Ordinary Shares to be received by each MCN2 Holder in respect of its aggregate holding of the MCN2 will also be rounded down to the nearest whole number.▪ See below for what MCN2 Holders receive on Exchange as a result of a Non-Viability Event. Topic	Summary	Further Information
1.2.9. Exchange Upon Non-Viability Event	<ul style="list-style-type: none">▪ MGL is required to immediately Exchange MCN2 into Ordinary Shares where a Non-Viability Event occurs. MCN2 Holders will not receive prior notice of the Exchange.▪ Broadly, a Non-Viability Event occurs if APRA (1) issues a written notice to MGL that the exchange or conversion into Ordinary Shares, or write-off, of securities issued as Relevant Tier 1 Securities (including MCN2) is necessary because without such action APRA considers that MGL would become non-viable or (2) has notified MGL in writing that it has determined that without a public sector injection of capital, or equivalent support, MGL would become non-viable. As at the date of this Prospectus, APRA has not provided guidance as to how it would determine non-viability.▪ Exchange on account of a Non-Viability Event is not subject to any conditions. As a result, MCN2 Holders may receive less, or significantly less, than the Issue Price per MCN2 and an MCN2 Holder may suffer loss as a consequence.	Section 2.7
1.2.10. What happens if Exchange following a Non-Viability Event is not possible – Write-Off of MCN2	<ul style="list-style-type: none">▪ If MCN2 have not been Exchanged, for any reason, within 5 Business Days of the Non-Viability Event, they will never be Exchanged and must be Written-Off.▪ If a Write-Off of an MCN2 occurs, the MCN2 Holder's rights under that MCN2 (including to payment of the Liquidation Amount and Distributions) are immediately and irrevocably terminated for no consideration and MCN2 Holders will suffer a total loss of their investment in that MCN2 as a consequence. 5. By the time of Exchange, the value of Ordinary Shares received on Exchange may be more or less than \$101.

6. May be less if Directors determine that Exchange is in the best interests of MCN2 Holders as a whole, notwithstanding that MCN2 Holders will suffer loss, or that the Ordinary Shares may not be listed. See section 2.8.

2.7. Non-Viability Event Exchange		
<p>MGL is required to immediately Exchange MCN2 into Ordinary Shares where a Non-Viability Event occurs. Broadly, a Non-Viability Event occurs if APRA (1) has issued a written notice to MGL that Exchange of the MCN2 or the exchange or conversion into Ordinary Shares, or write-off of securities issued as Relevant Tier 1 Securities is necessary because without it APRA considers that MGL would become non-viable or (2) has notified MGL in writing that it has determined that without a public sector injection of capital, or equivalent support, MGL would become non-viable.</p> <p>The Exchange Conditions do not apply to an Exchange following a Non-Viability Event. The number of Ordinary Shares that MCN2 Holders will receive on an Exchange in these circumstances will not be greater than the Maximum Exchange Number applicable to a Non-Viability Exchange Date.</p> <p>As an Exchange in these circumstances would most likely occur during a time of financial difficulty for MGL, depending on the market price of Ordinary Shares at the relevant time, MCN2 Holders may receive less, or significantly less, than \$101 worth of Ordinary Shares per MCN2 and an MCN2 Holder may suffer loss as a consequence.</p> <p>If, for any reason, MCN2 that are required to be Exchanged on account of a Non-Viability Event are not Exchanged within 5 Business Days of the Non-Viability Event, they will be Written-Off. If a Write-Off occurs, the MCN2 Holder's rights under that MCN2 are immediately and irrevocably terminated for no consideration and MCN2 Holders will suffer a total loss of their investment.</p>		
2.7.1. Why the MCN2 Terms include a Non-Viability Event	<ul style="list-style-type: none"> The global bank Basel III capital framework includes requirements for conversion or write-off of capital instruments where the issuer becomes non-viable. APRA has implemented this framework for Australian banks with effect from 1 January 2013. If a Non-Viability Event were to occur and MGL is required to Exchange only a proportion of the securities issued as Relevant Tier 1 Securities then on issue, the proportion of MCN2 to be Exchanged (which may be all of the MCN2) may be lower if other Relevant Tier 1 Securities are on issue. There is no obligation on any member of the Macquarie Group to issue any Relevant Tier 1 Securities. There is no obligation on MGL to maintain on issue the MCN or any other Relevant Tier 1 Securities that it has issued or may decide to issue in the future. 	Clauses 4 and 18.2 of the MCN2 Terms
2.7.3. Meaning of non-viable	<ul style="list-style-type: none"> ▪ APRA has not provided guidance as to how it would determine non-viability. ▪ Non-viability could be expected to include serious impairment of MGL's financial position and insolvency. However, it is possible that APRA's definition of non-viable may not necessarily be confined to solvency measures or capital levels and may also include other matters such as liquidity. ▪ APRA has indicated that at this time it will not publish further guidance on the parameters used to determine non-viability.

2.7.4. MCN2 Holders will receive Ordinary Shares on the Non-Viability Exchange Date	<ul style="list-style-type: none">▪ The number of Ordinary Shares an MCN2 Holder will receive per MCN2 on account of an Exchange following a Non-Viability Event is the Exchange Number (calculated as described below) but cannot be more than the Maximum Exchange Number applicable to a Non-Viability Exchange Date.▪ The Exchange Number on account of a Non-Viability Event Exchange is calculated in the same manner as for a Relevant Mandatory Exchange Date (see section 2.3.4).<p>However, the <i>Exchange Date VWAP</i> in this case is the volume weighted average price of Ordinary Shares during the period of 5 ASX Trading Days immediately preceding the Non-Viability Exchange Date.</p>▪ The Maximum Exchange Number applicable to a Non-Viability Exchange Date is calculated on the basis that the Relevant Percentage is 20%. 2.8. Exchange on an Acquisition Event		
MGL is required to Exchange MCN2 into Ordinary Shares where a person acquires control of MGL (except in certain circumstances).		
There are conditions to Exchange on an Acquisition Event which ensure that an MCN2 Holder will receive approximately \$101 worth of Ordinary Shares for each MCN2 they hold and the Ordinary Shares received are capable of being sold on ASX. However, these conditions do not apply if the Directors determine that the Exchange is in any event in the best interests of MCN2 Holders as a whole.		
2.8.1. Acquisition Event	<ul style="list-style-type: none"> ▪ An Acquisition Event broadly means either: <ul style="list-style-type: none"> – a takeover bid is made to acquire all or some Ordinary Shares and the offer is, or becomes, unconditional and as a result the bidder has a relevant interest in more than 50% of the Ordinary Shares on issue; – a court approves a scheme of arrangement which, when implemented will result in a person having a relevant interest in more than 50% of the Ordinary Shares on issue; or – a person acquires, or enters into an agreement (which is or becomes unconditional) to beneficially acquire more than 50% of the voting shares in the capital of MGL. ▪ However, an Acquisition Event will not occur where that event occurs as part of a solvent reorganisation of MGL which, is initiated by the Directors or, in the reasonable opinion of the Directors, is not materially adverse to the interests of MCN2 Holders as a whole, and the acquiring entity assumes corresponding obligations to issue ordinary shares to MCN2 Holders where MGL would be required to issue Ordinary Shares. MGL may make appropriate amendments to the MCN2 Terms, with the prior written consent of APRA but without the consent of the MCN2 Holders, to give effect to that substitution. 	Clauses 14.2 and 18.2 of the MCN2 Terms
2.8.2. Consequences of an Acquisition Event for MCN2 Holders	<ul style="list-style-type: none"> ▪ If an Acquisition Event occurs, all MCN2 will be Exchanged for the Exchange Number of Ordinary Shares (subject to the Exchange Number being no greater than the Maximum Exchange Number applicable to an Acquisition Exchange Date) unless the Directors determine that: <ul style="list-style-type: none"> – as at the Acquisition Exchange Date, MGL will be, or is likely to be, Delisted; or – the Exchange Number of Ordinary Shares to be issued in exchange for an MCN2 would exceed the Maximum Exchange Number applicable to that Acquisition Exchange Date (except in limited circumstances). 	Clauses 6.1 and 9.1 of the MCN2 Terms

2.8.2. Consequences of an Acquisition Event for MCN2 Holders continued	<ul style="list-style-type: none"> ▪ The Maximum Exchange Number applicable to an Acquisition Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number in the event of an Exchange on an Acquisition Event is higher than the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date. The effect of this is that the second of the Exchange Conditions referred to in the paragraph above will be met if the VWAP during the 20 ASX Trading Days immediately preceding the Acquisition Exchange Date is greater than 20.21% of the Issue Date VWAP. ▪ If either of the conditions in the first paragraph above applies, Exchange will still occur if the Directors determine that the Exchange would be in the best interests of the MCN2 Holders as a whole, notwithstanding that MGL will be, or is likely to be, Delisted or the number of Ordinary Shares is limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date. In this situation MCN2 Holders would receive less than \$101 worth of Ordinary Shares and/or may be unable to trade the Ordinary Shares received. 	Clauses 6.1 and 9.1 of the MCN2 Terms
2.8.3. MCN2 Holders will receive Ordinary Shares on the Acquisition Exchange Date	<ul style="list-style-type: none"> ▪ In the ordinary course, Exchange of MCN2 following an Acquisition Event will be for approximately \$101 worth of Ordinary Shares per MCN2, based on the VWAP calculated over a period of up to 20 ASX Trading Days immediately preceding the Acquisition Exchange Date (calculated in the same manner as for a Relevant Mandatory Exchange Date as described in section 2.3.4 with the Acquisition Exchange Date substituted for the Relevant Mandatory Exchange Date). ▪ The VWAP during this period may differ from the Ordinary Share price on or after the Acquisition Exchange Date. This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that. ▪ If MGL will be, or will be likely to be, Delisted on the Acquisition Exchange Date, Exchange will only occur if the Directors determine that it would be in the best interests of the MCN2 Holders, taken as a whole. This means that upon Exchange, MCN2 Holders may be issued with the Exchange Number (subject to the Maximum Exchange Number applicable to an Acquisition Exchange Date) of Ordinary Shares, based on the VWAP for a VWAP Period when MGL was listed. At the time of Exchange, the value of Ordinary Shares may be uncertain and MCN2 Holders may be unable to trade those Ordinary Shares. 	Clauses 6.1 and 9.1 of the MCN2 Terms

If this happens some or all MCN2 will be required to be Exchanged, or, if Exchange has not occurred within 5 Business Days, Written-Off. Copies of documents lodged with ASIC may be obtained from or inspected at any ASIC office.

3.3. Organisational structure

The Macquarie Group's business operations are conducted primarily through two groups, within which individual businesses operate: the Bank Group and the Non-Bank Group.

The Bank Group includes MBL and has five operating groups:

- Corporate & Asset Finance;
- Banking & Financial Services;
- Macquarie Asset Management (excluding the Macquarie Infrastructure and Real Assets division and the Macquarie Investment Management division);

17. Operating income is classified as 'international' with reference to the geographic location from which the operating income is generated. This may not be the same geographic location where the operating income is recognised. For example, operating income generated by work performed for clients based overseas but recognised in Australia for reporting purposes would be classified as international income.

MBL and MGL have corporate governance and policy frameworks that meet APRA's requirements for ADIs and NOHCs, respectively. The Bank Group and the Non-Bank Group operate as separate sub-groups within MGL with clearly identifiable businesses, separate capital requirements and discrete funding programs. Although the Bank Group and the Non-Bank

3. About MGL and the Macquarie Group

Group operate as separate sub-groups, both are integral to the Macquarie Group's identity and strategy as they assist the Macquarie Group in continuing to pursue value adding and diversified business opportunities while meeting its obligations under APRA rules. The above diagram shows the Macquarie Group's current organisational structure and reflects the composition of the Bank and Non-Bank Groups.

MGL will continue to monitor and review the appropriateness of the Macquarie Group's structure, including the provision of shared services. From time to time, the optimal allocation of our businesses between the Bank Group and the Non-Bank Group and within the Bank Group and the Non-Bank Group may be adjusted and we may make changes in light of relevant factors including business growth, regulatory considerations, market developments and counterparty considerations.

3.4. Business strategies

Consistent with the principles of Opportunity, Accountability and Integrity, the Macquarie Group employs a business strategy focused on the medium term with the following key aspects:

- *conducting a mix of annuity-style and capital markets facing businesses* that deliver solid returns in a range of market conditions. In recent years the Macquarie Group has strongly developed its annuity-style businesses, providing steady returns to the business and the Macquarie Group shareholders and certainty to clients.
- *operating a diversified set of businesses* across different locations and service offerings: banking, financial, advisory, investment and funds management services. The Macquarie Group offers a range of services to government, institutional, corporate and retail clients. This diversity mitigates concentration risk and provides resilience to the Macquarie Group, as highlighted in the challenging global markets of recent years.
- *utilising proven deep expertise* has allowed the Macquarie Group to establish leading market positions as a global specialist in sectors including resources and commodities, energy, financial institutions, infrastructure and real estate, with a deep knowledge of Asia-Pacific financial markets.
- *expanding progressively by pursuing adjacencies* through new organic opportunities and selective acquisitions in products and geographies that are adjacent to its established areas of expertise, by building expertise in these disciplines and expanding into associated activities. This results in sustainable evolutionary growth.
- *pursuing growth opportunities* through recognising the value of ideas and innovation. The Macquarie Group starts with real knowledge and skill and encourages innovation, ingenuity and entrepreneurial spirit coupled with accountability. The Macquarie Group seeks to identify opportunity and realise it for clients, community, shareholders and its people. Ideas for new businesses are typically generated in the operating businesses. Additionally, there are no specific businesses, markets, or regions in which the Macquarie Group's strategy demands it operates. This means it retains operational flexibility and can adapt the portfolio mix to changing market conditions within the boundaries of the Board-approved Risk Appetite Statement.
- *utilising a conservative approach to risk management* through the Macquarie Group's strong risk management framework, embedded across all operating groups. This equips the business for unanticipated disruptions and ensures that both the relevant business and the Macquarie Group can survive a worst-case outcome from any new or existing activity.
- *maintaining a strong and conservative balance sheet* consistent with its longstanding policy of holding a level of capital which supports its business and managing its capital base ahead of ordinary business requirements. The Macquarie Group remains well funded, with diversified funding sources. It continues to pursue its strategy of diversifying funding sources by growing its deposit base and accessing different funding markets.

* The pro-forma position as at 30 September 2015 reflects the intended redemption of US\$400m of PMIs and the issue of \$500m MCN2 (net of expenses to be paid) and is based upon an AUD/USD exchange rate of 0.70188 as at 30 September 2015.

On 8 October 2015 MBL entered into an agreement to acquire the Esanda auto finance portfolio from Australia and New Zealand Banking Group Limited for \$8,200 million. This acquisition will be funded from existing funding sources, capital and third-party financing arrangements. An institutional placement of \$400 million ordinary equity was completed on 9 October 2015 and a share purchase plan raised \$137 million ordinary equity in November 2015. These transactions are not reflected in the pro-forma position because the transaction is not fully completed.

3. About MGL and the Macquarie Group

3.7.3. Capital position

As an APRA authorised and regulated NOHC, MGL is required to hold adequate regulatory capital to cover the risks for the whole Macquarie Group, comprising the Bank Group and the Non-Bank Group. MGL and APRA has agreed a capital adequacy framework for MGL, based on the MGL's Board-approved Economic Capital Adequacy Model (**ECAM**) and APRA's capital standards for ADIs.

MGL's capital adequacy framework requires it to maintain minimum regulatory capital requirements calculated as the sum of:

- the Bank Group's minimum Tier 1 Capital requirement, based on a percentage of risk-weighted assets plus Tier 1 deductions (using prevailing APRA ADI prudential standards); and
- the Non-Bank Group capital requirement, calculated using Macquarie Group's ECAM. Transactions internal to the Macquarie Group are eliminated.

Eligible regulatory capital of MGL consists of ordinary share capital, retained earnings and certain reserves plus eligible hybrid instruments. Eligible hybrid instruments currently include PMIs issued in November 2010, the MCN issued in 2013 as well as Additional Tier 1 Capital of the Bank Group. MCN2 currently qualify for inclusion as Eligible Capital but APRA has confirmed that if the Conglomerates Standard is introduced, MCN2 will not qualify for inclusion as Eligible Capital. However, APRA has confirmed that it does not object to the Macquarie Group using the proceeds of issue of the MCN2 to make contributions to an ADI within the Macquarie Group that will qualify as an Additional Tier 1 Capital instrument of that ADI (any such instrument would only be a "Related Additional Tier 1 Security" of that ADI if APRA approves it as such). Please see section 3.7.4 for the impact of the Offer on Macquarie Group's regulatory capitalisation.

Capital disclosures in this section include Harmonised Basel III¹⁸ and APRA Basel III¹⁹. The former is relevant for comparison with banks regulated by regulators other than APRA, whereas the latter reflects Macquarie's regulatory requirements under APRA Basel III rules.

18. Harmonised Basel III relates to the Basel III rules defined by the Basel Committee on Banking Supervision, documented in the following: 'Basel III: a global regulatory framework for more resilient banks and banking systems', published December 2010 (revised June 2011) by the Bank for International Settlements (BIS).

19. APRA Basel III relates to the Prudential Standards released by APRA applying as at the date of this Prospectus.

3. About MGL and the Macquarie Group

The Macquarie Group regulatory capital surplus calculation as at 30 September 2015 is set out in the table below.

	As at 30 September 2015	
	Harmonised Basel III A\$m	APRA Basel III A\$m
Macquarie Group eligible capital:		
Bank Group Gross Tier 1 capital	12,668	12,668
Non-Bank Group eligible capital	4,244	4,244
Eligible capital	16,912	16,912
Macquarie Group capital requirement:		
Bank Group capital requirement		
Risk-Weighted Assets (RWA)	94,515	91,299
Capital required to cover RWA at 7% ⁽¹⁾	6,616	6,391
Tier 1 deductions	481	2,488
Total Bank Group capital requirement	7,097	8,879
Total Non-Bank Group capital requirement	3,592	3,592
Total capital requirement	10,689	12,471
Macquarie Group regulatory capital surplus (at 7% ⁽¹⁾ of Bank Group RWA)	6,223	4,441
Additional capital requirement required to maintain 8.5% ⁽²⁾ of Tier 1 ratio in Bank Group	1,418	1,369
Macquarie Group regulatory capital surplus (at 8.5% ⁽²⁾ of Bank Group RWA)	4,805	3,072

(1) Calculated at the internal minimum Tier 1 ratio of the Bank Group, which is 7%.

(2) Calculated at 8.5% of the Bank Group's RWAs. The 8.5% represents the Basel III minimum Tier 1 ratio of 6% plus 2.5% of capital conservation buffer (CCB). The 2.5% CCB is not required by APRA until 2016 and by BIS until 2019.

On 8 October 2015 MBL entered into an agreement to acquire the Esanda auto finance portfolio from Australia and New Zealand Banking Group Limited. The initial capital requirement for this transaction is expected to be approximately \$800 million which will be met from an institutional placement of \$400 million ordinary equity (completed on 9 October 2015); a share purchase plan raising \$137 million ordinary equity (offered in November 2015) and existing capital. These transactions are not reflected in the stated position because the final capital position is not yet known.

3.7.4. Effect of MCN2 on the Macquarie Group's regulatory capitalisation

Macquarie intends to redeem US\$400m of an existing eligible hybrid instrument (the PMIs) on 2 December 2015. It is anticipated that the \$500m of capital raised by MCN2 will partially offset the impact of the redemption such that there will be a net \$81m²⁰ reduction in the capital position of MGL. Should the MCN2 raise more or less than \$500m the capital position of MGL will correspondingly increase or decrease.

3.7.5. Conglomerates framework

In August 2014, APRA issued its planned framework for the supervision of conglomerate groups ("Level 3 groups"), which includes the MGL Group, with implementation timing yet to be announced.

20. Based upon an AUD/USD exchange rate of 0.70188 as at 30 September 2015.

3. About MGL and the Macquarie Group

The proposed overarching requirements of the framework are as follows: (i) a Level 3 group must have a robust governance framework that is applied appropriately throughout the group; (ii) the intra-group exposures and external aggregate exposures of a Level 3 group must be transparent and prudently managed; (iii) a Level 3 group must have an effective group-wide risk management framework in place; and (iv) a Level 3 group must have sufficient capital to support the risks of the entire group, including material risks that arise from non-APRA-regulated activities.

The impact of this framework is subject to consultation with APRA, with our current assessment being that MGL has sufficient capital to meet the minimum APRA capital requirements for Level 3 groups. However, it is not possible to predict how APRA will implement, or how the Australian Government's response to the Financial System Inquiry will affect, these rules and, in particular, how these matters will impact the capital structure or businesses of the MGL Group.

If the Conglomerates Standard is implemented, APRA has confirmed that MCN2 will not receive transition relief and will not continue to be Eligible Capital. However, APRA has confirmed to MGL that it does not object to the Macquarie Group using MCN2 to make contributions to an ADI within the Macquarie Group that will fully qualify as an Additional Tier 1 Capital instrument of that ADI (any such instrument would only be a "Related Additional Tier 1 Security" of that ADI if APRA approves it as such).

3.7.6. Financial System Inquiry

Over the course of 2014, the Australian Federal Government undertook a review of the Australian financial system, called the Financial System Inquiry ("FSI"). The FSI released its final report on 7 December 2014, which included 44 recommendations. On 20 October 2015, the Australian Government responded to each of the recommendations made by the FSI, endorsing the majority of them, referring certain matters to key regulators and proposing a timetable for further public and industry consultation and, in certain cases, for implementation of reform measures.

APRA has separately responded to two of the FSI's recommendations on regulatory capital. Firstly, in July 2015, APRA announced that it will increase the amount of capital required for Australian residential mortgage exposures by major banks from 1 July 2016. Based on MBL's mortgage portfolio as at June 2015, the adverse impact of this change on MBL's capital surplus would be approximately A\$150 million. APRA has stated that this increase in mortgage capital requirements is an interim measure, and that it will consider further changes over the medium term in the context of broader international developments.

APRA has also released a study in relation to the FSI's recommendation that "Australian authorised deposit-taking institution capital ratios are unquestionably strong". APRA's study, and its conclusions, only pertain to the largest four Australian banks and hence do not apply to MBL. It is not clear whether subsequent work by APRA would include any change in capital requirements for MBL, although APRA has indicated that "the impact of any future policy adjustments, if any, is likely to be less material for smaller ADIs".

It is not currently possible to have any further certainty on the impact on the capital structure or businesses of MBL from any future policy changes resulting from the Financial System Inquiry or broader international regulatory developments.

Investment risks

This section describes some of the risks associated with an investment in MCN2 or the Macquarie Group.

MGL believes that the following investment considerations may affect the investment returns under MCN2 issued under the Offer. These investment considerations are not intended to be exhaustive and are contingencies which may or may not occur and MGL is not in a position to express a view on the likelihood of any such contingency occurring.

Investment considerations which MGL believes may be material for the purpose of assessing the risks associated with an investment in MCN2 and the market for MCN2 generally are also described below.

MGL believes that the investment considerations described below represent the key risks inherent in investing in MCN2 issued under the Offer, but MGL may be unable to pay interest, principal or other amounts on or in connection with any MCN2, and MCN2 may not be able to be Exchanged, Redeemed or Resold for other reasons which may not be considered significant risks by MGL based on information currently available to it or which it may not currently be able to anticipate.

Before applying for MCN2, you should also read the detailed information set out elsewhere in this Prospectus and seek professional guidance from your financial adviser or other independent and qualified professional adviser as to the risks and investment considerations arising from an investment in MCN2, the appropriate tools to analyse such an investment, and the suitability of such an investment in the context of your particular circumstances.

MGL is not an ADI for the purposes of the Banking Act, and the obligations of MGL do not represent deposits or other liabilities of MBL. MBL does not guarantee or otherwise provide assurance in respect of the obligations of MGL.

4. Investment risks

4.1. Risks associated with investing in MCN2

4.1.1. Investments in MCN2 are not deposit liabilities and are not protected accounts under the Banking Act

Investments in MCN2 are an investment in MGL and may be affected by the ongoing performance, financial position and solvency of MGL and the Macquarie Group. MCN2 are not deposit liabilities and are not protected accounts for the purposes of the depositor protection provisions in Division 2 of Part II of the Banking Act or of the Financial Claims Scheme established under Division 2 AA of Part II of under the Banking Act. MCN2 are not guaranteed by any government, government agency or compensation scheme of Australia or by any other person or any other jurisdiction.

4.1.2. Suitability

MCN2 are a complex investment and may be difficult to understand, even for experienced investors. You should ensure that you understand the MCN2 Terms and risks of investing in MCN2 and consider whether it is an appropriate investment for your particular circumstances.

4.1.3. Market price and liquidity of MCN2

The market price of MCN2 may fluctuate due to various factors, including poor financial performance by MGL and the Macquarie Group, a change in Macquarie Group's financial position, investor perceptions, worldwide economic conditions, interest rates, movements in the market price of Ordinary Shares, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and other factors that may affect the Macquarie Group's financial performance and position. MCN2 may trade at a market price below their Issue Price.

Where MCN2 are to be Exchanged, Redeemed or Resold for any reason, the announcement of these events may have a significant impact on the market price and liquidity of MCN2 and the Ordinary Shares.

In recent years, financial markets have been more volatile, with the potential for significant fluctuations in the price of securities over a short period. This applies to the market price of both MCN2 and Ordinary Shares.

You should carefully consider this risk before deciding to invest in MCN2.

Although MCN2 are to be quoted on ASX, there is no guarantee that a liquid market will develop for them. The market for MCN2 may be less liquid than the market for Ordinary Shares or other comparable securities. As a consequence, MCN2 Holders who wish to sell their MCN2 may be unable to do so at an acceptable price, or at all, if insufficient liquidity exists in the market for MCN2.

In addition, there is no guarantee that MCN2 will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

4.1.4. Market Price and liquidity of Ordinary Shares

Any Ordinary Shares issued on Exchange will rank equally with existing and future Ordinary Shares. Accordingly, the ongoing value of the Ordinary Shares received will depend on the market price of Ordinary Shares after an Exchange.

Upon Exchange, MCN2 Holders will generally receive approximately \$101 worth of Ordinary Shares per MCN2, based on the VWAP (which is calculated by reference to the daily volume weighted average sale price of Ordinary Shares) over a period of ASX Trading Days immediately days preceding the Exchange Date. By the time of Exchange, the market price of the Ordinary Shares will likely vary from that used to determine the Exchange Number and consequently the value of Ordinary Shares received will be more or less than \$101. The number of Ordinary Shares to be received by an MCN2 Holder in respect of its aggregate holding of MCN2 will be rounded down to a whole number (with entitlements of the MCN2 Holder to a part only of an Ordinary Share disregarded).

Additionally, the market price of Ordinary Shares is used to determine whether Exchange can occur in various conditions through the Exchange Conditions and Optional Exchange Restrictions. Therefore, fluctuations in the market price of Ordinary Shares can impact the timing of Exchange occurring (and may mean that Exchange never occurs).

The market price of Ordinary Shares may fluctuate due to various factors, including poor financial performance by Macquarie Group, a negative change in Macquarie

4. Investment risks

Group's financial position, investor perceptions, worldwide economic conditions, interest rates, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and factors that may affect Macquarie Group's financial performance and position.

Where MCN2 are Exchanged for Ordinary Shares, there may be no liquid market for Ordinary Shares at the time of Exchange, or the market may be less liquid than that for comparable securities issued by other entities at the time of Exchange. As a consequence, MCN2 Holders who wish to sell the Ordinary Shares they may receive may be unable to do so at an acceptable price, or at all, if the market for Ordinary Shares is illiquid.

In addition, there is no guarantee that Ordinary Shares will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

4.1.5. Distributions may not be paid

There is a risk that Distributions may not be paid. The MCN2 Terms do not oblige MGL to pay Distributions, which are only payable at MGL's discretion.

If:

- MGL, in its absolute discretion, decides not to pay a Distribution (which may include, without limitation, circumstances where the Directors determine that they are not permitted under the Corporations Act to pay the Distribution);
- the payment of a Distribution would result in MGL breaching APRA's regulatory requirements;
- the payment of a Distribution would result in MGL becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or
- APRA otherwise objects to the payment of a Distribution,

then that Distribution will not be paid. Changes in laws and regulations applicable to MGL may impose additional requirements which prevent MGL from paying a Distribution in additional circumstances.

Under the terms of other securities issued by MGL and MBL, MGL may be restricted from paying Distributions if distributions on those other securities are not paid.

Distributions are non-cumulative (that is, if not paid, they do not accrue), so if a Distribution is not paid for any reason, MCN2 Holders will have no right to receive that Distribution in the future. MCN2 Holders have no remedy for any non-payment. However, if a Distribution is not paid when scheduled for any reason and unless MGL subsequently pays the relevant Distribution in full within 10 Business Days of the applicable Distribution Payment Date, a Dividend Restriction will apply to MGL. This Dividend Restriction means that MGL must not, subject to certain exceptions, without the approval of a Special Resolution of MCNs Holders determine, declare or pay a dividend on any Ordinary Shares, or undertake any Buy-Back or Capital Reduction, until and including the next Distribution Payment Date.

4.1.6. Changes in Distribution Rate

The Distribution Rate is calculated as the sum of the Reference Rate and the Margin (reduced where franking credits are attached) and is calculated for each Distribution Period. The Reference Rate will fluctuate (both increase and decrease) over time and is influenced by a number of factors. The chart in section 2.1.4 shows historical movements in the Reference Rate.

As the Reference Rate varies, there is a risk that the Distribution Rate payable will become less attractive when compared to the rates of return available on comparable securities issued by the Macquarie Group or other entities or other investments.

MGL does not guarantee any particular rate of return on MCN2.

4.1.7. Distributions may or may not be franked

MGL currently franks dividends on Ordinary Shares at 40% and Distributions are expected to be franked at the same rate as Ordinary Shares. However, there is no guarantee that this level of franking will continue to apply for the life of MCN2 and it is possible that at some time in the future Distributions on MCN2 may not be franked, or may be partially franked to a different level, or fully franked.

MGL's ability to frank Distributions on MCN2 is affected by the level of available franking credits and MGL's distributable profits. MGL's level of franking

4. Investment risks

credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which Macquarie Group makes profits and pays tax, the applicable Australian corporate tax rate and the amount of other frankable distributions. MGL's distributable profits may also be impacted by a wide range of factors, including its level of earnings and other distributions it makes.

If any Distribution is franked, the cash amount of that Distribution will be reduced where franking credits are attached to the payment. The payment of any Distribution will continue to be subject to the Payment Conditions.

4.1.8. Use of franking credits by MCN2 Holders

The value and availability of franking credits to an MCN2 Holder will differ depending on that MCN2 Holder's particular tax circumstances. MCN2 Holders should be aware that the potential value of any franking credits does not accrue at the same time as the receipt of any cash Distribution, and the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund after the end of the income year will depend upon the tax position of the individual MCN2 Holder. You should refer to the taxation summary in section 5 and seek professional advice in relation to their tax position.

4.1.9. Dividend Restriction applies in limited circumstances

If a Distribution is not paid on MCN2, the Dividend Restriction will apply to limit MGL's ability to pay dividends on, buyback, and reduce capital in respect of Ordinary Shares, subject to certain exceptions. Unlike some hybrid securities issued by Macquarie Group entities in the past the Dividend Restriction applying under MCN2 does not apply to restrict distributions on any securities other than Ordinary Shares. In particular, it does not restrict MGL from making distributions on, or buying-back or returning capital on its equal ranking securities (even though the terms of those securities may restrict MGL from a distribution and may also prevent MGL from making a distribution or

buying back, or returning capital on, Ordinary Shares if a distribution is not paid on those securities).

In addition, the Dividend Restriction applies only until the next Distribution Payment Date. If Distributions are recommenced on MCN2, the Dividend Restriction will be lifted. This is unlike some other hybrid securities (including some hybrid securities issued by the Macquarie Group entities in the past), which have more onerous dividend restrictions.

As a consequence, when compared to the dividend restriction under some other hybrid securities, the consequences for MGL if a Distribution is not paid are less significant than would be the case for an issuer under those other securities.

4.1.10. Risks upon Exchange for Ordinary Shares

Ordinary Shares are a different type of investment to MCN2. For example, dividends on Ordinary Shares are not determined by a formula. Ordinary Shares rank behind the claims of all other securities and debts of MGL in a Winding Up of MGL. Ordinary Shares trade in a manner that is likely to be more volatile than that of MCN2 and the market price is expected to be more sensitive to changes in the performance, prospects and business of the Macquarie Group.

Other events and conditions may affect the ability of MCN2 Holders to trade or dispose of Ordinary Shares issued on Exchange. For example, the willingness or ability of ASX to accept the Ordinary Shares issued on Exchange for quotation or any practical issues which affect that quotation, any disruption to the market for the Ordinary Shares or to capital markets generally, the availability of purchasers for Ordinary Shares and any costs or practicalities associated with trading or disposing of Ordinary Shares at that time.

4.1.11. MCN2 are perpetual and Exchange, Redemption or Resale may not occur

If not Redeemed, Exchanged, Resold or Written-Off beforehand, MCN2 are expected to be Exchanged for Ordinary Shares on 18 March 2024²¹, subject to the

21. Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 17 March 2024 to 18 March 2024.

4. Investment risks

Exchange Conditions being satisfied. However, there is a risk that the Exchange Conditions will not be satisfied. For example, if there is a large fall in the Ordinary Share price when compared to the Issue Date VWAP, the First Exchange Condition may not be satisfied. The Issue Date VWAP may only be adjusted for divisions, consolidations or reclassifications of MGL's share capital and bonus issues of Ordinary Shares. There are no adjustments for other capital transactions undertaken by MGL (e.g. pro rata issues, share placements) which might reduce the Ordinary Share price. The MCN2 Terms do not limit the ability of MGL to undertake such capital transactions or any action that may adversely affect the position of MCN2 Holders.

If Exchange does not occur on the Scheduled Mandatory Exchange Date, Exchange will then occur on the next semi-annual Distribution Payment Date where the Exchange Conditions are all satisfied. There is no guarantee the Exchange Conditions will ever be satisfied and the Exchange may never occur. In this case Distributions will continue to be paid on MCN2, subject to MGL's discretion to pay Distributions and the other Payment Conditions. However, where an Exchange has not occurred, the market price and liquidity of MCN2 may be affected and MCN2 Holders who wish to sell their MCN2 may not be able to do so at an acceptable price, or at all. As such, MCN2 are a perpetual instrument and MCN2 Holders may never receive any return of their investment, either as cash or Ordinary Shares.

4.1.12. Exchange, Redemption or Resale at the option of MGL

MGL may elect to Exchange, Redeem or arrange a Resale on a Scheduled Optional Exchange Date, or the occurrence of a Tax Event or Regulatory Event. Whether any action takes place or which action is taken at these times is entirely at the option of MGL. The choice of these actions (and consequently whether MCN2 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN2 Holders and may not coincide with their individual preference or intended investment outcomes. MCN2 Holders have no right to request any of Exchange, Redemption or Resale at any time.

Whilst, as at the date of this Prospectus, no Regulatory Events or Tax Events are expected by MGL, these events are beyond the control of MGL and could occur at any future time.

Any Exchange, Redemption or Resale at the option of MGL is subject to various restrictions and conditions, including, in the case of Redemption, that the MCN2 to be Redeemed are replaced by a new issue of Relevant Tier 1 Securities of the same or better quality, under conditions that are sustainable for MGL's income capacity or that APRA is satisfied that the capital position of MGL is sufficient after the MCN2 are Redeemed. APRA must give written approval for any Redemption or Resale of MCN2. The granting of this approval is at the complete discretion of APRA.

As a consequence, Exchange, Redemption or Resale may not occur, or could occur at a time not previously contemplated by MCN2 Holders. This may disadvantage MCN2 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN2 Holders may reinvest their funds may be lower than the Distribution Rate on MCN2.

4.1.13. Cash payment only in limited circumstances

MCN2 Holders will only receive a cash payment for their MCN2 where MGL chooses to Redeem or Resell MCN2. This choice of Redeeming or Reselling MCN2 is only available on specific dates or upon the occurrence of specific events and is entirely at the discretion of MGL. Further, these options are subject to additional conditions and restrictions, including requiring the written approval of APRA. It is not certain whether or not these tests will be met or the relevant events will occur, that APRA would give any approval, or that MGL would choose to Redeem or Resell MCN2 (or instead elect that MCN2 will be Exchanged (if possible at the relevant time)). As a consequence, there is no certainty that MCN2 Holders will receive a cash payment for their MCN2.

4.1.14. Exchange on an Acquisition Event

MGL is an ASX listed company, which may be affected by merger and acquisition activity, including the possibility of being acquired by or merged with

4. Investment risks

another company, which may constitute an Acquisition Event. If an Acquisition Event occurs, an Exchange must occur (unless, the Directors determine that (a) on the Acquisition Exchange Date MGL will be, or will be likely to be, Delisted (except where, despite MGL being Delisted, the Exchange would be in the best interests of Holders as a whole) or (b) the Exchange Number of Ordinary Shares to be issued in exchange for an MCN2 (as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date and accordingly the MCN2 Holders may receive less than their Issue Price worth of Ordinary Shares (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the Directors determine that the Exchange would be in the best interest of the MCN2 Holders taken as a whole)).

Such an Exchange could occur at a time not previously contemplated by MCN2 Holders, which may disadvantage MCN2 Holders and not coincide with their individual preferences or intended investment outcomes. Additionally, where the Exchange occurs because the Directors have determined it is in the MCN2 Holders best interests as a whole, that determination may not take into account the position of individual MCN2 Holders and may disadvantage individual MCN2 Holders.

4.1.15. Impact of a Non-Viability Event

If a Non-Viability Event occurs, MGL must immediately Exchange some or all MCN2 for Ordinary Shares. This could occur at any time and accordingly, is not subject to any Exchange Conditions.

In summary, a Non-Viability Event occurs if APRA has provided a written determination to MGL that conversion into Ordinary Shares or write-off of securities issued as Relevant Tier 1 Securities is required because without such conversion or write-off, MGL would become non-viable, or a public sector injection of capital or equivalent support is to be provided to MGL, without which MGL would become non-viable.

APRA has not provided any guidance as to how it would determine non-viability, or what would constitute

equivalent support to a public sector injection of capital. Non-viability could be expected to include serious impairment of MGL's financial position and solvency. However, APRA's definition of non-viability may not be confined to solvency or capital measures and APRA's position on these matters may change over time. As the occurrence of a Non-Viability Event is at the discretion of APRA, there can be no assurance given as to the factors and circumstances that may give rise to this event.

Non-viability may arise as a result of many factors including factors which impact the business, operation and financial condition of MGL. See the discussion of risks associated with MGL and the Macquarie Group, below. As a consequence, if a Non-Viability Event occurs, there are many ways and a greater likelihood that an MCN2 Holder may lose some or all of their investment.

If a Non-Viability Event occurs, some or all MCN2 on issue will be immediately Exchanged into Ordinary Shares. Exchange will occur automatically, without the need for any further action and MGL will treat MCN2 Holders as though the Exchange has occurred. MGL expects that any ASX trades in MCN2 that have not settled on the date of a Non-Viability Event will continue to settle in accordance with the normal ASX settlement, although the seller will be treated as having delivered and the buyer will be treated as having acquired Ordinary Shares into which the MCN2 have been Exchanged. Alternatively, trading in MCN2 and Ordinary Shares may be halted and unsettled transfers of MCN2 may not be registered. This disruption in trading may cause the MCN2 Holder to suffer a loss and be unable to deal in MCN2.

MCN2 Holders may not have prior notice of a Non-Viability Event and Exchange in these circumstances is not subject to the Exchange Conditions being satisfied. The Ordinary Shares that will be issued may not be quoted at the time of issue or at all and may not be tradable.

The number of Ordinary Shares that an MCN2 Holder will receive on an Exchange following a Non-Viability Event is calculated from a five ASX Trading Day VWAP prior to the Non-Viability Exchange Date and subject to the Maximum Exchange Number applicable to a Non-Viability Exchange Date. If a Non-Viability Event occurs

4. Investment risks

the market price of Ordinary Shares may be volatile. Accordingly, an MCN2 Holder may receive significantly less than \$100 worth of Ordinary Shares per MCN2 and may suffer a loss as a result. This is because:

- the number of Ordinary Shares may be limited by the Maximum Exchange Number applicable to a Non-Viability Exchange Date and as a consequence the value of Ordinary Shares received may be reduced; and
- the market price of Ordinary Shares received may differ from the five ASX Trading Days VWAP used to determine the Exchange Number of Ordinary Shares.

If a Non-Viability Event were to occur and MGL is required to Exchange only a proportion of the securities issued as Relevant Tier 1 Securities then on issue, the proportion of MCN2 to be Exchanged (which may be all of the MCN2) may be higher than if a Non-Viability Event occurred and members of the Macquarie Group had other securities issued as Relevant Tier 1 Securities on issue. There is no obligation on any member of the Macquarie Group to issue any Relevant Tier 1 Securities. There is no obligation on MGL maintain on issue the MCN or any other Relevant Tier 1 Securities that it has issued or may decide to issue in the future.

4.1.16. Impact of failure to Exchange and Write-Off

If the relevant MCN2 are not Exchanged within 5 Business Days of the Non-Viability Event then the Ordinary Shares will not be issued and the relevant MCN2 will be Written-Off. This may occur for any reason, including an Inability Event. An Inability Event occurs if MGL is prevented by applicable law, order of any court, action of any government authority (including regarding the insolvency, Winding Up or other external administration of MGL) or for any other reason from issuing Ordinary Shares. In such cases, the MCN2 Holder will not receive any Ordinary Shares in respect of these MCN2, have no further claim on MGL and suffer a loss of their investment. The laws and circumstances under which an Inability Event arises may change and the change may be adverse to the interests of MCN2 Holders and MGL.

4.1.17. Ordinary Shares issued to a Sale Agent

If MCN2 are to be Exchanged and:

- the MCN2 Holder has notified MGL that it does not wish to receive Ordinary Shares;
- the MCN2 are held by a person whose registered address is outside of Australia or who MGL believes is not an Australian resident and MGL believes the issue of Ordinary Shares would not be permitted by law or would be permitted only after compliance with conditions which MGL considers, in its absolute discretion, are not acceptable or are unduly onerous;
- MGL does not have the necessary information to issue the Ordinary Shares to a particular MCN2 Holder;
- a FATCA withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of Exchange; or
- MGL believes it is not permitted to issue some or all Ordinary Shares to a particular MCN2 Holder under any Australian or foreign law which limits or restricts the number of shares in MGL which a person may hold; then

MGL will use reasonable endeavours to appoint a Sale Agent and, if a Sale Agent is appointed then, subject to applicable law and provided that MGL, the Trustee and the Sale Agent are satisfied that the Ordinary Shares otherwise to be Exchanged may lawfully be issued and sold by the Sale Agent without having to take steps which either or both regard as onerous, MGL will instead issue the relevant Ordinary Shares to the Sale Agent which will at the first reasonable opportunity sell the Ordinary Shares (together with Ordinary Shares of each other MCN2 Holder similarly affected) and pay to the relevant MCN2 Holder its proportionate share of the net proceeds actually received from the sale (after deducting applicable brokerage, stamp duty and other taxes, charges and expenses).

If MGL appoints a Sale Agent to receive the issue of, and sell, Ordinary Shares in relation to an Exchange event, the appointment of the Sale Agent is to the exclusion of the Trustee (unless the Trustee is appointed as Sale Agent). In other words, in such a situation, the Trustee will have no role in connection with the

4. Investment risks

sale of the relevant Ordinary Shares or the distribution of the sale proceeds. Instead, the sale process will be conducted by the Sale Agent. Your personal information (such as your name, contact details, account details and identification information) will be given to the Trustee and Sale Agent for the purposes of the sale. None of MGL, the Trustee, the Sale Agent nor any other person will owe any duties or obligations under the MCN2 Terms or Trust Deed to MCN2 Holders in connection with the Ordinary Shares issued to, and sold by, the Sale Agent.

MGL and the Sale Agent give no assurance as to whether a sale will be achieved or the price at which it may be achieved and each have no liability to MCN2 Holders for any loss suffered as a result of the sale of Ordinary Shares. The issue of the Ordinary Shares to the Sale Agent will satisfy all obligations of MGL in respect to the MCN2.

In these circumstances the sale of Ordinary Shares is beyond the control of the MCN2 Holder and may disadvantage the individual MCN2 Holder and not coincide with their individual preferences or intended investment outcomes. The amount received in respect of this sale may be less than the investment of the MCN2 Holder.

If either or both of MGL and the Sale Agent is of the opinion that Ordinary Shares cannot be issued to the Sale Agent (or issue would require onerous steps to be taken) or otherwise to the MCN2 Holder within 5 Business Days of a Non-Viability Exchange Date, then the relevant MCN2s will be Written-Off.

In the case of an Exchange on any other date, if MGL or the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent cannot be made in accordance with applicable laws (or would require onerous steps to be taken), the issue of Ordinary Shares is deferred and the MCN2 remain on issue until the Ordinary Shares are issued or the relevant MCN2 Redeemed. However, six months after the Exchange Date the rights of the relevant MCN2 Holder cease, other than the right to receive the Ordinary Shares or the net proceeds of their Sale.

4.1.18. Restrictions on rights and ranking in a Winding Up

MCN2 are issued by MGL under the terms of the Trust Deed (including the MCN2 Terms). An MCN2 Holder has no claim on MGL in respect of the MCN2 except as provided in the MCN2 Terms and in the Trust Deed. For further information on the relevant provisions of the Trust Deed see section 6.1.

MCN2 are unsecured and subordinated obligations of MGL. In the event of a Winding Up of MGL and assuming that MCN2 have not been Exchanged, Redeemed or Resold and are not required to be Written-Off due to a Non-Viability Event, MCN2 Holders will be entitled to claim for the Liquidation Amount of each MCN2 equal to \$100 for each MCN2. The claim for the Liquidation Amount ranks equally with Equal Ranking Obligations but is subordinated to Senior Creditors. If, on a Winding Up of MGL:

- there is a shortfall of funds to pay all amounts ranking senior to MCN2, MCN2 Holders will not receive any of the Liquidation Amount; and
- all amounts ranking senior to MCN2 have been paid but there is a shortfall of funds to pay all amounts ranking equally with MCN2, MCN2 Holders may not receive all (or any) of the Liquidation Amount.

If the MCN2 have been Exchanged (including following the occurrence of a Non-Viability Event), MCN2 Holders will hold Ordinary Shares and rank equally with other holders of Ordinary Shares in a Winding Up.

Where a Non-Viability Event occurs, if for any reason (for example due to applicable laws, order of a court or action of any government authority) Exchange of any MCN2 has not occurred within 5 Business Days following such an event, then those MCN2 are Written-Off (that is, the MCN2 Holder's rights (including to Distributions) in relation to those MCN2 are immediately and irrevocably terminated for no consideration). The MCN2 Holder's investment will lose all of its value and the MCN2 Holder will not receive any Ordinary Shares or other compensation.

MCN2 may pay a higher rate of distribution than comparable securities and instruments which are not subordinated. However there is a greater risk that an MCN2 Holder would lose some or all of their investment

4. Investment risks

in MCN2 should MGL become insolvent or in a Winding Up of MGL.

4.1.19. Other securities issued by MGL

MCN2 do not in any way restrict MGL from issuing further Ordinary Shares, securities (including securities that rank equally with or ahead of the MCN2) or from incurring further debt. MGL's obligations under MCN2 are subordinate to Senior Creditors and obligations preferred by law. Accordingly, the obligations of MCN2:

- will not be satisfied unless MGL can satisfy in full all of its other obligations ranking senior to MCN2; and
- may not be satisfied in full unless MGL can also satisfy in full all of its other obligations ranking equally with MCN2

and future issues of securities or debts by MGL may dilute the claim of MCN2 Holders or reduce the value of their investment or liquidity of MCN2. The future issue of such securities may be on terms such that they would be exchanged, converted or written-off other than on a proportionate basis with the MCN2 and affect the proportions of MCN2 Exchanged or Written-Off due to a Non-Viability Event.

An investment in MCN2 carries no right to participate in any future issue of securities issued by MGL.

No prediction can be made as to the effect, if any, which future issues of securities by MGL may have on the market price or liquidity of MCN2 or the likelihood of payments being made on MCN2.

An investment in MCN2 carries no right to be Redeemed or otherwise be repaid at the same time as MGL redeems or otherwise repays other securities.

4.1.20. Credit rating risk relating to securities

MGL's cost of funds, margins, access to capital markets and competitive position and other aspects of its performance may be affected by its credit ratings, including any long-term credit ratings (see section 4.2.9 for more information) or the ratings assigned to any class of its securities. Credit rating agencies may withdraw, revise or suspend credit ratings or change the methodology by which securities are rated. Even though MCN2 will not be rated, such changes could adversely affect the market price, liquidity and

performance of MCN2 or Ordinary Shares received on Exchange.

4.1.21. Regulatory treatment

MCN2 are Eligible Capital of MGL, which currently qualify as regulatory capital of MGL for APRA purposes. APRA has issued proposed standards applicable to Level 3 conglomerate groups ("**Conglomerates Standard**") but its final implementation date is currently unknown.

If the Conglomerates Standard is introduced APRA has confirmed that MCN2 will not be Eligible Capital.

However, APRA has confirmed to MGL that it does not object, in principle, to the Macquarie Group using the proceeds of the MCN2 to make contributions to an ADI within the Macquarie Group that will fully qualify as an Additional Tier 1 Capital instrument of that ADI.

A Regulatory Event may occur if as a result a change in law or regulation or determination of APRA the MCN2 do not fully qualify as a Relevant Tier 1 Security, additional requirements in connection with the MCN2 would be imposed on the Macquarie Group which MGL determines might have a material adverse effect on MGL or to have any of the MCN2 outstanding would be unlawful or impractical or would cause MGL to be exposed to a more than *de minimis* increase in its costs in connection with those MCN2.

The implementation of the Conglomerates Standard (in the form published at the Issue Date) will not give rise to a Regulatory Event.

If a Regulatory Event occurs, MGL may be entitled to Exchange or, with the written approval of APRA, Resell or Redeem MCN2.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN2 Holders, which may disadvantage MCN2 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN2 Holders may reinvest their funds or receive in connection with any Ordinary Shares, may be lower than the Distribution Rate on MCN2.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether

4. Investment risks

MCN2 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN2 Holders and may not coincide with their individual preference or intended investment outcomes.

4.1.22. Tax consequences

A general outline of the tax consequences of investing in MCN2 for certain potential investors who are Australian residents for tax purposes is set out in the Taxation Summary in section 5. This summary is in general terms and not intended to provide specific advice addressing the circumstances of any particular potential investor. Accordingly, potential investors should seek independent advice concerning their own individual tax position.

If a change is made or announced in a law or regulation, or a judicial decision, or an administrative pronouncement, ruling or challenge from a government authority which was not expected at the time of issue of MCN2, which has an adverse effect on MGL in the amount of taxes, assessments or other governmental charges in connection with MCN2 or affects the withholding or franking treatment of MCN2 then a Tax Event may occur.

If a Tax Event occurs, MGL may be entitled to Exchange or, with the written approval of APRA, Resell or Redeem MCN2.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN2 Holders, which may disadvantage MCN2 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN2 Holders may reinvest their funds may be lower than the Distribution Rate on MCN2.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether MCN2 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN2 Holders and may not coincide with their individual preferences or intended investment outcomes.

If the corporate tax rate in Australia changes, the cash amount of Distributions and any associated franking credits may change.

4.1.23. Powers of APRA

Under the Banking Act, APRA has power to issue directions to MGL. These powers of APRA are broad and may be exercised to intervene in the performance of obligations and the exercise of rights under the MCN2 (see further section 4.2.4). In addition, where pursuant to the Financial Sector (Business Transfer and Group Restructure) Act 1999 (Cth) ("**FSBTGR Act**") APRA makes an order for MBL to transfer all or part of its business to another entity, APRA may also require MGL to transfer all or part of its business to another entity. A transfer under the FSBTGR Act overrides anything in any contract or agreement to which MGL is party, including the MCN2 Terms. These powers of APRA may be exercised in a way which adversely affects the ability of MGL to comply with its obligations in respect of the MCN2 (including in connection with the Exchange of MCN2), and this may adversely affect the position of MCN2 Holders.

4.1.24. Accounting standards

New, or amendments to existing, accounting standards issued by either the International Accounting Standards Board or Australian Accounting Standards Board may affect the reported earnings and financial position of MGL in future financial periods. This may adversely affect the ability of MGL to pay Distributions.

4.1.25. Shareholding limits

Various laws, including Chapter 6 of the Australian Corporations Act, the Foreign Acquisition and Takeovers Act 1975, the Financial Sector (Shareholdings) Act 1998 ("**FSSA**") and Part IV of the Competition and Consumer Act 2010 may restrict the number of Ordinary Shares that any person may hold. Mergers, acquisitions and divestments of Australian public companies listed on ASX (such as MGL) are regulated by detailed and comprehensive legislation and the rules and regulations of ASX.

The FSSA restricts ownership of MGL by people (together with their associates) to a 15% stake. A shareholder may apply to the Australian Federal Treasurer to extend their ownership beyond 15%, but approval will not be granted unless the Treasurer is satisfied that the holding is in the national interest.

4. Investment risks

MCN2 Holders should take care to ensure that their holding of MCN2 (and any Ordinary Shares that they could be Exchanged for) do not breach any applicable restrictions on ownership.

Where, on an Exchange, the issue of any Ordinary Shares to any particular MCN2 Holder (either directly or indirectly) is prevented by law, MGL may be unable to Exchange those MCN2 and they will be Written-Off.

4.1.26. FATCA withholding information and reporting

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”) impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (“**FFI**”) that does not become a “**Participating FFI**” or is not otherwise exempt from or in deemed compliance with FATCA and (ii) investors (including individual investors) that do not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States Account”. MGL is classified as an FFI.

The Australian Government and the U.S. Government signed an intergovernmental agreement (“**IGA**”) in respect of FATCA on 28 April 2014, providing an alternative means for Australian financial institutions such as MGL to comply with FATCA. The obligations for Australian financial institutions under the IGA include U.S. Internal Revenue Service (“**IRS**”) registration and due diligence and reporting obligations. On 29 May, 2014, the Australian Government implemented domestic legislation that enacted the IGA obligations into Australian law. The IGA obligations for Australian financial institutions commenced on 1 July, 2014. MGL may be subject to U.S. withholding tax if MGL fails to either (i) implement such IGA obligations or (ii) enter into an agreement with the IRS to report certain information about holders of the MCN2. Withholding under FATCA should not be required from payments made with respect to MCN2 other than in certain prescribed circumstances. However, under the IGA, MGL (or other financial institutions that may be involved in the MCN2 payment processes, such as custodians or nominees) may be required to provide the Australian Taxation Office with information about investors. MGL is to be

treated as a Reporting Foreign Institution (“**Reporting FI**”) pursuant to the IGA and does not anticipate being obliged to deduct or withhold on payments it makes to MCN2 Holders as a result of FATCA. There can be no assurance, however, that MGL will be treated as a Reporting FI in the future or that it would in the future not be required to deduct or withhold amounts on payments it makes to MCN2 Holders as a result of FATCA.

If an amount was to be deducted or withheld in respect of FATCA from payments on MCN2 or deliveries of Ordinary Shares made in respect of MCN2, neither MGL nor any paying agent nor any other person would, pursuant to the conditions of MCN2, be required to pay additional amounts as a result of the deduction or withholding. As a result, MCN2 Holders may receive less Distributions, principal or Ordinary Shares than expected.

FATCA is particularly complex. Investors should consult their own tax advisers to determine how these rules may apply to payments they will receive under MCN2.

4.1.27. Amendment of MCN2 Terms or Trust Deed

In certain circumstances, MGL may, with APRA's prior written approval where required, amend the MCN2 Terms or Trust Deed without the approval of MCN2 Holders or the Trustee. These circumstances include where MGL is of the opinion that the amendments do not materially adversely affect the interests of the MCN2 Holders as a whole.

MGL may also, with APRA's prior written approval where required, amend the MCN2 Terms or Trust Deed if the amendment has been approved by a Special Resolution of MCN2 Holders and the Trustee. Amendments under these arrangements are binding on all MCN2 Holders, despite the fact that an individual MCN2 Holder may not agree with the amendment, has voted against making the amendment or may be disadvantaged by the amendment.

APRA's prior written approval of an amendment is required where the amendment may cause the MCN2 to cease to be Relevant Tier 1 Securities.

4. Investment risks

4.2. Risks associated with MGL and the Macquarie Group

The factors described below represent the key risks relating to an investment in MGL and the Macquarie Group.

4.2.1. Impact of risks associated with MGL on an investment in MCN2

Risks associated with MGL and the Macquarie Group are relevant to an investment in MCN2 because they may affect MGL's ability to fulfil its obligations under the MCN2 Terms, the market value of MCN2 and the market value of, and any dividends paid on, Ordinary Shares issued on an Exchange of MCN2.

There are a number of risks faced by MGL and the Macquarie Group, including those that encompass a broad range of economic and commercial risks, many of which are not within their control. The performance of all of the Macquarie Group's major businesses can be influenced by external market and regulatory conditions. If all or most of the Macquarie Group's businesses were affected by adverse circumstances at or about the same time, overall earnings would suffer significantly.

4.2.2. Market conditions, including funding

Global market conditions are subject to periods of volatility and change which can negatively impact market liquidity, increase credit spreads and reduce funding availability. In recent years global equity and debt markets have experienced difficult conditions. These challenging market conditions have resulted in periods of reduced liquidity, extreme volatility and declining asset prices, as well as greater counterparty credit risk, widening of credit spreads and lack of price transparency in credit and other markets.

Market conditions have also led to the failure of a number of financial institutions and the intervention of government authorities and central banks around the world. Global economic conditions remain uncertain. More recently, these challenging market conditions have resulted primarily from the on-going sovereign debt concerns in Europe and concerns about Chinese and global economic growth. If the economic climate worsens in the future, Macquarie Group's performance, business or strategy may be adversely affected. The

Macquarie Group relies on equity and debt markets for funding its businesses. Further instability in these markets may affect the Macquarie Group's ability to access funding, particularly the ability to issue long-term debt securities, to replace maturing liabilities in a timely manner and to access the funding necessary to grow its businesses. In addition, an increase in credit spreads may increase the Macquarie Group's cost of funding. Further, volatile and deteriorating markets may reduce activity and the flow of transactions, which may adversely impact the Macquarie Group's financial performance. Other risks associated with funding that the Macquarie Group may face are overreliance on a particular funding source or a simultaneous increase in funding costs across a broad range of sources.

Changes in investment markets, including changes in interest rates, exchange rates and returns from equity, any listed and unlisted investment assets, property and other investments, as well as adverse economic conditions, will affect the financial performance of the Macquarie Group, for instance, through its ability to earn base and performance fees and other advisory and client facilitation fees. Further, the Macquarie Group's trading income may be adversely impacted during times of subdued market conditions and client activity. In addition, the Macquarie Group may be indirectly adversely affected by the negative performance of any fund managed by the Macquarie Group, as investors and lenders may associate the Macquarie Group managed-funds with the Macquarie Group brand.

In poor market conditions, the Macquarie Group may be required to hold its investment assets for longer, or sell these assets at a lower price than historically expected and this may impact the Macquarie Group's rate of return on these assets and require funding for longer periods than anticipated. This may include situations where potential buyers of the Macquarie Group's investment assets are unable to obtain financing to purchase assets that the Macquarie Group currently holds or purchases.

Capital market volatility may require the Macquarie Group to make writedowns of its funds management assets and other investments as well as make loan impairment provisions. This would impact the Macquarie Group's financial performance.

4. Investment risks

4.2.3. Liquidity risk

The Macquarie Group is exposed to the risk that it may become unable to meet its financial commitments when they fall due, which could arise due to mismatches in cashflows. Liquidity is essential to the Macquarie Group's businesses. Liquidity could be impaired by an inability to access credit and debt markets, an inability to sell assets or unforeseen outflows of cash or collateral. In difficult credit and debt markets the Macquarie Group may be forced to find alternative funding sources or fund its operations at a higher cost.

Since 2008, governments and central banks around the globe have taken steps to increase liquidity, restore confidence in financial systems and bolster economic growth. There can be no assurance, however, that such measures will result in a sustained long-term stabilisation of financial markets. In addition, governments have begun to withdraw or alter their support of such relief measures and it is not clear what long term effect these actions, or the consequential impacts of substantial fiscal stimulus on the budgets of sovereigns, will have on global economic conditions or the Macquarie Group's financial condition. If access to public bond markets over the medium term worsens, and other existing avenues of term funding become unavailable, the Macquarie Group may need to consider selling liquid assets.

The commercial soundness of many financial institutions may be closely interrelated as a result of credit, trading, clearing or other relationships among the financial institutions. As a result, concerns, whether well-founded or not, about default by any large financial institution, or by a sovereign that guarantees the indebtedness or other commercial transactions of such an institution, could cause further market-wide liquidity problems which may adversely affect financial institutions such as the Macquarie Group.

4.2.4. Legal, regulatory, compliance and documentation risk

Many of the Macquarie Group's businesses are highly regulated, including regulation relating to prudential and liquidity requirements. Failure to comply with legal and regulatory requirements, including tax laws and regulations, and rules relating to conflicts of interest,

corrupt and illegal payments and money laundering, or government policies, may have an adverse effect on the Macquarie Group and its reputation among customers and regulators in the market.

The Macquarie Group is supervised by a number of different regulators. In Australia, the Macquarie Group's key regulators include APRA, the Reserve Bank of Australia, ASIC, ASX, the Australian Securities Exchange Limited, (as operator of the ASX24 market formerly known as the Sydney Futures Exchange) the Australian Competition Consumer Commission and the Australian Transaction Reports and Analysis Centre. Outside Australia, the Macquarie Group's key regulators include the United States Securities and Exchange Commission, the United States Commodity Futures Trading Commission, the United States Financial Industry Regulatory Authority, the United Kingdom Financial Conduct Authority and Prudential Regulation Authority, the Hong Kong Monetary Authority, the Monetary Authority of Singapore, the Korean Financial Supervisory Service and the Bank of Korea.

Many of these regulators have broad administrative powers to regulate and intervene in the operations of the businesses of the Macquarie Group. In particular, APRA has the power under the Banking Act (a) to investigate the Macquarie Group's affairs and/or issue a direction to it (such as a direction to comply with an APRA requirement, to conduct an audit, to remove a director, executive officer or employee or not to undertake transactions), and (b) if MBL becomes unable to meet its obligations or suspends payment (and in certain other limited circumstances), to appoint a third party to take control of MBL's business. The exercise of these broad administrative powers by one or more regulators could have a material adverse effect on the Macquarie Group and its business, reputation, prospects, financial performance or financial condition.

Regulation is becoming more extensive and complex. Some areas of potential regulatory change involve multiple jurisdictions seeking to adopt a coordinated approach. Such an approach may not appropriately respond to the specific requirements of the jurisdictions in which the Macquarie Group operates and, in addition, such changes may be inconsistently introduced across jurisdictions.

4. Investment risks

The Macquarie Group could also be adversely affected by future changes in legal, regulatory and compliance requirements (including requirements relating to licensing). In particular, any change in regulation of the Macquarie Group to increase the requirements for capital adequacy or liquidity, or a change in accounting standards could have an adverse effect on the Macquarie Group's businesses.

Legal and regulatory requirements may also restrict the ability of subsidiaries of MGL to make dividend and other payments to MGL.

A number of regulatory changes have been implemented or proposed in various jurisdictions as a result of the global economic crisis, which may significantly alter the regulatory framework and may adversely affect the Macquarie Group's competitive position and profitability. It is not possible to predict what future regulatory or related changes may result from the global economic crisis or the effect any such changes would have on the Macquarie Group and its businesses.

The Macquarie Group is also exposed to the risk of inappropriate or inadequate documentation of contractual relationships.

4.2.5. Increased governmental and regulatory scrutiny

Governmental scrutiny from regulators, legislative bodies and law enforcement agencies with respect to matters relating to the financial services sector generally, and the Macquarie Group's business operations, capital, liquidity and risk management, compensation and other matters, has increased dramatically over the past several years. The financial crisis and the subsequent political and public sentiment regarding financial institutions has resulted in a significant amount of adverse press coverage, as well as adverse statements or charges by regulators or other government officials, and in some cases, to increased regulatory scrutiny, investigations and litigation. Responding to and addressing such matters, regardless of the ultimate outcome, is time-consuming and expensive and can divert the time and effort of the Macquarie Group's senior management from its business. Enforcement actions, penalties and fines sought by regulatory authorities have increased

substantially over the last several years, along with legislation targeted at the financial services industry. Adverse publicity, governmental scrutiny and legal and enforcement proceedings can also have a negative impact on the Macquarie Group's reputation with clients and on the morale and performance of its employees, which could adversely affect the Macquarie Group's businesses and the results of their operations.

4.2.6. Risks of strategic opportunities and exiting or restructuring existing businesses

Future growth of the Macquarie Group, including through acquisitions, mergers and other corporate transactions, as well as planned business initiatives and expansions of existing businesses into new jurisdictions may place significant demands on the Macquarie Group's risk management and operational infrastructure. This activity may also bring the Macquarie Group into contact, directly or indirectly, with individuals and entities that are new clients, with new asset classes and other new products or new markets. These business activities expose the Macquarie Group to new and enhanced risks including reputation risks arising from dealing with a range of new counterparties and investors, along with these activities being exposed to the range of risks described in this Prospectus.

The Macquarie Group may also underestimate the costs associated with outsourcing, exiting or restructuring existing businesses.

The Macquarie Group continually assesses the appropriateness of its business mix and the viability of individual businesses in light of regulatory, market and economic conditions and developments.

With respect to acquisitions, the Macquarie Group may over-value an acquisition, may become subject to unknown liabilities of an acquired business, may not achieve expected synergies, cost savings or may otherwise incur losses. The Macquarie Group may lose market share or customers, or may face disruptions to operations and the Macquarie Group's management time may be diverted to facilitate the integration of acquired businesses or the acquisition may have negative impacts on the Macquarie Group's results, financial condition or operations.

From time to time, the Macquarie Group may evaluate other strategic opportunities, the outcome of which

4. Investment risks

is dependent upon the quality of their strategic planning process, the implications of the strategy on risk appetite and their ability to evaluate and, if determined to be worthwhile, implement such strategic opportunities.

4.2.7. Exchange rate risk

The Macquarie Group's financial statements are presented in Australian dollars. However a significant portion of the Macquarie Group's operating income is derived, and operating expenses are incurred, from offshore business activities, which are conducted in a broad range of currencies and with counterparties around the world. As such, changes in currency exchange rates may adversely impact the Macquarie Group's financial results, its operations and its regulatory capital and funding position. Further, where the Macquarie Group conducts business activities offshore, capital and funding are generally deployed locally and thus the Macquarie Group's capital is held in, and funding is sourced from, a broad range of currencies.

Although the Macquarie Group seeks to carefully manage its exposure to foreign currencies through matching of assets and liabilities in local currencies and through the use of foreign exchange swaps and forward contracts to hedge its exposure, the Macquarie Group is still exposed to exchange risk. Insofar as any member of the Macquarie Group is unable to hedge or has not completely hedged its exposure to non-Australian currencies, the Macquarie Group's reported profit or foreign currency translation reserve would be affected.

Investors should be aware that exchange rate movements may adversely impact the Macquarie Group's future financial results. The Macquarie Group's regulatory capital position may be adversely impacted by exchange rate movements. For example, a depreciating Australian dollar, increases the capital requirement for assets denominated in currencies other than Australian dollars.

4.2.8. Market and asset risk

Market risk is the exposure to adverse changes in the value of the Macquarie Group's trading portfolios or other assets or investments as a result of changes in market prices or volatility, including risks arising from

exchange rates, interest rates, equities, commodities, derivatives (which are subject to settlement and other risks) and the correlation of market prices and rates within and across markets. These changes may result from changes in economic conditions, monetary and fiscal policies, market liquidity, availability and cost of capital, international and regional political events, acts of war or terrorism, corporate, political or other scandals that reduce investor confidence in capital markets, natural disasters or pandemics or a combination of these or other factors. Any decline in global asset markets, including equity, property, and other asset markets, or in market liquidity, could adversely impact the Macquarie Group's results of operations and financial condition. In addition, a decline in asset prices could negatively impact the fees the Macquarie Group receives from funds that it manages and that it invests in such assets.

Certain financial instruments that members of the Macquarie Group hold and contracts to which they are a party are increasingly complex, as the Macquarie Group employs structured products to benefit its clients and itself, and these complex structured products often do not have readily available markets to access in times of liquidity stress.

Furthermore, declining asset prices could adversely impact the Macquarie Group's customers and the security the Macquarie Group holds against loans, which may impact the Macquarie Group's results and operations due to default. These risks may impact the value of financial instruments and other financial assets that are carried at fair market value.

4.2.9. Credit ratings risk

Various rating agencies assign credit ratings based on an evaluation of a number of factors, including an entity's ability to maintain a stable and diverse earnings stream, strong capital ratios, strong credit quality and risk management controls, diverse funding sources and disciplined liquidity monitoring procedures. If any credit ratings assigned to the Macquarie Group entities were downgraded this could have the effect of increasing the cost of funds raised by the Macquarie Group from financial markets, reducing the Macquarie Group's ability to access certain capital markets, triggering the Macquarie Group's obligations under certain of its contracts, and/or adversely impacting the willingness

4. Investment risks

of counterparties to deal with the Macquarie Group. A credit rating downgrade could be driven by the occurrence of one or more of the risk factors described in this Prospectus or by other events.

4.2.10. Competition risk

The Macquarie Group faces significant competition from local and international competitors, which compete vigorously for participation in the various markets and sectors across which the Macquarie Group operates. In particular, the Macquarie Group competes, both in Australia and internationally, with asset managers, retail and commercial banks, investment banking firms, and other investment and service firms. Any trend toward consolidation in the global financial services industry may create stronger competitors with broader ranges of product and service offerings, increased access to capital, and greater efficiency and pricing power. The effect of competitive market conditions may adversely impact the earnings and assets of the Macquarie Group.

4.2.11. Interest rate risk

Interest rate risk arises from a variety of sources including mismatches between the repricing periods of assets and liabilities. As a result of these mismatches, movements in interest rates can affect earnings or the value of the Macquarie Group.

4.2.12. Credit and counterparty risk

The Macquarie Group is exposed to the risk of financial loss as a result of failure by a client or other counterparty to meet its contractual obligations. The Macquarie Group assumes counterparty risk in connection with its lending, trading, derivatives and other businesses where it relies on the ability of a third party to satisfy its financial obligations to the Macquarie Group on a timely basis. The resultant credit exposure will depend on a number of factors, including the financial condition of the counterparty, the value of property the Macquarie Group holds as collateral and the market value of the counterparty instruments and obligations the Macquarie Group holds, as well as the extent to which the Macquarie Group hedges such credit exposures.

4.2.13. Operational risk

The daily operations of the Macquarie Group may result in financial loss, adverse regulatory consequences or reputational damage due to a variety of operational risks including business decisions, technology risk (including failure of the Macquarie Group's business systems or those of its counterparties and service providers), fraud (including fraud or other misconduct by employees), compliance with legal and regulatory obligations, mishandling of client monies, counterparty performance, business continuity planning, legal and litigation risk, environmental obligations, data integrity, data security and processing risk, managing conflicts of interests and key person risk. There is increasing regulatory and public scrutiny concerning outsourced and off-shored activities and their associated risks, including, for example, the appropriate management and control of confidential data. The failure to appropriately manage this risk, including where external service providers are used, may adversely impact the Macquarie Group's reputation, financial performance and position.

While the Macquarie Group has adopted policies and procedures to control exposure to, and limit the extent of, these risks, there are inherent limitations in any risk management control system and control breakdowns and system failures can occur.

The Macquarie Group maintains insurance that it considers to be prudent for the scope and scale of its activities. If the Macquarie Group's third party insurance carriers fail to perform their obligations and/or its third party insurance cover is insufficient for a particular matter or group of related matters, its net loss could adversely impact its results and operations.

4.2.14. Custodian risk

Certain funds that the Macquarie Group manages depend upon the services of custodians to carry out certain securities transactions. In the event of the insolvency of a custodian, the funds might not be able to recover equivalent assets in full (including any cash held on its behalf) as they will rank among the custodian's unsecured creditors in relation to assets which the custodian borrows, lends or otherwise uses.

4. Investment risks

4.2.15. Capital adequacy risk

The Macquarie Group seeks to maintain capital levels to ensure it can achieve strategic plans and objectives, manage the risks to which it is exposed, absorb unexpected losses and meet market expectations of capital levels. The Macquarie Group is required to maintain minimum levels determined by the risk profile of its operations and within the frameworks by which it is regulated. If the Macquarie Group fails to hold sufficient capital, there may be an adverse impact on the Ordinary Share price, an increased risk of regulatory intervention in the operation of the business, and ultimately a greater risk of non-viability and insolvency. The Macquarie Group gives no assurance as to what its capital level may be at any time as it may be significantly impacted by unexpected events affecting its business, operations and financial condition.

Many of the capital frameworks that the Macquarie Group operates under have been recently reviewed or are currently under review. The Basel Committee on Banking Supervision is still undertaking further work as part of its regulatory reform agenda that may result in additional capital requirements. APRA has proposed prudential rules to apply to financial conglomerates such as the Macquarie Group, but the implementation date for these rules is currently unknown. Changes to these frameworks can require the Macquarie Group to hold more capital and have an adverse impact on the Macquarie Group's financial performance and position and to the market price of MCN2 and other securities.

4.2.16. Staff recruitment and retention

The Macquarie Group is reliant on the ability to hire and retain appropriately qualified staff. In order to do this, the Macquarie Group must compensate employees at or above market levels. Current or future laws or regulatory or public scrutiny may restrict the Macquarie Group's ability to move its staff from one jurisdiction to another or change the way the Macquarie Group remunerates its employees. If the Macquarie Group is unable to continue to attract and retain qualified employees, its performance, including its competitive position, could be materially adversely affected.

Recent market events have resulted in increased regulatory and public scrutiny of corporate remuneration policies and the establishment of criteria against which industry remuneration policies may be assessed.

4.2.17. Reputation risk

The Macquarie Group is substantially dependent on its brand and reputation. If the Macquarie Group suffers damage to its reputation, including damage to the brands used by the Macquarie Group and the funds it manages, this could reduce business volume as clients might be reluctant to do business with the Macquarie Group due to their negative perceptions. Reputation issues can arise for many reasons, including actual or alleged breaches of regulation or conflicts of interest. This would adversely impact the Macquarie Group's earnings.

Many companies in the Macquarie Group and many of the funds managed by entities owned, in whole or in part, by the Macquarie Group use the Macquarie name. The Macquarie Group's reputation and, as a result, its businesses and business prospects could be adversely affected if any of the entities using the Macquarie name take actions, or are publicly accused of such actions, that bring negative publicity to the Macquarie Group.

4.2.18. Tax risk

Future tax developments or changes to tax laws or their interpretation may also have a material adverse effect on the Macquarie Group. The Macquarie Group operates in a range of jurisdictions with different tax regimes which are subject to change. The Macquarie Group's after tax earnings may be impacted by changes to the tax treatment of MGL or any of its controlled entities. While the Macquarie Group believes that it has in place controls and procedures that are designed to ensure that transactions comply with applicable tax laws and regulations, any actual or alleged failure to comply with or any change in the interpretation, application or enforcement of applicable tax laws and regulations could adversely affect its reputation and affected business areas, significantly increase its own tax liability and expose it to legal, regulatory and other actions.

4. Investment risks

4.2.19. Information security risks

The Macquarie Group businesses are highly dependent on its information technology systems. The Macquarie Group devotes significant effort to protecting the confidentiality, integrity and availability of its computer systems, software and networks, including maintaining the confidentiality of information that may reside on those systems. However, there can be no assurances that the Macquarie Group's security measures will provide absolute security. Information security risks for financial institutions have increased in recent years, in part because of the proliferation of new technologies, the use of internet and telecommunications technology and the increased sophistication and activities of organised criminals and hackers. The Macquarie Group's computer systems, software and networks may be vulnerable to unauthorised access, misuse, denial-of-service attacks, phishing attacks, computer viruses or other malicious code and other events that could have a security impact. Information security threats may also occur as a result of the Macquarie Group's plans to continue to implement internet banking and mobile banking channel strategies and develop additional remote connectivity solutions, the outsourcing of some of the Macquarie Group's business operations and the threat of cyber terrorism. Third parties with which the Macquarie Group does business, as well as other third parties with which the Macquarie Group's clients do business, can also be sources of operational risk to it, including with respect to security breaches affecting such parties, breakdowns or failures of the systems or misconduct by the employees of such parties and cyber-attacks. Such incidents may require the Macquarie Group to take steps to protect the integrity of its own operational systems or to safeguard its confidential information and that of its clients, thereby increasing its operational costs and potentially diminishing customer satisfaction. It is possible that the Macquarie Group may not be able to anticipate or to implement effective measures to prevent or minimise damage that may be caused by all information security threats, because the techniques used can be highly sophisticated and can evolve rapidly, and those that would perpetrate attacks can be well resourced. An information security failure could have serious consequences for the Macquarie Group including operational disruption, financial losses,

reputational damage, theft of intellectual property and customer data, and could result in violations of applicable privacy laws, all of which could have a material impact on the Macquarie Group.

4.2.20. Risk of unforeseen, hostile or potential catastrophic events and environmental risks

The Macquarie Group's businesses (including commodities businesses and particularly physical commodities financing businesses) are subject to the risk of unforeseen, hostile or catastrophic events, many of which are outside of its control, including natural disasters, extreme weather events (such as persistent winter storms or protracted droughts) leaks, spills, explosions, release of toxic substances, fires, accidents on land or at sea, terrorist attacks or other hostile or catastrophic events. Additionally, rising climate change concerns may lead to additional regulation that could increase the operating costs and/or reduce the profitability of the Macquarie Group's investments. In addition, the Macquarie Group relies on third party suppliers or service providers to perform their contractual obligations, and any failure on their part could adversely affect the Macquarie Group's business. The Macquarie Group may also not be able to obtain insurance to cover some of these risks and the insurance that it has may be inadequate to cover its losses.

The occurrence of any such events may prevent MGL and the Macquarie Group from performing under their agreements with clients, may impair their operations or financial results, and may result in litigation, regulatory action, negative publicity or other reputational harm.

4.2.21. Conflicts of Interest

As the Macquarie Group expands its businesses and its client base, it increasingly has to address potential or perceived conflicts of interest, including situations where its services to a particular client conflict with, or are perceived to conflict with, its own proprietary investments or other interests or with the interests of another client, as well as situations where one or more of its businesses have access to material non-public information that may not be shared with other businesses within the Macquarie Group. While the Macquarie Group believes it has adequate procedures and controls in place to address

4. Investment risks

conflicts of interest, including those designed to prevent the improper sharing of information among its businesses, appropriately dealing with conflicts of interest is complex and difficult, and its reputation could be damaged and the willingness of clients to enter into transactions may be adversely affected if the Macquarie Group fails, or appears to fail, to deal appropriately with conflicts of interest. In addition, potential or perceived conflicts could materially adversely affect the Macquarie Group's reputation or business, including give rise to claims by and liabilities to clients, litigation or enforcement actions or discourage clients or counterparties to do business with the Macquarie Group.

4.2.22. Litigation risk

The Macquarie Group may, from time to time, be subject to material litigation or regulatory actions which may generate contingent liabilities which may adversely impact on its financial condition or its reputation.

While provisions are made in the Macquarie Group's accounts for litigation and regulatory actions, where deemed necessary, there is a risk that any losses incurred may be larger than anticipated or provided for in those accounts or that additional litigation, regulatory actions or other contingent liabilities may arise. Furthermore, even where monetary damages may be relatively small, an adverse finding in a regulatory or litigation matter could harm the Macquarie Group's reputation or brand, thereby adversely affecting their businesses.

4.2.23. Risks relating to funds management

The Macquarie Group's financial condition and results of operation are directly and indirectly affected by the results of the funds or the assets it manages. As such, poor performance of funds may cause a decline in the Macquarie Group's revenue and results of operations may adversely affect the Macquarie Group's ability to raise capital for future funds and may also affect the Macquarie Group's brand and reputation.

In addition the Macquarie Group's funds model exposes it to such risks as:

- **Equity at risk:** the Macquarie Group maintains an equity interest in a number of the funds that it manages. The market value of the Macquarie

Group's assets is directly affected by the value of the funds managed by the Macquarie Group to the extent of its equity interest in those funds.

- **Reputation risk:** The Macquarie name is attached to many of the funds managed by the Macquarie Group. Any adverse developments in relation to any of the funds the Macquarie Group manages or the assets managed by those funds could have an adverse impact on the Macquarie Group's reputation and public image which could adversely affect its business and financial condition.
- **Contingent liabilities:** In some instances, entities in the Macquarie Group have sold assets to funds managed by the Macquarie Group mostly in circumstances when the Macquarie Group is seeding a newly-formed fund with assets, or the Macquarie Group has sold its interest in such assets to third parties. Under the terms of some of the agreements pursuant to which those assets have been sold the Macquarie Group may have contingent liabilities as a result of the representations and warranties, covenants, indemnities or other provisions of those agreements.
- **Conflicts of interest:** the Macquarie Group manages and advises a large number of funds, many of which compete for assets and investors. The Macquarie Group has policies in place designed to manage conflicts of interest within the Macquarie Group but no assurance can be given that those policies will be adequate to prevent actual or perceived conflicts of interest.

If the Macquarie Group is unable to effectively manage these risks, its funds management business and reputation could be materially harmed or it could be exposed to claims or other liabilities to investors in the funds.

4.2.24. Other risks

The Macquarie Group's profitability is also subject to a number of other risks including political risk (including economic sanctions and other restrictive government actions), risks from external events (including geopolitical instability and conflicts), strategic risks (including corporate transactions and internal restructures), litigation, regulatory actions and any associated contingent liabilities.

Taxation summary

5. Taxation summary

5.1. Summary of Australian tax consequences for MCN2 Holders

The following is a summary of the Australian tax consequences for certain Australian resident MCN2 Holders who subscribe for MCN2 under the Offer.

This summary is not intended to be exhaustive and you should seek advice from your own financial adviser or other professional adviser before deciding to invest in MCN2. In particular, this summary does not consider the consequences for MCN2 Holders who:

- are not Australian residents for tax purposes;
- acquire MCN2 otherwise than under the Offer;
- hold MCN2 in their business of share trading or dealing in securities, or who otherwise hold their MCN2 on revenue account or as trading stock; or
- are subject to the “taxation of financial arrangements” provisions in Division 230 of the Tax Act in relation to their holding of MCN2.

This summary is not intended to be, nor should it be constituted as being, investment, legal or tax advice to any particular MCN2 Holder.

This summary is based on Australian tax laws and regulations, interpretations of such laws and regulations, and administrative practices as at the date of this Prospectus.

5.1.1. Class ruling sought on MCN2

MGL has applied for a Class Ruling to the ATO to confirm certain Australian tax consequences for Australian resident MCN2 Holders. The ATO will only issue a Class Ruling after the issue of MCN2. When issued, copies of the class ruling will be available from www.macquarie.com and the ATO website.

5.1.2. Distributions on MCN2

MCN2 should constitute a non-share equity interest and Distributions under the MCN2 Terms should constitute non-share dividends that are frankable.

MCN2 Holders should include such Distributions in their assessable income. If the Distribution includes franking credits, MCN2 Holders should also be required to include the franking credits in their assessable income. However, the MCN2 Holder may be entitled to a tax offset equal to the franking credits received. This is subject to the MCN2

Holder satisfying the “holding period rule” (refer below) and the ATO not making a determination under the anti-avoidance rules (refer below) to deny the benefit of the franking credits to the MCN2 Holder.

An MCN2 Holder that is an individual or complying superannuation fund may be able to receive a tax refund from the ATO in a particular year if the franking credits attached to the dividend exceed the tax payable on the MCN2 Holder’s total taxable income.

An MCN2 Holder that is a company should be entitled to a franking credit in its own franking account and a tax offset in respect of any franking credits attached to a Distribution. However, the company will not be entitled to a tax refund of the excess franking credits. Rather, the surplus franking credits may be converted to a tax loss which can be carried forward to future years (subject to the corporate MCN2 Holder satisfying certain loss carry forward rules).

MCN2 Holders who are residents of Australia for tax purposes who are neither individuals nor trustees of complying superannuation funds nor companies should consider how they should be treated in relation to the taxation of the Distributions. Such MCN2 Holders include exempt bodies and the trustees of trusts other than complying superannuation funds.

Holding period rule

Under the “holding period rule”, MCN2 Holders are required to hold their MCN2 “at risk” for a continuous period of at least 90 days from the day after MCN2 is acquired until the day after MCN2 becomes ex-distribution (commonly referred to as the “primary qualification period”).

If an MCN2 Holder is obliged to make a “related payment” which has the effect of passing on the benefit of the Distribution to other entities, the MCN2 Holder will also be required to hold their MCN2 “at risk” for at least 90 days before and after MCN2 become ex-distribution.

To be held “at risk”, an MCN2 Holder must retain 30% or more of the risks and benefits associated with holding MCN2. This may be affected by any risk management strategies undertaken by an MCN2 Holder in relation to their MCN2 (for example, by the use of limited recourse loans, options or other derivatives).

5. Taxation summary

An MCN2 Holder that holds their MCN2 for at least the primary qualification period and does not make a related payment or undertake any risk management strategies should satisfy the “holding period rule” in relation to the franking credits included in the Distribution.

However, the “holding period rule” does not apply to MCN2 Holders that are individuals if the total amount of the tax offsets in respect of franked distributions to which the MCN2 Holder is entitled to, in a particular income year, is \$5,000 or less, provided they are not under an obligation to make a “related payment” as described above. In this instance, the MCN2 Holder should be entitled to the benefit of franking credits whether or not their MCN2 are held at risk for the requisite period of time.

Anti-avoidance rules

There are also anti-avoidance rules that may apply in certain circumstances to deny the benefit of franking credits to MCN2 Holders. One of these rules is in section 177EA of the Tax Act which is intended to apply to prevent schemes that are concluded for the purpose of obtaining a franking benefit and this purpose is more than an incidental purpose of entering into the scheme. Under this rule, the ATO may make a determination based on a number of objective factors as to whether a scheme has such a purpose.

The application of this rule was reviewed by the Australian High Court in *Mills v Commissioner of Taxation* [2012] HCA 51 (**the Mills case**) where it was concluded that the notes issued in that case, that were classified as Tier 1 capital, were not subject to section 177EA.

Having regard to the objective factors which the ATO may consider under section 177EA and in light of the High Court’s decision in the *Mills* case, MGL does not expect section 177EA to apply to Distributions on MCN2.

MGL also does not expect any other anti-avoidance provisions should apply to Distributions on MCN2, subject to the particular circumstances of an MCN2 Holder.

5.1.3. CGT cost base and acquisition date for MCN2

The cost base (or reduced cost base) of each MCN2 acquired by an MCN2 Holder should include \$100 (being the Issue Price of each MCN2) and any non-deductible incidental costs (e.g. broker fees, adviser fees) associated with the acquisition and disposal of MCN2. This will be relevant in determining the capital gain or capital loss resulting on a disposal of MCN2 (discussed further below).

Each MCN2 will be taken to have been acquired by an MCN2 Holder on the Issue Date.

5.1.4. Exchange of MCN2 into Ordinary Shares

Specific capital gains tax provisions under the Tax Act should apply to disregard any gain or loss that may arise on Exchange of MCN2 into Ordinary Shares such that the gain or loss is effectively deferred.

As a consequence, the MCN2 Holder’s cost base in the Ordinary Shares acquired on Exchange should be equal to their cost base in MCN2. The Ordinary Shares are taken to be acquired at the date of the relevant exchange event for capital gains tax purposes (including for the purposes of determining the 12 month ownership period for the “CGT Discount Concession” discussed below).

5.1.5. Sale on ASX, Redemption or Resale

Any gain or loss on the sale of the MCN2 (including on the ASX, through Redemption, or Resale) by an MCN2 Holder should be included in the calculation of their taxable income.

In respect of a Redemption, the Redemption proceeds should not be treated as a dividend to the extent to which (as is expected to be the case) they are debited against MGL’s non-share capital account.

The Class Ruling application has also requested that the ATO address the issue as to whether MCN2 should constitute “traditional securities” such that the gain or loss on the sale of MCN2 will be treated as effectively ordinary income or loss for tax purposes rather than a capital gain or loss under the CGT rules in the Tax Act. MGL expects that the ATO should conclude that MCN2 are not “traditional securities”. On this basis, any

5. Taxation summary

gains or losses made by MCN2 Holders on the sale of the MCN2 should be taxed under the CGT rules.

CGT Discount Concession

Where an MCN2 Holder realises a capital gain on disposal of MCN2, certain MCN2 Holders who have held their MCN2 for at least 12 months prior to disposal should be eligible for the 50% CGT discount (for individuals and trusts) or 33⅓% CGT discount (for complying superannuation funds) on any capital gain made on disposal.

Where a capital loss is realised on the sale of MCN2, the capital loss is generally only deductible against capital gains, but can be carried forward for use in a later year.

5.1.6. Ordinary Shares following Exchange

The dividends received on Ordinary Shares should give rise to similar tax consequences outlined in section 5.1.2 in relation to Distributions on MCN2.

Any gain or loss realised on the sale of Ordinary Shares should be taxable under the CGT rules. As outlined above, the Ordinary Shares acquired on Exchange will be taken to have been acquired on the date of Exchange. This means that the Ordinary Shares would need to be held for at least 12 months after the date of Exchange in order for eligible MCN2 Holders (individuals, trusts and complying superannuation funds) to be eligible for the CGT discount concession on the disposal of Ordinary Shares.

5.1.7. Write-Off of MCN2

If Exchange has not occurred, for any reason, within 5 Business Days of a Non-Viability Event, an MCN2 Holder's rights under MCN2 will be Written-Off so that they terminate for no consideration.

A CGT event will happen for MCN2 Holders if and when MCN2 are Written-Off. No consideration will be received by MCN2 Holders for their Written-Off MCN2 and, where the MCN2 have no market value for tax purposes, MCN2 Holders should make a capital loss equal to the reduced cost base of their Written-Off MCN2.

5.1.8. Provision of TFN and/or ABN

MCN2 Holders may choose to provide their tax file number, Australian Business Number or a relevant exemption to MGL.

In the event that MGL is not notified, the Taxation Administration Act 1953 (Cth) imposes withholding tax on the payment of distributions on certain types of investments such as the unfranked part (if any) of Distributions. The rate of withholding is currently 49%, including a Temporary Budget Repair Levy of 2%, which applies until 30 June 2017.

This tax withholding may be offset against the tax payable on the unfranked part of Distributions in respect of the MCN2 Holders.

5.1.9. GST

GST should not be payable on the issue, receipt, disposal, Exchange, Redemption or Resale of MCN2.

5.1.10. Stamp duty

Under current law, no stamp duty should be payable by an MCN2 Holder on the issue, transfer, Redemption, Exchange or Resale of MCN2 as long as MGL is listed and its shares and MCN2 are quoted on the ASX and no MCN2 Holder (alone or with associates) will acquire or hold a 90% or more interest in MGL.

Additional information

This section provides information about a number of other matters not covered elsewhere in this Prospectus.

6. Additional information

6.1. Trust Deed

MGL has entered into the Trust Deed with the Trustee. The MCN2 Terms are set out as a schedule to the Trust Deed. A copy of the Trust Deed can be obtained from www.MacquarieCN2Offer.com.au.

In accordance with the requirements in Chapter 2L of the Corporations Act, the Trustee will act as note trustee for the MCN2 Holders under the Trust Deed. All MCN2 Holders are bound by the terms of the Trust Deed.

All payment, Exchange and other obligations under the MCN2 are the direct obligations of MGL. Neither the Trustee nor any of its directors, employees, officers, affiliates, agents, advisers, intermediaries, or Related Bodies Corporate guarantee, or are otherwise responsible for, the payment, Exchange or any other obligation of MGL under the MCN2.

The Trustee is not responsible for monitoring any breach of the Trust Deed, the MCN2 Terms, the occurrence of any event which may trigger an Exchange or the activities, financial position, business or status of MGL except as required by law. In this regard, the Trustee is subject to certain statutory duties imposed on it under Chapter 2L of the Corporations Act including to:

- exercise reasonable diligence to ascertain whether:
 - the property of MGL that is or should be available will be sufficient to repay the amounts lent by MCN2 Holders in respect of MCN2 when such amounts become due; and
 - MGL has breached the MCN2 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act; and
- unless the Trustee is satisfied a breach of the MCN2 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act is not materially prejudicial to the MCN2 Holders' interests, do everything in its power to ensure MGL remedies any breach which is known to the Trustee.

Investors should be aware that the Trustee's role (as noted above) is broadly limited to monitoring MGL's compliance with the MCN2 Terms, the Trust Deed and Chapter 2L of the Corporations Act and, to the extent permitted by the MCN2 Terms, the Trust Deed and the law, doing everything within its power

to ensure that MGL remedies any breach which is known to the Trustee (unless the Trustee is satisfied that the breach is not materially prejudicial to the MCN2 Holders' interests).

The following is a summary only of the principal provisions of the Trust Deed.

6.1.1. Appointment of Trustee and declaration

The Trustee has been appointed under the Trust Deed and holds on trust for itself and the MCN2 Holders:

- a trust settlement sum of \$10;
- the right to enforce, on behalf of MCN2 Holders, MGL's obligations to pay amounts payable under the MCN2 Terms and under the Trust Deed;
- the right to enforce, on behalf of MCN2 Holders, all other duties and obligations of MGL under the MCN2 Terms, the provisions of the Trust Deed and Chapter 2L of the Corporations Act; and
- any other property and benefits which the Trustee from time to time receives or holds on such trust (including, without limitation, the benefit of any covenants, undertakings, representations, warranties, rights, powers, benefits or remedies in favour of the Trustee under the Transaction Documents).

6.1.2. MGL undertakings

MGL has undertaken to the Trustee (on behalf of each MCN2 Holder) that it will, amongst other things:

- pay any amounts due and payable in respect of MCN2 (subject to any obligation of MGL to Exchange or Write-Off any MCN2);
- comply with its obligations under the MCN2 Terms, and comply with all laws applicable to it (including Chapter 2L of the Corporations Act) where failure to do so would have or be likely to have a material adverse effect in relation to the MCN2; and
- comply with any conditions imposed by ASX in connection with the MCN2 except to the extent those conditions may cause the MCN2 to cease to be Relevant Tier 1 Securities.

6. Additional information

6.1.3. Trustee limitation of liability

The Trustee is not liable to MGL, MCN2 Holders or any other person in any capacity other than as Trustee of the Trust. A liability of the Trustee is limited to and can be enforced against the Trustee only to the extent to which the Trustee is actually indemnified out of the assets of the Trust in respect of that liability.

However, this limitation only applies to a liability of the Trustee to the maximum extent permitted by section 283DB of the Corporations Act and does not apply to a liability of the Trustee:

- to the extent that there is a reduction in the extent of the Trustee's indemnification from the assets of the Trust in respect of the liability as a result of the Trustee's fraud, negligence, wilful default or breach of section 283DA(a), (b) or (c) of the Corporations Act ("**Trustee Default**"); or
- in respect of which the Trustee is not entitled to be indemnified, out of the assets of the Trust, as a result of a Trustee Default.

The Trustee is not obliged to do or refrain from doing anything under the Trust Deed or MCN2 Terms unless the Trustee's liability is limited in the same manner as set out in the Trust Deed (which is summarised in this section 6.1.3).

6.1.4. Action by Trustee

The Trustee is required, at all times, to act in accordance with its obligations under the MCN2 Terms, the Trust Deed, the Corporations Act and applicable law. Subject to the MCN2 Terms and to section 283DA(h) of the Corporations Act, the Trustee must take action to enforce its rights and the rights of MCN2 Holders under the Trust Deed and the MCN2 Terms in accordance with their terms where all the following conditions are met and is not required to act in accordance with any direction from the MCN2 Holders or any of them unless:

- the Trustee is requested to take action by MCN2 Holders who hold between them at least 25% of the outstanding principal amount of MCN2 then outstanding or it has been so directed by a Special Resolution of the MCN2 Holders;

- the Trustee is indemnified to its reasonable satisfaction against all actions to which it may render itself liable by taking such action and costs which it may incur and all management time spent by employees or officers of the Trustee in relation to such action; and
- the action is permitted under the Transaction Documents.

The Trustee may not take any enforcement action which is contrary to the Transaction Documents.

6.1.5. Direct action by MCN2 Holder

No MCN2 Holder is entitled to proceed directly against MGL to enforce the performance of any of the provisions of the Trust Deed or the MCN2 Terms (including any rights, powers or remedies in connection with the MCN2, whether arising under the Trust Deed or any other Transaction Document), unless the Trustee, having become bound to proceed, fails to do so within 14 days and such failure is continuing, in which case any MCN2 Holder may itself institute proceedings against MGL for the relevant remedy to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so. Any such proceeding must be brought in the name of the MCN2 Holder and not the Trustee.

MCN2 Holders should be aware that, even if action is taken by the Trustee in accordance with the MCN2 Terms, the Trust Deed, the Corporations Act or applicable law, there can be no guarantee that such action will ensure the performance of all (or any) of MGL's obligations under the MCN2 Terms. Further, MCN2 Holders should be aware that the Trustee may not take any action to enforce any obligation of MGL in connection with the MCN2 unless the enforcement of that obligation is in accordance with the MCN2 Terms, the Trust Deed and applicable law. Neither the Trustee nor any MCN2 Holder may exercise any powers in a manner inconsistent with the Trust Deed and the MCN2 Terms.

6. Additional information

6.1.6. Fees and expenses

Under the Trust Deed, MGL will pay the Trustee by way of a fee for its services such amounts as may be agreed between MGL and the Trustee from time to time. The initial fees comprise an upfront establishment fee of \$5,000 (to cover the review and negotiation of the relevant transaction documents) and an annual fee of \$40,000 plus 0.01% of MCN2 on issue above \$300 million, subject to adjustment in future years. The Trustee may also be entitled to additional remuneration from MGL where it is required to undertake duties of an exceptional nature that are outside its normal duties. MGL will also pay to the Trustee:

- its reasonable costs, charges and expenses incurred in connection with the negotiation, preparation and execution of the Trust Deed, this Prospectus and the MCN2 Terms and any subsequent consent, agreement, approval, waiver or amendment relating to the Transaction Documents;
- all costs, charges, expenses, losses and other liabilities it incurs in connection with exercising, enforcing or preserving, or attempting to exercise, enforce or preserve, rights under the Trust Deed and the MCN2 Terms; and
- all losses, costs, charges and expenses and other liabilities it suffers or properly incurs which arise out of, or in the course of, acting as the trustee of the Trust, except where such expenses are incurred by the Trustee as a direct result of a Trustee Default.

6.1.7. Retirement and removal

The Trustee may retire by giving written notice to MGL, which will not be effective until at least 60 days after the date of the notice has passed (or such other period as the Trustee and MGL may agree) and provided that the appointment of a new trustee is effective and in compliance with all applicable statutory requirements. The Trustee may be removed by MGL by MGL giving not less than 60 days' notice to the Trustee if, amongst other things:

- the Trustee is in material breach of its obligations under the Trust Deed or the MCN2 Terms and has not rectified the breach within 7 Business Days of receiving a notice from MGL specifying the breach and requesting that it be remedied;
- a Trustee Default has occurred and is continuing;

- the Trustee ceases to carry on business or becomes subject to an insolvency event (such as being placed in liquidation, being wound-up or dissolved) or a receiver or similar official is appointed to it;
- the Trustee is no longer permitted to act as trustee under the Corporations Act;
- any licence, consent, authorisation or similar thing the Trustee is required to hold to carry out its obligations under the Trust Deed is revoked or not renewed;
- MGL is authorised or requested to do so by a Special Resolution of the MCN2 Holders; or
- MGL becomes aware that the Trustee has ceased to exist, has not been validly appointed, cannot be a trustee under section 283AC of the Corporations Act or has failed or refused to act as trustee.

When the Trustee retires or is removed, the Trustee is, to the extent permitted by law, discharged and released from its obligations, covenants and liabilities under the Trust Deed arising after the date it retires or is removed.

Notwithstanding the retirement or removal of the Trustee, the outgoing Trustee:

- is entitled to its remuneration up to the date of its retirement or removal;
- will continue to be entitled to the rights of reimbursement and indemnities contained in the Trust Deed in relation to all acts and omissions occurring up to the date of its retirement, removal or replacement;
- may retain copies of any documents and records required by it and which it reasonably considers to be relevant; and
- will be given reasonable access to any other documents and records by the incoming Trustee.

6.1.8. Meetings

A meeting of MCN2 Holders has the power to:

- by Ordinary Resolution, give directions to the Trustee as to, or authorise, ratify or confirm anything the Trustee has done or omitted to do in respect of, the performance or exercise of any of its duties, rights, powers and remedies under the Trust Deed or MCN2; and

6. Additional information

- by Special Resolution:
 - approve the release of the Trustee from liability for anything done or omitted to be done by the Trustee or any other person before the release is given; and
 - approve alterations to the Trust Deed or amendments to the MCN2 Terms (subject to the other conditions described in section 4.1.27 being complied with).

To the extent any matter arising from a meeting of MCN2 Holders may cause the MCN2 to cease to be Relevant Tier 1 Securities, such matter requires the prior written approval of APRA.

Each MCN2 Holder is entitled to one vote on a show of hands. On a poll, each MCN2 Holder is entitled to one vote for each MCN2 with respect to which it is the registered holder.

To the extent permitted by law, the Trustee is not liable to an MCN2 Holder, MGL or any other person for acting on directions, authorisations, resolutions or confirmations given by the MCN2 Holders.

An MCN2 Holder has no entitlement to attend or vote at a general meeting of MGL or to receive a copy of the MGL annual report or other financial information sent to holders of Ordinary Shares.

Appendix

A

MCN2 terms

Appendix A: MCN2 terms

Terms and Conditions of the MCN2

These Terms have been established pursuant to, and are incorporated by reference into, the MCN2 Trust Deed. In the event of any inconsistency between the MCN2 Trust Deed and these Terms, the provisions of these Terms shall prevail.

1 Form and ranking

1.1 Issue Price

Each Macquarie Group Capital Note 2 (“MCN2”) is issued fully paid for an issue price of A\$100 (“Issue Price”).

1.2 Form

- (a) The MCN2 are fully paid, unsecured, subordinated notes of the Issuer which are mandatorily convertible into Ordinary Shares.
- (b) Subject, if required by these Terms, to the prior written consent of APRA, each MCN2 may be:
 - (i) Redeemed or Resold by the Issuer; or
 - (ii) Exchanged for fully paid Ordinary Shares, in accordance with these Terms.
- (c) The MCN2 cannot be Redeemed, Resold or Exchanged at the option of a Holder.
- (d) The MCN2 do not represent protected accounts of any member of the Macquarie Group for the purposes of section 13A(3) of the Banking Act or any similar law of any jurisdiction and nor do they represent deposits with, or deposit liabilities of, any member of the Macquarie Group for any other purposes of the Banking Act or the laws of any jurisdiction.
- (e) Except for a claim made on the Issuer in accordance with these Terms, a Holder has no claim on any member of the Macquarie Group for payment of any amount or the performance of any obligation in respect of any MCN2 held by that Holder.
- (f) The MCN2 are not obligations of the Australian Government or of any other government and, in particular, are not guaranteed or insured by the Commonwealth of Australia or any government,

government agency or compensation scheme in any jurisdiction or by any other person.

- (g) The MCN2 are constituted by the MCN2 Trust Deed of which these Terms form part.

1.3 Entries in the Register

The MCN2 are issued when they are entered in the Register.

1.4 CHESS

The MCN2 will be lodged into and dealt with in CHESS. While the MCN2 remain in CHESS:

- (a) the rights and obligations of a person holding the MCN2; and
- (b) all dealings (including transfers and payments) in relation to the MCN2 within CHESS,

will be subject to and governed by the ASX Settlement Operating Rules (but without affecting any provisions of these Terms which may cause the MCN2 to cease to be Relevant Tier 1 Securities).

No certificates will be issued to Holders unless the Issuer determines that certificates should be available or are required by law.

1.5 Ranking

Subject to the MCN2 Trust Deed, and except to the extent mandatorily provided by law, each MCN2 ranks for payment, and ranks in a Winding Up of the Issuer:

- (a) senior to Ordinary Shares;
- (b) equally with all other MCN2 in all respects;
- (c) equally with all Equal Ranking Obligations; and
- (d) subordinate to all Senior Creditors in respect of distributions and payments in a Winding Up of the Issuer.

1.6 Independent obligations

Each entry in the Register constitutes a separate and individual acknowledgement to the relevant Holder of the Issuer's indebtedness to, and the obligations of the Issuer to, the relevant Holder under these Terms.

1.7 No other rights

Except as expressly provided in these Terms in respect of Exchange, MCN2 confer no rights on a Holder to:

- (a) subscribe for securities, or to participate in any bonus issues of securities, of the Issuer or any other member of the Macquarie Group; or
- (b) to otherwise participate in the profits or property of the Issuer or any other member of the Macquarie Group, except by receiving payments as set out in these Terms.

Nothing in these Terms limits the ability of any member of the Macquarie Group, in its absolute discretion from time to time, from issuing shares or other securities of any kind.

2 Distributions

2.1 Distributions

Subject to these Terms, each MCN2 entitles the Holder as at a Record Date to receive on each Distribution Payment Date a cash distribution for the Distribution Period ending on that Distribution Payment Date ("Distribution") calculated according to the following formula:

$$\text{Distribution} = \frac{\text{Distribution Rate} \times \text{A\$100} \times \text{N}}{365}$$

where:

Distribution Payment Date means, in respect of an MCN2:

- (a) each 17 March and 17 September commencing on 17 March 2016 until (but not including) the date on which that MCN2 has been Redeemed or Exchanged in accordance with these Terms; and
- (b) the Redemption Date or, subject to clause 8.6(c), the Resale Date or an Exchange Date, except where the Exchange is on account of a Non-Viability Event;

Distribution Rate means:

$$(\text{Reference Rate} + \text{Margin}) \times \text{Franking Adjustment Factor}$$

where:

- (a) **Reference Rate** means, for a Distribution Period, the rate for prime bank eligible securities having

a tenor closest to the Distribution Period which is designated as the "AVG MID" on the Reuters Screen BBSW Page at approximately 10:10am on the first day of that Distribution Period. However, if such rate does not appear on the Reuters Screen BBSW Page by 10:30am on that day, or if it does appear but the Issuer determines that there is an obvious error in that rate, "Reference Rate" means the rate determined by the Issuer having regard to comparable indices then available. The rate calculated or determined by the Issuer will be expressed as a percentage rate per annum and will be rounded up, if necessary, to the next higher one ten-thousandth of a percentage point (0.0001 per cent) (and provided that where an MCN2 is Resold on a day which is not a scheduled semi-annual Distribution Payment Date, the Reference Rate for the Distribution Period commencing on the Resale Date is the Reference Rate for the Distribution Period preceding the Resale Date);

- (b) **Franking Adjustment Factor** means:

$$\frac{(1 - T)}{1 - [T \times (1 - F)]}$$

where:

- (i) **F** means the Franking Rate; and
 - (ii) **T** means the Tax Rate;
 - (c) **Margin** means the rate (expressed as a percentage per annum) determined under the Bookbuild; and
- N** means, for a Distribution Period, the number of days in that Distribution Period; and

Record Date means, for any payment of Distributions:

- (a) the date which is eight calendar days before the relevant Distribution Payment Date;
- (b) such other date as is determined by the Issuer, in its absolute discretion, and announced to the Holders on ASX and which is before the Record Date which would have been determined under paragraph (a) above; or
- (c) such other date as may be required by, or agreed by the Issuer with, ASX.

2.2 Business Days

If a Distribution Payment Date is a day which is not a Business Day, then the Distribution Payment Date becomes the next day which is a Business Day.

2.3 Distribution payment conditions

The payment of any Distribution will be made unless:

- (a) the Issuer, in its absolute discretion, determines that the Distribution is not payable to Holders;
- (b) payment of the Distribution would result in the Issuer breaching APRA's capital adequacy requirements applicable to it;
- (c) payment of the Distribution would result in the Issuer becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or
- (d) APRA objects to the payment of the Distribution.

In determining not to pay a Distribution, the Issuer shall consider payment of Distributions as if it were payment of a dividend on a preference share which is an Equal Ranking Obligation.

2.4 Non-payment of Distributions

- (a) Distributions are non-cumulative. If all or any part of any Distribution is not paid because of clause 2.3, the Issuer has no liability to pay the unpaid amount of the Distribution and Holders have no claim or entitlement in respect of any person in respect of such non-payment and such non-payment does not constitute an event of default however described, determined or defined.
- (b) No interest accrues on any unpaid Distributions and the Holders have no claim or entitlement in respect of interest on any unpaid Distributions.
- (c) If all or any part of a Distribution will not be paid in whole or part because of clause 2.3, the Issuer must give notice to the Trustee, Registrar and ASX promptly after determining or becoming aware that payment will not be made.

2.5 Dividend Restriction

- (a) If, for any reason, an amount of any Distribution has not been paid in full on the relevant Distribution Payment Date, a Dividend Restriction shall apply from that date until the next Distribution Payment Date unless the Distribution is paid in full within 10 Business Days of the relevant Distribution Payment Date.

"Dividend Restriction" means that the Issuer must not, without prior approval of a Special Resolution of Holders:

- (i) determine, declare or pay any Ordinary Share Dividend; or
 - (ii) undertake any Buy-Back or Capital Reduction.
- (b) The Dividend Restriction does not apply:
- (i) in connection with any employment contract, employee equity plan, other benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants of a member of the Macquarie Group;
 - (ii) in connection with the Issuer or a member of the Macquarie Group purchasing Ordinary Shares:
 - (A) in connection with transactions for the account of customers of a member of the Macquarie Group; or
 - (B) with the prior written approval of APRA, in connection with the distribution or trading of any securities of the Issuer or any other shares in the capital of the Issuer in the ordinary course of business; or
 - (iii) to the extent that at the time a Distribution has not been paid on the relevant Distribution Payment Date, the Issuer is legally obliged to pay on or after that date an Ordinary Share Dividend or is legally obliged to complete on or after that date a Buy-Back or Capital Reduction.

3 Scheduled Mandatory Exchange

3.1 Scheduled Mandatory Exchange

Subject to this clause 3 and clauses 4.8 and 16, the Issuer must Exchange all (but not some) of the MCN2 for Ordinary Shares in accordance with clause 9 on the Mandatory Exchange Date.

3.2 Mandatory Exchange Date

The “**Mandatory Exchange Date**” is the first to occur of the following dates:

- (a) 17 March 2024 (the “**Scheduled Mandatory Exchange Date**”) (a “**Scheduled Mandatory Exchange**”); or
 - (b) any Distribution Payment Date (within the meaning of paragraph (a) of the definition of that term) after the Scheduled Mandatory Exchange Date (a “**Deferred Mandatory Exchange Date**”),
- (each a “**Relevant Mandatory Exchange Date**”) on which the Exchange Conditions relevant to those dates as described in clause 3.3 are satisfied, unless the MCN2 have been or will be Redeemed or Exchanged before that date.

3.3 Exchange Conditions

The Exchange Conditions in respect of a Relevant Mandatory Exchange Date are:

- (a) the Daily VWAP on the 25th Business Day immediately preceding (but not including) the Relevant Mandatory Exchange Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 56% of the Issue Date VWAP (“**First Exchange Condition**”);
- (b) the VWAP during the 20 ASX Trading Days immediately preceding (but not including) the Relevant Mandatory Exchange Date is such that the number of Ordinary Shares to be issued (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to the Relevant Mandatory Exchange Date) is less than or equal to the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date (“**Second Exchange Condition**”);

- (c) no Suspension Event applies in respect of the Relevant Mandatory Exchange Date (“**Third Exchange Condition**”); and
- (d) the Issuer is not Delisted as at the Relevant Mandatory Exchange Date (“**Fourth Exchange Condition**”),

together, the “**Exchange Conditions**”.

3.4 Mandatory Exchange Notices

- (a) Between the 25th and 21st Business Day (inclusive) before a Relevant Mandatory Exchange Date, the Issuer will notify Holders as to whether or not the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date and, if it is not, that Exchange will not occur.
- (b) If the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date, and any of the other Exchange Conditions are not satisfied in relation to a Relevant Mandatory Exchange Date, the Exchange will not occur and the Issuer will notify Holders on or as soon as practicable after the Relevant Mandatory Exchange Date that Exchange did not occur.

Failure to give a notice when required by this clause 3.4 (including where in accordance with clause 13 such notice takes effect only after the last date for the giving of that notice) does not affect the obligations of the Issuer and the Holders to Exchange each MCN2 for Ordinary Shares when required in accordance with these Terms.

4 Non-Viability Event Exchange

4.1 Non-Viability Event

A “**Non-Viability Event**” will occur if APRA:

- (a) has issued a written notice to the Issuer that:
 - (i) Exchange of the MCN2; or
 - (ii) the conversion or exchange into Ordinary Shares or write-off of securities issued as Relevant Tier 1 Securities in accordance with their terms or by operation of law,

is necessary because, without such conversion, exchange or write-off, APRA considers the Issuer would become non-viable; or

- (b) has notified the Issuer in writing that it has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

4.2 Exchange on account of a Non-Viability Event

Subject to this clause 4, if a Non-Viability Event occurs, the Issuer must immediately, in accordance with this clauses 4 and 9, Exchange such number of MCN2 as is equal (following or together with any conversion into Ordinary Shares or write-off of securities issued as Relevant Tier 1 Securities as referred to in clause 4.3) to the aggregate face value of MCN2 and other such securities which APRA has notified the Issuer must be exchanged into Ordinary Shares, converted into Ordinary Shares or written-off (or, if APRA has not so notified the Issuer, such number of MCN2 as the Issuer determines is necessary to satisfy APRA that the Issuer will not become non-viable, provided that, in the case of a Non-Viability Event described in clause 4.1(b), all MCN2 must be Exchanged).

4.3 Determination of number of MCN2 to be Exchanged

In determining the number of MCN2 which must be Exchanged in accordance with this clause 4, the Issuer may, in its discretion, Exchange (in the case of MCN2) or convert into Ordinary Shares or write-off (in the case of any other securities issued as Relevant Tier 1 Securities) the MCN2 and any other securities issued as Relevant Tier 1 Securities on a proportionate basis (unless the terms of any such other security provide for that security to be converted or written-off other than on a proportionate basis with MCN2 and other such securities), or such other basis as the Issuer considers fair and reasonable (subject to such adjustment as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any MCN2 or other securities issued as Relevant Tier 1 Securities remaining on issue), provided always that nothing in the making of the determination or the adjustments is to delay or impede the immediate Exchange of the MCN2 on the Non-Viability Exchange Date.

4.4 Treatment of Holders

- (a) If, in accordance with clauses 4.1 and 4.3, only some MCN2 are to be Exchanged, the Issuer will endeavour to treat Holders on an approximately proportionate basis, but may discriminate to take account of the effect of marketable parcels and other similar considerations and the need to effect the Exchange immediately.
- (b) In determining the identity of the Holder at the time that the Exchange is to take effect on the Non-Viability Exchange Date the Issuer may make any decision as may be necessary or desirable to ensure Exchange occurs in an orderly manner, including disregarding any transfers of MCN2 that have not been settled or registered at that time.

4.5 Exchange is automatic and irrevocable

If a Non-Viability Event has occurred and all or some of the MCN2 are required to be Exchanged in accordance with clause 4.1, then, subject to clause 4.6:

- (a) Exchange of the relevant MCN2 will be taken to have occurred in accordance with clause 9 immediately upon the date of occurrence of the Non-Viability Event;
- (b) none of the following shall prevent, impede or delay the Exchange of the MCN2 as required by clause 4.1:
 - (i) any failure to or delay in the conversion or write-off of other securities issued as Relevant Tier 1 Securities;
 - (ii) any failure to or delay in giving a Non-Viability Exchange Notice;
 - (iii) any failure or delay in quotation of the Ordinary Shares to be issued on or arising from the Exchange; or
 - (iv) any requirement to select or adjust the amount of the MCN2 to be Exchanged in accordance with clause 4.4; and
- (c) from the Non-Viability Exchange Date the Issuer shall, subject to clause 15.2(b), treat the Holder in respect of its MCN2 as the holder of the Exchange Number of Ordinary Shares and will take all such steps, including updating any register, required to record the Exchange.

4.6 Conditions to Exchange on account of a Non-Viability Event

An Exchange on account of a Non-Viability Event is not subject to the Exchange Conditions or any other condition except as provided in this clauses 4 and 9.17.

4.7 Non-Viability Exchange Notices

As soon as practicable after the occurrence of a Non-Viability Event, the Issuer must give notice that the Exchange has occurred ("**Non-Viability Exchange Notice**") to the Holders, the Trustee, the Registrar and ASX.

A Non-Viability Exchange Notice must specify:

- (a) the details of the Non-Viability Event to which the Non-Viability Exchange Notice relates;
- (b) the date on which the Exchange occurred; and
- (c) the number of MCN2 Exchanged and the relevant number of securities issued as Relevant Tier 1 Securities converted into Ordinary Shares or written-off.

Failure to give a Non-Viability Exchange Notice when required by this clause 4.7 (including where in accordance with clause 13 such notice takes effect only after the Non-Viability Exchange Date) does not affect the obligations of the Issuer and the Holders to Exchange each MCN2 for Ordinary Shares when required in accordance with these Terms or affect or impede the Exchange in any way.

4.8 Priority of Exchange obligations

An Exchange on account of a Non-Viability Event takes place on the relevant date, and in the manner required by clause 9 notwithstanding anything in clauses 3, 5, 6, 7, 8 or 16 (and any Optional Exchange Notice, Acquisition Exchange Notice, Redemption Notice or Resale Notice in respect of the MCN2 given before the Non-Viability Exchange Date but in respect of which the Redemption or Resale has not completed will be taken to be revoked and of no force or effect).

4.9 Interpretation

A reference in this clause 4 to the "conversion" of a security issued as a Relevant Tier 1 Security includes any method by which that security is converted or exchanged into Ordinary Shares.

5 Optional Exchange

5.1 Optional Exchange

Subject to this clause 5 and to clause 16, by notice (an "**Optional Exchange Notice**") to Holders the Issuer may, in its sole discretion, elect to:

- (a) Exchange all or some of the MCN2 on any Scheduled Optional Exchange Date; and
- (b) Exchange all or some of the MCN2 following the occurrence of a Tax Event or a Regulatory Event.

An Optional Exchange Notice is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

5.2 Scheduled Optional Exchange Dates

The Scheduled Optional Exchange Dates are the Distribution Payment Dates falling on or about:

- (a) 17 March 2021 (the "**First Scheduled Optional Exchange Date**");
- (b) 17 September 2021 (the "**Second Scheduled Optional Exchange Date**"); and
- (c) 17 March 2022 (the "**Third Scheduled Optional Exchange Date**"),

(each a "**Scheduled Optional Exchange Date**").

5.3 Contents of the Optional Exchange Notice

An Optional Exchange Notice must specify:

- (a) in the case of an Optional Exchange Notice given following the occurrence of a Tax Event or Regulatory Event, the details of the Tax Event or Regulatory Event to which the Optional Exchange Notice relates; and
- (b) the date on which the Exchange is to occur (an "**Optional Exchange Date**"), which:
 - (i) in the case of Exchange on a Scheduled Optional Exchange Date, is the relevant Scheduled Optional Exchange Date falling no earlier than 25 Business Days after the date of the Optional Exchange Notice;
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 25 Business Days

nor more than 60 Business Days after the date of the Optional Exchange Notice; or

- (iii) in any case, is such other date as APRA may require.

5.4 Optional Exchange Restriction

The Issuer may not elect to Exchange under this clause 5 if:

- (a) on the second Business Day before the date on which an Optional Exchange Notice is to be sent by the Issuer (or, if that Business Day is not an ASX Trading Day, the last ASX Trading Day prior to that day) (the “**Non-Exchange Test Date**”) the Daily VWAP on that date is less than or equal to 25% of the Issue Date VWAP (the “**First Optional Exchange Restriction**”); or
- (b) the Issuer is Delisted as at the Non-Exchange Test Date (the “**Second Optional Exchange Restriction**” and together with the First Optional Exchange Restriction, the “**Optional Exchange Restrictions**”).

5.5 Conditions to Exchange occurring once elected by the Issuer

If the Issuer has given an Optional Exchange Notice but, if the Exchange Date were a Relevant Mandatory Exchange Date for the purposes of clause 3, any one or more of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date), the Third Exchange Condition or the Fourth Exchange Condition would not be satisfied in respect of that date, then, notwithstanding any other provision of these Terms:

- (a) the Exchange Date will be deferred until the first Distribution Payment Date (within the meaning of paragraph (a) of the definition of that term) on which:
 - (i) the Daily VWAP on the 25th Business Day immediately preceding (but not including) that Distribution Payment Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 25% of the Issue Date VWAP; and
 - (ii) each of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date),

the Third Exchange Condition and the Fourth Exchange Condition would be satisfied if that Distribution Payment Date were a Relevant Mandatory Exchange Date for the purposes of clause 3,

(the “**Deferred Exchange Date**”);

- (b) the Issuer must Exchange the MCN2 on the Deferred Exchange Date (unless the MCN2 are Exchanged or Redeemed earlier in accordance with these Terms); and
- (c) until the Deferred Exchange Date, all rights attaching to the MCN2 will continue as if the Optional Exchange Notice had not been given.

The Issuer will notify Holders on or as soon as practicable after an Exchange Date in respect of which this clause 5.5 applies that Exchange did not occur on that Exchange Date (a “**Deferred Exchange Notice**”).

6 Acquisition Event Exchange

6.1 Exchange on account of an Acquisition Event

If an Acquisition Event occurs, subject to clause 4.8, the Issuer must Exchange all but not some of the MCN2 in accordance with this clause 6, unless the Directors determine that:

- (a) as at the Acquisition Exchange Date the Issuer will be, or will be likely to be, Delisted (except where, despite the Issuer being Delisted, the Exchange would be in the best interests of Holders as a whole); or
- (b) the Exchange Number of Ordinary Shares to be issued in Exchange for an MCN2 (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the Exchange would be in the best interests of Holders as a whole).

Exchange on account of an Acquisition Event is not subject to any Exchange Conditions or other conditions except as expressly provided in this clause 6.

6.2 Acquisition Exchange Notice

No later than 5.00pm (Sydney time) on the tenth Business Day after the occurrence of the Acquisition Event, the Issuer must give each Holder a notice (an **"Acquisition Exchange Notice"**) specifying:

- (a) details of the Acquisition Event to which the notice relates; and
- (b) if an Exchange is to occur:
 - (i) the date on which the Exchange is to occur (an **"Acquisition Exchange Date"**), which is to be:
 - (A) no later than the second Business Day prior to the date reasonably determined by the Issuer to be the last date on which holders of Ordinary Shares can participate in the bid, scheme or arrangement concerned;
 - (B) such other earlier date as the Issuer may reasonably determine having regard to the best interests of Holders as a whole and the timing of the Acquisition Event concerned (provided that the Acquisition Exchange Date must be at least 25 Business Days after the date of the Acquisition Exchange Notice); or
 - (C) such other date as APRA may require; and
 - (ii) whether any Distribution will be paid in respect of the MCN2 on the Acquisition Exchange Date; or
- (c) otherwise, the reason why an Exchange is not to occur.

7 Optional Redemption

7.1 Optional Redemption

Subject to clause 7.2, by notice (a **"Redemption Notice"**) to Holders, the Issuer may, in its sole discretion, but with APRA's prior written approval, elect to:

- (a) Redeem all or some of the MCN2 on a Scheduled Optional Exchange Date; or
- (b) Redeem all or some of the MCN2 following the occurrence of a Tax Event or a Regulatory Event.

A Redemption Notice, once given, is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

Holders should not expect that APRA's approval will be given for any Redemption of the MCN2.

7.2 Redemption conditions

A Redemption in accordance with clause 7.1 must not occur unless either:

- (a) the MCN2 which are to be Redeemed are replaced, concurrently with the Redemption or beforehand, with Relevant Tier 1 Securities of the same or better quality, and the replacement of those MCN2 is done under conditions which are sustainable for the income capacity of the Level 3 Group; or
- (b) APRA is satisfied that the capital position of the Level 3 Group is sufficient after the MCN2 are Redeemed.

7.3 Contents of the Redemption Notice

A Redemption Notice must specify:

- (a) in the case of Redemption following the occurrence of a Tax Event or Regulatory Event, the details of the relevant Tax Event or Regulatory Event;
- (b) the date on which the Redemption is to occur (the **"Redemption Date"**), which:
 - (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 10 Business Days after the date of the Redemption Notice; and
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 10 Business Days nor more than 60 Business Days after the date of the Redemption Notice; and
- (c) if less than all of the outstanding MCN2 are to be Redeemed, the proportion of each Holder's holding which is to be Redeemed.

7.4 Redemption Price

On the Redemption Date:

- (a) each MCN2 being Redeemed will be Redeemed by payment of the Issue Price of that MCN2 (the “**Redemption Price**”) to the relevant Holder recorded on the Register at 10.00 am on the Redemption Date (or such other time required by the ASX Listing Rules); and
- (b) Distributions from (and including) the immediately preceding Distribution Payment Date and up to (but excluding) the Redemption Date will be paid in respect of the MCN2 being Redeemed on such date, to the extent the conditions of payment of Distributions under clause 2.3 are met.

7.5 No right of Holders to require Redemption

No MCN2 can, or will, be Redeemed at the option of a Holder.

7.6 Effect of Redemption

Upon payment of the Redemption Price and any Distribution payable on the Redemption Date, all other rights conferred, or restrictions imposed, by each MCN2 being Redeemed on that date will no longer have effect and that MCN2 will be cancelled.

7.7 Partial Redemption or Resale

If some but not all of the outstanding MCN2 are Redeemed in accordance with this clause 7 or Resold in accordance with clause 8, the Issuer must select the MCN2 to be Redeemed or Resold:

- (a) in a manner that is, in the opinion of the Issuer, fair and reasonable; and
- (b) in compliance with any applicable law, directive or requirement of ASX.

8 Resale

8.1 Issuer may give Resale Notice

On any date on which it may issue a Redemption Notice, in lieu of such Redemption Notice, the Issuer may, in its sole discretion, but with APRA's prior written approval, issue to each Holder a notice (a “**Resale Notice**”) specifying that all or some of each Holder's

holding of the MCN2 will be transferred to one or more Nominated Parties (“**Resale**”).

A Resale Notice to a Holder must specify:

- (a) the date on which the Resale is to occur (the “**Resale Date**”), which:
 - (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 10 Business Days after the date of the Resale Notice; and
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 10 Business Days nor more than 60 Business Days after the date of the Resale Notice; and
- (b) the name of each Nominated Party to whom that Holder's offer under clause 8.3 is being made and, where there is more than one Nominated Party, the basis for determining the MCN2 to be purchased by each Nominated Party, and any special provisions to be applied if there is a Non-Completing Nominated Party,

and, subject to clauses 4.8 and 16, once given is irrevocable.

Holders should not expect that APRA's approval will be given for any Resale of the MCN2.

8.2 Appointment of Nominated Party

- (a) The Issuer may not appoint itself or a Related Entity of the Issuer as a Nominated Party.
- (b) The Issuer may appoint one or more Nominated Parties for the Resale on such terms including as to the conditions of any Resale as may be agreed between the Issuer and the Nominated Parties and with the prior written approval of APRA.
- (c) If the Issuer appoints more than one Nominated Party in respect of a Resale, all or any of the MCN2 held by a Holder which are being Resold may be purchased for the Resale Price by any one or any combination of the Nominated Parties, as determined by the Issuer.

8.3 Irrevocable offer to sell

- (a) If the Issuer gives a Resale Notice in accordance with clause 8 each Holder on the Resale Date is taken to irrevocably offer to sell the MCN2 that are the subject of the Resale Notice to the Nominated Party or Nominated Parties on the Resale Date for a purchase price per MCN2 equal to the Issue Price of that MCN2 (the “**Resale Price**”).
- (b) Subject to payment of the Resale Price on the Resale Date each MCN2 which is to be Resold will be transferred to the relevant Nominated Party or Nominated Parties free from any Encumbrance.

8.4 Effect of transfer

The transfer will convey to the relevant Nominated Party all rights to:

- (a) Distributions payable on the MCN2 in respect of any Distribution Payment Date arising after the Resale Date;
- (b) be issued with Ordinary Shares on Exchange on or after the Resale Date; and
- (c) any Redemption Price payable on or after the Resale Date,

but excluding any Distribution payable on the MCN2 in respect of any Distribution Payment Date on or before the Resale Date, which, to the extent the conditions of payment of Distribution under clause 2.3 are met, shall be paid by the Issuer to the holder of the MCN2 entitled to such amounts as otherwise provided in these Terms.

8.5 Terms after Resale

If any MCN2 are Resold in accordance with these Terms, these Terms will apply in all respects to the MCN2 held by the Nominated Party on and from the Resale Date.

8.6 Nominated Party not completing

If, for any reason, a Nominated Party does not pay the Resale Price in full on the relevant Resale Date (a “**Non-Completing Nominated Party**”):

- (a) the Resale Notice will be void insofar as it relates to MCN2 referable to the Non-Completing Nominated Party and any obligations of the Holder and Non-Completing Nominated Party in respect of

the Resale of the MCN2 that is the subject of the Resale Notice will terminate;

- (b) the Holder will continue to hold the MCN2 that are the subject of the Resale Notice which are referable to the Non-Completing Nominated Party; and
- (c) the Issuer has no liability for the Non-Completing Nominated Party not paying the Resale Price and the Resale Date will not be a Distribution Payment Date unless:
 - (i) such date would otherwise have been a Distribution Payment Date; or
 - (ii) a Distribution is paid on that date to Holders whose MCN2 have been transferred to a Nominated Party on that date.

8.7 No right of Holders to require Resale

No MCN2 can, or will, be Resold at the option of a Holder.

9 Exchange Mechanics

9.1 Exchange

On an Exchange Date, subject to clauses 4.8, 9.14 and 9.17, the Issuer will allot and issue the Exchange Number of Ordinary Shares to the Holders (or as they may direct) for each MCN2 held by the Holder.

The “**Exchange Number**” will be calculated by the Issuer in accordance with the following formula:

$$\text{Exchange Number} = \frac{\text{Issue Price}}{0.99 \times \text{Exchange Date VWAP}}$$

subject to the Exchange Number being no greater than the Maximum Exchange Number, where:

- (a) **Exchange Date VWAP** (expressed in Australian Dollars) means the VWAP during the VWAP Period;
- (b) **VWAP** means, subject to any adjustment under clauses 9.3 or 9.4, for a period or relevant number of days, the average of the Daily VWAPs (such average being rounded to the nearest full cent) of Ordinary Shares sold on ASX during the relevant period or on the relevant days; and
- (c) **VWAP Period** means, for the purposes of calculating the Exchange Date VWAP and the Exchange Number:

Appendix A: MCN2 terms

- (i) in the case of an Exchange on a Relevant Mandatory Exchange Date or an Optional Exchange Date, the 20 ASX Trading Days immediately preceding, but not including, that Exchange Date;
 - (ii) in the case of an Exchange on account of an Acquisition Event, the lesser of 20 ASX Trading Days and the number of ASX Trading Days that Ordinary Shares are entitled to trade on ASX after the occurrence of the Acquisition Event immediately preceding, but not including, the Acquisition Exchange Date; and
 - (iii) in the case of an Exchange on account of a Non-Viability Event, the 5 ASX Trading Days immediately preceding, but not including, the Non-Viability Exchange Date; and
- (d) the “**Maximum Exchange Number**” will be calculated by the Issuer on the Issue Date in accordance with the following formula for each MCN2 held by the Holder:

$$\text{Maximum Exchange Number} = \frac{\text{Issue Price}}{\text{Exchange Floor Price}}$$

where:

- (i) **Exchange Floor Price** means Issue Date VWAP × the Relevant Percentage;
- (ii) **Issue Date VWAP** is the VWAP during the 20 ASX Trading Days immediately preceding, but not including, the Issue Date (as such number may be adjusted under clauses 9.5, 9.6 or 9.7); and
- (iii) **Relevant Percentage** is:
 - (A) if the Exchange is occurring on a Relevant Mandatory Exchange Date, 50%; and
 - (B) if the Exchange is occurring on any other Exchange Date, 20%.

Each Holder’s rights (including to payment of Distributions other than the Distribution, if any, payable on the Exchange Date) in relation to each MCN2 that is being Exchanged will be immediately and irrevocably terminated for an amount equal to the Issue Price of that MCN2 and the Issuer will apply that Issue Price by way of payment for the subscription for the Ordinary Shares to be allotted and issued under this clause 9.1.

Each Holder is taken to have irrevocably directed that any amount payable under this clause 9.1 is to be applied as provided for in this clause 9.1 and no Holder has any right to payment in any other way.

If the total number of Ordinary Shares to be allotted to a Holder in respect of their aggregate holding of MCN2 upon Exchange includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded.

9.2 Holder information

Each Holder agrees to provide to the Issuer (and, where clause 9.14 applies, the Sale Agent) any information necessary or desirable to give effect to an Exchange.

9.3 Adjustments to VWAP

For the purposes of calculating VWAP in these Terms:

- (a) where, on some or all of the ASX Trading Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and the MCN2 will be Exchanged for Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (“**Cum Value**”) equal to:
 - (i) in case of a dividend or other distribution, the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act and eligible to receive a franked distribution;
 - (ii) in the case of any other entitlement that is not a dividend or other distribution under clause 9.3(a) (i) and which is traded on ASX on any of those ASX Trading Days, the volume weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the ASX Trading Days on which those entitlements were traded; or

- (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Directors; and
- (b) where, on some or all of the ASX Trading Days in the VWAP Period, Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and the MCN2 will be Exchanged for Ordinary Shares which would be entitled to receive the relevant dividend or other distribution or entitlement, the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

9.4 Adjustments to VWAP for divisions and similar transactions

- (a) Where during the relevant VWAP Period there is a change in the number of the Ordinary Shares on issue as a result of a Reclassification, in calculating the VWAP for that VWAP Period the Daily VWAP applicable on each day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reclassification basis shall be adjusted by multiplying the VWAP by the following fraction:

$$\frac{A}{B}$$

where:

- (i) **A** means the aggregate number of Ordinary Shares immediately before the Reclassification; and
- (ii) **B** means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Any adjustment made by the Issuer in accordance with clauses 9.3 and 9.4(a) will be effective and binding on Holders under these Terms and these Terms will be construed accordingly. Any such adjustment must be notified to all Holders as soon as reasonably practicable following its determination by the Issuer.

9.5 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP, adjustments to VWAP will be made in accordance with clauses 9.3 and 9.4(a) during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with clauses 9.6 and 9.7; and
- (b) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number.

9.6 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to clause 9.6(b) below, if the Issuer makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_0 \frac{RD}{RD + RN}$$

where:

- (i) **V** means the Issue Date VWAP applying immediately after the application of this formula;
- (ii) **V₀** means the Issue Date VWAP applying immediately prior to the application of this formula;
- (iii) **RN** means the number of Ordinary Shares issued pursuant to the bonus issue; and
- (iv) **RD** means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue.
- (b) Clause 9.6(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of clause 9.6(a), an issue will be regarded as a pro rata issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.

- (d) No adjustments to the Issue Date VWAP will be made under this clause 9.6 for any offer of Ordinary Shares not covered by clause 9.6(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by clause 9.6(a) shall not in any way restrict the Issuer from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.7 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date there is a change in the number of Ordinary Shares on issue as a result of a Reclassification, the Issuer shall adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reclassification by the following fraction:

$$\frac{A}{B}$$

where:

- (i) **A** means the aggregate number of Ordinary Shares immediately before the Reclassification; and
 - (ii) **B** means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Each Holder acknowledges that the Issuer may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.8 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of clauses 9.6 and 9.7, no adjustment shall be made to the Issue Date VWAP where such cumulative adjustment (rounded if applicable) would be less than 1% of the Issue Date VWAP then in effect. Any adjustment not made in accordance with this clause 9.8 shall be carried

forward and taken into account in determining whether any subsequent adjustment shall be made.

9.9 Announcement of adjustment to Issue Date VWAP

If the Issuer determines an adjustment to the Issue Date VWAP under clauses 9.6 and 9.7, such an adjustment will be:

- (a) determined as soon as reasonably practicable following the relevant event; and
- (b) notified to Holders (an “**Adjustment Notice**”) within 10 Business Days of the Issuer determining the adjustment.

The adjustment set out in the Adjustment Notice will be final and binding on Holders and these Terms will be construed accordingly.

9.10 Listing of Ordinary Shares

The Issuer agrees to use all reasonable endeavours to list the Ordinary Shares issued or arising from an Exchange on ASX.

9.11 Status of Ordinary Shares

The Ordinary Shares issued or arising from an Exchange will rank equally with all other fully paid Ordinary Shares.

9.12 Effect of Exchange

When an Exchange of an MCN2 occurs all other rights conferred or restrictions imposed on that MCN2 under these Terms will no longer have effect (except for rights relating to a Distribution which is payable but has not been paid on or before the Exchange Date) and the MCN2 is cancelled.

9.13 Failure to Exchange

- (a) Subject to clauses 9.14(g) and 9.17, if, in respect of an Exchange of an MCN2, the Issuer fails to issue the Ordinary Shares in respect of an MCN2 to, or in accordance with the instructions of, the relevant Holder on the applicable Exchange Date or to the Sale Agent where clause 9.14 applies, that MCN2 remains on issue (and without limitation clause 2 applies) until:

Appendix A: MCN2 terms

- (i) the Ordinary Shares are issued to, or in accordance with the instructions of, that Holder or, where clause 9.14 applies, to the Sale Agent; or

- (ii) that MCN2 is Redeemed in accordance with these Terms,

and the remedies of the Trustee and a Holder in respect of that failure are limited to seeking an order for specific performance of the Issuer's obligations to issue Ordinary Shares.

- (b) This clause 9.13 does not affect the obligation of the Issuer to deliver the Ordinary Shares or of the Holder to transfer MCN2 when required in accordance with these Terms.

9.14 Holders whose Ordinary Shares are to be sold

Subject to clause 9.17, if any MCN2 of a Holder are required to be Exchanged and if:

- (a) the Holder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of the Exchange (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the Issue Date and no less than 15 Business Days prior to the Exchange Date;
- (b) the MCN2 are held by a Foreign Holder;
- (c) for any reason (whether or not due to the fault of a Holder):
 - (i) the Issuer does not receive any information required by it in accordance with these Terms so as to impede the Issuer from issuing the Ordinary Shares to the Holder on the Exchange Date; or
 - (ii) a FATCA Withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of that Exchange; or
- (d) the Issuer is of the opinion that under an Applicable Shareholding Law the Holder is prohibited from acquiring some or all of the Exchange Number of Ordinary Shares on the Exchange Date, (to the extent it is so prohibited, an **"Ineligible Holder"**),

then the Issuer will use reasonable endeavours to appoint a **"Sale Agent"** (which is not the Issuer or any

Related Body Corporate of the Issuer) on such terms as the Issuer considers reasonable, who will act in accordance with paragraph (f) where the Issuer, the Trustee and the Sale Agent can be satisfied that the obligation in paragraph (f) may be performed in respect of the relevant Holder and the relevant Ordinary Shares in accordance with all applicable laws and without the Issuer, the Trustee or the Sale Agent having to take steps which any of them regard as onerous.

On the Exchange Date:

- (e) where paragraph (a), (b) or (d) applies, the Issuer will issue the Exchange Number of Ordinary Shares to the Holder only to the extent (if at all) that:
 - (i) where paragraph (a) applies, the Holder's notice referred to in paragraph (a) indicates the Holder wishes to receive them;
 - (ii) where paragraph (b) applies, the Issuer is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Exchange Number of Ordinary Shares to the Foreign Holder as contemplated by this clause 9 (but as to which the Issuer is not bound to enquire), either unconditionally or after compliance with conditions which the Issuer, in its absolute discretion, regards as acceptable and not unduly onerous; and
 - (iii) where paragraph (d) applies, the issue would result in the Holder receiving the maximum number of Ordinary Shares the Holder is permitted to acquire in compliance with Applicable Shareholding Law as at the Exchange Date;
- (f) otherwise, subject to paragraph (g) and clause 9.17, the Issuer will issue:
 - (i) where paragraph (a), (b) or (d) applies, the balance of the Exchange Number of Ordinary Shares; or
 - (ii) where paragraph (c) applies, the Exchange Number (in full),

in respect of that Holder to the Sale Agent on the terms that, at the first reasonable opportunity to sell the Ordinary Shares, the Sale Agent will arrange for their sale and pay to the relevant Holder on a date determined by the Sale Agent a cash amount equal

Appendix A: MCN2 terms

to the Attributable Proceeds of the relevant Holder or, where paragraph (c)(ii) applies, the Sale Agent will deal with the Ordinary Shares in accordance with FATCA. The issue of Ordinary Shares to the Sale Agent will satisfy all obligations of the Issuer in connection with the Exchange, the MCN2 will be deemed Exchanged and will be dealt with in accordance with clause 9.1 and, on and from the issue of Ordinary Shares, the rights of a Holder the subject of this clause 9.14 are limited to its rights in respect of the Ordinary Shares or the Attributable Proceeds as provided in this clause 9.14; and

- (g) where paragraph (f) applies in respect of a Holder and a Sale Agent is unable to be appointed, or either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent and subsequent sale in accordance with paragraph (f) cannot be undertaken in accordance with Applicable Shareholding Law or other applicable law (or can be undertaken in accordance with Applicable Shareholding Law or applicable law only after the Issuer or the Sale Agent take steps which either or both the Issuer and the Sale Agent regard as onerous), then:
 - (i) in respect of a Non-Viability Exchange Date, but without in any way limiting clause 9.17, if either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares cannot be undertaken within 5 Business Days of the Non-Viability Exchange Date to the Sale Agent in accordance with paragraph (f) or otherwise to the relevant Holder in accordance with this clause 9, then the relevant MCN2 will be Written-Off; or
 - (ii) in respect of an Exchange Date other than a Non-Viability Exchange Date:
 - (A) the issue of Ordinary Shares to the Sale Agent in accordance with paragraph (f) shall occur as soon as practicable after the Issuer is able to issue the relevant Ordinary Shares to the Sale Agent in accordance with Applicable Shareholding Law and other applicable law (and without the Issuer or the Sale Agent taking steps which either or both of the Issuer and the Sale Agent regard as onerous); and

(B) on and from the Exchange Date, the MCN2 of the relevant Holder remain on issue (and, without limitation, clause 2 applies) until the first to occur of:

- (aa) the issue of the relevant Ordinary Shares in accordance with paragraphs (f) and (g)(ii)(A) or otherwise to that relevant Holder in accordance with this clause 9; or
- (ab) the relevant MCN2 are Redeemed in accordance with these Terms; or
- (ac) the date which is 6 months after the Exchange Date, upon which date an Exchange will not occur in respect of the balance of the Holder's MCN2 at that date and such MCN2 will be automatically cancelled for no consideration.

Nothing in this clause 9.14 shall affect the Exchange of MCN2 to a Holder which is not a person to which any of paragraphs (a) to (d) (inclusive) applies.

9.15 No duty on sale

For the purpose of clause 9.14, none of the Issuer, the Trustee, the Sale Agent or any other person owes any obligations or duties to the Holders in relation to the price at which Ordinary Shares are sold or has any liability for any loss suffered by a Holder as a result of the sale of Ordinary Shares.

9.16 No right of Holders to require Exchange

No MCN2 can, or will, be Exchanged at the option of a Holder.

9.17 Write-Off on failure to perform Exchange

- (a) Notwithstanding any other provisions of this clause 9, if, for any reason (including, without limitation, an Inability Event) an MCN2 which, but for this clause would be required to be Exchanged, has not been Exchanged within 5 Business Days of the Non-Viability Exchange Date, then Exchange of that MCN2 will not occur and that MCN2 will instead be Written-Off.

- (b) The Issuer must give notice to Holders if that Exchange has not occurred by operation of this clause 9.17, but failure to give that notice shall not affect the operation of this clause.

11.4 Deductions

- (a) The Issuer, the Trustee, the Sale Agent and any financial institutions or intermediaries through which payments are made or securities issued or delivered, may withhold or deduct from any amount payable or securities issuable or deliverable to a Holder the amount of any withholding, deduction or other tax, duty or levy required by law to be withheld or deducted in respect of such payment, including, without limitation:
 - (i) any withholding or deduction of taxes, interest or penalties required under FATCA ("**FATCA Withholding**"); or
 - (ii) where the Issuer, the Trustee, the Sale Agent and any financial institution or intermediary (as applicable) has reasonable grounds to suspect that a Holder or a beneficial owner of any MCN2 (or any financial institution or intermediary

through which the payment is to be made) may be subject to a FATCA Withholding in respect of the payment of that amount

For the avoidance of doubt, any withholding or deduction required under FATCA is a tax, the withholding or deduction of which is required by applicable law for purposes of this clause 11.

- (b) Where a cheque which is cancelled was drawn in favour of a Holder, the moneys are to be held by the Issuer for the Holder as a non-interest bearing deposit until the Holder or any legal personal representative of the Holder claims the amount or the amount is paid by the Issuer according to the legislation relating to unclaimed moneys.

11.8 Unsuccessful attempts to pay

Subject to applicable law, where the Issuer:

- (a) decides that an amount is to be paid to a Holder by a method of direct credit and the Holder has not given a direction as to where amounts are to be paid by that method;
- (b) attempts to pay an amount to a Holder by direct credit, electronic transfer of funds or any other means and the transfer is unsuccessful; or
- (c) has made reasonable efforts to locate a Holder but is unable to do so,

the amount of the unsuccessful payment will be held by the Issuer for the Holder as a non-interest bearing deposit with a bank selected by the Issuer until the Holder or any legal personal representative of the Holder claims the amount or the amount is paid by the Issuer according to the legislation relating to unclaimed moneys.

12.3 Register conclusive as to ownership

An entry in the Register in relation to an MCN2 constitutes conclusive evidence that the person so entered is the absolute owner of that MCN2, subject to correction for fraud or error.

12.4 Non-recognition of interests

- (a) Except as required by clause 9 and by law, and save as provided below, the Issuer and the Registrar must treat the person entered in the Register in respect of an MCN2 as the absolute owner of that MCN2.
- (b) No notice of any trust, Encumbrance or other interest in, or claim to, any MCN2 will be entered in the Register. None of the Issuer or the Registrar need take notice of any trust, Encumbrance or other interest in, or claim to, any MCN2, except as ordered by a court of competent jurisdiction or required by law.

12.7 Transferee takes subject to terms

A transferee of, or any person claiming, an interest in an MCN2 takes subject to these Terms and the MCN2 Trust Deed.

12.8 Other transfers void

A purported transfer otherwise than in accordance with these Terms and the MCN2 Trust Deed or grant of an interest in an MCN2 otherwise than by way of transfer is, to the fullest extent permitted by law, void.

- (b) refuse to register a transfer of any MCN2.

12.10 Issuer must request holding lock or refuse to register transfer

- (a) The Issuer must request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of MCN2 approved by and registered on the CS Facility's electronic subregister or MCN2 registered on an issuer-sponsored subregister, as the case may be, if the Corporations Act or the ASX Listing Rules require the Issuer to do so.

Failure to give such notice does not, however, invalidate the decision of the Issuer.

12.12 Delivery of instrument

If an instrument is used to transfer any MCN2 according to clause 12.6, it must be delivered to the Registrar, together with such evidence (if any) as the Registrar reasonably requires to prove the title of the transferor to, or right of the transferor to transfer, the MCN2.

13.6 Effect of failure to give notice

If the Issuer is required to give a notice in relation to any act, matter or determination, the accidental omission to give that notice to a Holder does not invalidate the notice in relation to Holders generally, or affect the validity of that act, matter or determination.

14 Amendment of Terms

14.1 Amendment without consent

Subject to complying with the Corporations Act and all other applicable laws and directives, the Issuer may amend these Terms and the MCN2 Trust Deed, with the prior written approval of APRA (to the extent any such amendment may cause the MCN2 to cease to be Relevant Tier 1 Securities) but without the consent of the Holders or the Trustee:

provided that, notwithstanding anything else in this clause 14.1, any amendments which may have an adverse effect on the Trustee's personal rights and obligations under the Transaction Documents must first be approved by the Trustee in writing (such approval not to be unreasonably withheld or delayed).

Your Guide to the Broker Firm Offer Application Form

Please complete all relevant white sections of the Application Form in BLOCK LETTERS, using black or blue ink. These instructions are cross-referenced to each section of the form.

This Application Form relates to Macquarie Group Capital Notes 2 (**MCN2**) issued by Macquarie Group Limited (**MGL**). Further details about the MCN2 are contained in the replacement prospectus dated 1 December 2015 (and any supplementary or replacement prospectus) (**Prospectus**), issued by MGL. The Prospectus will expire on 23 December 2016. During the Offer Period, Macquarie Group Limited will send paper copies of the Prospectus, any supplementary document and the Application Form, free of charge on request. The Prospectus will also be made available at www.MacquarieCN2Offer.com.au.

The Australian Securities and Investments Commission requires that a person who provides access to an electronic application form must provide access, by the same means and at the same time, to the relevant Prospectus. This Application Form is included in the Prospectus and, in the case of the electronic version, accompanying the electronic copy of the Prospectus. The Prospectus contains important information about investing in the MCN2. You should read the Prospectus before applying for MCN2.

Please note that this Application Form is only in respect of the Broker Firm Offer. Your Syndicate Broker may require you to complete and return this Application Form. You must contact your Syndicate Broker for information on how to apply through the Broker Firm Offer.

By applying under the Broker Firm Offer, you make the acknowledgements, declarations, representations and warranties set out in section 6 and section 7 of the Prospectus.

- A** Insert the number of MCN2 you wish to apply for. The Application must be for a minimum of 50 MCN2 (A\$5,000). You may be issued all of the MCN2 applied for, a lesser number, or none at all.

Where applicable, please enter the TFN or ABN for each joint Applicant. Collection of TFN(s) and ABN(s) is authorised by taxation laws. However, if these are not provided, Macquarie Group Limited will be required to deduct tax at the highest marginal rate of tax (including the Medicare Levy) from payments.

- E** Please enter your postal address for all correspondence. All communications to you from MGL and the Registrar will be mailed to the person(s) and address as shown. For joint Applicants, only one address can be entered.
