Summary of waiver granted

On 21 December 2015, NZX granted the Company a waiver from NZX Main Board Listing Rule 5.2.3 in respect of its quoted shares ("**Shares**") for a period of 12 months to the extent the Rule requires the Company to have at least 25% of Shares held by Members of the Public holding at least a Minimum Holding (as that term is defined in the NZX Main Board Listing Rules). The waiver was granted on the following conditions:

- The escrow agreements entered into by the Atkinson Family Trust ("**AF Trust**") and the CRG funds provides for the release of shares from escrow once the Company's preliminary announcement is made for the financial year ending 31 March 2017. Additionally, the AF Trust escrow agreement provides for the release of 15% of the Shares held by the AFT Trust to be released from escrow 6 months after the Company's listing;
- NZX receives an undertaking from the AF Trust that it will not increase its holding in the Company during the term of the waiver, otherwise than as a result of an allotment pursuant to an offer or issue of shares that is made pro-rata to all shareholders;
- at least 10% of Shares are held by Members of the Public, with each Member of the Public holding at least a Minimum Holding;
- the Company clearly and prominently discloses this waiver, its conditions, and its implications in the Company's half year and annual reports, and in any offer documents relating to any offer of Shares undertaken by the Company, during the period of the waiver;
- the Company makes an announcement to the market on the day of its listing of the results of the initial public offer, including the number of Members of the Public holding at least a Minimum Holding of Shares and the percentage of Shares held by Members of the Public holding at least a Minimum Holding;
- the Company notifies NZX as soon as practicable if there is any material reduction to the total number of Members of the Public holding at least a Minimum Holding of Shares, and/or the percentage of Shares held by Members of the Public holding at least a Minimum Holding, as announced by AFT on the days of its listing;
- the Company consistently monitors the total number of Members of the Public holding Shares and the percentage of Shares held by Members of the Public holding at least a Minimum Holding; and
- AFT provides NZX with a written quarterly update of the total number of Members of the Public holding Shares holding at least a Minimum Holding and the percentage of Shares held by Members of the Public holding at least a Minimum Holding. The quarterly updates are from the date the waiver is granted, for the period of the waiver. The updates are to be provided to NZX within ten business days of the end of each quarter.

The implication of the waiver is that the Shares may not be widely held and that there may be reduced liquidity in the Shares following quotation.
