

Quarterly cash flow and activities report – 31 December 2015

Genetic Signatures (ASX: GSS) is pleased to report on its activities for the quarter ended 31 December 2015.

Quarter highlights:

- Total sales revenue of \$410,000, representing 69% growth on the previous corresponding period
- Diagnostic kit sales of \$405,000, representing 72% growth on the previous corresponding period
- Cash receipts from customers of \$365,000
- Cash at 31 December: \$4,277,000
- Collaboration with University of California Los Angeles established, with the aim of determining the benefit, in terms of decreased infection rates in the US healthcare system, to be had by using Genetic Signatures' *EasyScreen™* diagnostic platform compared to traditional testing methods
- Ongoing activities enabling the company's continued expansion and sales growth, including product line expansion, further refinement of sales and marketing strategies, and ongoing and new discussions with potential customers

Activities subsequent to period:

- Increase in personnel with appointments including administration and customer support, product development and manufacturing staff
- Expanded and improved manufacturing and warehousing facilities

Upcoming activities:

- The focus for Q1 2016 remains financial growth, market share expansion, and product range extension
- Expansion activities will continue with additional staff appointments during the current quarter
- Sales to existing and new customers, locally and internationally, driving sales growth
- Continued R&D and expansion of the *EasyScreen™* product menu

Corporate:

AGM held on Monday 9 November 2015.

Commentary

Genetic Signatures recorded another quarter of strong growth for the period ended 31 December 2015, with total sales revenue growth of 69% on the previous corresponding quarter, and diagnostic revenue growth of 72% on the previous corresponding quarter.

Expansion activities for the quarter were focused on increasing the revenue generating potential of the company via market share growth and an expanded product range, resulting in increased personnel and additional facilities for manufacturing and warehousing.

The focus for the current (Q1 CY16) remain as those for last quarter.

The Company looks forward to updating the market over the coming quarter as additional milestones are achieved.

About Genetic Signatures: Genetic Signatures is a specialist molecular diagnostics (MDx) company focused on the development and commercialisation of its proprietary platform technology, *3Base™*. Founded in 2001 by the late Dr Geoffrey Grigg, the former Chief of Molecular Biology at CSIRO, Genetic Signatures has released a suite of real-time PCR based products for the routine detection of infectious diseases under the *EasyScreen™* brand. Molecular diagnostics (MDx) is a modern technique increasingly used by hospitals and pathology laboratories to detect specific sequences of the genome, the DNA or RNA that define an organism.

Genetic Signatures' proprietary MDx *3Base™* platform technology provides high-volume hospital and pathology laboratories the ability to screen for a wide array of infectious pathogens, with a high degree of specificity, in a rapid throughput (time-to-result) environment.

The *EasyScreen™* Enteric Detection Kits were the first product line launched as part of the *EasyScreen™* product range in 2012. This panel of assays supports hospitals and laboratories to screen for a wide range of infectious agents including viral, bacterial and protozoan agents. The *EasyScreen™* Respiratory Virus Detection Kits detects 15 viral causes of respiratory infection.

Genetic Signatures' current target markets are major hospital and pathology laboratories undertaking infectious disease screening. As the spread of infectious diseases around the world continues to grow, the Company plans to launch additional products for the detection of pathogens associated with MRSA, sexual health infections, tuberculosis and meningitis.

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
2. The definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report except for any additional disclosure requirements requested by AASB 107 that are not already itemised in this report.
3. **Accounting Standards.** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.

+ See chapter 19 for defined terms.
