**Condensed Notes to the Consolidated Half Year Financial Statements  
for the six months ended 31 December 2015**

**1. Reporting Entity**

World.Net Services Limited (the “Company”) is a company domiciled in Australia. The Consolidated Half Year Financial Report of the Company, as at, and for the six months ended 31 December 2015 comprises the Company and its subsidiaries (together referred to as the “Group”).

The Consolidated Annual Financial Report of the Group, as at, and for the year ended 30 June 2015 can be downloaded from the Company’s website ([www.world.net](http://www.world.net)).

**2. Statement of Compliance**

The Consolidated Half Year Financial Report is a general purpose financial report which has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The Consolidated Half Year Financial Report does not include all of the information required for a full Annual Financial Report, and should be read in conjunction with the Consolidated Annual Financial Report of the Group, as at, and for the year ended 30 June 2015, and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Consolidated Half Year Financial Report was approved by the Board of Directors on 29 February 2016.

**3. Significant Accounting Policies**

The accounting policies applied by the Group in this Consolidated Half Year Financial Report are the same as those applied by the Group in its Consolidated Financial Report, as at, and for the year ended 30 June 2015.

**4. New or revised Standards and Interpretations that are first effective in the current reporting period**

A number of new and revised accounting standards were applicable from 1 July 2015. However, none of the standards identified had any impact on the Group during the period.

**Condensed Notes to the Consolidated Half Year Financial Statements  
for the six months ended 31 December 2015  
(continued)**

**5. Going Concern**

The Group recorded a net loss after tax of \$81,129 for the six months ended 31 December 2015. At balance date, the Group had a deficiency in net assets of \$2,679,143 and cash of \$1,394.

Furthermore, as disclosed in Note 8, the Group derives approximately 93% of its revenue from one customer, and is economically dependent on that customer.

The ability of the Group to continue as a going concern is therefore dependent upon:

1. the continuation of the Group's relationship with its principal customer, and its ability to generate sufficient revenue and cash flow from that customer;
2. the Group's ability to generate revenue from other sources;
3. the continued financial support provided by the Chairman, who also controls the Group's major shareholder; and
4. the continued support of its major creditor.

The Directors have received confirmations from both of these parties, stating that they will continue to support the operations of the business, so that it can continue as a going concern.

In the opinion of the Directors, there is a reasonable basis to believe that the Company and the Group can continue as going concerns. However, should the matters stated above not occur, there is significant uncertainty that the Group can continue as a going concern and realise its assets and settle its obligations at the amounts recognised in the financial statements.

No adjustments have been made to the financial statements relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

**6. Estimates**

The preparation of the Half Year Financial Report requires management to make judgements, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

**7. Financial Risk Management**

The Group's financial risk management objectives and policies are consistent with those disclosed in the Consolidated Financial Report, as at, and for the year ended 30 June 2015.

**Condensed Notes to the Consolidated Half Year Financial Statements  
for the six months ended 31 December 2015  
(continued)**

**8. Segment Reporting**

*Identification of reportable operating segments*

The Consolidated Entity is organised into three operating segments: Australia, UK and Malaysia. These operating segments are based on internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The information reported to the CODM is on at least a monthly basis.

*Types of products and services*

The principal products and services of each of these operating segments are as follows:

Australia - represents the holding company operations only. No trading income is generated in this segment.

UK - this is a dormant segment.

Malaysia - develops, provides and sells information technology products and services. It provides services in connection with the implementation, hosting and maintenance and support of its core product Travel.World.Net ('TWN') (an integrated multi-user reservations and distributions system for use by suppliers and buyers of travel and tourism products).

*Accounting policies*

Segment revenues and expenses are those directly attributable to the segments and include any joint revenue and expenses where a reasonable basis of allocation exists. Segment assets include all assets used by a segment and consist principally of cash, receivables, and plant and equipment, net of allowances and accumulated depreciation and amortisation. While most such assets can be directly attributed to individual segments, the carrying amount of certain assets used jointly by two or more segments is allocated to the segments on a reasonable basis.

Segment liabilities consist principally of payables, employee benefits, accrued expenses, provisions and borrowings. Segment assets and liabilities do not include deferred income taxes. The accounting policies adopted in the determination of segment information are consistent with those disclosed in Note 3 to the financial statements.

*Intersegment transfers*

Segment revenues, expenses and results include transfers between segments. The prices charged on intersegment transactions are the same as those charged for similar goods to parties outside of the Consolidated Entity at an arm's length. These transfers are eliminated on consolidation.

## Independent Auditor's Review Report to the members of World.Net Services Limited

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of World.Net Services Limited, which comprises the statement of financial position as at 31 December 2015, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

### Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of World.Net Services Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half year financial report of World.Net Services Limited is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of Group's financial position as at 31 December 2015 and of its performance for the year ended on that date; and

Without modifying our review conclusion above, we draw attention to Note 5 of the financial statements "Going Concern". The financial statements have been prepared on the basis that the Company is a going concern. The Group has incurred a net loss during the period of \$81,129 and at balance date its total liabilities exceed its total net assets by \$2,679,143.

These conditions, along with the matters described in Note 5, indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and, therefore, the Group may be unable to realise its assets and settle its liabilities in the normal course of business.
