### **ABOUT ELK PETROLEUM**

Elk Petroleum Limited (ASX: ELK) is an oil and gas company specialising in Enhanced Oil Recovery (EOR), with assets located in one of the richest onshore oil regions of the USA, the Rocky Mountains. Listed on the ASX in 2005, Elk's strategy is focused on applying proven EOR technologies to mature oil fields, which significantly de-risks the Company's strategy of finding and exploiting oil field reserves.

Leveraging proven EOR technology and Company expertise and experience, Elk is currently developing the Grieve oil field in Wyoming (Elk – 35% WI) and is planning for a CO<sub>2</sub>-based EOR project at the Singleton oil field in Nebraska (Elk – 100% WI & operator).
