## WATERMARK GLOBAL LEADERS FUND – A WORLD OF OPPORTUNITY

Dear Investor,

Watermark Funds Management would like to invite you to attend our information sessions. We will be providing a comprehensive overview of recent developments in the financial markets and a full discussion on the outlook for Australian and International Equities.

We would also like to introduce you to Watermark Global Leaders Fund, our proposed listed investment company that has been established to invest in global listed securities in a fully hedged market neutral portfolio. The Company's strategy offers investors an alternative to more traditional 'long only' funds, which rely on a rising share market to generate returns.

Thank you for your support and please extend this invitation to other interested parties.

Yours sincerely,

Justin Braitling, Principal
