Dear Wade,

RE: REQUEST FOR EXTENSION OF VOLUNTARY SUSPENSION

Wangle Technologies Limited (**Wangle**, or the **Company**) (**ASX:WGL**) refers to its voluntary suspension extension request granted on 21 October 2016 and provides the following information in accordance with ASX Listing Rule 17.2:

As advised in the Company's request on 21 October 2016, the Company expected the voluntary suspension would come to an end on Wednesday 26 October 2016 or when the Company was able to confirm that the Wangle App had been approved by Apple for release on the Apple Store.

While the Company continues to seek final approval from Apple, the Company believes it is appropriate for its securities to remain in voluntary suspension.

The Company continues to consider that its circumstances are 'exceptional' (as described in ASX Guidance Note 16) and the Board remains concerned that the reinstatement of trading in Wangle's securities, before the iOS version of the App is approved, could potentially mean that the market would not be trading on an informed basis.

As a result, the Company has resolved to seek to extend the current voluntary suspension while it seeks final approval. Based on the status of discussions and the timetable being worked toward, the Company now expects that it will be in a position to resume trading on Tuesday, 1 November 2016.

The Company is not aware of any reason why the voluntary suspension extension request should not be granted nor is the Company aware of any further information necessary to inform the market of the voluntary suspension extension request.

Yours sincerely
