## **Dividend Update**

Ozgrowth Limited intends on paying a consistent stream of dividends to investors. The level of dividend payments will be set after considering the level of realised net profits after tax, retained earnings and availability of franking credits.

In accordance with this policy, the Directors have determined:

- To provide for the payment of a final dividend of 0.25 cents per share (fully franked) in its accounts as at 30 June 2016. A timetable for the payment will be lodged following completion of the current financial year, with the dividend anticipated to be paid to shareholders in August 2016; and
- To target a dividend payment of **0.5 cents per share in respect of the 2017 financial year**. It is anticipated that the payment of this dividend would occur in February (0.25 cents) and August (0.25 cents) of the 2017 calendar year. Past practice has been to fully frank dividend payments and it is intended to continue this practice.

Investors should note that any dividend is not payable until formally declared. The Company makes no assurance as to dividends or what, if any, franking will be attached until a formal declaration is made.

Any dividend payment also remains subject to compliance with relevant legal requirements and specifically the relevant Corporations Act. The Company will seek appropriate advice at the time of any specific dividend declaration to ensure compliance.
