About Range International:

Range is a manufacturer of plastic pallets. Our ThermoFusion™ technology allows Range to make plastic pallets from 100% recycled mixed waste plastic at a price that is competitive with wood pallets. It currently has two production lines operating at its factory in Bali, Indonesia and sells its pallets under the brand Re>Pal™. Range is scaling up its operations in Indonesia. In the medium term, the Company's goal is to establish a global production footprint and sales distribution network.
