ITEM 1. BUSINESS

OVERVIEW

The Company

News Corporation (the “Company,” “News Corp,” “we,” “us,” or “our”) is a global diversified media and information services company focused on creating and distributing authoritative and engaging content to consumers and businesses throughout the world. The Company comprises businesses across a range of media, including: news and information services, book publishing, digital real estate services, cable network programming in Australia and pay-TV distribution in Australia, that are distributed under some of the world’s most recognizable and respected brands, including *The Wall Street Journal*, Dow Jones, *The Australian*, *Herald Sun*, *The Sun*, *The Times*, HarperCollins Publishers, FOX SPORTS Australia, realestate.com.au, realtor.com®, Foxtel and many others. The Company’s commitment to premium content makes its properties a trusted source of news and information and a premier destination for consumers across various media. Many of these properties deliver broad reach and high audience engagement levels in their respective markets, making them attractive advertising vehicles for the Company’s advertising customers.

The Company delivers its premium content to consumers across numerous distribution platforms consisting not only of traditional print and television, but also through an array of digital platforms including websites, applications for mobile devices and tablets, social media and e-book devices. The Company is focused on pursuing integrated strategies across its businesses to continue to capitalize on the growth in digital consumption of high-quality content. The Company believes that the increasing number of media choices and formats will allow it to continue to deliver its content in a more engaging, timely and personalized manner, provide opportunities to more effectively monetize its content via strong customer relationships and more compelling and engaging advertising solutions and reduce its physical production and distribution costs as it continues to focus on its digital platforms.

The Company’s diversified revenue base consists of advertising sales, recurring subscriptions, circulation copies, licensing fees, affiliate fees, direct sales and sponsorship sales. The Company manages its businesses to take advantage of opportunities to share technologies and practices across geographies and businesses and bundle selected offerings to provide greater value to consumers and advertising partners. Headquartered in New York, the Company operates primarily in the United States, Australia and the U.K., and its content is distributed and consumed worldwide. The Company’s operations are organized into five reporting segments: (i) News and Information Services; (ii) Book Publishing; (iii) Digital Real Estate Services; (iv) Cable Network Programming; and (v) Other, which includes the Company’s general corporate overhead expenses, corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters, as defined in “Item 1A. Risk Factors.” The Company also owns a 50% stake in Foxtel, the largest pay-TV provider in Australia, which is accounted for as an equity investment.

The Company maintains a 52-53 week fiscal year ending on the Sunday nearest to June 30 in each year. Fiscal 2016, fiscal 2015 and fiscal 2014 included 53, 52 and 52 weeks, respectively. Unless otherwise noted, all references to the fiscal years ended June 30, 2016, June 30, 2015 and June 30, 2014 relate to the fiscal years ended July 3, 2016, June 28, 2015 and June 29, 2014, respectively. For convenience purposes, the Company continues to date its financial statements as of June 30.

Corporate Information

News Corporation is a Delaware corporation originally organized on December 11, 2012 in connection with its separation (the “Separation”) from Twenty-First Century Fox, Inc. (formerly named News Corporation) (“21st Century Fox”), which was completed on June 28, 2013 (the “Distribution Date”). In connection with the

Separation, the Company assumed the name “News Corporation.” Unless otherwise indicated, references in this Annual Report on Form 10-K for the fiscal year ended June 30, 2016 (the “Annual Report”) to the “Company,” “News Corp,” “we,” “us,” or “our” means News Corporation and its subsidiaries. The Company’s principal executive offices are located at 1211 Avenue of the Americas, New York, New York 10036, and its telephone number is (212) 416-3400. The Company’s Class A and Class B Common Stock are listed on The NASDAQ Global Select Market (“NASDAQ”) under the trading symbols “NWSA” and “NWS,” respectively, and CHES Depository Interests (“CDIs”) representing the Company’s Class A and Class B Common Stock are listed on the Australian Securities Exchange (“ASX”) under the trading symbols “NWSLV” and “NWS,” respectively. More information regarding the Company is available on its website at www.newscorp.com, including the Company’s Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which are available, free of charge, as soon as reasonably practicable after the material is electronically filed with or furnished to the Securities and Exchange Commission (“SEC”).

Special Note Regarding Forward-Looking Statements

This document and any documents incorporated by reference into this Annual Report, including “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations,” contain statements that constitute “forward-looking statements” within the meaning of Section 21E of the Exchange Act and Section 27A of the Securities Act of 1933, as amended. All statements that are not statements of historical fact are forward-looking statements. The words “expect,” “estimate,” “anticipate,” “predict,” “believe” and similar expressions and variations thereof are intended to identify forward-looking statements. These statements appear in a number of places in this document and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things, trends affecting the Company’s financial condition or results of operations and the outcome of contingencies such as litigation and investigations. Readers are cautioned that any forward-looking statements are not guarantees of future performance and involve risks and uncertainties. More information regarding these risks, uncertainties and other important factors that could cause actual results to differ materially from those in the forward-looking statements is set forth under the heading “Item 1A. Risk Factors” in this Annual Report. The Company does not ordinarily make projections of its future operating results and undertakes no obligation (and expressly disclaims any obligation) to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. Readers should carefully review this document and the other documents filed by the Company with the SEC. This section should be read together with the Consolidated Financial Statements of News Corporation (the “Financial Statements”) and related notes set forth elsewhere in this Annual Report.

BUSINESS OVERVIEW

The Company's five reporting segments are described below. In addition, the Company owns a 50% stake in Foxtel, which is accounted for as an equity investment. For financial information regarding the Company's segments and operations in geographic areas, see Note 19 to the Financial Statements.

News UK also publishes *The Times Literary Supplement*, a weekly literary review.
- *The Sunday Times*. Leading broadsheet Sunday newspaper in the U.K. with an average issue readership of approximately 1,718,000 for the six months ended March 31, 2016 based on National Readership Survey data. Average daily paid print circulation for the six months ended June 30, 2016 based on ABC data was approximately 782,000. As of June 30, 2016, *The Sunday Times* had approximately 203,000 paid print subscribers and 170,000 paid digital subscribers based on internal sources.

In addition, News UK has also assembled a portfolio of complementary ancillary product offerings, including Sun Bingo and the recently launched Sun Bets, an online sports betting service.

New York Post

NYP Holdings is the publisher of the *New York Post* (the "*Post*"), NYPost.com, PageSix.com, Decider.com and related smartphone and tablet apps and social media channels. The *Post* is the oldest continuously published daily newspaper in the U.S., with a focus on coverage of the New York metropolitan area. The *Post* provides a variety of general interest content ranging from breaking news to business analysis, and is known in particular for

its comprehensive sports coverage, famous headlines and its iconic Page Six section, an authority on celebrity news. The print version of the *Post* is primarily distributed in New York, where it is printed in a printing facility in the Bronx, as well as throughout the Northeast, Florida and California, where it uses Dow Jones's printing facilities or third party printers. For the three months ended June 30, 2016, average weekday circulation based on AAM data, including smartphone and tablet app digital editions, was 418,857. In addition, the Post Digital Network, which includes NYPost.com, PageSix.com and Decider.com, reached approximately 49 million unique users on average each month during the quarter ended June 30, 2016 according to Google Analytics.

News America Marketing

News America Marketing ("NAM") is the premier marketing partner of some of the world's most well-known brands, and its broad portfolio of products and services influences the purchasing decisions of online and offline shoppers across the U.S. and Canada. NAM's marketing solutions are available via multiple distribution channels, including publications, in stores and online, primarily under the SmartSource brand name and through the Checkout 51 mobile application.

NAM provides customers with solutions across the shopper's path to purchase, focusing primarily on the following three business areas:

- *Home-Delivered*: NAM is one of the leading providers of home-delivered shopper media, including free-standing inserts and direct mail products. Free-standing inserts are multiple-page marketing booklets containing coupons, rebates and other consumer offers, which are distributed to millions of households under the SmartSource Magazine® brand through insertion primarily into local Sunday publications. Advertisers, primarily packaged goods companies, pay NAM to produce free-standing inserts where their offers are featured, often on an exclusive basis within their product category. NAM contracts with and pays publishers as well as printers, among others, to produce and/or distribute free-standing inserts in their papers.
- *In-Store Advertising and Merchandising*: NAM is a leading provider of in-store marketing products and services, primarily to consumer packaged goods manufacturers. NAM's marketing products include: at-shelf advertising such as coupon, information and sample-dispensing machines, as well as floor and shopping cart advertising, among others, and are found in thousands of shopping locations, including supermarkets, drug stores, dollar stores, office supply stores, mass merchandisers and specialty stores across North America. NAM also provides in-store merchandising services, including production and installation of instant-redeemable coupons, on-pack stickers, shipper assembly, display set-up and refilling, shelf management and new product cut-ins.
- *Mobile/Digital*: NAM's digital marketing solutions include SmartSource Digital, which encompasses secure printable couponing, load-to-card couponing, targeted email campaigns and programmatic digital display, and the Checkout 51 mobile application, a leading receipt recognition app that enables packaged goods companies and brands to reach consumers with highly personalized marketing campaigns.

NAM believes its programs have key advantages when compared to other marketing options available to packaged goods companies, retailers and other marketers. NAM offers effective and targeted programs that reach a national audience of consumers who are actively seeking incentives or information at critical points along the path to purchase.

The Company's News and Information Services products compete with a wide range of media businesses, including print publications, digital media and information services.

The Company's newspapers, magazines and digital publications compete for readership and advertising with local and national newspapers, web and application-based media, social media sources and other media such as television, magazines, outdoor displays and radio. Competition for subscriptions and circulation is

based on the news and editorial content, subscription pricing, cover price and, from time to time, various promotions. Competition for advertising is based upon advertisers' judgments as to the most effective media for their advertising budgets, which is in turn based upon various factors including circulation volume, readership levels, audience demographics, advertising rates and advertising effectiveness results. As a result of rapidly changing and evolving technologies, distribution platforms and business models, the consumer-focused businesses within the Company's News and Information Services segment, including its newspaper businesses, continue to face increasing competition for both circulation and advertising revenue from a variety of alternative news and information sources. These include both paid and free websites, digital applications, news aggregators, blogs, search engines, social media platforms, digital advertising networks and exchanges, bidding and other programmatic advertising buying channels, as well as other emerging media and distribution platforms. Shifts in consumer behavior, including the widespread adoption of mobile phones, tablets, e-book readers and other portable devices as platforms through which news and information is consumed, require the Company to continually innovate and improve upon its own products, services and platforms in order to remain competitive. The Company believes that these changes will continue to pose opportunities and challenges, and that it is well positioned to leverage its global reach, brand recognition and proprietary technology to take advantage of the opportunities presented by these changes.

Dow Jones professional information products that target enterprise customers compete with various information service providers, compliance data providers and global financial newswires, including Thomson Reuters, Bloomberg L.P., LexisNexis, as well as many other providers of news, information and compliance data.

NAM competes against other providers of advertising, marketing and merchandising products and services, including those that provide promotional or advertising inserts, direct mailers of promotional or advertising materials, providers of point-of-purchase and other in-store programs and providers of savings and/or grocery-focused digital applications, as well as other marketing products and services. Competition is based on, among other things, rates, availability of markets, quality of products and services provided and their effectiveness, rate of coupon redemption, store coverage and other factors. The Company believes that based on the scale of NAM's home-delivered products, the reach of its in-store marketing products and the growing audience for its digital marketing platform, NAM provides broader consumer access than many of its competitors.

Book Publishing

The Company's Book Publishing segment consists of HarperCollins Publishers (together with its subsidiaries and affiliates, "HarperCollins"), the second largest consumer book publisher in the world based on global revenue, with operations in 18 countries. HarperCollins publishes and distributes consumer books globally through print, digital and audio formats. Its digital formats include e-books for devices such as tablets and e-book readers, as well as audio downloads for smartphones and MP3 players. HarperCollins owns more than 120 branded imprints, including Avon, Harper, HarperCollins Children's Books, William Morrow, Harlequin and Christian publishers Zondervan and Thomas Nelson.

HarperCollins publishes works by well-known authors such as Harper Lee, Mitch Albom, Veronica Roth, Rick Warren, Sarah Young and Agatha Christie and popular titles such as *The Hobbit*, *Goodnight Moon*, *To Kill a Mockingbird*, *Jesus Calling* and the *Divergent* series. Its print and digital global catalog includes more than 200,000 publications in different formats, in 17 languages, and it licenses rights for its authors' works to be published in more than 50 languages around the world. HarperCollins publishes fiction and nonfiction, with a focus on general, children's and religious content. Additionally, in the U.K., HarperCollins publishes titles for the equivalent of the K-12 educational market.

As of June 30, 2016, HarperCollins offered approximately 100,000 publications in digital formats, and nearly all of HarperCollins' new titles, as well as the majority of its entire catalog, are available as e-books. Digital sales, comprising revenues generated through the sale of e-books as well as digital audio books,

represented approximately 19% of global consumer revenues for the fiscal year ended June 30, 2016. With the widespread adoption of electronic formats by consumers, HarperCollins is publishing a number of titles in digital formats before, or instead of, publishing a print edition.

During fiscal 2016, HarperCollins U.S. had 239 titles on the *New York Times* print and digital bestseller lists, with 30 titles hitting number one, including *Go Set a Watchman* by Harper Lee, *The Pioneer Woman Cooks: Dinnertime* by Ree Drummond, *The English Spy* by Daniel Silva, *The Glass Sword* by Victoria Aveyard and *Pax* by Sara Pennypacker.

HarperCollins derives its revenue from the sale of print and digital books to a customer base that includes global technology companies, traditional brick and mortar booksellers, wholesale clubs and discount stores, including Amazon, Apple, Barnes & Noble and Tesco. Revenues at the Book Publishing segment are significantly affected by the timing of releases and the number of HarperCollins' books in the marketplace, and are typically highest during the Company's second fiscal quarter due to increased demand during the end-of-year holiday season in its main operating geographies.

The book publishing business operates in a highly competitive market that is quickly changing and continues to see technological innovations. HarperCollins competes with other large publishers, such as Penguin Random House, Simon & Schuster and Hachette Livre, as well as with numerous smaller publishers, for the rights to works by well-known authors and public personalities; competition could also come from new entrants as barriers to entry in book publishing are low. In addition, HarperCollins competes for readership with other media formats and sources. The Company believes HarperCollins is well positioned in the evolving book publishing market with significant size and brand recognition across multiple categories and geographies. Furthermore, HarperCollins is a leader in children's and religious books, categories which have been less impacted by the transition to digital consumption.

Digital Real Estate Services

The Company's Digital Real Estate Services segment consists primarily of its 61.6% interest in REA Group Limited ("REA Group"), a publicly-traded company listed on ASX (ASX: REA), and its 80% interest in Move, Inc. ("Move"). The remaining 20% interest in Move is held by REA Group. This segment also includes DIAKRIT International Limited ("DIAKRIT"), a digital visualization solutions company that enables homeowners to see the potential in their future living environment while also helping agents and developers generate more buyer inquiries and accelerate their property sales processes.

REA Group

REA Group advertises property and property-related services on websites and mobile applications across Australia, Europe and Asia. REA Group's Australian operations include realestate.com.au and realcommercial.com.au, Australia's leading residential and commercial property websites, as well as its media and property-related services businesses, serving the display media market and markets adjacent to property, respectively. Realestate.com.au and realcommercial.com.au together had approximately 45 million average monthly visits for the year ended June 30, 2016 according to Nielsen Online Market Intelligence Home and Fashion Suite. Realestate.com.au and realcommercial.com.au also recorded an increase of 81% in average monthly application visits for the same period as compared to the prior year according to Adobe Analytics. Realestate.com.au derives the majority of its revenue from its core property advertising listing products and monthly advertising subscriptions from real estate agents and property developers. Realestate.com.au offers a product hierarchy which enables real estate agents and property developers to upgrade listing advertisements to increase their prominence on the site, as well as a variety of targeted products, including media display advertising products. Realcommercial.com.au generates revenue through three main sources: agent subscriptions,

agent branding and listing products. The media business offers unique advertising opportunities on both realestate.com.au and realcommercial.com.au, as well as native advertisement placements. Revenue from this business is generated primarily from agents and commercial developers, which benefit from being able to target REA Group's substantial audience base.

REA Group's international operations include property sites in Asia and Europe. In Asia, REA Group increased its interest in iProperty Group Limited ("iProperty") to 86.9% in February 2016. iProperty operates leading property sites throughout Southeast Asia, including Malaysia and Hong Kong, and prominent portals in Thailand, Singapore and Indonesia. The combined sites for iProperty had approximately 7.4 million average monthly visits for the year ended June 30, 2016 according to Google Analytics. REA Group also operates a Chinese site, myfun.com, which supports REA Group's businesses in other geographical markets by showcasing residential property listings to Chinese buyers and investors, and delivers leads to agents. In Europe, REA Group operates sites in Italy (casa.it) and in Luxembourg and regions of France (atHome.lu, atHome.de, immoRegion.fr and atOffice.lu). Average monthly visits to the combined European sites increased 15% for the year ended June 30, 2016 compared to the prior year according to Adobe Analytics.

REA Group competes primarily with other property websites in its geographic markets, including domain.com.au in Australia.

Move

Move is a leading provider of online real estate services in the U.S. Move primarily operates realtor.com[®], a premier real estate information and services marketplace, under a perpetual agreement and trademark license with the National Association of Realtors[®] ("NAR"). Through realtor.com[®], consumers have access to over 100 million properties across the U.S., including the most complete collection of homes and properties listed with Multiple Listing Services ("MLS") and displayed for sale among the competing national online portals and an extensive database of "off-market" properties. Realtor.com[®] and its related mobile applications display approximately 98% of all MLS-listed, for-sale properties in the U.S., which are primarily sourced directly from relationships with MLSs across the country. Over 90% of its for-sale listings are updated at least every 15 minutes, on average, with the remaining listings updated daily. Realtor.com[®]'s substantial content advantage attracts a highly engaged consumer audience. Based on internal data, realtor.com[®] and its mobile sites had 53 million average monthly unique users during the quarter ended June 30, 2016. These users viewed an average of over 1.8 billion pages and spent an average of over 1.1 billion minutes on the realtor.com[®] website and mobile applications each month.

Realtor.com[®] generates the majority of its revenues through the sale of listing advertisement products, including Connection for Co-Brokerage, ShowcaseSM Listing Enhancements and Featured HomesSM, which allow real estate agents, brokers and franchises to enhance, prioritize and connect with consumers on for-sale property listings within the realtor.com[®] website and mobile applications. Listing advertisements are typically sold on a subscription basis. Realtor.com[®] also derives revenue from sales of non-listing advertisement, or Media, products to real estate, finance, insurance, home improvement and other professionals that enable those professionals to connect with realtor.com[®]'s highly engaged and valuable consumer audience. Media products include sponsorships, display advertisements, text links, directories, and Digital Advertising Package. Non-listing advertisement pricing models include cost per thousand, cost per click, cost per unique user and subscription-based sponsorships of specific content areas or targeted geographies.

In addition to realtor.com[®], Move also offers a number of professional software and services products. These include the Top Producer[®] and TigerLead[®] productivity and lead management tools and services, which are tailored to real estate agents and sold on a subscription basis, as well as the ListHubTM service, which syndicates for-sale listing information from MLSs and other reliable data sources, such as real estate brokerages,

and distributes that content to an array of web sites. Listing syndication pricing includes fixed- or variable-pricing models based on listing counts, while ListHub™'s advanced reporting products are sold on a monthly subscription basis.

Move competes primarily with other real estate websites focused on the U.S. real estate market, including zillow.com and trulia.com.

Cable Network Programming

The Company's Cable Network Programming segment consists of FOX SPORTS Australia, the leading sports programming provider in Australia based on total viewing hours as of June 30, 2016. FOX SPORTS Australia is focused on live national and international sports events and provides featured original and licensed premium sports content tailored to the Australian market, including live sports such as National Rugby League, the domestic football league, international cricket, as well as the Australian Rugby Union. FOX SPORTS Australia offers seven high definition television channels distributed via cable, satellite and Internet Protocol, or IP, and several interactive viewing applications. Its channels consist of FOX SPORTS 1, FOX SPORTS 2, FOX SPORTS 3, FOX SPORTS 4, FOX SPORTS 5, FOX FOOTY and FOX SPORTS NEWS that broadcast over 12,000 hours of live sports programming per year reaching FOXTEL, Telstra and Optus subscription television customers. FOX SPORTS Australia's access to compelling local and international sports programming, as well as its production of high-quality original sports content has made it the leading sports programming provider in Australia. FOX SPORTS Australia also operates foxsports.com.au, a leading general sports website in Australia, and offers several interactive mobile and tablet applications that extend the reach of its content across multiple platforms. FOX SPORTS Australia is distributed via longstanding carriage agreements with pay-TV providers (mainly Foxtel) in Australia and generates revenue primarily through affiliate fees payable under these carriage agreements, as well as advertising sales. Results at the Cable Network Programming segment can fluctuate due to the timing and mix of the Company's local and international sports programming, as expenses associated with licensing these programming rights are recognized during the applicable season or event.

FOX SPORTS Australia competes primarily with ESPN, beIN SPORTS, the Free-To-Air ("FTA") channels and certain telecommunications companies in Australia.

Other

The Other segment includes the Company's general corporate overhead expenses, corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters. The Company's corporate Strategy and Creative Group was formed to identify new products and services across the Company's businesses to increase revenues and profitability and to target and assess potential acquisitions and investments. Initiatives include the News Corp Global Exchange, the Company's global programmatic advertising exchange that enables marketers to leverage the Company's leading online and mobile products and first-party data for real-time bidding, as well as the Company's BallBall platform in Southeast Asia, which combines the Company's rights to exclusive football highlight clips, expert coverage, commentary and analysis from *The Times*, *The Sunday Times* and *The Sun*. As part of its ongoing role in assessing potential acquisitions and investments, the corporate Strategy and Creative Group also oversaw the Company's acquisitions of Move, a leading provider of online real estate services in the U.S., and Unruly, a leading global video advertising distribution platform, as well as its strategic digital investments in India, including Elara Technologies, which owns PropTiger.com.

Equity Investments

Foxtel

The Company and Telstra, an ASX-listed telecommunications company, each own 50% of Foxtel, the largest pay-TV provider in Australia. Foxtel had more than 2.9 million subscribing households throughout Australia as of June 30, 2016 through cable, satellite and IP distribution.

Foxtel delivers 200 channels (including standard definition channels, high definition versions of some of those channels, and audio and interactive channels) covering news, sports, general entertainment, movies, documentaries, music and children's programming. Foxtel's premium content includes FOX SPORTS Australia's suite of sports channels such as FOX SPORTS 1, FOX SPORTS 2, FOX SPORTS 3, FOX SPORTS 4, FOX SPORTS 5, FOX FOOTY and FOX SPORTS NEWS, and TV content from HBO, FOX and Universal, among others. Foxtel also owns and operates 30 channels, including general entertainment and movie channels, and sources an extensive range of movie programming through arrangements with major U.S. studios. Foxtel's channels are distributed to subscribers via both Telstra's hybrid fibrecoaxial cable network and a long-term contracted satellite platform provided by Optus. Cable and satellite distribution is enabled by Foxtel's set-top boxes, including the iQ3, Foxtel's newest box. Foxtel also offers versions of its services via the Internet through Telstra's T-Box platform, Foxtel Play, an Internet television service available on a number of compatible devices (including the Sony PlayStation platform, select Samsung, LG and Sony televisions, select Samsung Blu-ray players and personal computers), and Foxtel Go, an Internet television service that allows subscribers to watch Foxtel channels via mobile devices and tablets. In addition, Foxtel has a subscription video-on-demand service called Presto that distributes movies and television programming to subscribers. Foxtel owns Presto Movies, while Presto TV is operated under a joint venture with a subsidiary of Seven West Media Limited. Foxtel also offers a triple play bundle product, which consists of Foxtel's existing pay-TV services, sold together with broadband and/or home phone services.

Foxtel generates revenue primarily through subscription revenue as well as advertising revenue. For the year ended June 30, 2016, in accordance with U.S. generally accepted accounting principles ("GAAP"), Foxtel recorded revenues of \$2.4 billion and earnings before interest, taxes and depreciation and amortization, or EBITDA, of \$604 million. Management believes that EBITDA is an appropriate measure for evaluating the operating performance of this business for the reasons set forth in "Management's Discussion and Analysis of Financial Condition and Results of Operations—Results of Operations—Segment Analysis" with respect to Segment EBITDA. In the year ended June 30, 2016, Foxtel's average broadcast residential recurring subscription revenue per user, or ARPU, was A\$89 (US\$65) per month (as calculated by Foxtel), and its annualized residential subscriber churn rate based on data for the year ended June 30, 2016 was 12.2% (as calculated by Foxtel). In addition, Foxtel had \$1.8 billion of indebtedness outstanding as of June 30, 2016 (excluding \$676 million of shareholder loans due to Telstra and the Company), and paid distributions of \$26 million to the Company during the year ended June 30, 2016. The amount included for Foxtel in the Company's Equity earnings of affiliates was \$38 million for the year ended June 30, 2016.

The Company and Telstra each have the right to appoint one-half of the board of directors of Foxtel. In addition, the Company has the right to appoint the Chief Executive Officer and Chief Financial Officer of Foxtel, while Telstra has the right to terminate these officers.

Foxtel competes for audiences primarily with FTA TV operators in Australia, including the three major commercial FTA networks and two major government-funded FTA broadcasters, as well as other pay-TV operators, IP television providers and subscription video-on-demand services such as Fetch TV, Netflix and Stan. Foxtel provides a 200-channel selection with premium and exclusive content and a wide array of digital and mobile features that are not available to viewers on these alternative providers. Through innovations such as digital HD channels, the extension of pay-TV programming to mobile devices, the use of DVR and Electronic Program Guide technology, including the iQ3 set-top box, its investment in On Demand capability and programming and benefits through broadband bundling, the Company believes Foxtel offers subscribers a compelling alternative to its competitors.

Governmental Regulation

General

Various aspects of the Company's activities are subject to regulation in numerous jurisdictions around the world. The Company believes that it is in material compliance with the requirements imposed by those laws and

regulations described herein. The introduction of new laws and regulations in countries where the Company's products and services are produced or distributed (and changes in the enforcement of existing laws and regulations in those countries) could have a negative impact on the Company's interests.

Australian Media Regulation

The Company's subscription television interests are subject to Australia's regulatory framework for the broadcasting industry. The key regulatory body for the Australian broadcasting industry is the Australian Communications and Media Authority.

Key regulatory issues for subscription television providers include: (a) anti-siphoning restrictions—currently under the 'anti-siphoning' provisions of the Australian Broadcasting Services Act 1992 (Cth), subscription television providers are prevented from acquiring rights to televise certain listed events (for example, the Olympic Games and certain Australian Rules football and cricket matches) unless national and commercial television broadcasters have not obtained these rights 12 weeks before the start of the event or the rights to televise are also held by commercial television licensees who have rights to televise the event to more than 50% of the Australian population or the rights to televise are also held by one of Australia's two major government-funded broadcasters; and (b) the Broadcasting Services Act also may impact the Company's ownership structure and operations and restrict its ability to take advantage of acquisition or investment opportunities including, for example, preventing it from exercising control of a commercial television broadcasting license, a commercial radio license and a newspaper in the same license area.

Data Privacy and Security

Our business activities are subject to laws and regulations governing the collection, use, sharing, protection and retention of personal data, which continue to evolve and have implications for how such data is managed. For example, in the U.S., certain of the Company's websites, mobile applications and other online business activities are subject to the Children's Online Privacy Protection Act of 1998, which prohibits websites from collecting personally identifiable information online from children under age 13 without prior parental consent. In addition, the Federal Trade Commission (the "FTC") continues to expand its application of general consumer protection laws to commercial data practices, including to the use of personal and profiling data from online users to deliver targeted Internet advertisements. Most states have also enacted legislation regulating data privacy and security, including laws requiring businesses to provide notice to state agencies and to individuals whose personally identifiable information has been disclosed as a result of a data breach.

Similar laws and regulations have been implemented in many of the other jurisdictions in which the Company operates, including the European Union and Australia. Recently, the European Union adopted the General Data Protection Regulation ("GDPR"), which is intended to provide a uniform set of rules for personal data processing throughout the European Union and to replace the existing Data Protection Directive (Directive 95/46/EC). Fully enforceable by May 25, 2018, the GDPR expands the regulation of the collection, processing, use and security of personal data, contains stringent conditions for consent from data subjects, strengthens the rights of individuals, including the right to have personal data deleted upon request, continues to restrict the trans-border flow of such data, requires mandatory data breach reporting and notification, increases penalties for non-compliance and increases the enforcement powers of the data protection authorities. Also, in 2015, the European Court of Justice invalidated the U.S.-E.U. Safe Harbor framework, one of the legal mechanisms through which personal data could be transferred from the European Union to the United States, and the mechanism relied upon by the Company with respect to certain personal data transfers among the Company's businesses, and between the Company and some of its third party service providers. The Company has been putting into place, and working with its third party service providers to implement, alternative legal mechanisms for cross-border personal data transfers. In Australia, data privacy laws impose additional requirements on organizations that handle personal data by, among other things, requiring the disclosure of cross-border data transfers and placing restrictions on direct marketing practices, and additional data privacy and security requirements and industry standards are under consideration.

In response to such developments, industry participants in the U.S., Europe and Australia have taken steps to increase compliance with relevant industry-level standards and practices, including the implementation of self-regulatory regimes for online behavioral advertising that impose obligations on participating companies, such as the Company, to give consumers a better understanding of advertisements that are customized based on their online behavior. The Company continues to monitor pending legislation and regulatory initiatives to ascertain relevance, analyze impact and develop strategic direction surrounding regulatory trends and developments, including any changes required in the Company's data privacy and security compliance programs.

U.K. Press Regulation

As a result of the implementation of recommendations of the Leveson inquiry into the U.K. press, which was established by Prime Minister David Cameron in mid-2011, a Royal Charter on Self-Regulation of the Press was granted in 2013, which established a Recognition Panel responsible for approving, overseeing and monitoring a new press regulatory body or bodies. Once approved by the Recognition Panel, the new press regulatory body or bodies would be responsible for overseeing participating publishers. No such regulator has yet been approved by the Recognition Panel, although it is currently considering an application by a newly-formed independent body, IMPRESS. In addition to the Royal Charter and establishment of the new Recognition Panel, legislation has been passed that provides that publishers who do not participate in this new U.K. press regulatory system may be liable for exemplary damages in certain cases where such damages are not currently awarded.

In late 2013, publications representing the majority of the industry in the U.K., including News UK, entered into binding contracts to form an alternative new regulator instead, which is referred to as the Independent Press Standards Organisation, or IPSO. IPSO, which began operating in September 2014, currently has no plans to apply for recognition from the Recognition Panel. IPSO has an independent chairman and a 12-member board, the majority of which are independent. IPSO oversees the Editors' Code of Practice, requires members to implement appropriate internal governance processes and requires self-reporting of any failures, provides a complaints handling service, has the ability to require publications to print corrections and has the power to investigate serious or systemic breaches of the Editors' Code and levy fines of up to £1 million. IPSO is also considering the introduction of an arbitration scheme to resolve claims against publications. IPSO imposes burdens on the print media, including the Company's newspaper businesses in the U.K., which may result in competitive disadvantages versus other forms of media and may increase the costs of compliance.

Intellectual Property

The Company's intellectual property assets include: copyrights in newspapers, books, television programming and other content and technologies; trademarks in names and logos; trade names; domain names; and licenses of intellectual property rights. In addition, its intellectual property assets include patents or patent applications for inventions related to its products, business methods and/or services, none of which are material to its financial condition or results of operations. The Company derives value and revenue from these assets through, among other things, print and digital newspaper and magazine subscriptions and sales, the sale, distribution and/or licensing of print and digital books, the sale of subscriptions to its content and information services, the operation of websites and other digital properties and the distribution and/or licensing of its television programming to cable and satellite television services.

The Company devotes significant resources to protecting its intellectual property assets in the U.S., the U.K., Australia and other foreign territories. To protect these assets, the Company relies upon a combination of copyright, trademark, unfair competition, patent, trade secret and other laws and contract provisions. However, there can be no assurance of the degree to which these measures will be successful in any given case. Policing unauthorized use of the Company's products, services and content and related intellectual property is often difficult and the steps taken may not in every case prevent the infringement by unauthorized third parties of the Company's intellectual property. The Company seeks to limit such threat through a combination of approaches, including pursuing legal sanctions for infringement, promoting appropriate legislative initiatives and

international treaties and enhancing public awareness of the meaning and value of intellectual property and intellectual property laws. Piracy, including in the digital environment, continues to present a threat to revenues from products and services based on intellectual property.

Third parties may challenge the validity or scope of the Company's intellectual property from time to time, and such challenges could result in the limitation or loss of intellectual property rights. Irrespective of their validity, such claims may result in substantial costs and diversion of resources that could have an adverse effect on the Company's operations. Moreover, effective intellectual property protection may be either unavailable or limited in certain foreign territories. Therefore, the Company engages in efforts to strengthen and update intellectual property protection around the world, including efforts to ensure the effective enforcement of intellectual property laws and remedies for infringement.

Raw Materials

As a major publisher of newspapers, magazines, free-standing inserts and books, the Company utilizes substantial quantities of various types of paper. In order to obtain the best available prices, substantially all of the Company's paper purchasing is done on a regional, volume purchase basis, and draws upon major paper manufacturing countries around the world. The Company believes that under present market conditions, its sources of paper supply used in its publishing activities are adequate.

Employees

As of June 30, 2016, the Company had approximately 24,000 employees, of whom approximately 9,000 were located in the U.S., 4,000 were located in the U.K. and 8,000 were located in Australia. Of the Company's employees, approximately 5,000 were represented by various employee unions. The contracts with such unions will expire during various times over the next several years. The Company believes its current relationships with employees are generally good.

ITEM 1A. RISK FACTORS

You should carefully consider the following risks and other information in this Annual Report on Form 10-K in evaluating the Company and its common stock. Any of the following risks, or other risks or uncertainties not presently known or currently deemed immaterial, could materially and adversely affect the Company's business, results of operations or financial condition, and could, in turn, impact the trading price of the Company's common stock. The risk factors generally have been separated into three groups: risks related to the Company's business, risks related to the Company's Separation from 21st Century Fox and risks related to the Company's common stock.

Risks Related to the Company's Business

A Decline in Customer Advertising Expenditures in the Company's Newspaper and Other Businesses Could Cause its Revenues and Operating Results to Decline Significantly in any Given Period or in Specific Markets.

The Company derives substantial revenues from the sale of advertising through its newspapers, integrated marketing services and digital media properties. The Company and its affiliates also derive revenues from the sale of advertising on their cable channels and pay-TV programming. Expenditures by advertisers tend to be cyclical, reflecting overall economic conditions, as well as budgeting and buying patterns. National and local economic conditions, particularly in major metropolitan markets, affect the levels of retail, national and classified newspaper advertising revenue. Changes in gross domestic product, consumer spending, housing sales, auto sales, unemployment rates and job creation all impact demand for advertising. A decline in the economic prospects of advertisers or the economy in general could alter current or prospective advertisers' spending priorities or result in consolidation or closures across various industries, which may also reduce the Company's overall advertising revenue.

The Company's ability to generate advertising revenue is also dependent on demand for the Company's products and services, demographics of the customer base, advertising rates and results observed by advertisers. For example, circulation levels for the Company's newspapers and ratings points for its cable channels are among the factors that are weighed by advertisers when determining the amount of advertising to purchase from the Company as well as advertising rates. For the Company's digital media properties, advertisers use various metrics to evaluate demand such as the number of visits, number of users, user engagement and, for digital real estate services, the number and quality of leads provided. Demand for the Company's products and services depends in turn upon the Company's ability to differentiate and distinguish those products and services and anticipate and adapt to changes in consumer tastes and behaviors in a timely manner. Technological and other developments may cause changes in consumer behavior that could affect the attractiveness of the Company's offerings to advertisers.

The increasing popularity of digital media among consumers as a source of news and other content is driving a corresponding shift in advertising from traditional print to digital. The development of new devices and technologies, as well as higher consumer engagement with other forms of digital media such as online and mobile social networking, are increasing the number of media choices and formats available to audiences, resulting in audience fragmentation and increased competition for advertising. The range of advertising choices across digital products and platforms and the large inventory of available digital advertising space have historically resulted in significantly lower rates for digital advertising than for print advertising. In addition, in the past, rates have been generally lower for mobile advertising than for desktop advertising. As a result, increasing consumer reliance on mobile devices may add additional pricing pressure. Consequently, the Company's digital advertising revenue may not be able to replace print advertising revenue lost as a result of the shift to digital consumption.

The digital advertising market also continues to undergo significant changes that may further impact digital advertising revenues. Digital advertising networks and exchanges, real-time bidding and other programmatic buying channels that allow advertisers to buy audiences at scale are playing a more significant role in the advertising marketplace and may cause further downward pricing pressure. New delivery platforms may also lead to loss of distribution and pricing control and loss of a direct relationship with consumers. In addition, evolving standards for the delivery of digital advertising, including the industry-wide standard on viewability, as well as the development and adoption of technology designed to block the display of advertising on websites and mobile devices, may also negatively impact digital advertising revenues. As the digital advertising market continues to evolve, the Company's ability to compete successfully for advertising budgets will depend on, among other things, its ability to drive scale, engage digital audiences and prove the value of its advertising and the effectiveness of the Company's platforms to its advertising customers, including through more targeted, data-driven offerings.

While the Company has adopted a number of strategies and initiatives to address these challenges, there can be no guarantee that its efforts will be successful. If the Company is unable to demonstrate the continuing value of its print and digital platforms and high-quality content and brands or offer advertisers unique multi-platform advertising programs, its results may suffer. A decrease in advertising expenditures by the Company's customers, reduced demand for the Company's offerings or a surplus of advertising inventory could lead to a reduction in pricing and advertising spending, which could have an adverse effect on the Company's businesses and assets.

The Company's Businesses Face Significant Competition from Other Sources of News, Information and Entertainment Content.

The Company's businesses face significant competition from other sources of news, information and entertainment content, including both traditional and new content providers. This competition has intensified as a result of the continued development of new digital and other technologies and platforms, and the Company may be adversely affected if consumers migrate to other media alternatives. For example, advertising and circulation revenues in the Company's News and Information Services segment may continue to decline, reflecting general

trends in the newspaper industry such as declining newspaper buying by younger audiences and consumers' increasing reliance on a variety of content providers, including news aggregation websites and customized news feeds, for the delivery of news and information through the Internet, often without charge. Internet sites and mobile applications devoted to recruitment, automobile sales and real estate services have become significant competitors of the Company's newspapers and websites for classified advertising sales. In addition, due to innovations in content distribution platforms, consumers are now more readily able to watch Internet-delivered content on television sets and mobile devices, in some cases also without charge, which could reduce consumer demand for the Company and its affiliates' television programming and pay-TV services and adversely affect both its subscription revenue and advertisers' willingness to purchase television advertising from the Company.

The Company's ability to compete effectively depends upon its ability to differentiate and distinguish its products and services and anticipate and adapt to changes in consumer tastes and behaviors, which in turn, depends on many factors both within and beyond its control. For example, the Company relies on audience acceptance of the high-quality content in its newspapers, book titles, cable channels and pay-TV programming in order to retain and grow their audiences. Similarly, the success of the Company's digital real estate services business depends in part on providing more comprehensive, current and accurate real estate listing data than its competitors, which the Company generally obtains through short-term arrangements with MLSs, real estate brokers, real estate agents and other third parties that may not be renewed and/or may be terminated with limited or no notice. Online traffic is also driven by internet search results, and any failure to successfully manage and adapt to changes in search engine optimization across the Company's businesses could result in significant decreases in traffic to our digital properties, lower advertiser interest in those properties and increased costs if free traffic is replaced with paid traffic.

Some of the Company's current and potential competitors may have greater resources or better competitive positions in certain areas than it does, which may allow them to respond more effectively to new technologies and changes in market conditions. If the Company is unable to compete successfully against existing or future competitors, its business, results of operations and financial condition could be adversely affected.

The Company Must Respond to New Technologies and Changes in Consumer Behavior and Continue to Innovate and Provide Useful Products in Order to Remain Competitive.

Technology continues to evolve rapidly, and the resulting changes in consumer behavior and preferences create constant opportunities for new and existing competitors that can quickly render the Company's products and services less valuable. For example, alternative methods for the delivery, storage and consumption of digital content, including the distribution of news and other content through social networking tools and on mobile and other devices, digital distribution models for books and Internet and mobile distribution of video content via streaming and downloading, have empowered consumers to seek more control over when, where and how they consume digital content. Content owners are increasingly delivering their content directly to consumers over the Internet, often without charge, and consumers are able to view such Internet-delivered content on portable devices and televisions. Enhanced Internet capabilities and the development of new media channels may continue to reduce the demand for newspapers and television viewership, which could negatively affect the Company's revenues.

Other digital platforms and technologies, such as user-generated sites and self-publishing tools, have also reduced the effort and expense of producing and distributing content on a wide scale, allowing digital content providers, customers, suppliers and other third parties to compete with us, often at a lower cost. This trend may drive down the price consumers are willing to spend on the Company's products disproportionately to the costs associated with generating content and result in relatively low barriers to entry for competing Internet-based products and services. Additional digital distribution channels, such as the Internet and online retailers, have presented, and may continue to present, challenges to the Company's businesses, including its traditional book publishing model, which could adversely affect sales volume and/or pricing.

In order to succeed, the Company must continue to innovate to ensure that its products and services remain relevant and useful for consumers and customers. The Company may be required to incur significant capital expenditures in order to respond to new technologies, new and enhanced offerings from its competitors, and changes in consumer behavior, and there is a risk that its responses and strategies to remain competitive, including distribution of its content on a “pay” basis, may not be adopted by consumers. The Company’s failure to protect and exploit the value of its content, while responding to and developing new technologies, products, services and business models to take advantage of advancements in technology and the latest consumer preferences could cause its customer, audience and/or user base to decline, in some cases precipitously, and could have a significant adverse effect on its businesses, asset values and results of operations.

The Inability to Renew Sports Programming Rights Could Cause the Revenue of Certain of the Company’s Australian Operating Businesses to Decline Significantly in any Given Period, and Programming Costs Could Also Increase Upon Renewal.

The sports rights contracts between certain of the Company’s Australian operating businesses, on the one hand, and various professional sports leagues and teams, on the other, have varying duration and renewal terms. As these contracts expire, renewals on favorable terms may be sought; however, third parties may outbid the current rights holders for the rights contracts. In addition, professional sports leagues or teams may create their own networks or the renewal costs could substantially exceed the original contract cost. The loss of rights could impact the extent of the sports coverage offered by the Company and lead to customer dissatisfaction or, in some cases, loss of customers, which could, in turn, adversely affect its revenues. Upon renewal, the Company’s results could be adversely affected if escalations in sports programming rights costs are unmatched by increases in subscriber and carriage fees and advertising rates.

Fluctuations in Foreign Currency Exchange Rates Could Have an Adverse Effect on the Company’s Results of Operations.

The Company has significant operations in a number of foreign jurisdictions and certain of its operations are conducted in foreign currencies, primarily the Australian dollar and the British pound sterling. Since the Company’s financial statements are denominated in U.S. dollars, changes in foreign currency exchange rates between the U.S. dollar and other currencies have had, and will continue to have, a currency translation impact on the Company’s earnings, which could, in turn, have an adverse effect on its results of operations in a given period or in specific markets.

Weak Domestic and Global Economic Conditions and Volatility and Disruption in the Financial and Other Markets May Adversely Affect the Company’s Business.

The U.S. and global economies have undergone periods of economic uncertainty which resulted in, among other things, a general tightening in the credit markets, limited access to the credit markets, lower levels of liquidity, increases in the rates of default and bankruptcy, lower consumer and business spending, lower consumer net worth and a dramatic decline in the real estate market. The resulting pressure on the labor and retail markets and the downturn in consumer confidence weakened the economic climate in certain markets in which the Company does business and had an adverse effect on its business, results of operations, financial condition and liquidity, including advertising revenues. Any continued or recurring economic weakness could further impact the Company’s business, reduce its advertising and other revenues and negatively impact the performance of its newspapers, books, digital real estate services business, television operations and other consumer products and services. In addition, further volatility and disruption in the financial markets could make it more difficult and expensive for the Company to obtain financing. These conditions could also impair the ability of those with whom the Company does business to satisfy their obligations to the Company, including as a result of their inability to obtain capital on acceptable terms. The Company is particularly exposed to certain Australian business risks, including specific Australian legal and regulatory risks, consumer preferences and competition, because it holds a substantial amount of Australian assets. As a result, the Company’s results of operations may

be adversely affected by negative developments in the Australian market. The Company also has significant operations in the U.K., which recently voted in a referendum to leave the European Union. While the referendum is advisory, the U.K. Government has stated that it intends to give effect to the results of the vote. An exit of the U.K. from the European Union could significantly affect the fiscal, monetary and regulatory landscape in the U.K., lead other member countries to consider leaving the European Union, result in additional volatility and disruption in the financial and other markets and have an adverse impact on the Company's businesses in the U.K. and elsewhere. Although the Company believes that its capitalization, operating cash flow and current access to credit markets, including the Company's revolving credit facility, will give it the ability to meet its financial needs for the foreseeable future, there can be no assurance that any further volatility and disruption in domestic and global capital and credit markets will not impair the Company's liquidity or increase its cost of borrowing.

The Company Has Made and May Continue to Make Strategic Acquisitions and Investments That Introduce Significant Risks and Uncertainties.

In order to position its business to take advantage of growth opportunities, the Company has made and may continue to make strategic acquisitions and investments that involve significant risks and uncertainties. These risks and uncertainties include, among others: (1) the difficulty in integrating newly acquired businesses and operations in an efficient and effective manner, (2) the challenges in achieving strategic objectives, cost savings and other anticipated benefits, (3) the potential loss of key employees of the acquired businesses, (4) with respect to investments, risks associated with the inability to control the operations of the business, (5) the risk of diverting the attention of the Company's senior management from the Company's operations, (6) the risks associated with integrating financial reporting and internal control systems, (7) the difficulties in expanding information technology systems and other business processes to accommodate the acquired businesses, (8) potential future impairments of goodwill associated with the acquired business or investment and (9) in some cases, increased regulation.

If any acquired business or investment fails to operate as anticipated or an acquired business cannot be successfully integrated with the Company's existing businesses, the Company's business, results of operations and financial condition could be adversely affected, and the Company may be required to record non-cash impairment charges for the write-down of certain acquired assets.

The Company Does Not Have the Right to Manage Foxtel, Which Means It is Not Able to Cause Foxtel to Operate or Make Corporate Decisions in a Manner that is Favorable to the Company.

The Company does not have the right to manage the business or affairs of Foxtel. While the Company's rights include the right to appoint one-half of the board of directors of Foxtel, the Company is not able to cause management or the board of directors to take any specific actions on its behalf, including with regards to declaring and paying dividends.

The Company Relies on Network and Information Systems and Other Technology Whose Failure or Misuse Could Cause a Disruption of Services or Loss or Improper Disclosure of Personal Data, Business Information, Including Intellectual Property, or Other Confidential Information, Resulting in Increased Costs or Loss of Revenue.

Network and information systems and other technologies, including those related to the Company's network management, are important to its business activities. The Company also relies on third party providers for certain technology and "cloud-based" systems and services that support a variety of business operations. Network and information systems-related events affecting the Company's systems, or those of third parties upon which the Company's business relies, such as computer hackings, computer viruses, worms or other destructive or disruptive software, process breakdowns, denial of service attacks, malicious social engineering or other malicious activities, or any combination of the foregoing, as well as power outages, equipment failure, natural disasters (including extreme weather), terrorist activities, human error or malfeasance that may affect such

systems, could result in disruption of the Company's business and/or loss or improper disclosure of personal data, business information, including intellectual property, or other confidential information. In addition, hardware or software applications the Company develops or procures from third parties may contain design or manufacturing defects that could unexpectedly compromise information security. In recent years, there has been a rise in the number of cyberattacks on companies' network and information systems, and such attacks have become more sophisticated, targeted and difficult to detect and prevent against. As a result, the risks associated with such an event continue to increase. The Company has experienced, and expects to continue to be subject to, cybersecurity threats and incidents, none of which have been material to the Company to date. Efforts by the Company and its vendors to develop, implement and maintain security measures may not be successful in preventing these events from occurring, particularly given that techniques used to access, disable or degrade service, or sabotage systems change frequently, and any network and information systems-related events could require the Company to expend significant resources to remedy such event. Moreover, the development and maintenance of these measures is costly and requires ongoing monitoring and updating as technologies change and efforts to overcome security measures become more sophisticated. While the Company maintains cyber risk insurance, this insurance may not be sufficient to cover all losses from any future breaches of our system.

A significant failure, compromise, breach or interruption of the Company's systems, or those of third parties upon which its business relies, could result in a disruption of its operations, customer or advertiser dissatisfaction, damage to its reputation or brands, regulatory investigations and enforcement actions, lawsuits, remediation costs, a loss of customers or revenues and other financial losses. If any such failure, interruption or similar event results in the improper disclosure of information maintained in the Company's information systems and networks or those of its vendors, including financial, personal, credit card, confidential and proprietary information relating to personnel, customers, vendors and the Company's business, including its intellectual property, the Company could also be subject to liability under relevant contractual obligations and laws and regulations protecting personal data and privacy.

The Company Could Suffer Losses Due to Asset Impairment and Restructuring Charges.

As a result of adverse developments in the Company's industry and challenging economic and market conditions, the Company may recognize impairment charges for write-downs of goodwill, intangible assets, investments and other long-lived assets, as well as restructuring charges relating to the reorganization of its businesses, which negatively impact the Company's financial results. When the Company acquires a business, it records goodwill in an amount equal to the excess of the fair value of the acquired business over the fair value of the identifiable assets and liabilities, including intangible assets, as of the acquisition date. The Company's management must regularly evaluate goodwill and other acquired intangible assets expected to contribute indefinitely to the Company's cash flows in order to determine whether, based on projected discounted future cash flows, the carrying value for such assets exceeds current fair value and the Company should recognize an impairment. In accordance with GAAP, the Company performs an annual impairment assessment of its recorded goodwill and indefinite-lived intangible assets, including distribution networks, newspaper mastheads, imprints and trademarks, during the fourth quarter of each fiscal year. The Company also continually evaluates whether current factors or indicators, such as prevailing conditions in the capital markets or the economy generally, require the performance of an interim impairment assessment of those assets, as well as other investments and long-lived assets, or require the Company to engage in any additional business restructurings to address these conditions. Any significant shortfall, now or in the future, in advertising revenue and/or the expected popularity of the programming for which the Company has acquired rights could lead to a downward revision in the fair value of certain reporting units. Any downward revisions in the fair value of a reporting unit, indefinite-lived intangible assets, investments or long-lived assets could result in additional impairments for which non-cash charges would be required. Any such charge could be material to the Company's reported results of operations. The News and Information Services and Cable Network Programming segments have reporting units with goodwill that is at risk for future impairment. As of June 30, 2016, nearly \$1.0 billion of goodwill at these reporting units was at risk for future impairment because the fair values of the reporting units exceeded their carrying values by less than 10%. The Company may also incur additional restructuring charges in the future if it is required to further realign its resources in response to significant shortfalls in revenue or other adverse trends.

The Company's Business Could Be Adversely Impacted by Changes in Governmental Policy and Regulation.

Various aspects of the Company's activities are subject to regulation in numerous jurisdictions around the world, and the introduction of new laws and regulations in countries where the Company's products and services are produced or distributed (and changes in the enforcement of existing laws and regulations in those countries) could have a negative impact on its interests.

For example, the Company's Australian operating businesses may be adversely affected by changes in government policy, regulation or legislation, or the application or enforcement thereof, applying to companies in the Australian media industry or to Australian companies in general. This includes:

- anti-siphoning legislation which currently prevents pay-TV providers such as Foxtel from acquiring rights to televise certain listed events (for example, the Olympic Games and certain Australian Rules football and cricket matches) unless:
 - national and commercial television broadcasters have not obtained these rights 12 weeks before the start of the event;
 - the rights to televise are also held by commercial television licensees who have rights to televise the event to more than 50% of the Australian population; or
 - the rights to televise are also held by one of Australia's two major government-funded broadcasters; and
- other parts of the Broadcasting Services Act that regulate ownership interests and control of Australian media organizations. Such legislation may have an impact on the Company's ownership structure and operations and may restrict its ability to take advantage of acquisition or investment opportunities. For example, current media diversity rules would prevent the Company from exercising control of a commercial television broadcasting license, a commercial radio license and a newspaper in the same license area.

The Company's business activities are also subject to laws and regulations governing the collection, use, sharing, protection and retention of personal data, which continue to evolve and have implications for how such data is managed. These laws and regulations could be costly to comply with, limit or restrict aspects of the Company's business, including, for example, by restricting the use of personal and profiling data to deliver targeted advertisements, and subject the Company to claims and other remedies. For example, the European Union recently adopted the GDPR, which expands the regulation of personal data processing throughout the European Union and significantly increases penalties for non-compliance. See "Governmental Regulation—Data Privacy and Security" for more information.

In addition, the Company's newspaper businesses in the U.K. are subject to greater regulation and oversight as a result of the implementation of recommendations of the Leveson inquiry into the U.K. press, which was established by Prime Minister David Cameron in mid-2011. The U.K. Government subsequently published a Royal Charter on Self-Regulation of the Press which established a Recognition Panel responsible for approving and monitoring a new press self-regulatory body. No such regulator has yet been approved by the Recognition Panel, although it is currently considering an application by a newly-formed independent body, IMPRESS. In the meantime, a majority of the U.K. press has established an alternative regulator, the Independent Press Standards Organisation, or IPSO, which began operating in September 2014. IPSO, which has indicated that it does not intend to seek approval by the Recognition Panel, has powers to impose burdens on the print media in the U.K., including the Company's U.K.-based newspaper businesses. These powers, which include the ability to impose fines of up to £1 million for breaches of IPSO's Editor's Code of Practice, may result in competitive disadvantages versus other forms of media and may increase the costs of compliance.

Adverse Results from Litigation or Other Proceedings Could Impact the Company's Business Practices and Operating Results.

From time to time, the Company is party to litigation, as well as to regulatory and other proceedings with governmental authorities and administrative agencies. For example, a competitor of the Company's NAM business has filed lawsuits against NAM alleging antitrust violations and seeking treble damages, injunctive relief and attorneys' fees. The outcome of these matters and other litigation and proceedings is subject to significant uncertainty, and it is possible that an adverse resolution of one or more such proceedings could result in reputational harm and/or significant monetary damages, injunctive relief or settlement costs that could adversely affect the Company's results of operations or financial condition as well as the Company's ability to conduct its business as it is presently being conducted. For example, in February 2016, as part of a settlement agreement relating to an action brought by customers of the NAM business, the Company agreed, subject to District Court approval, to pay the plaintiffs and their attorneys approximately \$250 million and settled related claims for approximately \$30 million. In addition, regardless of merit or outcome, such proceedings can have an adverse impact on the Company as a result of legal costs, diversion of management and other personnel, and other factors. See "Item 3. Legal Proceedings" and Note 15 to the Financial Statements for more information.

Newsprint Prices May Continue to Be Volatile and Difficult to Predict and Control.

Newsprint is one of the largest expenses of the Company's newspaper publishing units. During the three months ended June 30, 2016, the Company's average cost per ton of newsprint was approximately 16% lower than its historical average annual cost per ton over the past five fiscal years on a constant currency basis. The price of newsprint has historically been volatile and the consolidation of newsprint mills over the years has reduced the number of suppliers, which has led to increases in newsprint prices. Failure to maintain the Company's current consumption levels, further supplier consolidation or the inability to maintain the Company's existing relationships with its newsprint suppliers could adversely impact newsprint prices in the future.

The Company's International Operations Expose it to Additional Risks that Could Adversely Affect its Business, Operating Results and Financial Condition.

In its fiscal year ended June 30, 2016, approximately 54% of the Company's revenues were derived outside the U.S., and the Company is focused on expanding the international scope of its operations. There are risks inherent in doing business internationally, including (1) issues related to managing international operations; (2) economic uncertainty and volatility in local markets and political or social instability; (3) potentially adverse changes in tax laws and regulations; (4) complying with international laws and regulations, including foreign ownership restrictions and data privacy requirements; (5) complying with anti-corruption laws and regulations such as the Foreign Corrupt Practices Act and the UK Bribery Act; (6) restrictions on repatriation of funds and foreign currency exchange; and (7) complying with local labor laws and regulations. Events or developments related to these and other risks associated with the Company's international operations could result in reputational harm and have an adverse impact on the Company's business, financial condition, operating results and prospects. Challenges associated with operating globally may increase as the Company continues to expand into geographic areas that it believes represent the highest growth opportunities.

There Can Be No Assurance That the Company Will Have Access to the Capital Markets on Terms Acceptable to It.

From time to time the Company may need or desire to access the long-term and short-term capital markets to obtain financing. Although the Company believes that the sources of capital currently in place, including the Company's revolving credit facility, will permit the Company to finance its operations for the foreseeable future on acceptable terms and conditions, the Company's access to, and the availability of, financing on acceptable terms and conditions in the future will be impacted by many factors, including, but not limited to: (1) the Company's financial performance, (2) the Company's credit ratings or absence of a credit rating, (3) the liquidity of the overall capital markets and (4) the state of the economy. There can be no assurance, particularly as a company that currently has no credit rating, that the Company will continue to have access to the capital markets on terms acceptable to it.

Technological Developments May Increase the Threat of Content Piracy and Limit the Company's Ability to Protect Its Intellectual Property Rights.

The Company seeks to limit the threat of content piracy; however, policing unauthorized use of its products and services and related intellectual property is often difficult and the steps taken by the Company may not in every case prevent infringement by unauthorized third parties. Developments in technology increase the threat of content piracy by making it easier to duplicate and widely distribute pirated material. The Company has taken, and will continue to take, a variety of actions to combat piracy, both individually and, in some instances, together with industry associations. However, protection of the Company's intellectual property rights is dependent on the scope and duration of its rights as defined by applicable laws in the U.S. and abroad and the manner in which those laws are construed. If those laws are drafted or interpreted in ways that limit the extent or duration of the Company's rights, or if existing laws are changed, the Company's ability to generate revenue from its intellectual property may decrease, or the cost of obtaining and maintaining rights may increase. There can be no assurance that the Company's efforts to enforce its rights and protect its products, services and intellectual property will be successful in preventing content piracy.

The Company's Business Relies on Certain Intellectual Property and Brands.

The Company's businesses rely on a combination of trademarks, trade names, copyrights, patents and other proprietary rights, as well as contractual arrangements, including licenses, to establish and protect their intellectual property and brand names. The Company believes its proprietary trademarks, trade names, copyrights, patents and other intellectual property rights are important to its continued success and its competitive position. However, the Company cannot ensure that these intellectual property rights will be upheld if challenged or that these rights will protect the Company against infringement claims by third parties. Any failure by the Company to effectively protect its intellectual property or brands could adversely impact the Company's results of operations or financial condition. In addition, the Company may be contractually required to indemnify other parties against liabilities arising out of any third party infringement claims.

The Company's Relationship with NAR is an Important Part of its Digital Real Estate Services Business in the U.S. and this Business Could be Harmed if it were to Lose the Benefits of this Relationship.

Move, the Company's digital real estate services business in the U.S., licenses the realtor.com® trademark and website address, as well as the REALTOR® trademark, from NAR pursuant to a trademark license agreement (the "NAR License"). Move also operates the realtor.com® website under an agreement with NAR that is perpetual in duration. However, NAR may terminate the operating agreement for certain contractually-specified reasons upon expiration of applicable cure periods. If the operating agreement with NAR is terminated, the NAR License would also terminate, and Move would be required to transfer a copy of the software that operates the realtor.com® website to NAR and provide NAR with copies of its agreements with advertisers and data content providers. NAR would then be able to operate a realtor.com® website, either by itself or with another third party.

In addition to the contractual limitations and risks described above, any adverse developments in Move's business relationship with NAR as a result of existing or new areas of conflict or potential conflict between Move's interests and NAR's interests, changes in the real estate industry or other causes could also adversely affect Move's business, particularly as many of its customers and data providers are members of, have interests that are closely aligned with, or are otherwise influenced by, NAR.

Labor Disputes May Have an Adverse Effect on the Company's Business.

In a variety of the Company's businesses, it engages the services of employees who are subject to collective bargaining agreements. If the Company is unable to renew expiring collective bargaining agreements, it is possible that the affected unions could take action in the form of strikes or work stoppages. Such actions, as well as higher costs in connection with these collective bargaining agreements or a significant labor dispute, could have an adverse effect on the Company's business by causing delays in production or by reducing profit margins.

Risks Related to the Company's Separation from 21st Century Fox

If the Separation, Together with Certain Related Transactions, Were Ultimately Determined to be Taxable Transactions for U.S. Federal and/or Other Jurisdictions' Income Tax Purposes, then the Company, 21st Century Fox and Its Stockholders Could Be Subject to Significant Tax Liability, and the Company may be Required to Indemnify 21st Century Fox for Tax-Related Liabilities Incurred by 21st Century Fox.

In connection with the Separation, 21st Century Fox received a private letter ruling from the Internal Revenue Service ("IRS") to the effect that, among other things, the distribution of the Company's Class A Common Stock and Class B Common Stock qualified as tax-free under Sections 368 and 355 of the Internal Revenue Code of 1986, as amended (the "Code") except for cash received in lieu of fractional shares. In addition, 21st Century Fox received an opinion from its tax counsel confirming the tax-free status of the Separation for U.S. federal income tax purposes, including the satisfaction of the requirements under Sections 368 and 355 of the Code not specifically addressed in the IRS private letter ruling. The opinion of 21st Century Fox's tax counsel is not binding on the IRS or the courts, and there is no assurance that the IRS or a court will not take a contrary position.

The private letter ruling and the opinion relied on certain facts and assumptions, and certain representations from the Company and 21st Century Fox regarding the past and future conduct of their respective businesses and other matters. Notwithstanding the receipt of the private letter ruling and the opinion, the IRS and/or other tax authorities could determine on audit that the distribution or the related internal reorganization transactions should be treated as taxable transactions if any of these facts, assumptions, representations or undertakings is not correct or has been violated, or that the distribution or the internal transactions should be taxable for other reasons. If the distribution ultimately is determined to be taxable, the distribution could be treated as a taxable dividend or capital gain for U.S. federal income tax purposes, and U.S. stockholders and certain non-U.S. stockholders could incur significant U.S. federal income tax liabilities. In addition, if the internal reorganization and/or the distribution is ultimately determined to be taxable, 21st Century Fox and/or the Company would recognize gains on the internal reorganization and 21st Century Fox would recognize gain in an amount equal to the excess of the fair market value of shares of the Company's common stock distributed to 21st Century Fox's stockholders on the Distribution Date over 21st Century Fox's tax basis in such shares. As described below, the Company may in certain circumstances be required to indemnify 21st Century Fox for liabilities arising out of the foregoing.

Under the terms of the Tax Sharing and Indemnification Agreement that the Company and 21st Century Fox entered into in connection with the Separation, the Company will, in certain circumstances, be responsible for all taxes, including interest and penalties, and tax-related liabilities incurred by 21st Century Fox as a result of actions taken by the Company or any of its subsidiaries after the Separation. Specifically, in the event that the distribution or the internal transactions intended not to be subject to tax were determined to be subject to tax and such determination was the result of certain actions taken, or omitted to be taken, after the Separation by the Company or any of its subsidiaries and such actions (1) were inconsistent with any representation or covenant made in connection with the private letter ruling or opinion of 21st Century Fox's tax counsel, (2) violated any representation or covenant made in the Tax Sharing and Indemnification Agreement, or (3) the Company or any of its subsidiaries knew or reasonably should have expected, after consultation with its advisors, could result in any such determination, the Company will be responsible for any tax-related liabilities incurred by 21st Century Fox as a result of such determination.

The Company Could Be Liable for Income Taxes Owed by 21st Century Fox.

Each member of the 21st Century Fox consolidated group, which, prior to the Separation, included 21st Century Fox, the Company and 21st Century Fox's other subsidiaries, is jointly and severally liable for the U.S. federal income tax liability of each other member of the consolidated group for periods prior to and including the Separation. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any member of 21st Century Fox's consolidated group. The Tax Sharing and Indemnification Agreement requires 21st Century Fox to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the IRS in amounts that the Company cannot quantify.

The Separation and Distribution Agreement May Restrict the Company From Acquiring or Owning Certain Types of Assets in the U.S.

The Federal Communications Commission (“FCC”) has promulgated certain rules and regulations that limit the ownership of radio and television broadcast stations, television broadcast networks and newspapers (the “Broadcast Ownership Rules”) and place commercial restrictions on a cable network programmer in which a cable television operator holds an ownership interest (the “Program Access Rules”). Under the FCC’s rules for determining ownership of the media assets described above, the Murdoch Family Trust’s ownership interest in both the Company and 21st Century Fox following the Separation would generally result in each company’s businesses and assets being attributable to the Murdoch Family Trust for purposes of determining compliance with the Broadcast Ownership Rules and the Program Access Rules. Consequently, the Company’s future conduct, including its acquisition of any newspapers in the same local markets in which 21st Century Fox owns or operates television stations or the Company’s acquisition of an ownership interest in a cable operator, may affect 21st Century Fox’s ability to own and operate its television stations or otherwise comply with the Broadcast Ownership Rules, or may subject 21st Century Fox to the Program Access Rules. Therefore, the Company and 21st Century Fox agreed in the Separation and Distribution Agreement that if the Company acquires, after the Distribution Date, newspapers, radio or television broadcast stations or television broadcast networks in the U.S. and such acquisition would impede or be reasonably likely to impede 21st Century Fox’s business, then the Company will be required to take certain actions, including divesting assets, in order to permit 21st Century Fox to hold its media interests and to comply with such rules. In addition, the Company will be prohibited from acquiring an interest in a multichannel video programming distributor, including a cable television operator, if such acquisition would subject 21st Century Fox to the Program Access Rules to which it is not then subject. This agreement effectively limits the activities or strategic business alternatives available to the Company if such activities or strategic business alternatives implicate the Broadcast Ownership Rules or Program Access Rules and would impede or be reasonably likely to impede 21st Century Fox’s business.

The Indemnification Arrangements the Company Entered Into With 21st Century Fox in Connection With the Separation May Require the Company to Divert Cash to Satisfy Indemnification Obligations to 21st Century Fox.

Pursuant to the Separation and Distribution Agreement and certain other related agreements, 21st Century Fox agreed to indemnify the Company for certain liabilities, and the Company agreed to indemnify 21st Century Fox for certain liabilities. As a result, the Company could be required, under certain circumstances, to indemnify 21st Century Fox and its affiliates against certain liabilities to the extent such liabilities result from an action the Company or its affiliates take or from any breach of the Company or its affiliates’ representations, covenants or obligations under the Separation and Distribution Agreement, Tax Sharing and Indemnification Agreement or any other agreement the Company entered into in connection with the Separation. The diversion of cash that may occur if the Company is required to indemnify 21st Century Fox under these agreements could limit the Company’s ability to grow its businesses or capitalize on acquisition opportunities.

Certain of the Company’s Directors and Officers May Have Actual or Potential Conflicts of Interest Because of Their Equity Ownership in 21st Century Fox, and Certain of the Company’s Officers and Directors May Have Actual or Potential Conflicts of Interest Because They Also Serve as Officers and/or on the Board of Directors of 21st Century Fox, Which May Result in the Diversion of Corporate Opportunities to 21st Century Fox.

Certain of the Company’s directors and executive officers own shares of 21st Century Fox’s common stock, and the individual holdings may be significant for some of these individuals compared to their total assets. In addition, certain of the Company’s officers and directors also serve as officers and/or as directors of 21st Century Fox, including K. Rupert Murdoch, who serves as the Company’s Executive Chairman and Executive Chairman of 21st Century Fox, and Lachlan K. Murdoch, who serves as the Company’s Co-Chairman and Executive Chairman of 21st Century Fox. This ownership or service to both companies may create, or may create the appearance of, conflicts of interest when these directors and officers are faced with decisions that could have different implications for the Company and 21st Century Fox. For example, potential conflicts of interest could

arise in connection with the resolution of any dispute that may arise between the Company and 21st Century Fox regarding the terms of the agreements governing the internal reorganization, the Separation and the relationship thereafter between the companies, including with respect to the indemnification of certain matters. In addition to any other arrangements that the Company and 21st Century Fox may agree to implement, the Company and 21st Century Fox have agreed that officers and directors who serve at both companies will recuse themselves from decisions where conflicts arise due to their positions at both companies.

The Company's Restated Certificate of Incorporation acknowledges that the Company's directors and officers, as well as certain of its stockholders, including K. Rupert Murdoch, certain members of his family and certain family trusts (so long as such persons continue to own, in the aggregate, 10% or more of the voting stock of each of the Company and 21st Century Fox), each of which is referred to as a covered stockholder, are or may become stockholders, directors, officers, employees or agents of 21st Century Fox and certain of its affiliates. The Company's Restated Certificate of Incorporation provides that any such overlapping person will not be liable to the Company, or to any of its stockholders, for breach of any fiduciary duty that would otherwise exist because such individual directs a corporate opportunity (other than certain limited types of restricted business opportunities set forth in the Company's Restated Certificate of Incorporation) to 21st Century Fox instead of the Company. As 21st Century Fox does not have a similar provision regarding corporate opportunities in its certificate of incorporation, the provisions in the Company's Restated Certificate of Incorporation could result in an overlapping person submitting any corporate opportunities other than restricted business opportunities to 21st Century Fox instead of the Company.

Risks Related to the Company's Common Stock

The Market Price of the Company's Stock May Fluctuate Significantly.

The Company cannot predict the prices at which its common stock may trade. The market price of the Company's common stock may fluctuate significantly, depending upon many factors, some of which may be beyond its control, including: (1) the Company's quarterly or annual earnings, or those of other companies in its industry; (2) actual or anticipated fluctuations in the Company's operating results; (3) success or failure of the Company's business strategy; (4) the Company's ability to obtain financing as needed; (5) changes in accounting standards, policies, guidance, interpretations or principles; (6) changes in laws and regulations affecting the Company's business; (7) announcements by the Company or its competitors of significant new business developments or customers; (8) announcements by the Company or its competitors of significant acquisitions or dispositions; (9) changes in earnings estimates by securities analysts or the Company's ability to meet its earnings guidance, if any; (10) the operating and stock price performance of other comparable companies; (11) results from material litigation or governmental investigations; (12) changes in capital gains taxes and taxes on dividends affecting stockholders; and (13) overall market fluctuations and general economic conditions.

Certain Provisions of the Company's Restated Certificate of Incorporation, Amended and Restated By-laws, Tax Sharing and Indemnification Agreement, Separation and Distribution Agreement and Delaware Law, the Company's Second Amended and Restated Stockholder Rights Agreement and the Ownership of the Company's Common Stock by the Murdoch Family Trust May Discourage Takeovers and the Concentration of Ownership Will Affect the Voting Results of Matters Submitted for Stockholder Approval.

The Company's Restated Certificate of Incorporation and Amended and Restated By-laws contain certain anti-takeover provisions that may make more difficult or expensive a tender offer, change in control, or takeover attempt that is opposed by the Company's Board of Directors or certain stockholders holding a significant percentage of the voting power of the Company's outstanding voting stock. In particular, the Company's Restated Certificate of Incorporation and Amended and Restated By-laws provide for, among other things:

- a dual class common equity capital structure;
- a prohibition on stockholders taking any action by written consent without a meeting;

- special stockholders' meeting to be called only by the Chief Executive Officer, the Board of Directors, or the holders of not less than 20% of the voting power of the Company's outstanding voting stock;
- the requirement that stockholders give the Company advance notice to nominate candidates for election to the Board of Directors or to make stockholder proposals at a stockholders' meeting;
- the requirement of an affirmative vote of at least 65% of the voting power of the Company's outstanding voting stock to amend or repeal its by-laws;
- certain restrictions on the transfer of the Company's shares; and
- the Board of Directors to issue, without stockholder approval, Preferred Stock and Series Common Stock with such terms as the Board of Directors may determine.

These provisions could discourage potential acquisition proposals and could delay or prevent a change in control of the Company, even in the case where a majority of the stockholders may consider such proposals, if effective, desirable.

In addition, in connection with the Separation, the Company's Board of Directors adopted a stockholder rights agreement, which it extended in June 2014 and again in June 2015. Pursuant to the second amended and restated stockholder rights agreement, each outstanding share of the Company's common stock has attached to it a right entitling its holder to purchase from the Company additional shares of its Class A Common Stock and Class B Common Stock in the event that a person or group acquires beneficial ownership of 15% or more of the then-outstanding Class B Common Stock without approval of the Company's Board of Directors, subject to exceptions for persons beneficially owning 15% or more of the Company's Class B Common Stock immediately following the Separation. The stockholder rights agreement could make it more difficult for a third-party to acquire the Company's voting common stock without the approval of its Board of Directors. The rights expire on June 18, 2018, except as otherwise provided in the rights agreement. Further, as a result of his ability to appoint certain members of the board of directors of the corporate trustee of the Murdoch Family Trust, which beneficially owns less than one percent of the Company's outstanding Class A Common Stock and approximately 38.4% of the Company's Class B Common Stock as of August 5, 2016, K. Rupert Murdoch may be deemed to be a beneficial owner of the shares beneficially owned by the Murdoch Family Trust. K. Rupert Murdoch, however, disclaims any beneficial ownership of these shares. Also, K. Rupert Murdoch beneficially owns or may be deemed to beneficially own an additional one percent of the Company's Class B Common Stock and less than one percent of the Company's Class A Common Stock as of August 5, 2016. Thus, K. Rupert Murdoch may be deemed to beneficially own in the aggregate less than one percent of the Company's Class A Common Stock and approximately 39.4% of the Company's Class B Common Stock as of August 5, 2016. This concentration of voting power could discourage third parties from making proposals involving an acquisition of the Company. Additionally, the ownership concentration of Class B Common Stock by the Murdoch Family Trust increases the likelihood that proposals submitted for stockholder approval that are supported by the Murdoch Family Trust will be adopted and proposals that the Murdoch Family Trust does not support will not be adopted, whether or not such proposals to stockholders are also supported by the other holders of Class B Common Stock. Furthermore, the adoption of the second amended and restated stockholder rights agreement will prevent, unless the Company's Board of Directors otherwise determines at the time, other potential stockholders from acquiring a similar ownership position in the Company's Class B Common Stock and, accordingly, could prevent a meaningful challenge to the Murdoch Family Trust's influence over matters submitted for stockholder approval.

ITEM 3. LEGAL PROCEEDINGS

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed below.

U.K. Newspaper Matters and Related Investigations and Litigation

On July 19, 2011, a purported class action lawsuit captioned *Wilder v. News Corp., et al.* was filed on behalf of all purchasers of 21st Century Fox's common stock between March 3, 2011 and July 11, 2011, in the U.S. District Court for the Southern District of New York (the "Wilder Litigation"). The plaintiff brought claims under Section 10(b) and Section 20(a) of the Exchange Act, alleging that false and misleading statements were issued regarding alleged acts of voicemail interception at *The News of the World*. The suit named as defendants 21st Century Fox, Rupert Murdoch, James Murdoch and Rebekah Brooks, and sought compensatory damages, rescission for damages sustained and costs.

On June 5, 2012, the District Court issued an order appointing the Avon Pension Fund ("Avon") as lead plaintiff and Robbins Geller Rudman & Dowd as lead counsel. Avon filed an amended consolidated complaint on July 31, 2012, which among other things, added as defendants the Company's subsidiary, NI Group Limited (now known as News Corp UK & Ireland Limited), and Les Hinton, and expanded the class period to comprise February 15, 2011 to July 18, 2011. Defendants filed motions to dismiss the litigation, which were granted by the District Court on March 31, 2014. Plaintiffs were allowed to amend their complaint, and on April 30, 2014, plaintiffs filed a second amended consolidated complaint, which generally repeated the allegations of the amended consolidated complaint and also expanded the class period to comprise July 8, 2009 to July 18, 2011. Defendants moved to dismiss the second amended consolidated complaint, and on September 30, 2015, the District Court granted defendants' motions in their entirety and dismissed all of plaintiffs' claims. In its memorandum, opinion and order relating to the dismissal, the District Court gave plaintiffs until November 6, 2015 to file a motion for leave to amend their complaint. On October 21, 2015, plaintiffs filed a motion for reconsideration of the District Court's memorandum, opinion and order, which defendants have opposed. The Company's management believes these claims are entirely without merit and intends to vigorously defend this action. As described below, the Company will be indemnified by 21st Century Fox for certain payments made by the Company that relate to, or arise from, the U.K. Newspaper Matters (as defined below), including all payments in connection with the Wilder Litigation.

In addition, civil claims have been brought against the Company with respect to, among other things, voicemail interception and inappropriate payments to public officials at the Company's former publication, *The News of the World*, and at *The Sun*, and related matters (the "U.K. Newspaper Matters"). The Company has admitted liability in many civil cases and has settled a number of cases. The Company also settled a number of claims through a private compensation scheme which was closed to new claims after April 8, 2013.

In connection with the Separation, the Company and 21st Century Fox agreed in the Separation and Distribution Agreement that 21st Century Fox would indemnify the Company for payments made after the Distribution Date arising out of civil claims and investigations relating to the U.K. Newspaper Matters as well as legal and professional fees and expenses paid in connection with the previously concluded criminal matters, other than fees, expenses and costs relating to employees (i) who are not directors, officers or certain designated employees or (ii) with respect to civil matters, who are not co-defendants with the Company or 21st Century Fox. 21st Century Fox's indemnification obligations with respect to these matters will be settled on an after-tax basis.

The Company incurred gross legal and professional fees related to the U.K. Newspaper Matters and costs for civil settlements totaling approximately \$42 million, \$101 million and \$169 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. With respect to the fees and costs incurred during the fiscal years ended June 30, 2016, 2015 and 2014, the Company has been or will be indemnified by 21st Century Fox for \$23 million, net of tax, \$51 million, net of tax, and \$97 million, net of tax, respectively, pursuant to the indemnification arrangements described above.

As of June 30, 2016, the Company has provided for its best estimate of the liability for the claims that have been filed and costs incurred, including liabilities associated with employment taxes, and has accrued approximately \$99 million, of which approximately \$55 million will be indemnified by 21st Century Fox, and a corresponding receivable was recorded in Other current assets on the Balance Sheet as of June 30, 2016. It is not possible to estimate the liability or corresponding receivable for any additional claims that may be filed given the information that is currently available to the Company. If more claims are filed and additional information becomes available, the Company will update the liability provision and corresponding receivable for such matters. The Company is not able to predict the ultimate outcome or cost of the civil claims. It is possible that these proceedings and any adverse resolution thereof could damage its reputation, impair its ability to conduct its business and adversely affect its results of operations and financial condition.

News America Marketing

In-Store Marketing and FSI Purchasers

On April 8, 2014, in connection with a pending action in the U.S. District Court for the Southern District of New York in which The Dial Corporation, Henkel Consumer Goods, Inc., H.J. Heinz Company, H.J. Heinz Company, L.P., Foster Poultry Farms, Smithfield Foods, Inc., HP Hood LLC and BEF Foods, Inc. (collectively, the “Named Plaintiffs”) alleged various claims under federal and state antitrust law against News Corporation, News America Incorporated (“NAI”), News America Marketing FSI L.L.C. (“NAM FSI”), and News America Marketing In-Store Services L.L.C. (“NAM In-Store Services” and, together with News Corporation, NAI and NAM FSI, the “NAM Group”), the Named Plaintiffs filed a fourth amended complaint on consent of the parties. The fourth amended complaint asserted federal and state antitrust claims both individually and on behalf of two putative classes in connection with the purchase of in-store marketing services and free-standing insert coupons. The complaint sought treble damages, injunctive relief and attorneys’ fees.

On August 11, 2014, the Named Plaintiffs filed a motion seeking certification of a class of all persons residing in the United States who purchased in-store marketing services on or after April 5, 2008 and did not purchase those services pursuant to contracts with mandatory arbitration clauses. On June 18, 2015, the District Court granted the Named Plaintiffs’ motion, although it subsequently amended the start date of the claim period to April 26, 2009.

On September 10, 2015, the District Court granted a stipulation dismissing with prejudice the Named Plaintiffs’ claims relating to free-standing insert coupons. Trial began on February 29, 2016, and on such date, the parties agreed to settle the litigation. Under the terms of the settlement, which remains subject to District Court approval, the NAM Group agreed, among other things, to pay the plaintiffs and their attorneys approximately \$250 million, and the parties agreed to dismiss the litigation with prejudice. The District Court has scheduled a final settlement approval hearing for September 21, 2016. The NAM Group also settled related claims for approximately \$30 million. As a result, the Company recorded one-time costs of approximately \$280 million for the fiscal year ended June 30, 2016 in NAM Group and Zillow settlements, net in the Company’s Statement of Operations.

Valassis Communications, Inc.

On November 8, 2013, Valassis Communications, Inc. (“Valassis”) initiated legal proceedings against certain of the Company’s subsidiaries alleging violations of various antitrust laws. These proceedings are described in further detail below.

- Valassis previously initiated an action against NAI, NAM FSI and NAM In-Store Services (collectively, the “NAM Parties”), captioned Valassis Communications, Inc. v. News America Incorporated, et al., No. 2:06-cv-10240 (E.D. Mich.) (“Valassis I”), alleging violations of federal antitrust laws, which was settled in February 2010. On November 8, 2013, Valassis filed a motion for expedited discovery in the previously settled case based on its belief that defendants had engaged in activities prohibited under an order issued by the U.S. District Court for the Eastern District of Michigan in connection with the parties’ settlement, which motion was granted by the magistrate judge.

Valassis subsequently filed a Notice of Violation of an order issued by the District Court in Valassis I. The Notice contained allegations that were substantially similar to the allegations Valassis made in Valassis II, described below, and sought treble damages, injunctive relief and attorneys’ fees. The Notice also re-asserted claims of unlawful bundling and tying which the magistrate judge had previously recommended be dismissed from Valassis II on the grounds that such claims could only be brought before a panel of antitrust experts previously appointed in Valassis I (the “Antitrust Expert Panel”). On March 2, 2015, the NAM Parties filed a motion to refer the Notice to the Antitrust Expert Panel or, in the alternative, strike the Notice. The District Court granted the NAM Parties’ motion in part on March 30, 2016 and ordered that the Notice be referred to the Antitrust Expert Panel. The District Court further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

- On November 8, 2013, Valassis also filed a new complaint in the U.S. District Court for the Eastern District of Michigan against the NAM Group alleging violations of federal and state antitrust laws and common law business torts (“Valassis II”). The complaint sought treble damages, injunctive relief and attorneys’ fees and costs. On December 19, 2013, the NAM Group filed a motion to dismiss the newly filed complaint.

The District Court referred the NAM Group’s motion to dismiss to the magistrate judge for determination, and on July 16, 2014, the magistrate judge recommended that the District Court grant the NAM Group’s motion in part with respect to certain claims regarding alleged bundling and tying conduct and stay the remainder of the action. On March 30, 2016, the District Court adopted in part the magistrate judge’s recommendation. The District Court ordered that Valassis’s bundling and tying claims be dismissed without prejudice to Valassis’s rights to pursue relief for those claims in Valassis I. The District Court sustained Valassis’s objection to the stay of Valassis II, but further ordered that all remaining claims in the NAM Group’s motion to dismiss be referred to the Antitrust Expert Panel. The District Court further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

On May 17, 2016, the District Court held a status conference to discuss the referral to the Antitrust Expert Panel in both Valassis I and Valassis II. While it is not possible at this time to predict with any degree of certainty the ultimate outcome of these actions, the NAM Group believes it has been compliant with applicable laws and intends to defend itself vigorously in both actions.

Other

In addition, the Company’s operations are subject to tax in various domestic and international jurisdictions and as a matter of course, the Company is regularly audited by federal, state and foreign tax authorities. The Company believes it has appropriately accrued for the expected outcome of all pending tax matters and does not currently anticipate that the ultimate resolution of pending tax matters will have a material adverse effect on its consolidated financial condition, future results of operations or liquidity.

Dividends

In February 2016, the Company’s Board of Directors (the “Board of Directors”) declared a semi-annual cash dividend of \$0.10 per share of Class A Common Stock and Class B Common Stock. This dividend was paid on April 13, 2016 to stockholders of record at the close of business on March 9, 2016. In August 2015, the Board of Directors declared a semi-annual cash dividend of \$0.10 per share of Class A Common Stock and Class B Common Stock. This dividend was paid on October 21, 2015 to stockholders of record at the close of business on September 16, 2015. No dividends were declared or paid in fiscal 2015. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Board of Directors. The Board of Directors’ decisions regarding the payment of future dividends will depend on many factors, including the Company’s financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

Issuer Purchases of Equity Securities

In May 2013, the Board of Directors authorized the Company to repurchase up to an aggregate of \$500 million of its Class A Common Stock. On May 10, 2015, the Company announced it had begun repurchasing shares of Class A Common Stock under the stock repurchase program. Through August 5, 2016 the Company repurchased approximately 5.2 million shares of Class A Common Stock for an aggregate purchase price of approximately \$71 million. The remaining authorized amount under the stock repurchase program as of August 5, 2016 was approximately \$429 million. All decisions regarding any future stock repurchases are at the sole discretion of a duly appointed committee of the Board of Directors and management. The committee’s decisions regarding future stock repurchases will be evaluated from time to time in light of many factors, including the Company’s financial condition, earnings, capital requirements and debt facility covenants, other contractual

restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the committee may deem relevant. The stock repurchase authorization may be modified, extended, suspended or discontinued at any time by the Board of Directors and the Board of Directors cannot provide any assurances that any additional shares will be repurchased.

The following table is a summary of the Company's purchases of its Class A Common Stock during the fiscal year ended June 30, 2016.

	Total Number of Shares Repurchased	Average Price per Share	Total Cost of Purchase
	(in thousands, except per share amounts)		
Total first quarter fiscal 2016	891	\$14.44	\$12,864
Total second quarter fiscal 2016	281	12.35	3,470
Total third quarter fiscal 2016	<u>1,922</u>	<u>11.86</u>	<u>22,795</u>
Total fiscal 2016	<u>3,094</u>	<u>\$12.65</u>	<u>\$39,129</u>

The Company did not purchase any of its Class B Common Stock during the fiscal year ended June 30, 2016.

- (a) During the fiscal year ended June 30, 2016, the Company recognized \$158 million (\$98 million, net of tax) in net settlement costs associated with the NAM Group and Zillow legal settlements. The Company recognized one-time costs of approximately \$280 million in connection with the settlement of certain litigation and related claims at News America Marketing during the three months ended March 31, 2016. In addition, the Company recognized a gain of \$122 million in connection with the settlement of litigation with Zillow, Inc., which reflects settlement proceeds received from Zillow of \$130 million, less \$8 million paid to the National Association of Realtors[®] during the three months ended June 30, 2016.
- (b) See Notes 3, 4, 5, 6, 8 and 15 to the Consolidated Financial Statements of News Corporation for information with respect to significant acquisitions, disposals, discontinued operations, impairment charges, restructuring charges, contingencies and legal settlements and other transactions during fiscal 2016, 2015 and 2014.
- (c) On June 28, 2013 (the “Distribution Date”), the Company completed the separation of its businesses (the “Separation”) from Twenty-First Century Fox, Inc. (“21st Century Fox”). As of the effective time of the Separation, all of the outstanding shares of the Company were distributed to 21st Century Fox stockholders based on a distribution ratio of one share of Company Class A or Class B Common Stock for every four shares of 21st Century Fox Class A or Class B Common Stock, respectively, held of record as of June 21, 2013 (the “Record Date”). Prior to the Separation, the Company’s combined financial statements were prepared on a stand-alone basis derived from the consolidated financial statements and accounting records of 21st Century Fox. The Company’s consolidated statement of operations for the fiscal years ended June 30, 2013 and 2012 included allocations of general corporate expenses for certain support functions that were provided on a centralized basis by 21st Century Fox and not recorded at the business unit level, such as expenses related to finance, human resources, information technology, facilities and legal, among others.

These expenses were allocated to the Company on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis of consolidated revenues, operating income, headcount or other measures of the Company. Management believes the assumptions underlying these consolidated financial statements, including the assumptions regarding allocating general corporate expenses from 21st Century Fox, were reasonable.

- (d) During fiscal 2012, the Company recorded non-cash impairment charges of approximately \$2.6 billion (\$2.2 billion, net of tax) related to the News and Information Services segment.
- (e) In accordance with the Separation and Distribution Agreement, the Company's target aggregate cash and cash equivalents balance at the Distribution Date was approximately \$2.6 billion. As of June 30, 2013, the Company had cash and cash equivalents of approximately \$2.4 billion. The remaining \$0.2 billion was received from 21st Century Fox during the first quarter of fiscal 2014 and was recorded in Amounts due from 21st Century Fox on the Consolidated Balance Sheet as of June 30, 2013.

ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion and analysis contains statements that constitute “forward-looking statements” within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and Section 27A of the Securities Act of 1933, as amended. All statements that are not statements of historical fact are forward-looking statements. The words “expect,” “estimate,” “anticipate,” “predict,” “believe” and similar expressions and variations thereof are intended to identify forward-looking statements. These statements appear in a number of places in this discussion and analysis and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things, trends affecting the Company’s financial condition or results of operations and the outcome of contingencies such as litigation and investigations. Readers are cautioned that any forward-looking statements are not guarantees of future performance and involve risks and uncertainties. More information regarding these risks, uncertainties and other important factors that could cause actual results to differ materially from those in the forward-looking statements is set forth under the heading “Risk Factors” in Item 1A of this Annual Report on Form 10-K (the “Annual Report”). The Company does not ordinarily make projections of its future operating results and undertakes no obligation (and expressly disclaims any obligation) to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. Readers should carefully review this document and the other documents filed by the Company with the Securities and Exchange Commission (the “SEC”). This section should be read together with the Consolidated Financial Statements of News Corporation and related notes set forth elsewhere in this Annual Report.

INTRODUCTION

News Corporation (together with its subsidiaries, “News Corporation,” “News Corp,” the “Company,” “we,” or “us”) is a global diversified media and information services company comprised of businesses across a range of media, including: news and information services, book publishing, digital real estate services, cable network programming in Australia and pay-TV distribution in Australia.

During the first quarter of fiscal 2016, management approved a plan to dispose of the Company’s digital education business. As a result of the plan and the discontinuation of further significant business activities in the Digital Education segment, the assets and liabilities of this segment were classified as held for sale and the results of operations have been classified as discontinued operations for all periods presented. Unless indicated otherwise, the information in the notes to the Consolidated Financial Statements relates to the Company’s continuing operations. (See Note 4 to the Consolidated Financial Statements).

The consolidated financial statements are referred to herein as the “Consolidated Financial Statements.” The consolidated statements of operations are referred to herein as the “Statements of Operations.” The consolidated balance sheets are referred to herein as the “Balance Sheets.” The consolidated statements of cash flows are referred to herein as the “Statements of Cash Flows.” The Consolidated Financial Statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”).

Management’s discussion and analysis of financial condition and results of operations is intended to help provide an understanding of the Company’s financial condition, changes in financial condition and results of operations. This discussion is organized as follows:

- **Overview of the Company’s Business**—This section provides a general description of the Company’s businesses, as well as developments that occurred during fiscal 2016, fiscal 2015 and fiscal 2014 that the Company believes are important in understanding its results of operations and financial condition or to disclose known trends.
- **Results of Operations**—This section provides an analysis of the Company’s results of operations for the three fiscal years ended June 30, 2016, respectively. This analysis is presented on a consolidated basis

and a segment basis. In addition, a brief description is provided of significant transactions and events that impact the comparability of the results being analyzed. The Company's fiscal year ends on the Sunday closest to June 30. Fiscal 2016, fiscal 2015 and fiscal 2014 include 53, 52 and 52 weeks, respectively. As a result, the Company has referenced the impact of the 53rd week, where applicable, when providing analysis of the results of operations.

- **Liquidity and Capital Resources**—This section provides an analysis of the Company's cash flows for the three fiscal years ended June 30, 2016, respectively, as well as a discussion of the Company's financial arrangements and outstanding commitments, both firm and contingent, that existed as of June 30, 2016.
- **Critical Accounting Policies**—This section discusses accounting policies considered important to the Company's financial condition and results of operations, and which require significant judgment and estimates on the part of management in application. In addition, Note 2 to the Consolidated Financial Statements summarizes the Company's significant accounting policies, including the critical accounting policy discussion found in this section.

OVERVIEW OF THE COMPANY'S BUSINESSES

The Company manages and reports its businesses in the following five segments:

- **News and Information Services**—The News and Information Services segment includes the global print and digital product offerings of *The Wall Street Journal* and the Dow Jones Media Group, which includes *Barron's* and MarketWatch, as well as the Company's suite of professional information products, including Factiva, Dow Jones Risk & Compliance, Dow Jones Newswires, Dow Jones PEVC and DJX. The Company also owns, among other publications, *The Australian*, *The Daily Telegraph*, *Herald Sun* and *The Courier-Mail* in Australia, *The Times*, *The Sunday Times*, *The Sun* and *The Sun on Sunday* in the U.K. and the *New York Post* in the U.S. This segment also includes both News America Marketing, a leading provider of home-delivered shopper media, in-store marketing products and services and digital marketing solutions, including Checkout 51's mobile application, as well as Unruly, a leading global video advertising distribution platform.
- **Book Publishing**—The Book Publishing segment consists of HarperCollins, the second largest consumer book publisher in the world, with operations in 18 countries and particular strengths in general fiction, nonfiction, children's and religious publishing. HarperCollins owns more than 120 branded publishing imprints, including Avon, Harper, HarperCollins Children's Books, William Morrow, Harlequin and Christian publishers Zondervan and Thomas Nelson, and publishes works by well-known authors such as Harper Lee, Mitch Albom, Veronica Roth, Rick Warren, Sarah Young and Agatha Christie and popular titles such as *The Hobbit*, *Goodnight Moon*, *To Kill a Mockingbird*, *Jesus Calling* and the *Divergent* series.
- **Digital Real Estate Services**—The Digital Real Estate Services segment consists primarily of the Company's interests in REA Group Limited ("REA Group") and Move, Inc. ("Move"). REA Group is a publicly traded company listed on the Australian Securities Exchange ("ASX") (ASX: REA) that advertises property and property-related services on websites and mobile applications across Australia, Europe and Asia. REA Group operates Australia's leading residential and commercial property websites, realestate.com.au and realcommercial.com.au. The Company holds a 61.6% interest in REA Group.

Move, acquired in November 2014, is a leading provider of online real estate services in the U.S. and primarily operates realtor.com®, a premier real estate information and services marketplace. Move also offers a number of professional software and services products, including Top Producer®, TigerLead® and ListHub™. The Company owns an 80% interest in Move, with the remaining 20% being held by REA Group.
- **Cable Network Programming**—The Cable Network Programming segment consists of FOX SPORTS Australia, the leading sports programming provider in Australia, with seven high definition television

channels distributed via cable, satellite and IP, several interactive viewing applications and broadcast rights to live sporting events in Australia including: National Rugby League, the domestic football league, international cricket and Australian Rugby Union.

- **Other**—The Other segment consists primarily of general corporate overhead expenses, the corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters (as defined in “Item 1A. Risk Factors”). The Company’s corporate Strategy and Creative Group was formed to identify new products and services across its businesses to increase revenues and profitability and to target and assess potential acquisitions and investments.

News and Information Services

Revenue at the News and Information Services segment is derived from the sale of advertising, circulation and subscriptions, as well as licensing. Adverse changes in general market conditions for advertising continue to affect revenues. Advertising revenues at the News and Information Services segment are also subject to seasonality, with revenues typically being highest in the Company’s second fiscal quarter due to the end-of-year holiday season in its main operating geographies. Circulation and subscription revenues can be greatly affected by changes in the prices of the Company’s and/or competitors’ products, as well as by promotional activities.

Operating expenses include costs related to paper, production, distribution, third party printing, editorial and commissions. Selling, general and administrative expenses include promotional expenses, salaries, employee benefits, rent and other routine overhead.

The News and Information Services segment’s advertising volume, circulation and the price of paper are the key variables whose fluctuations can have a material effect on the Company’s operating results and cash flow. The Company has to anticipate the level of advertising volume, circulation and paper prices in managing its businesses to maximize operating profit during expanding and contracting economic cycles. The Company continues to be exposed to risks associated with paper used for printing. Paper is a basic commodity and its price is sensitive to the balance of supply and demand. The Company’s expenses are affected by the cyclical increases and decreases in the price of paper. The News and Information Services segment’s products compete for readership and advertising with local and national competitors and also compete with other media alternatives in their respective markets. Competition for circulation and subscriptions is based on the content of the products provided, pricing and, from time to time, various promotions. The success of these products also depends upon advertisers’ judgments as to the most effective use of their advertising budgets. Competition for advertising is based upon the reach of the products, advertising rates and advertiser results. Such judgments are based on factors such as cost, availability of alternative media, distribution and quality of readership demographics.

The Company’s traditional print business faces challenges from alternative media formats and shifting consumer preferences. The Company is also exposed to the impact of long-term structural movements in advertising spending, in particular, the move in advertising from print to digital. These alternative media formats could impact the Company’s overall performance, positively or negatively. In addition, technologies have been and will continue to be developed that allow users to block advertising on websites and mobile devices, which may impact advertising rates or revenues.

As a multi-platform news provider, the Company recognizes the importance of maximizing revenues from a variety of media formats and platforms, both in terms of paid-for content and in new advertising models, and continues to invest in its digital products. Technologies such as smartphones, tablets and similar devices and their related applications provide continued opportunities for the Company to make its journalism available to a new audience of readers, introduce new or different pricing schemes, and develop its products to continue to attract advertisers and/or affect the relationship between publisher and consumer. The Company continues to develop and implement strategies to exploit its content across a variety of media channels and platforms.

Book Publishing

The Book Publishing segment derives revenues from the sale of general fiction, nonfiction, children's and religious books in the U.S. and internationally. The revenues and operating results of the Book Publishing segment are significantly affected by the timing of releases and the number of its books in the marketplace. The book publishing marketplace is subject to increased periods of demand during the end-of-year holiday season in its main operating geographies. This marketplace is highly competitive and continues to change due to technological developments and other factors. Each book is a separate and distinct product, and its financial success depends upon many factors, including public acceptance.

Major new title releases represent a significant portion of the Book Publishing segment's sales throughout the fiscal year. Print-based consumer books are generally sold on a fully returnable basis, resulting in the return of unsold books. In the domestic and international markets, the Book Publishing segment is subject to global trends and local economic conditions. Operating expenses for the Book Publishing segment include costs related to paper, printing, authors' royalties, editorial, promotional, art and design expenses. Selling, general and administrative expenses include salaries, employee benefits, rent and other routine overhead.

Digital Real Estate Services

The Digital Real Estate Services segment sells online advertising services on its residential real estate and commercial property sites and also licenses certain professional software products on a subscription basis. Significant expenses associated with these sites and software solutions include development costs, advertising and promotional expenses, hosting and support services, salaries, employee benefits and other routine overhead expenses.

Consumers are increasingly turning to the Internet and mobile devices for real estate information. The Digital Real Estate Services segment's success depends on its continued innovation to provide products and services that make its websites and mobile applications useful for consumers and real estate and mortgage professionals and attractive to its advertisers.

Cable Network Programming

The Cable Network Programming segment consists of FOX SPORTS Australia, which offers the following seven channels in high definition: FOX SPORTS 1, FOX SPORTS 2, FOX SPORTS 3, FOX SPORTS 4, FOX SPORTS 5, FOX FOOTY and FOX SPORTS NEWS. Revenue is primarily derived from monthly affiliate fees received from pay-tv providers (mainly Foxtel) based on the number of subscribers.

FOX SPORTS Australia competes primarily with ESPN, beIN SPORTS, the Free-To-Air ("FTA") channels and certain telecommunications companies in Australia.

The most significant operating expenses of the Cable Network Programming segment are the acquisition and production expenses related to programming and the expenses related to operating the technical facilities of the broadcast operations. The expenses associated with licensing programming rights are recognized during the applicable season or event, which can cause results at the Cable Network Programming segment to fluctuate based on the timing and mix of the Company's local and international sports programming. Other expenses include marketing and promotional expenses related to improving the market visibility and awareness of the channels and their programming. Additional expenses include salaries, employee benefits, rent and other routine overhead expenses.

Other

The Other segment primarily consists of general corporate overhead expenses, the corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters. The Company's corporate Strategy and Creative Group was formed to identify new products and services across the Company's businesses to increase revenues and profitability and to target and assess potential acquisitions and investments.

Other Business Developments

On June 30, 2016, the Company announced that it had reached an agreement on the terms of a recommended cash offer (the “Offer”) to acquire Wireless Group plc (“Wireless Group”) for a purchase price of 315 pence per share in cash, or approximately £220 million (approximately \$300 million) in the aggregate, plus any assumed debt at closing. Wireless Group, a publicly-traded company listed on the London and Irish Stock Exchanges, operates TalkSPORT, the leading sports radio network in the U.K., and a portfolio of radio stations in the U.K. and Ireland. The proposed acquisition is expected to broaden the Company’s range of services in the U.K., Ireland and internationally. The Offer is subject to customary closing conditions, including shareholder acceptances and regulatory approval, as well as the other terms set forth in the Company’s Offer Document. As a result of U.K. takeover regulations requiring the Company to demonstrate that necessary financial resources are available to enable full satisfaction of the consideration payable in the Offer, the Company has specifically set aside \$315 million of cash for the Offer and has classified it as restricted cash in the Balance Sheet as of June 30, 2016.

In June 2016, the Company entered into an agreement to purchase Australian Regional Media (“ARM”) from APN News and Media Limited (“APN”) for approximately \$30 million. ARM operates a portfolio of regional print assets and websites and extends the reach of the Australian newspaper business to new customers in new geographic regions. The acquisition is subject to regulatory and APN shareholder approval.

In May 2016, REA Group acquired Flatmates.com.au Pty Ltd (“Flatmates”) for \$19 million in cash at closing and up to \$15 million in future cash consideration related to payments contingent upon the achievement of certain performance objectives. Flatmates operates the Flatmates.com.au website, which is a market leading share accommodation site in Australia. The acquisition enhances REA Group’s Australian product offering by extending its reach into the quickly growing share accommodation business. Flatmates is a subsidiary of REA Group, and its results are included within the Digital Real Estate Services segment.

In February 2016, the Company acquired a 92% interest in DIAKRIT International Limited (“DIAKRIT”) for approximately \$40 million in cash. The Company has the option to purchase, and the minority shareholders also have the option to sell to the Company, the remaining 8% in two tranches over the next six years at fair value. DIAKRIT is a digital visualization solutions company that helps homeowners see the potential in their future living environment with digital visualization solutions that enable them to plan, furnish and decorate their dream home, while also helping agents and developers generate more buyer inquiries and accelerate their property sale processes. DIAKRIT’s results are included within the Digital Real Estate Services segment, and it is considered a separate reporting unit for purposes of the Company’s annual goodwill impairment review.

In February 2016, REA Group increased its investment in iProperty Group Limited (“iProperty”) from 22.7% to approximately 86.9% for A\$482 million in cash (approximately \$340 million). The remaining 13.1% not currently owned will become mandatorily redeemable during fiscal 2018, and as a result, the Company recognized a liability of approximately \$76 million. The acquisition was funded primarily with the proceeds from borrowings under an unsecured syndicated revolving loan facility (the “REA Facility”). (See Note 9 to the Consolidated Financial Statements). The acquisition of iProperty extends REA Group’s market leading business in Australia to attractive markets throughout Southeast Asia. iProperty is a subsidiary of REA Group, and its results are included within the Digital Real Estate Services segment. During the fiscal year ended June 30, 2016, REA Group recognized a gain of \$29 million related to the revaluation of its previously held equity interest in iProperty in Other, net in the Statements of Operations.

The total fair value of iProperty at the acquisition date is set forth below (in millions):

Cash paid for iProperty equity	\$340
Deferred consideration	76
Total consideration	<u>416</u>
Fair value of previously held iProperty investment	120
Total fair value	<u>\$536</u>

On September 30, 2015, the Company acquired Unruly Holdings Limited (“Unruly”) for approximately £60 million (approximately \$90 million) in cash and up to £56 million (approximately \$86 million) in future cash consideration related to payments primarily contingent upon the achievement of certain performance objectives. Unruly is a leading global video distribution platform that is focused on delivering branded video advertising across websites and mobile devices. Unruly’s results of operations are included within the News and Information Services segment, and it is considered a separate reporting unit for purposes of the Company’s annual goodwill impairment review

In July 2015, the Company acquired Checkout 51 Mobile Apps ULC (“Checkout 51”) for approximately \$13 million in cash at closing and approximately \$10 million in deferred cash consideration which was paid during fiscal 2016. Checkout 51 is a data-driven digital coupon company that provides News America Marketing with a leading receipt recognition mobile app which enables packaged goods companies and brands to reach consumers with highly personalized marketing campaigns. Checkout 51’s results are included within the News and Information Services segment.

During fiscal 2015, the Company purchased a 14.99% interest in APN for approximately \$112 million. During fiscal 2016, the Company participated in an entitlement offer to maintain its 14.99% interest for \$20 million. APN operates a portfolio of Australian radio and outdoor media assets.

In November 2014, the Company completed its acquisition of Move, a leading provider of online real estate services. The acquisition expanded the Company’s digital real estate services business into the U.S., one of the largest real estate markets. The aggregate cash payment at closing to acquire the outstanding shares of Move was approximately \$864 million, which was funded with cash on hand. The Company also assumed equity-based compensation awards with a fair value of \$67 million, of which \$28 million was allocated to pre-combination services and included in total consideration transferred for Move. The remaining \$39 million was allocated to future services and is being expensed over the weighted average remaining service period of 2.5 years. In addition, the Company assumed Move’s outstanding indebtedness of approximately \$129 million, which the Company settled following the acquisition, and acquired approximately \$108 million of cash.

The total transaction value for the Move acquisition is set forth below (in millions):

Cash paid for Move equity	\$ 864
Assumed equity-based compensation awards—pre-combination services	28
Total consideration transferred	892
Plus: Assumed debt	129
Plus: Assumed equity-based compensation awards—post-combination services	39
Less: Cash acquired	<u>(108)</u>
Total transaction value	<u>\$ 952</u>

Move’s results of operations are included within the Digital Real Estate Services segment, and it is considered a separate reporting unit for purposes of the Company’s annual goodwill impairment review.

In November 2014, SEEKAsia Limited (“SEEK Asia”), in which the Company owned a 12.1% interest, acquired the online employment businesses of JobStreet Corporation Berhad (“JobStreet”), which were combined with JobsDB, Inc., SEEK Asia’s existing online employment business. The transaction was funded primarily through additional contributions by SEEK Asia shareholders which did not have an impact on the Company’s ownership. The Company’s share of the funding contribution was approximately \$60 million. In June 2015, the Company purchased an additional 0.8% interest in SEEK Asia for approximately \$7 million, which increased the Company’s investment to approximately 12.9%. In June 2016, the Company’s interest in SEEK Asia increased to approximately 13.75% as a result of the repurchase and cancellation of shares owned by certain other shareholders.

In August 2014, the Company acquired Harlequin Enterprises Limited (“Harlequin”) from Torstar Corporation for \$414 million in cash, net of \$19 million of cash acquired. Harlequin is a leading publisher of women’s fiction and extends HarperCollins’ global platform, particularly in Europe and Asia Pacific. Harlequin is a subsidiary of HarperCollins, and its results are included within the Book Publishing segment.

In April 2014, The Rubicon Project, Inc. (“Rubicon”), in which the Company owned approximately 5.6 million shares as of March 31, 2014, completed an initial public offering of its common stock. The Company sold approximately 850 thousand shares as part of the public offering which resulted in a pre-tax gain on sale of \$6 million. Prior to the public offering, the Company’s investment in Rubicon was recorded in the Balance Sheets at cost. As a result of the offering, the Company’s remaining investment in Rubicon was designated as an available-for-sale security as of April 2014, and carried at fair value. Unrealized gains and losses from available-for-sale securities are reported as a component of accumulated other comprehensive (loss) income, net of tax, in stockholders’ equity.

In December 2013, the Company acquired Storyful Limited (“Storyful”), a social media content agency, for approximately \$25 million, of which \$19 million was paid in cash, with the remainder primarily related to an earn-out that was contingent upon the achievement of certain performance objectives. The Storyful acquisition complements the Company’s existing video capabilities, including the creation and distribution of original and on-demand programming such as WSJ Live and BallBall. Storyful’s results are included within the News and Information Services segment.

In September 2013, the Company sold the Dow Jones Local Media Group, which operated eight daily and fifteen weekly newspapers in seven states. The gain recognized on the sale of LMG was not significant as the carrying value of the assets held for sale on the date of sale approximated the proceeds received.

Results of Operations—Fiscal 2016 versus Fiscal 2015

Revenues—Revenues decreased \$232 million, or 3%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015. The revenue decrease was mainly due to a decrease in revenues at the News and Information Services segment of \$393 million, primarily resulting from the negative impact of foreign currency fluctuations, weakness in the print advertising market and lower free-standing insert product revenues at News America Marketing. The revenue decrease was partially offset by an increase in revenues at the Digital Real Estate Services segment of \$197 million, primarily as a result of the acquisition of Move in November 2014 and increased revenues at REA Group. The impact of the 53rd week in fiscal 2016 resulted in a revenue increase of approximately \$112 million. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Revenue decrease of \$455 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

Operating Expenses—Operating expenses decreased \$224 million, or 5%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015. The decrease in Operating expenses was mainly due to a decrease in operating expenses at the News and Information Services segment of \$300 million, primarily as a result of the positive impact of foreign currency fluctuations, lower newsprint, production and distribution costs and the impact of cost savings initiatives. The decrease in Operating expenses was partially offset by higher operating expenses at the Digital Real Estate Services segment due to the acquisition of Move in November 2014 and at the Book Publishing segment primarily due to higher costs associated with increased print book sales. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in an Operating expense decrease of \$199 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

Selling, general and administrative expenses—Selling, general and administrative expenses increased \$95 million, or 4%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015. The increase in Selling, general and administrative expenses was primarily due to higher expenses at the Digital Real Estate Services segment as a result of the acquisition of Move in November 2014 and increased costs in the News and Information Services segment. The increases at the News and Information Services segment were primarily related to the acquisition of Unruly in September 2015 and Checkout 51 in July 2015 as well as increased brand marketing and promotional expenses at the U.K. newspapers. These increases were partially offset by the positive impact of foreign currency fluctuations. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Selling, general and administrative expense decrease of \$186 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

NAM Group and Zillow settlements, net—During the fiscal year ended June 30, 2016, the Company recognized one-time costs of approximately \$280 million in connection with the settlement of certain litigation and related claims at News America Marketing. In addition, in the three months ended June 30, 2016, the Company recognized a gain of \$122 million in connection with the settlement of litigation with Zillow, Inc. (“Zillow”), which reflects settlement proceeds received from Zillow of \$130 million, less \$8 million paid to the National Association of Realtors® (“NAR”). (See Note 15 to the Consolidated Financial Statements).

Depreciation and amortization—Depreciation and amortization expense increased \$7 million, or 1%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015, primarily due to increased depreciation and amortization expense at the Digital Real Estate Services segment due to the acquisition of Move in November 2014, partially offset by the positive impact of foreign currency fluctuations. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a depreciation and amortization expense decrease of \$27 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

Impairment and restructuring charges—In fiscal 2016, the Company recorded restructuring charges of \$89 million, of which \$79 million related to the News and Information Services segment. The restructuring charges were primarily related to employee termination benefits.

In fiscal 2015, the Company recorded restructuring charges of \$84 million, of which \$75 million related to the News and Information Services segment. The restructuring charges were primarily related to employee termination benefits.

Equity earnings of affiliates—Equity earnings of affiliates decreased \$28 million, or 48%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015, primarily as a result of lower net income at Foxtel.

(a) In accordance with ASC 350, “Intangibles—Goodwill and Other” (“ASC 350”), the Company amortized \$52 million and \$57 million related to excess cost over the Company’s proportionate share of its investment’s underlying net assets allocated to finite-lived intangible assets during the fiscal years ended June 30, 2016 and 2015, respectively. Such amortization is reflected in Equity earnings of affiliates in the Statements of Operations. (See Note 6 to the Consolidated Financial Statements).

For the fiscal year ended June 30, 2016, Foxtel revenues decreased \$279 million, or 10%, as a result of the negative impact of foreign currency fluctuations, which more than offset higher revenues in local currency. Operating income decreased primarily due to the negative net impact of foreign currency fluctuations,

increased investment in programming to support subscriber growth, higher offer costs and continued investment in Presto, partially offset by lower depreciation expense resulting from Foxtel's reassessment of the useful lives of cable and satellite installations. Net income decreased as a result of the lower operating income noted above, partially offset by lower income tax expense.

- (b) Other equity affiliates, net for the fiscal year ended June 30, 2016 includes losses primarily from the Company's interests in Draftstars and Elara Technologies, which owns PropTiger.

Interest, net—Interest, net for the fiscal year ended June 30, 2016 decreased \$13 million, or 23%, as compared to fiscal 2015, primarily due to the negative impact of foreign currency fluctuations and interest expense associated with the REA Facility. (See Note 9 to the Consolidated Financial Statements).

- (a) REA Group recognized a gain of \$29 million resulting from the revaluation of its previously held equity interest in iProperty during the fiscal year ended June 30, 2016. (See Note 3 to the Consolidated Financial Statements).
- (b) The Company recorded write-offs and impairments of certain investments in the fiscal years ended June 30, 2016 and 2015. These write-offs and impairments were taken either as a result of the deteriorating financial position of the investee or due to an other-than-temporary impairment resulting from sustained losses and limited prospects for recovery. (See Note 6 to the Consolidated Financial Statements.)
- (c) In August 2014, REA Group completed the sale of a minority interest held in marketable securities for total cash consideration of \$104 million. As a result of the sale, REA Group recognized a pre-tax gain of \$29 million, which was reclassified out of accumulated other comprehensive income and included in Other, net in the Statement of Operations.

Income tax benefit (expense)—The Company's income tax benefit and effective tax rate for the fiscal year ended June 30, 2016 were \$54 million and (30%), respectively, as compared to an income tax expense and effective tax rate of \$185 million and 34%, respectively, for fiscal 2015.

For the fiscal years ended June 30, 2016 the Company recorded a tax benefit of \$54 million on pre-tax income of \$181 million resulting in an effective tax rate that was lower than the U.S. statutory tax. The lower tax rate was primarily due to a tax benefit of approximately \$106 million related to the release of previously established valuation allowances related to certain U.S. federal net operating losses and state deferred tax assets. This benefit was recognized in conjunction with management's plan to dispose of the Company's digital education business in the first quarter of fiscal 2016, as the Company now expects to generate sufficient U.S. taxable income to utilize these deferred tax assets prior to expiration. In addition, the effective tax rate was also impacted by the \$29 million non-taxable gain resulting from the revaluation of REA Group's previously held equity interest in iProperty.

For the fiscal year ended June 30, 2015, the Company's effective tax rate was lower than the U.S. statutory tax rate primarily due to the impact from foreign operations which are subject to lower tax rates, partially offset by the impact of nondeductible items and changes in our accrued liabilities for uncertain tax positions. (See Note 18 to the Consolidated Financial Statements).

Income (loss) from discontinued operations, net of tax—For the fiscal year ended June 30, 2016, the Company recorded income from discontinued operations, net of tax, of \$15 million as compared to a loss of \$445 million for fiscal 2015. The income recognized in fiscal 2016 was primarily due to the impact of a \$144 million tax benefit recognized upon reclassification of the Digital Education segment to discontinued operations, a tax benefit of \$30 million related to the current year operations and lower operating losses as a result of the sale of Amplify Insight and Amplify Learning, which more than offset the pre-tax non-cash impairment charge recognized in the first quarter of fiscal 2016 of \$76 million and \$17 million in severance and lease termination charges recognized in the second quarter of fiscal 2016. The loss recognized in fiscal 2015 primarily relates to a non-cash impairment charge of \$371 million recorded in the three months ended June 30, 2015 and a full year of operating losses at Amplify in 2015. (See Note 4 to the Consolidated Financial Statements).

Net income (loss)—Net income increased \$328 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015 primarily due to higher income from discontinued operations and the income tax benefit discussed above, partially offset by the negative net impact of the NAM Group and Zillow legal settlements, lower Total Segment EBITDA, the lower contribution from Other, net, lower equity earnings, primarily from Foxtel, and lower Interest, net.

Net income attributable to noncontrolling interests—Net income attributable to noncontrolling interests increased by \$2 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015, due to higher results at REA Group, partially offset by the negative impact of foreign currency fluctuations.

Segment Analysis

Segment EBITDA is defined as revenues less operating expenses, and selling, general and administrative expenses and excluding the impact from the NAM Group and Zillow legal settlements. Segment EBITDA does not include: Depreciation and amortization, impairment and restructuring charges, equity earnings of affiliates, interest, net, other, net, income tax benefit (expense) and net income attributable to noncontrolling interests. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA.

Segment EBITDA is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources within the Company's businesses. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences). The Company believes that information about Segment EBITDA allows users of its Consolidated Financial Statements to evaluate changes in the operating results of the Company's portfolio of businesses separate from non-operational factors that affect net income (loss), thus providing insight into both operations and the other factors that affect reported results.

Total Segment EBITDA is a non-GAAP measure and should be considered in addition to, not as a substitute for, net income (loss), cash flow and other measures of financial performance reported in accordance with GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment and restructuring charges, which are significant components in assessing the Company's financial performance. The following table reconciles Total Segment EBITDA to income from continuing operations.

For the fiscal year ended June 30, 2016, revenues at the News and Information Services segment decreased \$393 million, or 7%, as compared to fiscal 2015. The revenue decrease was mainly due to lower advertising revenues of \$353 million as compared to fiscal 2015, primarily resulting from the negative impact of foreign currency fluctuations, weakness in the print advertising market and lower free-standing insert product revenues at News America Marketing. Circulation and subscription revenues for the fiscal year ended June 30, 2016 decreased \$52 million as compared to fiscal 2015 due to the negative impact of foreign currency fluctuations of \$109 million, which more than offset higher paid circulation and subscription revenues at Dow Jones and the Australian newspapers resulting from price increases and digital subscriber growth. Other revenues for the fiscal year ended June 30, 2016 increased \$12 million as compared to fiscal 2015, primarily due to the \$45 million contribution from Unruly which was acquired in September 2015, partially offset by lower other revenues at the U.K. newspapers and the negative impact of foreign currency fluctuations. The impact of the 53rd week in fiscal 2016 resulted in a revenue increase of approximately \$77 million.

For the fiscal year ended June 30, 2016, Segment EBITDA at the News and Information Services segment decreased \$389 million, or 65%, as compared to fiscal 2015. The decrease was primarily due to one-time costs of approximately \$280 million recognized in connection with the settlement of certain litigation and related claims, lower free-standing insert product revenues and a loss of \$20 million at Checkout 51, primarily related to investment spending and acquisition-related costs. Segment EBITDA was also impacted by a decrease of \$27 million at the Australian newspapers, primarily resulting from the negative net impact of foreign currency fluctuations and lower advertising revenues, which more than offset the impact of lower newsprint, production and distribution costs, and at the U.K. newspapers of \$23 million, primarily due to lower revenues and higher promotion and marketing costs. These decreases were partially offset by an increase of \$22 million at Dow Jones, primarily due to lower newsprint, production and distribution costs and the impact of cost savings initiatives.

News Corp Australia

Revenues at the Australian newspapers for the fiscal year ended June 30, 2016 decreased 16% compared to fiscal 2015, with the impact of foreign currency fluctuations of the U.S. dollar against the Australian dollar resulting in a revenue decrease of \$194 million, or 13%. Advertising revenues declined \$203 million, primarily as a result of the negative impact of foreign currency fluctuations and weakness in the print advertising market in Australia. Circulation and subscription revenues declined \$43 million due to the negative impact of foreign currency fluctuations, as price increases, digital subscriber growth and the positive impact of the 53rd week more than offset print volume declines.

News UK

Revenues at the U.K. newspapers for the fiscal year ended June 30, 2016 decreased 10% as compared to fiscal 2015. Advertising revenues decreased \$63 million, primarily due to print market declines and the negative impact of foreign currency fluctuations. Circulation and subscription revenues decreased \$41 million due to the negative impact of foreign currency fluctuations. Lower revenues resulting from single-copy volume declines, primarily at *The Sun*, and changes in the digital strategy at *The Sun*, were offset by cover price increases, higher subscriptions at *The Times* and *The Sunday Times* and the positive impact of the 53rd week. Other revenues decreased \$38 million due to a reduction in newsprint sales to third parties. The impact of this revenue decrease was offset in large part by lower operating expenses. The impact of foreign currency fluctuations of the U.S. dollar against the British pound resulted in a revenue decrease of \$80 million, or 6%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

Dow Jones

Revenues for the fiscal year ended June 30, 2016 were relatively flat as compared to fiscal 2015. Circulation and subscription revenues increased by \$33 million, primarily due to price increases and digital volume growth at *The Wall Street Journal*, modest growth in subscription revenues in the professional information business and the positive impact of the 53rd week, partially offset by the negative impact of foreign currency fluctuations. This increase was partially offset by lower advertising revenues of \$27 million as a result of lower print advertising, partially offset by higher digital advertising revenues and the positive impact of the 53rd week. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$10 million, or 1%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

News America Marketing

Revenues at News America Marketing decreased 6% for the fiscal year ended June 30, 2016 as compared to fiscal 2015, primarily due to decreased revenues for free-standing insert products of \$98 million, partially offset by increased in-store product revenues of \$18 million.

For the fiscal year ended June 30, 2016, revenues at the Book Publishing segment decreased \$21 million, or 1%, as compared to fiscal 2015. The decrease was primarily the result of \$69 million in higher sales of the *Divergent* series by Veronica Roth and *American Sniper* by Chris Kyle in the prior year, an industry-wide decline in e-book sales and the negative impact of foreign currency fluctuations. These decreases were partially offset by higher print book sales across all genres, including sales of *Go Set a Watchman* by Harper Lee in fiscal 2016 of \$42 million, and \$23 million related to the acquisition of Harlequin in August 2014. The Company sold 2.0 million net units of the *Divergent* series in the fiscal year ended June 30, 2016 as compared to 8.3 million net units in fiscal 2015. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$39 million, or 2%, for the fiscal year ended June 30, 2016 as compared to

fiscal 2015. Digital sales represented 19% of Consumer revenues during fiscal 2016. Digital sales decreased 15% as compared to fiscal 2015 due to an industry-wide decline in e-book sales and the lower contribution from the *Divergent* series. During the fiscal year ended June 30, 2016, HarperCollins had 239 titles on The New York Times Bestseller List, with 30 titles reaching the number one position. The impact of the 53rd week in fiscal 2016 resulted in a revenue increase of approximately \$19 million.

For the fiscal year ended June 30, 2016, Segment EBITDA at the Book Publishing segment decreased \$36 million, or 16%, as compared to fiscal 2015. The decrease was primarily due to the industry-wide decline in e-book sales and lower contribution from the *Divergent* series and *American Sniper*, partially offset by cost savings initiatives and the contribution from higher print book sales, including *Go Set a Watchman* by Harper Lee.

For the fiscal year ended June 30, 2016, revenues at the Digital Real Estate Services segment increased \$197 million, or 32%, as compared to fiscal 2015, primarily due to a \$169 million increase from Move which was acquired in November 2014. The majority of the increase related to the inclusion of a full year of operations in fiscal 2016 as compared to fiscal 2015. Approximately \$40 million of the increase related to Move was driven by increased ConnectionSM for Co-brokerage product revenues and to a lesser extent, non-listing media revenues in the period from November 2015 through the end of fiscal 2016, as compared to the comparable prior year period. At REA Group, a 5% increase in revenues resulting from higher revenues from greater residential listing depth product penetration and higher developer and media revenues was largely offset by the negative impact of foreign currency fluctuations. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$66 million, or 10%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

For the fiscal year ended June 30, 2016, Segment EBITDA at the Digital Real Estate Services segment increased \$143 million, or 71%, as compared to fiscal 2015, primarily due to an increase at Move resulting from a gain of \$122 million recognized in connection with the settlement of litigation with Zillow. The gain reflects proceeds received from Zillow of \$130 million, less \$8 million paid to NAR. The results at Move were also positively impacted by transaction costs of \$19 million in fiscal 2015 which did not recur in the current fiscal year and higher revenues, offset by increased legal costs of \$28 million related to the Zillow litigation. Total legal costs incurred in connection with the Zillow litigation were \$38 million for fiscal 2016. Segment EBITDA was also impacted by higher revenues at REA Group which were partially offset by the negative net impact of currency fluctuations. These increases were partially offset by \$7 million in one-time transaction costs related to the acquisition of iProperty. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Segment EBITDA decrease of \$37 million, or 19%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015.

For the fiscal year ended June 30, 2016, revenues and Segment EBITDA at the Cable Network Programming segment decreased \$16 million, or 3%, and \$11 million, or 8%, respectively, as compared to fiscal 2015. The revenue decrease was primarily due to the negative impact of foreign currency fluctuations, which more than offset higher affiliate and advertising revenues. The decrease in Segment EBITDA was primarily the result of higher programming rights and production costs related to the Rugby World Cup and the National Rugby League simulcast rights, higher production costs for other sports programming and the negative net impact of foreign currency fluctuations, partially offset by the absence of costs associated with the Cricket World Cup and Asian Cup which occurred during fiscal 2015 and the higher affiliate and advertising revenues noted above. The impact of foreign currency fluctuations of the U.S. dollar against the Australian dollar resulted in a revenue decrease of \$60 million, or 12%, and a Segment EBITDA decrease of \$14 million, or 10%, for the fiscal year ended June 30, 2016 as compared to fiscal 2015. The impact of the 53rd week in fiscal 2016 resulted in a revenue increase of approximately \$10 million.

Segment EBITDA at the Other segment for the fiscal year ended June 30, 2016 increased \$32 million, or 15%, as compared to fiscal 2015. Segment EBITDA increased primarily due to lower costs associated with the U.K. Newspaper Matters. The net expense related to the U.K. Newspaper Matters included in Selling, general and administrative expenses was \$19 million for the fiscal year ended June 30, 2016 as compared to \$50 million in fiscal 2015.

Revenues—Revenues increased \$38 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014. The revenue increase was primarily due to increased revenues at the Book Publishing segment of \$233 million, primarily as a result of the acquisition of Harlequin in August 2014, and increased revenues at the Digital Real Estate Services segment of \$217 million, primarily as a result of the acquisition of Move in November 2014, and to a lesser extent, increased revenues at REA Group. These revenue increases were partially offset by a decrease in revenues at the News and Information Services segment of \$422 million for the fiscal year ended June 30, 2015, primarily resulting from weakness in the print advertising market and the negative impact of foreign currency fluctuations, partially offset by an increase in other revenues. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Revenue decrease of \$319 million for the fiscal year ended 2015 as compared to fiscal 2014.

Operating Expenses—Operating expenses decreased \$122 million, or 2%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014. The decrease in Operating expenses was mainly due to lower operating expenses at the News and Information Services segment of \$264 million due to lower production and distribution costs resulting from reduced sales, the positive impact of foreign currency fluctuations and the impact of cost savings initiatives. The decrease in Operating expenses was partially offset by higher operating expenses at the Book Publishing and Digital Real Estate Services segments, primarily due to the acquisitions of Harlequin and Move, respectively. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in an Operating expense decrease of \$143 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

Selling, general and administrative expenses—Selling, general and administrative expenses increased \$178 million, or 7%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014. The increase in Selling, general and administrative expenses was primarily due to higher expenses at the Digital Real Estate Services segment, primarily as a result of the acquisition of Move, including one-time transaction costs associated with the acquisition of \$19 million, higher expenses at the Book Publishing segment, primarily as a result of the acquisition of Harlequin, increased legal costs of \$20 million at News America Marketing and the impact of dual rent and other facility related costs of \$13 million. These increases were partially offset by the positive impact of foreign currency fluctuations and the impact of cost savings initiatives. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Selling, general and administrative expense decrease of \$127 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

Depreciation and amortization—Depreciation and amortization expense decreased \$54 million, or 10%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014, primarily due to lower depreciation expense at the News and Information Services segment of \$93 million, partially offset by increased depreciation at the Digital Real Estate Services segment and Book Publishing segment, primarily due to the acquisitions of Move and Harlequin, respectively. Depreciation and amortization in fiscal 2014 included approximately \$30 million related to accelerated depreciation at the U.K. newspapers as a result of changes in the useful lives of leased facilities that the Company exited in fiscal 2014. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a depreciation and amortization expense decrease of \$22 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

Impairment and restructuring charges—In fiscal 2015, the Company recorded restructuring charges of \$84 million, of which \$75 million related to the News and Information Services segment. The restructuring charges were primarily related to employee termination benefits.

In fiscal 2014, the Company recorded impairment charges of \$15 million, primarily related to the sale of a U.S. printing facility. In fiscal 2014, the Company recorded restructuring charges of \$79 million, of which \$67 million related to the News and Information Services segment. The restructuring charges were primarily related to employee termination benefits.

Equity earnings of affiliates—Equity earnings of affiliates decreased \$32 million, or 36%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014, primarily due to lower net income at Foxtel.

(a) In accordance with ASC 350, “Intangibles—Goodwill and Other” (“ASC 350”), the Company amortized \$57 million and \$62 million related to excess cost over the Company’s proportionate share of its investment’s underlying net assets allocated to finite-lived intangible assets during the fiscal years ended June 30, 2015 and 2014, respectively. Such amortization is reflected in Equity earnings of affiliates in the Statements of Operations. (See Note 6 to the Consolidated Financial Statements).

For the fiscal year ended June 30, 2015, Foxtel revenues of \$2,658 million were down from \$2,897 million in fiscal 2014, due to the adverse impact of foreign currency fluctuations which more than offset higher subscription revenues. In local currency, Foxtel revenues increased marginally. For the fiscal year ended June 30, 2015, Foxtel operating income of \$441 million decreased from \$554 million in fiscal 2014,

primarily due to the negative net impact of foreign currency fluctuations and short-term impacts related to investment in key initiatives: the new Foxtel pricing and packaging, increased investment in Presto and the launch of Triple Play. For the fiscal year ended June 30, 2015 Foxtel net income of \$232 million decreased from \$304 million in the prior year as a result of the decrease in operating income discussed above, partially offset by favorable fair value movements on hedged items.

Interest, net—Interest, net for the fiscal year ended June 30, 2015 decreased \$12 million, or 18%, as compared to fiscal 2014, primarily due to a lower overall cash balance during the fiscal year ended June 30, 2015 and the negative impact of foreign currency fluctuations.

(a) For the fiscal year ended June 30, 2014, the Company recorded a receivable related to a refund of taxes plus interest in a foreign jurisdiction of \$794 million and recorded a tax benefit, net of applicable taxes on interest, of \$721 million to Income tax benefit in the Statements of Operations. Refunds received related to this matter were paid to 21st Century Fox, net of applicable taxes on interest, in accordance with the terms of the Tax Sharing and Indemnification Agreement. Accordingly, for the fiscal year ended June 30, 2014, the Company recorded an expense to Other, net of \$721 million for the payable to 21st Century Fox in the Statements of Operations. (See Note 18 to the Consolidated Financial Statements).

(b) During the first quarter of fiscal 2014, a \$37 million contribution was made by a third party to one of the Company’s pension plans in connection with the sale of a business in a prior period. The contribution was contractually stipulated in the sale agreement and was made on behalf of former employees who retained certain pension benefits. This resulted in a gain being recognized in Other, net in the Statements of Operations during the fiscal year ended June 30, 2014.

(c) In August 2014, REA Group completed the sale of a minority interest held in marketable securities for total cash consideration of \$104 million. As a result of the sale, REA Group recognized a pre-tax gain of \$29 million, which was reclassified out of accumulated other comprehensive (loss) income and included in Other, net in the Statement of Operations.

Income tax (expense) benefit—The Company’s income tax expense and effective tax rate for the fiscal year ended June 30, 2015 were \$185 million and 34%, respectively, as compared to an income tax benefit and effective tax rate of \$614 million and 345%, respectively, for fiscal 2014.

For the fiscal year ended June 30, 2015, the Company’s effective tax rate was lower than the U.S. statutory tax rate primarily due to the impact from foreign operations which are subject to lower tax rates, partially offset by the impact of nondeductible items. (See Note 18 to the Consolidated Financial Statements).

For the fiscal year ended June 30, 2014 the Company recorded a tax benefit, net of applicable tax on interest, related to refunds received from a foreign jurisdiction which increased the effective tax rate by 405%. In

accordance with the terms of the Tax Sharing and Indemnification Agreement, the Company paid the foreign tax refunds to 21st Century Fox and recorded an expense to Other, net in the Statements of Operations. (See Note 18 to the Consolidated Financial Statements). The expense recorded to Other, net is not deductible for income tax purposes and resulted in a 142% reduction to the effective tax rate. The Company also recorded a benefit related to the effects of foreign operations in Australia and the United Kingdom which were subject to lower tax rates which increased the effective tax rate by 38%.

Loss from discontinued operations, net of tax—For the fiscal year ended June 30, 2015, the Company recorded a loss from discontinued operations, net of tax, of \$445 million as compared to a loss of \$142 million for fiscal 2014. The decrease was primarily due to a non-cash impairment charge of \$371 million that was recorded during the fourth quarter of fiscal 2015. As part of the Company’s long-range planning process, the Company changed its strategy and related outlook with respect to the Amplify reporting unit which resulted in a reduction in expected future cash flows for the business. As a result, the Company determined that the fair value of this reporting unit declined below its carrying value. The charge primarily consisted of a write-down of the Company’s goodwill of \$325 million and a write-down of capitalized software development costs of \$45 million. (See Note 4 to the Consolidated Financial Statements).

Net (loss) income—Net income decreased \$372 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014. The decrease in net income was primarily related to lower income from discontinued operations resulting from the non-cash impairment charge recognized in the three months ended June 30, 2015, lower equity earnings, higher taxes as noted above and lower Segment EBITDA, partially offset by favorable depreciation expense.

Net income attributable to noncontrolling interests—Net income attributable to noncontrolling interests increased by \$14 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014, due to higher results at REA Group.

Segment Analysis

Segment EBITDA is defined as revenues less operating expenses, and selling, general and administrative expenses and excluding the impact from the NAM Group and Zillow legal settlements. Segment EBITDA does not include: Depreciation and amortization, impairment and restructuring charges, equity earnings of affiliates, interest, net, other, net, income tax benefit (expense) and net income attributable to noncontrolling interests. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA.

Segment EBITDA is the primary measure used by the Company’s chief operating decision maker to evaluate the performance of and allocate resources within the Company’s businesses. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company’s business segments and its enterprise value against historical data and competitors’ data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences). The Company believes that information about Segment EBITDA allows users of its Consolidated Financial Statements to evaluate changes in the operating results of the Company’s portfolio of businesses separate from non-operational factors that affect net income (loss), thus providing insight into both operations and the other factors that affect reported results.

Total Segment EBITDA is a non-GAAP measure and should be considered in addition to, not as a substitute for, net (loss) income, cash flow and other measures of financial performance reported in accordance with GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment and restructuring charges, which are significant components in assessing the Company's financial performance. The following table reconciles Total Segment EBITDA to Income from continuing operations.

For the fiscal year ended June 30, 2015, revenues at the News and Information Services segment decreased \$422 million, or 7%, as compared to fiscal 2014. The revenue decrease was primarily due to lower advertising revenues of \$366 million as compared to fiscal 2014, primarily resulting from lower print advertising revenues throughout the segment. Circulation and subscription revenues for the fiscal year ended June 30, 2015 decreased \$86 million as compared to fiscal 2014, primarily as a result of the negative impact of foreign currency fluctuations. Other revenues for the fiscal year ended June 30, 2015 increased \$30 million, primarily due to increased other revenues at News Corp Australia.

For the fiscal year ended June 30, 2015, Segment EBITDA at the News and Information Services segment decreased \$62 million, or 9%, as compared to fiscal 2014. The decrease was primarily due to a decrease at News America Marketing of \$20 million, due to increased legal expenses of \$20 million, as decreased advertising revenues were offset by lower operating costs, a decrease at Dow Jones of \$16 million, primarily due to lower revenues, partially offset by lower expenses related to volume declines and the impact of cost savings initiatives, a decrease at the Australian newspapers of \$10 million due to the negative net impact of foreign currency fluctuations, which more than offset lower expenses and the impact of cost savings initiatives, and a decrease at the U.K. newspapers of \$10 million. The decrease at the U.K. newspapers was principally as a result of lower revenues, the impact of dual rent and other facility related costs of \$13 million, one-time expenses of \$11 million related to the termination of a distribution contract in connection with continued cost reduction initiatives and the release of legal reserves resulting from a favorable arbitration ruling in the prior year period of \$8 million, which more than offset costs savings initiatives and lower marketing costs.

News Corp Australia

Revenues at the Australian newspapers for the fiscal year ended June 30, 2015 decreased 9% compared to fiscal 2014 with the impact of foreign currency fluctuations of the U.S. dollar against the Australian dollar resulting in a revenue decrease of \$145 million, or 8%. Revenues declined marginally in local currency. Advertising revenues declined \$153 million, primarily as a result of the negative impact of foreign currency fluctuations and weakness in the print advertising market in Australia, partially offset by growth in digital revenues driven by news.com.au. Circulation and subscription revenues declined \$37 million due to the negative impact of foreign currency fluctuations as price increases and growth in digital subscribers offset print volume declines. These decreases were partially offset by increased other revenues.

News UK

For the fiscal year ended June 30, 2015, revenues at the U.K. newspapers decreased 7% as compared to fiscal 2014. The decrease was primarily due to lower advertising revenues of \$82 million resulting from overall print market declines, primarily at *The Sun*. Circulation and subscription revenues decreased \$18 million as single-copy volume declines at *The Sun* and *The Sunday Times* and the negative impact of foreign currency fluctuations more than offset the impact of price increases and print and digital subscriber growth. The impact of foreign currency fluctuations of the U.S. dollar against the British pound resulted in a revenue decrease of \$45 million, or 3%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

Dow Jones

Revenues for the fiscal year ended June 30, 2015 were down 4% compared to fiscal 2014, primarily due to lower revenues of \$28 million resulting from the sale of the Dow Jones Local Media Group in September 2013, lower advertising revenues of \$21 million as a result of print advertising declines and lower circulation and subscription revenues of \$18 million, primarily as a result of decreased professional information business revenues of \$42 million, partially offset by increased circulation revenues of \$24 million as a result of price increases at *The Wall Street Journal* and WSJ.com. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$13 million, or 1%, for the fiscal year ended June 30, 2015.

News America Marketing

Revenues at News America Marketing decreased 7% for the fiscal year ended June 30, 2015 as compared to fiscal 2014, primarily due to decreased revenues for free-standing insert products of \$87 million.

For the fiscal year ended June 30, 2015, revenues at the Book Publishing segment increased \$233 million, or 16%, as compared to fiscal 2014. The increase was primarily the result of the acquisition of Harlequin, which contributed \$281 million of revenues during fiscal 2015. Consumer revenues associated with print and digital book sales at HarperCollins' other divisions decreased \$44 million, as increased backlist sales in the general and children's books categories, notably *American Sniper* by Chris Kyle, partially offset lower revenues from the *Divergent* series by Veronica Roth of \$84 million and the negative impact of foreign currency fluctuations. The Company sold 8.3 million net units of the *Divergent* series in the fiscal year ended June 30, 2015 as compared to 19.2 million net units in fiscal 2014. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$20 million, or 1%, for the fiscal year ended June 30, 2015. Digital sales, which consist of revenues generated through the sale of e-books and digital audio books, represented 22% of Consumer revenues during the fiscal year ended June 30, 2015. Digital sales increased 11% as compared to fiscal 2014 due to the inclusion of Harlequin results and increased digital audio book sales, partially offset by the lower contribution from the *Divergent* series as well as a shift towards the non-fiction genre, which has lower e-book conversion. During the fiscal year ended June 30, 2015, HarperCollins had 214 titles on *The New York Times* print and digital bestseller lists, with 15 titles reaching the number one position.

For the fiscal year ended June 30, 2015, Segment EBITDA at the Book Publishing segment increased \$24 million, or 12%, as compared to fiscal 2014. The increase was primarily the result of the Harlequin acquisition, which contributed \$32 million to Segment EBITDA, strong backlist sales in the general and children's books categories and lower expenses at HarperCollins' other divisions, offset by the lower contribution from the *Divergent* series and approximately \$5 million of one-time transaction costs related to the acquisition of Harlequin.

For the fiscal year ended June 30, 2015, revenues at the Digital Real Estate Services segment increased \$217 million, or 53%, as compared to fiscal 2014, primarily due to the acquisition of Move, which contributed \$188 million in revenues during fiscal 2015, and higher revenues at REA Group of \$29 million due to the impact of increased listing depth product penetration in Australia and higher pricing despite a decline in Australian listing volumes across the market and the negative impact of foreign currency fluctuations. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue decrease of \$44 million, or 11%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

For the fiscal year ended June 30, 2015, Segment EBITDA at the Digital Real Estate Services segment decreased \$13 million, or 6%, as compared to fiscal 2014, primarily due to a loss of \$39 million related to the acquisition of Move, which includes approximately \$19 million in one-time transaction costs related to the acquisition and \$21 million of equity-based compensation expense, partially offset by the increased revenues at REA Group, noted above. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Segment EBITDA decrease of \$25 million, or 12%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

For the fiscal year ended June 30, 2015, revenues and Segment EBITDA at the Cable Network Programming segment increased \$9 million, or 2%, and \$7 million, or 5%, respectively, as compared to fiscal 2014. The revenue increase was primarily due to higher affiliate and advertising revenues, partially offset by the negative impact of foreign currency fluctuations. The revenue increase was offset, in part, by higher programming rights costs resulting from the broadcasts of the Cricket World Cup and Asian Cup. The impact of foreign currency fluctuations of the U.S. dollar against the Australian dollar resulted in a revenue decrease of \$45 million, or 9%, and a Segment EBITDA decrease of \$12 million, or 10%, for the fiscal year ended June 30, 2015 as compared to fiscal 2014.

Segment EBITDA at the Other segment for the fiscal year ended June 30, 2015 increased \$26 million, or 11%, as compared to fiscal 2014. Segment EBITDA increased primarily due to lower costs associated with the U.K. Newspaper Matters. The net expense related to the U.K. Newspaper Matters included in Selling, general and administrative expenses was \$50 million for the fiscal year ended June 30, 2015 as compared to \$72 million in fiscal 2014.

LIQUIDITY AND CAPITAL RESOURCES

Current Financial Condition

The Company's principal source of liquidity is internally generated funds and cash and cash equivalents on hand. As of June 30, 2016, the Company's cash and cash equivalents were \$1,832 million. The Company expects these elements of liquidity will enable it to meet its liquidity needs in the foreseeable future. In October 2013, the Company established a revolving credit facility of \$650 million, which terminates on October 23, 2020. The Company may request that the commitments be extended under certain circumstances as set forth in the credit agreement and may also request increases in the amount of the facility up to a maximum amount of \$900 million. In addition, the Company expects to have access to the worldwide capital markets, subject to market conditions, in order to issue debt if needed or desired. Although the Company believes that its cash on hand and future cash from operations, together with its access to the capital markets, will provide adequate resources to fund its operating and financing needs, its access to, and the availability of, financing on acceptable terms in the future will be affected by many factors, including: (i) the Company's performance, (ii) its credit rating or absence of a credit rating, (iii) the liquidity of the overall capital markets and (iv) the current state of the economy. There can be no assurances that the Company will continue to have access to the capital markets on acceptable terms. See Part I, "Item 1A. Risk Factors" for further discussion.

As of June 30, 2016, the Company's consolidated assets included \$813 million in cash and cash equivalents that was held by its foreign subsidiaries. \$95 million of this amount is cash not readily accessible by the Company as it is held by REA Group, a majority owned but separately listed public company. REA Group must declare a dividend in order for the Company to have access to its share of REA Group's cash balance. Additionally, the Company has specifically set aside \$315 million of cash for use in the Wireless Group Offer and has classified it as restricted cash as of June 30, 2016. The Company earns income outside the U.S., which is deemed to be permanently reinvested in certain foreign jurisdictions. The Company does not currently intend to repatriate these earnings. Should the Company require more capital in the U.S. than is generated by and/or available to its domestic operations, the Company could elect to transfer funds held in foreign jurisdictions. The transfer of funds from foreign jurisdictions may be cumbersome due to local regulations, foreign exchange controls and withholding taxes. Additionally, the transfer of funds from foreign jurisdictions may result in higher effective tax rates and higher cash paid for income taxes for the Company.

The principal uses of cash that affect the Company's liquidity position include the following: operational expenditures including employee costs; paper purchases; capital expenditures; income tax payments; investments in associated entities and acquisitions. In addition to the acquisitions and dispositions disclosed elsewhere, the Company has evaluated, and expects to continue to evaluate, possible future acquisitions and dispositions of certain businesses. Such transactions may be material and may involve cash, the issuance of the Company's securities or the assumption of indebtedness.

Issuer Purchases of Equity Securities

In May 2013, the Board of Directors authorized the Company to repurchase up to an aggregate of \$500 million of its Class A Common Stock. On May 10, 2015, the Company announced it had begun repurchasing shares of Class A Common Stock under the stock repurchase program. Through August 5, 2016, the Company repurchased approximately 5.2 million shares of Class A Common Stock for an aggregate purchase price of approximately \$71 million. The remaining authorized amount under the stock repurchase program as of August 5, 2016 was approximately \$429 million. All decisions regarding any future stock repurchases are at the sole discretion of a duly appointed committee of the Board of Directors and management. The committee's decisions regarding future stock repurchases will be evaluated from time to time in light of many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the committee may deem relevant. The stock repurchase authorization may be modified, extended, suspended or discontinued at any time by the Board of Directors and the Board of Directors cannot provide any assurances that any additional shares will be repurchased. The total number and value of shares repurchased for the fiscal years ended June 30, 2016, 2015 and 2014 are as follows:

Dividends declared and paid per share on both the Company's Class A Common Stock and Class B Common Stock totaled \$0.20 for the fiscal year ended June 30, 2016. No dividends were declared or paid in fiscal 2015 or fiscal 2014.

Sources and Uses of Cash—Fiscal 2016 versus Fiscal 2015

Net cash provided by operating activities for the fiscal years ended June 30, 2016 and 2015 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2016</u>	<u>2015</u>
Net cash provided by operating activities from continuing operations	\$952	\$988

Net cash provided by operating activities decreased by \$36 million for the fiscal year ended June 30, 2016 as compared to fiscal 2015. The decrease was primarily due to lower dividends received from Foxtel and cost method investments of \$104 million and higher restructuring payments of \$44 million during the fiscal year ended June 30, 2016. The decrease was offset by net proceeds received in fiscal 2016 from the Zillow litigation settlement of \$122 million and a benefit in working capital related to the 53rd week.

Net cash used in investing activities for the fiscal years ended June 30, 2016 and 2015 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2016</u>	<u>2015</u>
Net cash used in investing activities from continuing operations	\$(1,124)	\$(1,671)

The Company had net cash used in investing activities of \$1,124 million for the fiscal year ended June 30, 2016 as compared to net cash used in investing activities of \$1,671 million for fiscal 2015. During the fiscal year ended June 30, 2016, the Company used \$520 million of cash for acquisitions, primarily for the acquisitions of iProperty, Unruly, DIAKRIT, Flatmates and Checkout 51. The Company also has capital expenditures of \$256 million in fiscal 2016. Additionally, the Company has set aside \$315 million of cash for use in the Wireless Group Offer as a result of U.K. takeover regulations and has classified this as restricted cash.

During the fiscal year ended June 30, 2015, the Company used \$1,190 million of cash for acquisitions, primarily the acquisitions of Move and Harlequin, and used \$355 million of cash for investments, primarily consisting of approximately \$112 million for its investment in APN, \$100 million for its investment in iProperty and approximately \$67 million for its investment in SEEK Asia. The Company also had capital expenditures of \$308 million which included \$50 million related to the relocation of the Company’s U.K. operations to a new site in London. The net cash used in investing activities for the fiscal year ended June 30, 2015 was partially offset by proceeds from dispositions of \$182 million, primarily resulting from the sale of marketable securities.

Net cash provided by (used in) financing activities for the fiscal years ended June 30, 2016 and 2015 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2016</u>	<u>2015</u>
Net cash provided by (used in) financing activities from continuing operations	\$150	\$(190)

The Company had net cash provided by financing activities of \$150 million for the fiscal year ended June 30, 2016 as compared to net cash used in financing activities of \$190 million for fiscal 2015. During the fiscal year ended June 30, 2016 the Company had proceeds from borrowings under the REA Facility of approximately \$340 million. The net cash provided by financing activities for the fiscal year ended June 30, 2016 was partially offset by dividend payments of \$116 million to News Corporation stockholders and repurchases of News Corporation shares for \$41 million.

Cash used in financing activities for the fiscal year ended June 30, 2015 was primarily the result of the repayment of debt assumed in the acquisition of Move of approximately \$129 million and repurchases of News Corporation shares for \$30 million.

Sources and Uses of Cash—Fiscal 2015 versus Fiscal 2014

Net cash provided by operating activities for the fiscal years ended June 30, 2015 and 2014 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2015</u>	<u>2014</u>
Net cash provided by operating activities from continuing operations	\$988	\$1,029

Net cash provided by operating activities decreased by \$41 million for the fiscal year ended June 30, 2015 as compared to fiscal 2014. The decrease was primarily due to the absence of the net receipts related to a foreign tax refund of \$73 million and lease incentives of \$35 million received during the fiscal year ended June 30, 2014, as well as higher net tax payments of \$54 million in the fiscal year ended June 30 2015. The decrease in the fiscal year ended June 30, 2015 was partially offset by lower pension contributions of \$92 million, lower restructuring payments of \$55 million and lower payments for fees and costs related to the U.K. Newspaper Matters of \$31 million. The impact of foreign currency fluctuations of the U.S dollar against local currencies resulted in an operating cash flow decrease of approximately \$55 million, or 6%.

Net cash used in investing activities for the fiscal years ended June 30, 2015 and 2014 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2015</u>	<u>2014</u>
Net cash used in investing activities from continuing operations	\$(1,671)	\$(285)

The Company had net cash used in investing activities of \$1,671 million for the fiscal year ended June 30, 2015 as compared to net cash used in investing activities of \$285 million for fiscal 2014. During the fiscal year ended June 30, 2015, the Company used \$1,190 million of cash for acquisitions, primarily the acquisitions of Move and Harlequin, and used \$355 million of cash for investments, primarily consisting of approximately \$112 million for its investment in APN, \$100 million for its investment in iProperty and approximately \$67 million for its investment in SEEK Asia. The Company also had capital expenditures of \$308 million which included \$50 million related to the relocation of the Company’s operations to a new site in London. The net cash used in investing activities for the fiscal year ended June 30, 2015 was partially offset by proceeds from dispositions of \$182 million, primarily resulting from the sale of marketable securities.

During the fiscal year ended June 30, 2014, the Company had capital expenditures of \$358 million and made investments of \$84 million, primarily in marketable securities. In fiscal 2014, the Company utilized \$45 million for acquisitions, primarily to acquire Storyful. The net cash used in investing activities for the fiscal year ended June 30, 2014 was partially offset by proceeds from dispositions of \$202 million, primarily resulting from the sale of the Dow Jones Local Media Group.

Net cash (used in) provided by financing activities for the fiscal years ended June 30, 2015 and 2014 was as follows (in millions):

<u>For the fiscal years ended June 30,</u>	<u>2015</u>	<u>2014</u>
Net cash (used in) provided by financing activities from continuing operations	\$(190)	\$189

The change in net cash used in financing activities for the fiscal year ended June 30, 2015 as compared to the net cash provided by financing activities in fiscal 2014 was primarily due to the repayment of debt assumed in the acquisition of Move of approximately \$129 million and repurchase of News Corp shares for \$30 million during the fiscal year ended June 30, 2015.

Cash provided from financing activities for the fiscal year ended June 30, 2014 is attributable to net transfers from 21st Century Fox and its affiliates of \$217 million.

Reconciliation of Free Cash Flow Available to News Corporation

Free cash flow available to News Corporation is a non-GAAP financial measure defined as net cash provided by operating activities from continuing operations, less capital expenditures (“free cash flow”) less REA Group free cash flow, plus cash dividends received from REA Group. Free cash flow available to News Corporation excludes cash flows from discontinued operations. Free cash flow should be considered in addition to, not as a substitute for, cash flows from continuing operations and other measures of financial performance reported in accordance with GAAP. Free cash flow may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Free Cash Flow.

The Company considers free cash flow available to News Corporation to provide useful information to management and investors about the amount of cash generated by the business after capital expenditures which can then be used for strategic opportunities including, among others, investing in the Company’s business, strategic acquisitions, strengthening the Company’s balance sheet, dividend payouts and repurchasing stock. A limitation of free cash flow available to News Corporation is that it does not represent the total increase or

decrease in the cash balance for the period. Management compensates for the limitation of free cash flow available to News Corporation by also relying on the net change in cash and cash equivalents as presented in the Statements of Cash Flows prepared in accordance with GAAP which incorporate all cash movements during the period.

The following table presents a reconciliation of net cash provided by continuing operating activities to free cash flow available to News Corporation:

	For the fiscal years ended June 30,		
	2016	2015	2014
	(in millions)		
Net cash provided by operating activities	\$ 952	\$ 988	\$1,029
Less: Capital expenditures	(256)	(308)	(358)
	696	680	671
Less: REA Group free cash flow	(131)	(130)	(145)
Plus: Cash dividends received from REA Group	45	45	35
Free cash flow available to News Corporation	<u>\$ 610</u>	<u>\$ 595</u>	<u>\$ 561</u>

Free cash flow available to News Corporation increased by \$15 million in the fiscal year ended June 30, 2016 to \$610 million from \$595 million in fiscal 2015. The improvement was primarily due lower capital expenditures due to the absence of costs associated with the relocation of the Company's operations to a new site in London in fiscal 2015, partially offset by lower cash provided by operating activities as discussed above. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a decrease of free cash flow available to News Corporation of approximately \$48 million, or 8% for fiscal 2016.

Free cash flow available to News Corporation in fiscal 2015 of \$595 million increased from \$561 million in fiscal 2014, primarily due to lower capital expenditures, as well as higher dividends received from REA and lower REA Group cash flow, which is excluded from free cash flow available to News Corporation, partially offset by lower cash provided by operating activities discussed above.

Revolving Credit Facility

The Company's Credit Agreement (as amended, the "Credit Agreement") provides for an unsecured \$650 million revolving credit facility (the "Facility") that can be used for general corporate purposes. The Facility has a sublimit of \$100 million available for issuances of letters of credit. Under the Credit Agreement, the Company may request increases in the amount of the Facility up to a maximum amount of \$900 million.

In October 2015, the Company entered into an amendment to the Credit Agreement (the "Amendment") which, among other things, extended the original term of the Facility by two years and lowered the commitment fee payable by the Company. As a result of the Amendment, the lenders' commitments now terminate on October 23, 2020, and any borrowings will be due at that time. The Company may request that the commitments be extended under certain circumstances as set forth in the Credit Agreement for up to two additional one-year periods.

The Credit Agreement contains customary affirmative and negative covenants and events of default, with customary exceptions, including limitations on the ability of the Company and its subsidiaries to engage in transactions with affiliates, incur liens, merge into or consolidate with any other entity, incur subsidiary debt or dispose of all or substantially all of its assets or all or substantially all of the stock of its subsidiaries. In addition, the Credit Agreement requires the Company to maintain an adjusted operating income leverage ratio of not more than 3.0 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. If any of the events of default occur and are not cured within applicable grace periods or waived, any unpaid amounts under the Credit Agreement may be declared immediately due and payable. As of June 30, 2016, the Company was in compliance with all of the applicable debt covenants.

Interest on borrowings under the Facility is based on either (a) a Eurodollar Rate formula or (b) the Base Rate formula, each as set forth in the Credit Agreement. The applicable margin and the commitment fee are based on the pricing grid in the Credit Agreement, which varies based on the Company's adjusted operating income leverage ratio. As of June 30, 2016, the Company was paying a commitment fee of 0.225% on any undrawn balance and an applicable margin of 0.50% for a Base Rate borrowing and 1.50% for a Eurodollar Rate borrowing.

As of the date of this filing, the Company has not borrowed any funds under the Facility.

REA Group Unsecured Revolving Loan Facility

REA Group entered into a A\$480 million unsecured syndicated revolving loan facility agreement in connection with the acquisition of iProperty. The REA Facility consists of three sub facilities of A\$120 million, A\$120 million and A\$240 million which become due in December 2017, December 2018 and December 2019, respectively. In February 2016, REA Group drew down the full A\$480 million (approximately \$340 million as of such date) available under the REA Facility, and the proceeds, less lenders' fees of \$1 million, were used to fund the iProperty acquisition. Borrowings under the REA Facility bear interest at a floating rate of the Australian BBSY plus a margin in the range of 0.85% and 1.45% depending on REA Group's net leverage ratio. As of June 30, 2016, REA Group was paying a margin of between 1.00% and 1.20%. REA Group paid approximately \$4 million in interest for the fiscal year ended June 30, 2016 at a weighted average interest rate of 3.2%. The REA Facility requires REA Group to maintain a net leverage ratio of not more than 3.25 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. As of June 30, 2016, REA Group was in compliance with all of the applicable debt covenants.

Commitments

The Company has commitments under certain firm contractual arrangements ("firm commitments") to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The following table summarizes the Company's material firm commitments as of June 30, 2016.

	As of June 30, 2016				
	Payments Due by Period				
	Total	1 year	2-3 years	4-5 years	After 5 years
	(in millions)				
Purchase obligations ^(a)	\$ 787	\$339	\$183	\$ 99	\$ 166
Sports programming rights ^(b)	1,184	158	379	388	259
Operating leases ^(c)					
Land and buildings	1,436	129	274	207	826
Plant and machinery	4	2	2	—	—
Total commitments and contractual obligations	\$3,411	\$628	\$838	\$694	\$1,251

(a) The Company has commitments under purchase obligations related to printing contracts, capital projects, marketing agreements and other legally binding commitments.

(b) The Company has sports programming rights commitments with the National Rugby League, Australian Rugby Union and International Cricket as well as certain other broadcast rights which are payable through fiscal 2023. In November 2015, the Company entered into a sports programming rights agreement with the National Rugby League to license certain media rights for a five year period from 2018 to 2022 for approximately \$775 million (A\$1.1 billion). In August 2015, the Company entered into a sports programming rights agreement with the Australian Football League to license certain media rights for a six year period from 2017 to 2022 for approximately \$850 million (A\$1.2 billion). The sports programming rights for the Australian Football League were novated to Foxtel in the fourth quarter of fiscal 2016 and are not included in the table above.

- (c) The Company leases office facilities, warehouse facilities, printing plants and equipment. These leases, which are classified as operating leases, are expected to be paid at certain dates through fiscal 2062. This amount includes approximately \$250 million for office facilities that have been subleased from 21st Century Fox.

The Company has certain contracts to purchase newsprint, ink and plates that require the Company to purchase a percentage of its total requirements for production. Since the quantities purchased annually under these contracts are not fixed and are based on the Company's total requirements, the amount of the related payments for these purchases is excluded from the table above.

The table also excludes the Company's pension obligations, other postretirement benefits ("OPEB") obligations and the liabilities for unrecognized tax benefits for uncertain tax positions as the Company is unable to reasonably predict the ultimate amount and timing of the commitments. The Company made contributions of \$26 million and \$9 million to its pension plans in fiscal 2016 and fiscal 2015, respectively. Future plan contributions are dependent upon actual plan asset returns and interest rates and statutory requirements. The Company anticipates that it will make contributions of approximately \$25 million in fiscal 2017, assuming that actual plan asset returns are consistent with the Company's expected returns in fiscal 2016 and beyond, and that interest rates remain constant. The Company will continue to make voluntary contributions as necessary to improve the funded status of the plans. Payments due to participants under the Company's pension plans are primarily paid out of underlying trusts. Payments due under the Company's OPEB plans are not required to be funded in advance, but are paid as medical costs incurred by covered retiree populations, and are principally dependent upon the future cost of retiree medical benefits under the Company's OPEB plans. The Company expects its OPEB payments to approximate \$10 million in fiscal 2017. (See Note 16 to the Consolidated Financial Statements).

Contingencies

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed below. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. The Company recognizes gain contingencies when the gain becomes realized or realizable. (See Note 15 to the Consolidated Financial Statements).

The Company's operations are subject to tax in various domestic and international jurisdictions and as a matter of course, it is regularly audited by federal, state and foreign tax authorities. The Company believes it has appropriately accrued for the expected outcome of all pending tax matters and does not currently anticipate that the ultimate resolution of pending tax matters will have a material adverse effect on its financial condition, future results of operations or liquidity. As subsidiaries of 21st Century Fox prior to the Separation, the Company and each of its domestic subsidiaries have joint and several liability with 21st Century Fox for the consolidated U.S. federal income taxes of the 21st Century Fox consolidated group relating to any taxable periods during which the Company or any of the Company's domestic subsidiaries are or were a member of the 21st Century Fox consolidated group. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any other member of the 21st Century Fox consolidated group. In conjunction with the Separation, the Company entered into the Tax Sharing and Indemnification Agreement with 21st Century Fox

(the “Tax Sharing and Indemnification Agreement”), which requires 21st Century Fox to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the Internal Revenue Service (“IRS”) or other taxing authorities in amounts that the Company cannot quantify.

CRITICAL ACCOUNTING POLICIES

An accounting policy is considered to be critical if it is important to the Company’s financial condition and results and if it requires significant judgment and estimates on the part of management in its application. The development and selection of these critical accounting policies have been determined by management of the Company. (See Note 2 to the Consolidated Financial Statements).

Long-lived assets

Long-lived assets, including goodwill, newspaper mastheads, trade names, distribution networks, publishing rights, copyrighted products, trademarks and property, plant and equipment. Assets acquired in business combinations are recorded at their estimated fair value at the date of acquisition. Goodwill is recorded as the difference between the cost of acquiring an entity and the estimated fair values assigned to its tangible and identifiable intangible net assets and is assigned to one or more reporting units for purposes of testing for impairment.

Determining the fair value of assets acquired and liabilities assumed requires management’s judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, asset lives and market multiples, among other items. Identifying reporting units and assigning goodwill to them requires judgment involving the aggregation of business units with similar economic characteristics and the identification of existing business units that benefit from the acquired goodwill. The judgments made in determining the estimated fair value assigned to each class of long-lived assets acquired, their reporting unit, as well as their useful lives can significantly impact net income. The Company allocates goodwill to disposed businesses using the relative fair value method.

Goodwill and Indefinite-lived Intangible Assets

The Company tests goodwill and indefinite-lived intangibles for impairment on an annual basis in the fourth quarter and at other times if a significant event or change in circumstances indicates that it is more likely than not that the fair value of these assets has been reduced below their carrying value. The Company uses its judgment in assessing whether assets may have become impaired between annual impairment assessments. Indicators such as unexpected adverse economic factors, unanticipated technological change or competitive activities, loss of key personnel and acts by governments and courts, may signal that an asset has become impaired.

The valuation of goodwill requires assumptions and estimates of many factors, including revenue and market growth, operating cash flows, market multiples and discount rates. During the fourth quarter of fiscal 2016, as part of the Company’s long-range planning process, the Company completed its annual goodwill and indefinite-lived intangible asset impairment test.

The Company determined that the goodwill and indefinite-lived intangible assets included in the Balance Sheets were not impaired for the Company's reporting units. Significant unobservable inputs utilized in the income approach valuation method for these reporting units were discount rates (ranging from 9%-14.5%), long-term growth rates (ranging from 0%-3.5%) and royalty rates (ranging from 0.5%-3.4%). Significant unobservable inputs utilized in the market approach valuation methods were EBITDA multiples from guideline public companies operating in similar industries and control premiums (ranging from 10%-15%).

Significant increases (decreases) in royalty rates, growth rates, control premium and multiples, assuming no change in discount rates, would result in a significantly higher (lower) fair value measurement. Significant decreases (increases) in discount rates, assuming no changes in royalty rates, growth rates, control premium and multiples, would result in a significantly higher (lower) fair value measurement.

The fair values of the Company's reporting units in fiscal 2016 exceeded the respective carrying values in a range from approximately 8% to 18%. Consequently, no impairments were identified. An approximate 400 basis point increase in the discount rate or, an approximate 700 basis point decrease in the projected cash flows terminal growth rate, would have resulted in a reporting unit of the News and Information Services segment and the Cable Network Programming segment failing step one of the goodwill impairment analysis, which would have required the completion of step two of the goodwill impairment analysis. The goodwill at risk associated with these reporting units is nearly \$1 billion as of June 30, 2016. The Company will continue to monitor its goodwill and indefinite lived intangible assets for possible future impairment.

Property, Plant and Equipment

The Company evaluates the carrying value of long-lived assets, for impairment whenever events or changes in circumstances indicate that the carrying value of an asset group may not be recoverable, in accordance with ASC 360, "Property, Plant, and Equipment" ("ASC 360"). An asset group is the lowest level of assets and liabilities for which identifiable cash flows are largely independent of the cash flows of other assets and liabilities. Events or circumstances that might warrant an impairment recoverability review include, among other things, material declines in operating performance, significant adverse market conditions and planned changes in the use of an asset group.

In determining whether the carrying value of an asset group is recoverable, the Company estimates undiscounted future cash flows over the estimated life of the primary asset of the asset group. The estimates of such future cash flows require estimating such factors as future operating performance, market conditions and the estimated holding period of each asset. If all or a portion of the carrying value of an asset group is found to be non-recoverable, the Company records an impairment charge equal to the difference between the asset group's carrying value and its fair value. The Company generally measures fair value by considering sales prices for similar assets or by discounting estimated future cash flows using an appropriate discount rate. Typical assumptions applied when using a market-based approach include projected EBITDA and related multiples. Typical assumptions applied when using an income approach include projected free cash flows, discount rates and long-term growth rates. All of these assumptions are made by management based on the best available information at the time of the estimates and are subject to deviations from actual results.

In fiscal 2016, given the decline in operating performance at certain reporting units, the Company performed an analysis over fixed to determine if such assets continue to be recoverable. As a result of the analysis, the Company determined that the fixed assets reviewed as part of the analysis continue to be recoverable.

Income Taxes

The Company is subject to income taxes in the U.S. and various foreign jurisdictions in which it operates and records its tax provision for the anticipated tax consequences in its reported results of operations. Tax laws

are complex and subject to different interpretations by the taxpayer and respective governmental taxing authorities. Significant judgment is required in determining the Company's tax expense and in evaluating its tax positions including evaluating uncertainties as promulgated under ASC 740, "Income Taxes."

The Company's annual tax rate is based on its income, statutory tax rates and tax planning strategies available in the various jurisdictions in which it operates. Significant management judgment is required in determining the Company's provision for income taxes, deferred tax assets and liabilities and the valuation allowance recorded against the Company's net deferred tax assets, if any. In assessing the likelihood of realization of deferred tax assets, management considers historical results and estimates of the amount and character of future taxable income. The Company's actual effective tax rate and income tax expense could vary from estimated amounts due to the future impacts of various items, including changes in income tax laws, tax planning, the outcome of tax audits and the Company's forecasted financial condition and results of operations in future periods. Although the Company believes current estimates are reasonable, actual results could differ from these estimates.

The Company recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the Consolidated Financial Statements from such positions are then measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Significant management judgment is required to determine whether the recognition threshold has been met and, if so, the appropriate amount of unrecognized tax benefits to be recorded in the Consolidated Financial Statements. Management re-evaluates tax positions each period in which new information about recognition or measurement becomes available. The Company's policy is to recognize, when applicable, interest and penalties on unrecognized income tax benefits as part of Income tax benefit (expense).

Retirement Benefit Obligations

The Company's employees participate in various defined benefit pension and postretirement plans sponsored by the Company and its subsidiaries. (See Note 16 to the Consolidated Financial Statements).

The Company records amounts relating to its pension and other postretirement benefit plans based on calculations specified by GAAP. The measurement and recognition of the Company's pension and other postretirement benefit plans require the use of significant management judgments, including discount rates, expected return on plan assets, mortality and other actuarial assumptions. Net periodic benefit costs (income) is calculated based upon a number of actuarial assumptions, including a discount rate for plan obligations and an expected rate of return on plan assets. Current market conditions, including changes in investment returns and interest rates, were considered in making these assumptions. In developing the expected long-term rate of return, the pension portfolio's past average rate of returns, and future return expectations of the various asset classes were considered. The expected long-term rate of return is based on a direct asset allocation assumption of 26% equities, 62% fixed-income securities and 12% cash and other investments. Total net periodic benefit costs (income) for the plans were \$8 million, \$(4) million and \$7 million, for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

The discount rate reflects the market rate for high-quality fixed-income investments on the Company's annual measurement date of June 30 and is subject to change each fiscal year. The discount rate assumptions used to account for pension and other postretirement benefit plans reflect the rates at which the benefit obligations could be effectively settled. The rate was determined by matching the Company's expected benefit payments for the plans to a hypothetical yield curve developed using a portfolio of several hundred high-quality non-callable corporate bonds. For fiscal 2016 and the prior periods presented, the Company estimated the service and interest cost components of net periodic benefit costs (income) utilizing a single weighted-average discount rate for each country in which the Company has plans derived from the yield curve used to measure the benefit obligation.

The key assumptions used in developing the Company's fiscal 2016, 2015 and 2014 net periodic benefit costs (income) for its plans consist of the following:

	<u>2016</u>	<u>2015</u>	<u>2014</u>
	(in millions, except %)		
Weighted average discount rate used to determine net periodic benefit costs (income)	3.9%	4.2%	4.6%
Assets:			
Expected rate of return	5.7%	6.3%	6.8%
Expected return	\$ 81	\$ 93	\$ 93
Actual return	\$121	\$ 96	\$ 109
Gain/(Loss)	\$ 40	\$ 3	\$ 16
One year actual return	9.4%	7.2%	8.7%
Five year actual return	7.7%	8.6%	10.2%

The weighted average discount rate is volatile from year to year because it is determined based upon the prevailing rates in the U.S., the U.K. and Australia as of the measurement date. Beginning in fiscal 2017, the Company will change the method used to estimate the service and interest cost components of net periodic benefit cost (income) for its pension and other postretirement benefit plans. The new method utilizes a full yield curve approach in the estimation of these components by applying the specific spot rates along the yield curve used in the determination of the benefit obligation to their underlying projected cash flows. The Company will change to the new method to provide a more precise measurement of service and interest costs by improving the correlation between projected benefit cash flows and their corresponding spot rates. The change is accounted for as a change in accounting estimate which is applied prospectively. Although the discount rate used for each plan will be established and applied individually, a weighted average discount rate of 3.1% will be used in calculating the fiscal 2017 net periodic benefit costs (income). This change in estimate is not expected to have a material impact on the Company's pension and postretirement net periodic benefit expense in future periods.

The Company will use a weighted average long-term rate of return of 5.7% for fiscal 2017 based principally on a combination of current asset mix and historical experience of actual plan returns. The accumulated net pre-tax losses on the Company's pension plans as of June 30, 2016 were approximately \$610 million which increased from approximately \$570 million for the Company's pension plans as of June 30, 2015. This increase of \$40 million was primarily due to a reduction in the discount rate across all plans and utilized in measuring the Company's domestic and international pension obligations. Lower discount rates increase present values of benefit obligations and increase the Company's deferred losses and also increase subsequent-year benefit costs. Higher discount rates decrease the present values of benefit obligations and reduce the Company's accumulated net loss and also decrease subsequent-year benefit costs. These deferred losses are being systematically recognized in future net periodic benefit costs (income) in accordance with ASC 715, "Compensation—Retirement Benefits." Unrecognized losses in excess of 10% of the greater of the market-related value of plan assets or the plan's projected benefit obligation are recognized over the average life expectancy for plan participants.

The Company made contributions of \$26 million, \$9 million and \$137 million to its pension plans in fiscal 2016, 2015 and 2014, respectively. In fiscal 2014, approximately \$37 million of the contributions were made by a third party in connection with the sale of a business in a prior period on behalf of former employees who retained certain pension benefits. Future plan contributions are dependent upon actual plan asset returns, statutory requirements and interest rate movements. Assuming that actual plan returns are consistent with the Company's expected plan returns in fiscal 2016 and beyond, and that interest rates remain constant, the Company anticipates that it will make contributions of approximately \$25 million in fiscal 2017. The Company will continue to make voluntary contributions as necessary to improve the funded status of the plans. (See Note 16 to the Consolidated Financial Statements).

Changes in net periodic benefit costs may occur in the future due to changes in the Company's expected rate of return on plan assets and discount rate resulting from economic events. The following table highlights the sensitivity of the Company's pension obligations and expense to changes in these assumptions, assuming all other assumptions remain constant:

<u>Changes in Assumption</u>	<u>Impact on Annual Pension Expense</u>	<u>Impact on Projected Benefit Obligation</u>
0.25 percentage point decrease in discount rate	Increase \$3 million	Increase \$87 million
0.25 percentage point increase in discount rate	Decrease \$2 million	Decrease \$80 million

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company has exposure to different types of market risk including changes in foreign currency rates and stock prices. The Company neither holds nor issues financial instruments for trading purposes.

The following sections provide quantitative information on the Company's exposure to foreign currency rate risk and stock price risk. The Company makes use of sensitivity analyses that are inherently limited in estimating actual losses in fair value that can occur from changes in market conditions.

Foreign Currency Rates

The Company conducts operations in three principal currencies: the U.S. dollar; the Australian dollar; and the British pound sterling. These currencies operate primarily as the functional currency for the Company's U.S., Australian and U.K. operations, respectively. Cash is managed centrally within each of the three regions with net earnings reinvested locally and working capital requirements met from existing liquid funds. To the extent such funds are not sufficient to meet working capital requirements, funding in the appropriate local currencies is made available from intercompany capital. The Company does not hedge its investments in the net assets of its Australian and U.K. foreign operations.

Because of fluctuations in exchange rates, the Company is subject to currency translation exposure on the results of its operations. Foreign currency translation risk is the risk that exchange rate gains or losses arise from translating foreign entities' statements of earnings and balance sheets from functional currency to the Company's reporting currency (the U.S. dollar) for consolidation purposes. The Company does not hedge translation risk because it generally generates positive cash flows from its international operations that are typically reinvested locally. Exchange rates with the most significant impact to its translation include the Australian dollar and British pound sterling. As exchange rates fluctuate, translation of its Statements of Operations into U.S. dollars affects the comparability of revenues and operating expenses between years.

The table below details the percentage of revenues and expenses by the three principal currencies for the fiscal years ended June 30, 2016 and 2015:

	<u>U.S. Dollars</u>	<u>Australian Dollars</u>	<u>British Pound Sterling</u>
Fiscal year ended June 30, 2016			
Revenues	47%	28%	20%
Operating and Selling, general, and administrative expenses	48%	24%	21%
Fiscal year ended June 30, 2015			
Revenues	43%	30%	21%
Operating and Selling, general, and administrative expenses	43%	27%	23%

Based on the year ended June 30, 2016, a one cent change in each of the U.S. dollar/Australian dollar and the U.S. dollar/British pound sterling exchange rates would have impacted revenues by approximately \$32 million and \$11 million, respectively, for each currency on an annual basis, and would have impacted Total Segment EBITDA by approximately \$7 million and \$0.4 million, respectively, on an annual basis.

Stock Prices

The Company has common stock investments in publicly traded companies that are subject to market price volatility. These investments had an aggregate fair value of approximately \$189 million as of June 30, 2016. A hypothetical decrease in the market price of these investments of 10% would result in a decrease in comprehensive income of approximately \$19 million before tax. Any changes in fair value of the Company's common stock investments are not recognized unless deemed other-than-temporary.

Credit Risk

Cash and cash equivalents are maintained with multiple financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions of reputable credit and, therefore, bear minimal credit risk.

The Company's receivables did not represent significant concentrations of credit risk as of June 30, 2016 or June 30, 2015 due to the wide variety of customers, markets and geographic areas to which the Company's products and services are sold.

The Company monitors its positions with, and the credit quality of, the financial institutions which are counterparties to its financial instruments. The Company is exposed to credit loss in the event of nonperformance by the counterparties to the agreements. As of June 30, 2016, the Company did not anticipate nonperformance by any of the counterparties.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of News Corporation is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended. News Corporation's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. The Company's internal control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of News Corporation;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America;
- provide reasonable assurance that receipts and expenditures of News Corporation are being made only in accordance with authorizations of management and directors of News Corporation; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the consolidated financial statements.

Internal control over financial reporting includes the controls themselves, monitoring and internal auditing practices and actions taken to correct deficiencies as identified.

Because of its inherent limitations, internal control over financial reporting, no matter how well designed, may not prevent or detect misstatements. Accordingly, even effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Also, the assessment of the effectiveness of internal control over financial reporting was made as of a specific date. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management, including the Company's principal executive officer and principal financial officer, conducted an assessment of the effectiveness of News Corporation's internal control over financial reporting as of June 30, 2016, based on criteria for effective internal control over financial reporting described in the 2013 "*Internal Control—Integrated Framework*" issued by the Committee of Sponsoring Organizations of the Treadway Commission. Management's assessment included an evaluation of the design of News Corporation's internal control over financial reporting and testing of the operational effectiveness of its internal control over financial reporting. Management reviewed the results of its assessment with the Audit Committee of News Corporation's Board of Directors.

Based on this assessment, management determined that, as of June 30, 2016, News Corporation maintained effective internal control over financial reporting.

Ernst & Young LLP, the independent registered public accounting firm who audited and reported on the Consolidated Financial Statements of News Corporation included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2016, has audited the Company's internal control over financial reporting. Their report appears on the following page.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of News Corporation:

We have audited News Corporation's internal control over financial reporting as of June 30, 2016, based on criteria established in the Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). News Corporation's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, News Corporation maintained, in all material respects, effective internal control over financial reporting as of June 30, 2016, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of News Corporation as of June 30, 2016 and 2015, and the related consolidated statements of operations, comprehensive (loss) income, equity and cash flows for each of the three years in the period ended June 30, 2016 of News Corporation and our report dated August 12, 2016 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of News Corporation:

We have audited the accompanying consolidated balance sheets of News Corporation as of June 30, 2016 and 2015, and the related consolidated statements of operations, comprehensive (loss) income, equity and cash flows for each of the three years in the period ended June 30, 2016. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of News Corporation at June 30, 2016 and 2015, and the consolidated results of its operations and its cash flows for each of the three years in the period ended June 30, 2016, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), News Corporation's internal control over financial reporting as of June 30, 2016, based on criteria established in the Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and our report dated August 12, 2016 expressed an unqualified opinion thereon.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

News Corporation (together with its subsidiaries, “News Corporation,” “News Corp,” the “Company,” “we,” or “us”) is a global diversified media and information services company comprised of businesses across a range of media, including: news and information services, book publishing, digital real estate services, cable network programming in Australia and pay-TV distribution in Australia.

During the first quarter of fiscal 2016, management approved a plan to dispose of the Company’s digital education business. As a result of the plan and the discontinuation of further significant business activities in the Digital Education segment, the assets and liabilities of this segment were classified as held for sale and the results of operations have been classified as discontinued operations for all periods presented. Unless indicated otherwise, the information in the notes to the Consolidated Financial Statements relates to the Company’s continuing operations. (See Note 4—Discontinued Operations).

Basis of presentation

The consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”). The Company’s financial statements as of and for the fiscal years ended June 30, 2016, 2015 and 2014 are presented on a consolidated basis.

The consolidated financial statements are referred to herein as the “Consolidated Financial Statements.” The consolidated statements of operations are referred to herein as the “Statements of Operations.” The consolidated balance sheets are referred to herein as the “Balance Sheets.” The consolidated statements of cash flows are referred to herein as the “Statements of Cash Flows.”

The Company’s fiscal year ends on the Sunday closest to June 30. Fiscal 2016, fiscal 2015 and fiscal 2014 included 53, 52 and 52 weeks, respectively. All references to the fiscal years ended June 30, 2016, 2015 and 2014 relate to the fiscal years ended July 3, 2016, June 28, 2015 and June 29, 2014, respectively. For convenience purposes, the Company continues to date its consolidated financial statements as of June 30.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation

The Consolidated Financial Statements include the accounts of all majority-owned and controlled subsidiaries. In addition, the Company evaluates its relationships with other entities to identify whether they are variable interest entities (“VIEs”) as defined by Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 810-10, “Consolidation” (“ASC 810-10”) and whether the Company is the primary beneficiary. Consolidation is required if both of these criteria are met. All significant intercompany accounts and transactions have been eliminated in consolidation, including the intercompany portion of transactions with equity method investees.

Changes in the Company’s ownership interest in a consolidated subsidiary where a controlling financial interest is retained are accounted for as capital transactions. When the Company ceases to have a controlling interest in a consolidated subsidiary the Company will recognize a gain or loss in the Statements of Operations upon deconsolidation.

Reclassifications

Certain reclassifications have been made to the prior period consolidated financial statements to conform to the current year presentation. The financial results of the Digital Education segment have been recorded as discontinued operations for all periods presented (See Note 4—Discontinued Operations).

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Use of estimates

The preparation of the Company's Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts that are reported in the Consolidated Financial Statements and accompanying disclosures. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and other investments that are readily convertible into cash with original maturities of three months or less. The Company's cash and cash equivalents balance as of June 30, 2016 and 2015 also includes \$95 million and \$60 million, respectively, which is not readily accessible by the Company as it is held by REA Group Limited ("REA Group"), a majority owned but separately listed public company. REA Group must declare a dividend in order for the Company to have access to its share of REA Group's cash balance.

The Company classifies cash as restricted when the cash is unavailable for use in general operations. The restricted cash balance of \$315 million as of June 30, 2016 relates to cash set aside for the Wireless Group Offer (as defined in Note 3) in order to comply with U.K. takeover regulations. (See Note 3—Acquisitions, Disposals and Other Transactions).

Concentration of credit risk

Cash and cash equivalents are maintained with multiple financial institutions. The Company has deposits held with banks that exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions of reputable credit and, therefore, bear minimal credit risk.

Receivables, net

Receivables are presented net of an allowance for returns and doubtful accounts, which is an estimate of amounts that may not be collectible. In determining the allowance for returns, management analyzes historical returns, current economic trends and changes in customer demand and acceptance of the Company's products. Based on this information, management reserves a percentage of each dollar of product sales that provide the customer with the right of return. The allowance for doubtful accounts is estimated based on historical experience, receivable aging, current economic trends and specific identification of certain receivables that are at risk of not being collected.

Receivables, net consist of:

	As of June 30,	
	2016	2015
	(in millions)	
Receivables	\$1,442	\$1,503
Allowances for returns and doubtful accounts	(213)	(220)
Receivables, net	\$1,229	\$1,283

The Company's receivables did not represent significant concentrations of credit risk as of June 30, 2016 or June 30, 2015 due to the wide variety of customers, markets and geographic areas to which the Company's products and services are sold.

Inventories

Inventories are valued at the lower of cost or market. Cost is determined by the weighted average cost method. The Company records a reserve for excess and obsolete inventory based upon a calculation using the historical usage rates, sales patterns of its products and specifically identified obsolete inventory. Inventory is included within Other current assets on the Balance Sheets.

Prepublication costs

The Company capitalizes the art, prepress, outside editorial, digital conversion and other costs incurred in the creation of the master copy of a book or other media (the “prepublication costs”). Prepublication costs are amortized from the year of publication over their estimated useful lives, using the straight-line method for capitalized costs with an estimated useful life of one year or less and sum of the years’ digits for capitalized costs exceeding one year. The Company regularly reviews the recoverability of the capitalized costs based on expected future revenues. Prepublications costs are included in Other current assets on the Balance Sheets and were \$33 million and \$34 million as of June 30, 2016 and 2015, respectively. Amortization of prepublication costs for the fiscal years ended June 30, 2016, 2015 and 2014 was \$43 million, \$43 million and \$37 million, respectively.

Investments

The Company makes investments in various businesses in the normal course of business. The Company evaluates its relationships with other entities to identify whether they are VIEs in accordance with ASC 810-10. In determining whether the Company is the primary beneficiary of a VIE, it assesses whether it has the power to direct matters that most significantly impact the activities of the VIE and has the obligation to absorb losses or the right to receive benefits from the VIE that could potentially be significant to the VIE. The Company would consolidate any investments in which it was determined to be the primary beneficiary of a VIE.

Investments in and advances to equity investments or joint ventures in which the Company has significant influence, but is not the primary beneficiary, and has less than a controlling voting interest, are accounted for using the equity method. Significant influence is generally presumed to exist when the Company owns an interest between 20% and 50% or when the Company has the ability to exercise significant influence. Under the equity method of accounting, the Company includes its investment and amounts due to and from its equity method investments in its Balance Sheets. The Company’s Statements of Operations include the Company’s share of the investees’ earnings (losses) and the Company’s Statements of Cash Flows include all cash received from or paid to the investee.

The difference between the Company’s investment and its share of the fair value of the underlying net assets of the investee upon acquisition is first allocated to either finite-lived intangibles or indefinite-lived intangibles and the balance is attributed to goodwill. The Company follows ASC 350, “Intangibles—Goodwill and Other” (“ASC 350”), which requires that equity method finite-lived intangibles be amortized over their estimated useful life. Such amortization is reflected in Equity earnings of affiliates in the Statements of Operations. Indefinite-lived intangibles and goodwill are not amortized.

Investments in which the Company has no significant influence (generally less than a 20% ownership interest) or does not have the ability to exercise significant influence are designated as available-for-sale investments if readily determinable market values are available. The Company reports available-for-sale investments at fair value based on quoted market prices. Unrealized gains and losses on available-for-sale investments are included in Accumulated other comprehensive (loss) income, net of applicable taxes and other adjustments, until the investment is sold or considered impaired. If an investment’s fair value is not readily determinable, the Company accounts for its investment at cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over an estimated useful life of 3 to 50 years. Leasehold improvements are amortized using the straight-line method over the shorter of their useful lives or the life of the lease. Costs associated with the repair and maintenance of property, plant and equipment are expensed as incurred. Changes in circumstances, such as technological advances or changes to the Company's business model or capital strategy, could result in the actual useful lives differing from the Company's estimates. In those cases where the Company determines that the useful life of buildings and equipment should be shortened, the Company would depreciate the asset over its revised remaining useful life, thereby increasing depreciation expense.

Operating Leases

For operating leases, minimum lease payments, including minimum scheduled rent increases, are recognized as rent expense on a straight-line basis over the applicable lease terms. The term used for straight-line rent expense is calculated initially from the date that the Company obtains possession of the leased premises through the expected lease termination date.

Capitalized software

In accordance with ASC 350—40 "Internal-use Software," the Company capitalizes certain costs incurred in connection with developing or obtaining internal use software. Costs incurred in the preliminary project stage are expensed. All direct costs incurred to develop internal use software during the development stage are capitalized and amortized using the straight-line method over the estimated useful life, generally 2 to 10 years. Costs such as maintenance and training are expensed as incurred. Research and development costs are expensed as incurred.

Royalty advances to authors

Royalty advances are initially capitalized and subsequently expensed as related revenues are earned or when the Company determines future recovery is not probable. The Company has a long history of providing authors with royalty advances, and it tracks each advance earned with respect to the sale of the related publication. Historically, the longer the unearned portion of the advance remains outstanding, the less likely it is that the Company will recover the advance through the sale of the publication. The Company applies this historical experience to its existing outstanding royalty advances to estimate the likelihood of recovery and a provision is established to write-off the unearned advance, usually between 6 and 12 months after publication. Additionally, the Company reviews its portfolio of unpublished royalty advances to determine if individual royalty advances are not recoverable for discrete reasons, such as the death of an author prior to completion of a title or titles, a Company decision to not publish a title, poor market demand or other relevant factors that could impact recoverability. Based on this information, the portion of any advance that the Company believes is not recoverable is expensed.

Goodwill and intangible assets

The Company has intangible assets, including goodwill, newspaper mastheads, trademarks, distribution networks, publishing rights and copyrighted products. Goodwill is recorded as the difference between the cost of acquiring entities and amounts assigned to their tangible and identifiable intangible net assets. In accordance with ASC 350, the Company's goodwill and indefinite-lived intangible assets are tested annually during the fourth quarter for impairment or earlier if events occur or circumstances change that would more likely than not reduce the fair values below their carrying amounts. Intangible assets with finite lives are amortized over their estimated useful lives. The impairment assessment of indefinite-lived intangibles compares the fair value of these intangible assets to their carrying value.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Goodwill is reviewed for impairment at a reporting unit level. Reporting units are determined based on an evaluation of the Company's operating segments and the components making up those operating segments. For purposes of goodwill impairment review, the Company has identified Dow Jones, the Australian newspapers, the U.K. newspapers, News America Marketing, Storyful Limited ("Storyful"), FOX SPORTS Australia, HarperCollins, REA Group, Move, Inc. ("Move"), Unruly Holdings Limited ("Unruly") and DIAKRIT International Limited ("DIAKRIT"), as its reporting units. In assessing goodwill for impairment, the Company has the option to first perform a qualitative assessment to determine whether events or circumstances exist that lead to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the Company determines that it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, the Company is not required to perform any additional tests in assessing goodwill for impairment. However, if the Company concludes otherwise or elects not to perform the qualitative assessment, then it is required to perform the first step of a two-step impairment review process. The first step of the two-step impairment process is to compare the fair value of a reporting unit with its carrying amount, including goodwill. In performing the first step, the Company determines the fair value of a reporting unit primarily by using a discounted cash flow analysis and market-based valuation approach methodologies. Determining fair value requires the exercise of significant judgments, including judgments about appropriate discount rates, long-term growth rates, relevant comparable company earnings multiples and the amount and timing of expected future cash flows. The cash flows employed in the analyses are based on the Company's estimated outlook and various growth rates are assumed for years beyond the long-term business plan period. Discount rate assumptions are based on an assessment of the risk inherent in the future cash flows of the respective reporting units. In assessing the reasonableness of its determined fair values, the Company evaluates its results against other value indicators, such as comparable public company trading values. If the fair value of a reporting unit exceeds its carrying amount, the goodwill of the reporting unit is not impaired and the second step of the impairment review is not necessary. If the carrying amount of a reporting unit exceeds its fair value, the second step of the goodwill impairment review is required to be performed to estimate the implied fair value of the reporting unit's goodwill. The implied fair value of goodwill is determined in the same manner as the amount of goodwill recognized in a business combination. That is, the estimated fair value of the reporting unit is allocated to all of the assets and liabilities of that unit (including any unrecognized intangible assets) as if the reporting unit had been acquired in a business combination and the estimated fair value of the reporting unit was the purchase price paid. The implied fair value of the reporting unit's goodwill is compared with the carrying amount of that goodwill. If the carrying amount of the reporting unit's goodwill exceeds the implied fair value of that goodwill, an impairment loss is recognized in an amount equal to that excess.

The Company also performs impairment reviews on its indefinite-lived intangible assets, including distribution networks, newspaper mastheads, trademarks, and imprints. Newspaper mastheads and book publishing imprints are reviewed on an aggregated basis in accordance with ASC 350. Distribution networks and trademarks are reviewed individually. In assessing its indefinite-lived intangible assets for impairment, the Company has the option to first perform a qualitative assessment to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of the indefinite-lived intangible asset is less than its carrying amount. If the Company determines that it is not more likely than not that the fair value of an indefinite-lived intangible asset is less than its carrying amount, the Company is not required to perform any additional tests in assessing the assets for impairment. However, if the Company concludes otherwise or elects not to perform the qualitative assessment, then it is required to perform a quantitative analysis to determine if the fair value of the indefinite-lived intangible asset is less than its carrying value.

The methods used to estimate the fair value measurements of impaired goodwill and indefinite-lived intangible assets include those based on the income approach (including the discounted cash flow and relief-from-royalty methods) and those based on the market approach (primarily the guideline public company

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

method). The resulting fair value measurements of the assets are considered to be Level 3 measurements. Significant unobservable inputs utilized in the income approach valuation methods are discount rates, long-term growth rates and royalty rates. Significant unobservable inputs utilized in the market approach valuation methods are EBITDA multiples from guideline public companies operating in similar industries and a control premium.

When a business within a reporting unit is disposed of, goodwill is allocated to the disposed business using the relative fair value method.

Asset impairments

Investments

Equity method investments are regularly reviewed to determine whether a significant event or change in circumstances has occurred that may impact the fair value of each investment. If the fair value of the investment has dropped below the carrying amount, management considers several factors when determining whether an other-than-temporary decline in market value has occurred, including the length of time and extent to which the market value has been below cost, the financial condition and near-term prospects of the issuer, the intent and ability of the Company to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in market value and other factors influencing the fair market value, such as general market conditions.

The Company regularly reviews available-for-sale investment securities for other-than-temporary impairment based on criteria that include the extent to which the investment's carrying value exceeds its related market value, the duration of the market decline, the Company's ability to hold until recovery and the financial strength and specific prospects of the issuer of the security.

The Company regularly reviews investments accounted for at cost for other-than-temporary impairment based on criteria that include the extent to which the investment's carrying value exceeds its related estimated fair value, the duration of the estimated fair value decline, the Company's ability to hold until recovery and the financial strength and specific prospects of the issuer of the security.

Long-lived assets

ASC 360, "Property, Plant, and Equipment," ("ASC 360") and ASC 350 require that the Company periodically review the carrying amounts of its long-lived assets, including property, plant and equipment and finite-lived intangible assets, to determine whether current events or circumstances indicate that such carrying amounts may not be recoverable. If the carrying amount of the asset is greater than the expected undiscounted cash flows to be generated by such asset, an impairment adjustment is recognized if the carrying value of such asset exceeds its fair value. The Company generally measures fair value by considering sale prices for similar assets or by discounting estimated future cash flows using an appropriate discount rate. Considerable management judgment is necessary to estimate the fair value of assets, accordingly, actual results could vary significantly from such estimates. Assets to be disposed of are carried at the lower of their financial statement carrying amount or fair value, less their costs to sell.

Revenue recognition

Revenue is recognized when persuasive evidence of an arrangement exists, the fees are fixed or determinable, the product or service has been delivered and collectability is reasonably assured. The Company considers the terms of each arrangement to determine the appropriate accounting treatment.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

News and Information Services

Advertising revenues are recognized in the period when advertising is printed or placed on digital platforms, net of commissions and provisions for estimated sales incentives including rebates, rate adjustments and discounts. Advertising revenues from integrated marketing services are recognized when free-standing inserts are published or over the time period in which in-store marketing services are performed. Billings to clients and payments received in advance of the performance of services or delivery of products are recorded as deferred revenue until the services are performed or the product is delivered.

Circulation and information services revenues include single-copy and subscription revenues. Circulation revenues are based on the number of copies of the printed newspaper (through home-delivery subscriptions and single-copy sales) and digital subscriptions sold and the rates charged to the respective customers. Single-copy revenue is recognized based on date of publication, net of provisions for related returns. Proceeds from print, digital and electronic information services subscription revenues are deferred at the time of sale and are recognized in earnings on a pro rata basis over the terms of the subscriptions.

Other revenues are recognized when the related services are performed or the product has been delivered.

Book Publishing

Revenue from the sale of books for distribution in the retail channel is primarily recognized upon passing of control to the buyer. Revenue for electronic books (“e-books”), which is the net amount received from the retailer, is generally recognized upon electronic delivery to the customer by the retailer. Revenue is reported net of any amounts billed to customers for taxes which are remitted to government authorities.

Digital Real Estate Services

Advertising revenues from providing online real estate advertising services are recognized on the fulfillment of customer service obligations, which may include product performance and/or product service periods.

Subscription revenues from licensing and advanced reporting products are typically recognized ratably over the service period of the related subscription.

Cable Network Programming

Affiliate fees received from cable television systems, direct broadcast satellite operators and other distribution systems are recognized as revenue in the period that services are provided. Advertising revenues are recognized, net of agency commissions, in the period that the advertisements are aired.

Multiple element arrangements

Revenues derived from a single sales contract that contains multiple products and services are allocated based on the relative fair value of each item to be delivered and recognized in accordance with the applicable revenue recognition criteria for the specific unit of accounting.

Gross versus net revenue recognition

In the normal course of business, the Company acts as or uses an intermediary or agent in executing transactions with third parties. In connection with these arrangements, the Company must determine whether to report revenue based on the gross amount billed to the ultimate customer or on the net amount received from the customer after commissions and other payments to third parties.

NEWS CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The determination of whether revenue should be reported on a gross or net basis is based on an assessment of whether the Company is acting as the principal or an agent in the transaction. If the Company is acting as a principal in a transaction, the Company reports revenue on a gross basis. If the Company is acting as an agent in a transaction, the Company reports revenue on a net basis. The determination of whether the Company is acting as a principal or an agent in a transaction involves judgment and is based on an evaluation of the terms of the arrangement. The Company serves as the principal in transactions in which it has substantial risks and rewards of ownership.

Barter transactions

The Company enters into transactions that involve the exchange of advertising, in part, for other products and services, which are recorded at the lesser of estimated fair value of the advertising given or product or service received in accordance with the provisions of ASC 605-20-25, "Advertising Barter Transactions." Revenue from barter transactions is recognized when advertising is provided, and expenses are recognized when products are received or services are incurred. Revenue from barter transactions included in the Statements of Operations was \$58 million, \$56 million and \$47 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. Expense from barter transactions included in the Statements of Operations was \$58 million, \$56 million and \$41 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Sales returns

Consistent with industry practice, certain of the Company's products, such as books and newspapers, are sold with the right of return. The Company records, as a reduction of revenue, the estimated impact of such returns. In determining the estimate of product sales that will be returned, management analyzes historical returns, current economic trends, changes in customer demand and acceptance of the Company's products. Based on this information, management reserves a percentage of each dollar of product sales that provide the customer with the right of return.

Advertising expenses

The Company expenses advertising costs as incurred in accordance with ASC 720-35, "Other Expenses—Advertising Cost." Advertising and promotional expenses recognized totaled \$607 million, \$530 million and \$442 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Shipping and handling

Costs incurred for shipping and handling are reflected in Operating expenses in the Statements of Operations.

Translation of foreign currencies

The financial results and position of foreign subsidiaries and affiliates are translated into U.S. dollars using the current rate method, whereby operating results are converted at the average rate of exchange for the period and assets and liabilities are converted at the closing rates on the period end date. The resulting translation adjustments are accumulated as a component of Accumulated other comprehensive income. Gains and losses from foreign currency transactions are generally included in income for the period.

Income taxes

The Company accounts for income taxes in accordance with ASC 740, "Income Taxes" ("ASC 740"). ASC 740 requires an asset and liability approach for financial accounting and reporting for income taxes. Under the

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

asset and liability approach, deferred taxes are provided for the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Valuation allowances are established where management determines that it is more likely than not that some portion or all of a deferred tax asset will not be realized. Deferred taxes have not been provided on the cumulative undistributed earnings of foreign subsidiaries to the extent amounts are expected to be reinvested indefinitely. The Company recognizes interest and penalty charges related to unrecognized tax benefits as income tax expense.

Earnings (loss) per share

Basic earnings (loss) per share for Class A Common Stock and Class B Common Stock is calculated by dividing Net income (loss) available to News Corporation stockholders by the weighted average number of shares of Class A Common Stock and Class B Common Stock outstanding. Diluted earnings (loss) per share for Class A Common Stock and Class B Common Stock is calculated similarly, except that the calculation includes the dilutive effect of the assumed issuance of shares issuable under the Company's equity-based compensation plans. (See Note 13—Earnings (Loss) per Share).

Equity-based compensation

Equity-based awards are accounted for in accordance with ASC 718, "Compensation—Stock Compensation" ("ASC 718"). ASC 718 requires that the cost resulting from all share-based payment transactions be recognized in the Consolidated Financial Statements. ASC 718 establishes fair value as the measurement objective in accounting for share-based payment arrangements and requires all companies to apply a fair-value-based measurement method in accounting for generally all share-based payment transactions with employees.

Retirement Benefit Obligations

The Company provides defined benefit pension, postretirement healthcare, defined contribution and medical benefits to the Company's eligible employees and retirees. The Company accounts for its defined benefit pension, postretirement healthcare and defined contribution plans in accordance with ASC 715, "Compensation—Retirement Benefits" ("ASC 715"). The expense recognized by the Company is determined using certain assumptions, including the discount rate, expected long-term rate of return and mortality rates, among others. The Company recognizes the funded status of its defined benefit plans (other than multiemployer plans) as an asset or liability in the Balance Sheets and recognizes changes in the funded status in the year in which the changes occur through Accumulated other comprehensive (loss) income in the Balance Sheets.

Fair Value Measurements

The Company has various financial instruments that are measured at fair value on a recurring basis, including certain marketable securities and derivatives. The Company also applies the provisions of fair value measurement to various non-recurring measurements for the Company's non-financial assets and liabilities. With the exception of investments measured using the net asset value per share practical expedient prescribed in ASU 2015-07, the Company measures assets and liabilities in accordance with ASC 820, "Fair Value Measurements" ("ASC 820"), using inputs from the following three levels of the fair value hierarchy: (i) inputs that are quoted prices in active markets for identical assets or liabilities ("Level 1"); (ii) inputs other than quoted prices included within Level 1 that are observable, including quoted prices for similar assets or liabilities ("Level 2"); and (iii) unobservable inputs that require the entity to use its own best estimates about market participant assumptions ("Level 3").

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's assets measured at fair value on a nonrecurring basis include investments, long-lived assets, indefinite-lived intangible assets and goodwill. The Company reviews the carrying amounts of such assets whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable or at least annually as of June 30 for indefinite-lived intangible assets and goodwill. Any resulting asset impairment would require that the asset be recorded at its fair value. The resulting fair value measurements of the assets are considered to be Level 3 measurements.

Financial instruments and derivatives

The carrying value of the Company's financial instruments, including cash and cash equivalents, approximate fair value. The Company did not estimate the fair value of certain cost method investments because it was not practicable to do so. The fair value of financial instruments is generally determined by reference to market values resulting from trading on a national securities exchange or in an over-the-counter market which are considered to be Level 2 measurements. The Company monitors its positions with, and the credit quality of, the financial institutions which are counterparties to its financial instruments. The Company is exposed to credit loss in the event of nonperformance by the counterparties to the agreements. As of June 30, 2016, the Company did not anticipate nonperformance by any of the counterparties.

ASC 815, "Derivatives and Hedging" ("ASC 815"), requires every derivative instrument (including certain derivative instruments embedded in other contracts) to be recorded on the balance sheet at fair value as either an asset or a liability. ASC 815 also requires that changes in the fair value of recorded derivatives be recognized currently in earnings unless specific hedge accounting criteria are met. The Company uses financial instruments to hedge its limited exposures to foreign currency exchange risks primarily associated with payments made to manufacturers and service providers. These derivative contracts are primarily economic hedges. The Company records the changes in the fair value of these items in current earnings. The fair market value of foreign exchange forward contracts with foreign currency risk outstanding as of June 30, 2016 and June 30, 2015 was not material.

Recent Accounting Guidance

In May 2014, FASB issued Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers (Topic 606)" ("ASU 2014-09"). ASU 2014-09 removes inconsistencies and differences in existing revenue requirements between GAAP and International Financial Reporting Standards ("IFRS") and requires a company to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Once effective, ASU 2014-09 can be applied retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initial adoption recognized at the date of initial application. In March 2016, the FASB issued ASU 2016-08, "Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)" ("ASU 2016-08"). The amendments in ASU 2016-08 clarify the implementation guidance on principal versus agent considerations. In April 2016, the FASB issued ASU 2016-10, "Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing" ("ASU 2016-10"). The amendments in ASU 2016-10 clarify aspects relating to the identification of performance obligations and improve the operability and understandability of the licensing implementation guidance. In May 2016, the FASB issued ASU 2016-12, "Update 2016-12—Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients" ("ASU 2016-12"). The amendments in ASU 2016-12 address certain issues identified on assessing collectability, presentation of sales taxes, noncash consideration, and completed contracts and contract modifications at transition. The effective date for all ASUs noted above is annual and interim reporting periods beginning July 1, 2018. The Company is currently evaluating the impact these ASUs will have on its consolidated financial statements.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

In February 2015, the FASB issued ASU 2015-02, “Consolidation (Topic 810): Amendments to the Consolidation Analysis” (“ASU 2015-02”). ASU 2015-02 is intended to address stakeholder concerns regarding the usefulness of financial statements where a reporting entity is required to consolidate a legal entity where the reporting entity’s contractual rights do not give it the ability to act primarily on its own behalf, the reporting entity does not hold a majority of the legal entity’s voting rights, or the reporting entity is not exposed to a majority of the legal entity’s economic benefits or obligations. The update amends the accounting guidance around the consolidation of limited partnerships, the considerations surrounding the primary beneficiary determination and the consolidation of certain investment funds. ASU 2015-02 is effective for the Company for annual and interim periods beginning after December 16, 2015, however, early adoption is permitted. The Company does not expect the adoption of ASU 2015-02 to have a significant impact on its consolidated financial statements.

In April 2015, the FASB issued ASU 2015-05, “Intangibles-Goodwill and Other-Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Fees Paid in a Cloud Computing Arrangement” (“ASU 2015-05”). ASU 2015-05 clarifies guidance about whether a customer’s cloud computing arrangement includes a software license. If a cloud computing arrangement includes a software license, then the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, the customer should account for the arrangement as a service contract. The guidance will not change GAAP for customer’s accounting for service contracts. In addition, the guidance in this update supersedes paragraph 350-40-25-16. Consequently, all software licenses within the scope of Subtopic 350-40 will be accounted for consistent with other licenses of intangible assets. The amendment can either be adopted prospectively for all arrangements entered into or materially modified after the effective date or retrospectively. ASU 2015-05 is effective for the Company for annual and interim periods beginning July 1, 2016, however, early adoption is permitted. The Company does not expect the adoption of ASU 2015-05 to have a significant impact on its consolidated financial statements.

In April 2015, the FASB issued Accounting Standards Update 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (“ASU 2015-07”). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share expedient. ASU 2015-07 is effective for annual and interim periods beginning July 1, 2016 with retrospective application to all periods presented. As permitted by ASU 2015-07, the Company early-adopted this standard in the fourth quarter of fiscal 2016. The retrospective adoption resulted in a reduction in Level 1 pension assets of nil and \$104 million at June 30, 2016 and June 30, 2015, respectively and a reduction in Level 2 pension assets of \$1,297 million and \$1,307 million at June 30, 2016 and June 30, 2015, respectively. (See Note 16—Retirement Benefit Obligations). The adoption of ASU 2015-07 did not have a significant impact on the classification of the Company’s other assets which are measured at fair value on a recurring and nonrecurring basis.

In November 2015, the FASB issued ASU 2015-17, “Balance Sheet Classification of Deferred Taxes” (“ASU 2015-17”). ASU 2015-17 amends existing guidance to require that deferred income tax liabilities and assets be classified as non-current in the Consolidated Balance Sheets, and eliminates the prior guidance which required an entity to separate deferred tax liabilities and assets into a current and non-current amount in the Consolidated Balance Sheets. As permitted by ASU 2015-17, the Company early-adopted this standard and applied it prospectively. The prior periods have not been retroactively adjusted as a result of the adoption of ASU 2015-17.

In January 2016, the FASB issued ASU 2016-01, “Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities” (“ASU 2016-01”). The amendments

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

in ASU 2016-01 address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for the Company for annual and interim reporting periods beginning July 1, 2018. The Company is currently evaluating the impact ASU 2016-01 will have on its consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, “Leases (Topic 842)” (“ASU 2016-02”). The amendments in ASU 2016-02 address certain aspects in lease accounting, with the most significant impact for lessees. The amendments in ASU 2016-02 require lessees to recognize all leases on the balance sheet by recording a right-of-use asset and a lease liability, and lessor accounting has been updated to align with the new requirements for lessees. The new standard also provides changes to the existing sale-leaseback guidance. ASU 2016-02 is effective for the Company for annual and interim reporting periods beginning July 1, 2019. The Company is currently evaluating the impact ASU 2016-02 will have on its consolidated financial statements.

In March 2016, the FASB issued ASU 2016-07, “Investments—Equity Method and Joint Ventures (Topic 323): Simplifying the Transition to the Equity Method of Accounting” (“ASU 2016-07”). The amendments in ASU 2016-07 address recognition and measurement of equity investments. The amendments in this update eliminate the requirement to retroactively adjust the investment, results of operations and retained earnings when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree of influence. ASU 2016-07 is effective for the Company for annual and interim reporting periods beginning July 1, 2018. As permitted by ASU 2016-07, the Company early-adopted this standard and does not expect it to have a significant impact on its consolidated financial statements.

In March 2016, the FASB issued ASU 2016-09, “Compensation—Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting” (“ASU 2016-09”). The amendments in ASU 2016-09 address several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for the Company for annual and interim reporting periods beginning July 1, 2017. The Company is currently evaluating the impact ASU 2016-09 will have on its consolidated financial statements.

consideration. The fair value of the contingent consideration was estimated by applying a probability-weighted income approach. In accordance with ASC 350, \$43 million of the purchase price has been allocated to acquired technology with a weighted-average useful life of 7 years, \$21 million has been allocated to customer relationships and tradenames with a weighted-average useful life of 6 years and \$68 million has been allocated to goodwill. The values assigned to the acquired assets and liabilities are based on estimates of fair value available as of the date of this filing and will be adjusted upon completion of final valuations of certain assets and liabilities. Any changes in these fair values could potentially result in an adjustment to the goodwill recorded for this transaction. Unruly is a leading global video distribution platform that is focused on delivering branded video advertising across websites and mobile devices. Unruly's results of operations are included within the News and Information Services segment, and it is considered a separate reporting unit for purposes of the Company's annual goodwill impairment review.

DIAKRIT International Limited

In February 2016, the Company acquired a 92% interest in DIAKRIT for approximately \$40 million in cash. The Company also has the option to purchase, and the minority shareholders have the option to sell to the Company, the remaining 8% in two tranches over the next six years at fair value. DIAKRIT is a digital visualization solutions company that helps homeowners see the potential in their future living environment with digital visualization solutions that enable them to plan, furnish and decorate their dream home, while also helping agents and developers generate more buyer inquiries and accelerate their property sale processes. DIAKRIT's results are included within the Digital Real Estate Services segment, and it is considered a separate reporting unit for purposes of the Company's annual goodwill impairment review.

iProperty Group Limited

In February 2016, REA Group, in which the Company holds a 61.6% interest, increased its investment in iProperty Group Limited ("iProperty") from 22.7% to approximately 86.9% for A\$482 million in cash (approximately \$340 million). The remaining 13.1% not currently owned will become mandatorily redeemable during fiscal 2018. As a result, the Company recognized a liability of approximately \$76 million, which reflects the present value of the amount expected to be paid for the remaining interest based on the formula specified in the acquisition agreement. The acquisition was funded primarily with the proceeds from borrowings under an unsecured syndicated revolving loan facility (the "REA Facility"). (See Note 9—Borrowings). The acquisition of iProperty extends REA Group's market leading business in Australia to attractive markets throughout Southeast Asia. iProperty is a subsidiary of REA Group, and its results are included within the Digital Real Estate Services segment.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

In accordance with ASC 805 “Business Combinations,” REA Group recognized a gain of \$29 million resulting from the revaluation of its previously held equity interest in iProperty in Other, net in the Statement of Operations for the fiscal year ended June 30, 2016. The total fair value of iProperty at the acquisition date is set forth below (in millions):

Cash paid for iProperty equity	\$340
Deferred consideration	76
Total consideration	<u>416</u>
Fair value of previously held iProperty investment	<u>120</u>
Total fair value	<u><u>\$536</u></u>

Under the purchase method of accounting, the total consideration is allocated to net tangible and intangible assets based upon the fair value as of the date of completion of the acquisition. The excess of the total consideration over the fair value of the net tangible and intangible assets acquired was recorded as goodwill. The allocation is as follows (in millions):

Assets Acquired:	
Goodwill	\$498
Intangible assets	72
Net Liabilities	<u>(34)</u>
Net assets acquired	<u><u>\$536</u></u>

The acquired intangible assets primarily relate to tradenames which have an indefinite life. The values assigned to the acquired assets and liabilities are based on estimates of fair value available as of the date of this filing and will be adjusted upon completion of final valuations of certain assets and liabilities. Any changes in these fair values could potentially result in an adjustment to the goodwill recorded for this transaction.

Flatmates.com.au Pty Ltd

In May 2016, REA Group acquired Flatmates.com.au Pty Ltd (“Flatmates”) for \$19 million in cash at closing and up to \$15 million in future cash consideration related to payments contingent upon the achievement of certain performance objectives. Flatmates operates the Flatmates.com.au website, which is a market leading share accommodation site in Australia. The acquisition enhances REA Group’s Australian product offering by extending its reach into the quickly growing share accommodation business. Flatmates is a subsidiary of REA Group, and its results since acquisition are included within the Digital Real Estate Services segment.

Australian Regional Media

In June 2016, the Company entered into an agreement to purchase Australian Regional Media (“ARM”) from APN News and Media Limited (“APN”) for approximately \$30 million. ARM operates a portfolio of regional print assets and websites and extends the reach of the Australian newspaper business to new customers in new geographic regions. The acquisition is subject to regulatory and APN shareholder approval.

Wireless Group plc

On June 30, 2016, the Company announced that it had reached an agreement on the terms of a recommended cash offer (the “Offer”) to acquire Wireless Group plc (“Wireless Group”) for a purchase price of 315 pence per share in cash, or approximately £220 million (approximately \$300 million) in the aggregate, plus

any assumed debt at closing. Wireless Group, a publicly-traded company listed on the London and Irish Stock Exchanges, operates TalkSPORT, the leading sports radio network in the U.K., and a portfolio of radio stations in the U.K. and Ireland. The proposed acquisition is expected to broaden the Company's range of services in the U.K., Ireland and internationally. The Offer is subject to customary closing conditions, including shareholder acceptances and regulatory approval, as well as the other terms set forth in the Company's Offer Document. As a result of U.K. takeover regulations requiring the Company to demonstrate that necessary financial resources are available to enable full satisfaction of the consideration payable in the Offer, the Company has specifically set aside \$315 million of cash for the Offer and has classified it as restricted cash in the Balance Sheet as of June 30, 2016.

Fiscal 2015

Harlequin Enterprises Limited

In August 2014, the Company acquired Harlequin Enterprises Limited ("Harlequin") from Torstar Corporation for \$414 million in cash, net of \$19 million of cash acquired. Harlequin is a leading publisher of women's fiction and extends HarperCollins' global platform, particularly in Europe and Asia Pacific. Harlequin is a subsidiary of HarperCollins, and its results are included within the Book Publishing segment. As a result of the acquisition, the Company recorded net tangible assets of approximately \$115 million, primarily consisting of accounts receivable, accounts payable, author advances, property, plant and equipment and inventory, at their estimated fair values at the date of acquisition. In addition, the Company recorded approximately \$165 million of intangible assets, comprised of approximately \$105 million of imprints which have an indefinite life and \$60 million related to finite lived intangible assets with a weighted average life of approximately 5 years, and recorded an associated deferred tax liability of approximately \$35 million. In accordance with ASC 350, the excess of the purchase price over the fair values of the net tangible and intangible assets of approximately \$185 million was recorded as goodwill on the transaction.

Move, Inc.

In November 2014, the Company acquired all of the outstanding shares of Move, which was a publicly traded company, for \$21.00 per share in cash. Move is a leading provider of online real estate services, and the acquisition expanded the Company's digital real estate services business into the U.S., one of the largest real estate markets. Move primarily operates realtor.com®, a premier real estate information and services marketplace. Move also offers a number of professional software and services products, including Top Producer®, TigerLead® and ListHub™. Move's results of operations are included within the Digital Real Estate Services segment, and it is considered a separate reporting unit for purposes of the Company's annual goodwill impairment review.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The aggregate cash payment at closing to acquire the outstanding shares of Move was approximately \$864 million, which was funded with cash on hand. The Company also assumed outstanding Move equity-based compensation awards with a fair value of \$67 million, consisting of vested and unvested stock options, restricted stock units (“RSUs”) and restricted stock awards. Of the total fair value of the assumed equity-based compensation awards, \$28 million was allocated to pre-combination services and included in total consideration transferred and \$39 million was allocated to future services and is being expensed over the weighted average remaining service period of 2.5 years. (See Note 12— Equity Based Compensation). In addition, following the acquisition, the Company utilized approximately \$129 million of cash to settle all of Move’s outstanding indebtedness that was assumed as part of the transaction. The total transaction value for the Move acquisition is set forth below (in millions):

Cash paid for Move equity	\$ 864
Assumed equity-based compensation awards—pre-combination services	28
Total consideration transferred	892
Plus: Assumed debt	129
Plus: Assumed equity-based compensation awards—post-combination services	39
Less: Cash acquired	(108)
Total transaction value	<u>\$ 952</u>

REA Group acquired a 20% interest in Move upon closing of the transaction. In connection with the acquisition, the Company granted REA Group a put option to require the Company to purchase REA Group’s interest in Move, which can be exercised at any time beginning two years from the date of acquisition at fair value.

Under the purchase method of accounting, the total consideration transferred is allocated to net tangible and intangible assets based upon the fair value as of the date of completion of the acquisition. The excess of the total consideration transferred over the fair value of the net tangible and intangible assets acquired was recorded as goodwill. The allocation is as follows (in millions):

Assets acquired:	
Cash	\$ 108
Other current assets	28
Intangible assets	216
Deferred income taxes	153
Goodwill	552
Other non-current assets	69
Total assets acquired	<u>\$1,126</u>

Borrowings	129
Other non-current liabilities	3
Total liabilities assumed	<u>234</u>
Net assets acquired	<u>\$ 892</u>

NEWS CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The acquired intangible assets relate to the license of the realtor.com® trademark, which has a fair value of approximately \$116 million and an indefinite life, and customer relationships, other tradenames and certain multiple listing service agreements with an aggregate fair value of approximately \$100 million, which are being amortized over a weighted-average useful life of approximately 15 years. The Company also acquired technology, primarily associated with the realtor.com® website, that has a fair value of approximately \$39 million, which is being amortized over 4 years. The acquired technology has been recorded in Property, Plant and Equipment, net in the Consolidated Balance Sheets as of the date of acquisition.

Move had U.S. federal net operating loss carryforwards (“NOLs”) of \$947 million (\$332 million tax-effected) at the date of acquisition. The NOLs are subject to limitations as promulgated under Section 382 of the Internal Revenue Code of 1986, as amended (the “Code”). Section 382 of the Code limits the amount of acquired NOLs that we can use on an annual basis to offset future U.S. consolidated taxable income. Valuation allowances and unrecognized tax benefits were recorded against these NOLs in the amount of \$484 million (\$170 million tax-effected) as part of the purchase price allocation. Accordingly, the Company expected approximately \$463 million of NOLs could be utilized, and recorded a net deferred tax asset of \$162 million as part of the purchase price allocation. As a result of management’s plan to dispose of its digital education business, the Company increased its estimated utilization of Move’s NOLs by \$167 million (\$58 million tax-effected) and released valuation allowances equal to that amount. Upon filing its fiscal 2015 federal income tax return, the Company reduced Move’s NOLs by \$298 million which represents the amount expected to expire unutilized due to the Section 382 limitation discussed above. As of June 30, 2016, the remaining Move NOLs expected to be utilized are \$573 million (\$201 million tax-effected). The utilization of these NOLs is dependent on generating sufficient U.S. taxable income prior to expiration which begins in varying amounts starting in 2021. The deferred tax assets established for Move’s NOLs, net of valuation allowance and unrecognized tax benefits, are included in Non-current deferred tax assets on the Balance Sheets.

Fiscal 2014

In September 2013, the Company sold the Dow Jones Local Media Group (“LMG”), which operated eight daily and fifteen weekly newspapers in seven states. The gain recognized on the sale of LMG was not significant as the carrying value of the assets held for sale on the date of sale approximated the proceeds received. The net income, assets, liabilities and cash flows attributable to the LMG operations were not material to the Company in any of the periods presented and, accordingly, have not been presented separately.

In December 2013, the Company acquired Storyful, a social media content agency, for approximately \$25 million, of which \$19 million was paid in cash, with the remainder primarily related to an earn-out that was contingent upon the achievement of certain performance objectives. The Storyful acquisition complements the Company’s existing video capabilities, including the creation and distribution of original and on-demand programming such as WSJ Live and BallBall. Storyful’s results are included within the News and Information Services segment.

NOTE 4. DISCONTINUED OPERATIONS

During the first quarter of fiscal 2016, management approved a plan to dispose of the Company’s digital education business. As a result of the plan and the discontinuation of further significant business activities in the Digital Education segment, the assets and liabilities of this segment were classified as held for sale and the results of operations have been classified as discontinued operations for all periods presented in accordance with ASC 205-20, “Discontinued Operations.”

In the first quarter of fiscal 2016, the Company recognized a pre-tax non-cash impairment charge of \$76 million reflecting a write down of the digital education business to its fair value less costs to sell. The Company

completed the sale of the Amplify Insight and Amplify Learning businesses on September 30, 2015 and incurred approximately \$17 million in severance and lease termination costs in conjunction with the sale. These amounts are included in Loss before income tax benefit in the table below for the fiscal year ended June 30, 2016. Additionally, during the first quarter of fiscal 2016, the Company recognized a tax benefit of \$144 million upon reclassification of the Digital Education segment to discontinued operations. This amount is included in Income tax benefit in the table below for the fiscal year ended June 30, 2016.

During the fourth quarter of fiscal 2015, as part of the Company's long-range planning process, the Company changed its strategy and related outlook with respect to the Amplify reporting unit which resulted in a reduction in expected future cash flows for the business. As a result, the Company determined that the fair value of this reporting unit declined below its carrying value and recorded a non-cash impairment charge of \$371 million, with no associated tax impact, in the fiscal year ended June 30, 2015. The charge primarily consisted of a write-down of the Company's goodwill of \$325 million and a write-down of capitalized software development costs of \$45 million. Significant unobservable inputs utilized in the income approach valuation method were discount rates (ranging from 12%-45%) and long-term growth rates (ranging from 0%-4%). The impairment charges are included in Loss before income tax benefit in the table below for the fiscal year ended June 30, 2015.

The following table summarizes the results of operations from the discontinued segment:

As of June 30, 2016, restructuring liabilities of approximately \$34 million were included in the Balance Sheet in Other current liabilities and \$10 million were included in Other non-current liabilities.

NOTE 6. INVESTMENTS

The Company's investments were comprised of the following:

	Ownership Percentage as of June 30, 2016	As of June 30,	
		2016	2015
(in millions)			
Equity method investments:			
Foxtel ^(a)	50%	\$1,437	\$1,476

Total Investments		<u>\$2,270</u>	<u>\$2,379</u>

^(a) The change in the Foxtel investment for the fiscal year ended June 30, 2016 was primarily due to the impact of foreign currency fluctuations. For the fiscal years ended June 30, 2016 and 2015, the Company received dividends from Foxtel of \$26 million and \$107 million, respectively.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's investment in Foxtel exceeded its equity in the underlying net assets by approximately \$1.5 billion as of June 30, 2016. This amount represented the excess cost over the Company's proportionate share of its investment's underlying net assets. This has been allocated between finite-lived intangible assets, indefinite-lived intangible assets and goodwill. The finite-lived intangible assets of approximately \$0.5 billion primarily represent subscriber relationships with a weighted average remaining useful life of 7 years.

- (b) Other equity method investments as of June 30, 2015 primarily included REA Group's investment in iProperty. In July 2014, REA Group purchased a 17.22% interest in iProperty for total cash consideration of approximately \$100 million. In December 2014, REA Group sold Squarefoot, its Hong Kong based business, to iProperty in exchange for an additional 2.2% interest in iProperty. As of June 30, 2015, REA Group owned an approximate 19.9% interest in iProperty and increased its ownership percentage to an approximate 22.7% interest in the first quarter of fiscal 2016. In February 2016, REA Group increased its ownership interest in iProperty to approximately 86.9% for A\$482 million (approximately \$340 million) and from then its results are consolidated within the Digital Real Estate Services segment. (See Note 3—Acquisitions, Disposals and Other Transactions).
- (c) In May 2012, Foxtel purchased Austar United Communications Ltd. The transaction was funded by Foxtel bank debt and Foxtel's shareholders made pro rata capital contributions in the form of subordinated shareholder notes based on their respective ownership interests. The Company's share of the subordinated shareholder notes was approximately A\$451 million (\$338 million and \$345 million as of June 30, 2016 and June 30, 2015, respectively). The subordinated shareholder notes can be repaid beginning in July 2022 provided that Foxtel's senior debt has been repaid. The subordinated shareholder notes have a maturity date of July 15, 2027, with interest payable on June 30 each year and at maturity. On June 22, 2016, Foxtel and Foxtel's shareholders agreed to modify the terms of the loan receivable to reduce the interest rate from 12% to 10.5%, to more closely align with current market rates. Foxtel paid interest at a rate of 10.5% for fiscal 2016. Upon maturity, the principal advanced will be repayable.
- (d) Available-for-sale securities primarily include the Company's investments in The Rubicon Project, Inc. and APN. During fiscal 2015, the Company purchased a 14.99% interest in APN for approximately \$112 million. During fiscal 2016, the Company participated in an entitlement offer to maintain its 14.99% interest for \$20 million. APN operates a portfolio of Australian radio and outdoor media assets.
- (e) Cost method investments primarily include the Company's investment in SEEKAsia Limited ("SEEK Asia") and certain investments in China. In November 2014, SEEK Asia, in which the Company owned a 12.1% interest, acquired the online employment businesses of JobStreet Corporation Berhad ("JobStreet"), which were combined with JobsDB, Inc., SEEK Asia's existing online employment business. The transaction was funded primarily through additional contributions by SEEK Asia shareholders which did not have an impact on the Company's ownership. The Company's share of the funding contribution was approximately \$60 million. In June 2015, the Company purchased an additional 0.8% interest in SEEK Asia for approximately \$7 million, which increased the Company's investment to approximately 12.9%. In June 2016, the Company's interest in SEEK Asia increased to approximately 13.75% as a result of the repurchase and cancellation of shares owned by certain other shareholders.

(a) In accordance with ASC 350, the Company amortized \$52 million, \$57 million and \$62 million related to excess cost over the Company's proportionate share of its investment's underlying net assets allocated to finite-lived intangible assets during the fiscal years ended June 30, 2016, 2015 and 2014, respectively. Such amortization is reflected in Equity earnings of affiliates in the Statements of Operations.

Impairments of investments

The Company regularly reviews its investments for impairments based on criteria that include the extent to which the investment's carrying value exceeds its related market value, the duration of the market decline, the Company's ability to hold its investment until recovery and the investment's financial strength and specific prospects. The Company recorded write-offs and impairments of certain investments in the fiscal years ended June 30, 2016, 2015 and 2014 of \$21 million, \$5 million and \$10 million, respectively. These write-offs and impairments were reflected in Other, net in the Statements of Operations and were taken either as a result of the deteriorating financial position of the investee or due to an other-than-temporary impairment resulting from sustained losses and limited prospects for recovery. Of the \$21 million in write-offs and impairments recognized in the fiscal year ended June 30, 2016, approximately \$17 million was reclassified out of accumulated other comprehensive income and included in Other, net in the Statement of Operations.

- (a) Net of accumulated amortization of \$58 million and \$43 million as of June 30, 2016 and 2015, respectively. The average useful life of the channel distribution agreements is 25 years primarily based on the period that a majority of the future cash flows from these intangibles will be generated.
- (b) Net of accumulated amortization of \$150 million and \$122 million as of June 30, 2016 and 2015, respectively. The average useful life of publishing rights is 4 to 30 years primarily based on the weighted-average remaining contractual terms of the underlying publishing contracts and the Company's estimates of the period within those terms that the asset is expected to generate a majority of its future cash flows.
- (c) Net of accumulated amortization of \$363 million and \$340 million as of June 30, 2016 and 2015, respectively. The average useful life of customer relationships ranges from 2 to 25 years. The useful lives of these assets are estimated by applying historical attrition rates and determining the resulting period over which a majority of the accumulated undiscounted cash flows related to the customer relationships are expected to be generated. The useful lives represent the periods over which these intangible assets are expected to contribute directly or indirectly to the Company's future cash flows.
- (d) Net of accumulated amortization of \$69 million and \$50 million as of June 30, 2016 and 2015, respectively. The average useful life of other intangible assets ranges from 2 to 15 years. The useful lives represent the periods over which these intangible assets are expected to contribute directly or indirectly to the Company's future cash flows.

Amortization related to amortizable intangible assets was \$91 million, \$90 million and \$83 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Based on the current amount of amortizable intangible assets, the estimated amortization expense for each of the succeeding five fiscal years is as follows: 2017—\$93 million; 2018—\$89 million; 2019—\$77 million; 2020—\$67 million; and 2021—\$60 million. These amounts may vary as acquisitions and disposals occur in the future and as purchase price allocations are finalized.

Annual Impairment Assessments

Fiscal 2016

In accordance with ASC 350, the Company's goodwill and indefinite-lived intangible assets are tested annually in the fourth quarter for impairment or earlier if events or circumstances change that would more likely than not reduce the fair value of the reporting unit below its carrying amount. (See Note 2—Summary of Significant Accounting Policies).

The performance of the Company's annual impairment analysis did not result in any impairments of goodwill in fiscal 2016. Significant unobservable inputs utilized in the income approach valuation method were discount rates (ranging from 9%-14.5%), long-term growth rates (ranging from 0%-3.5%) and royalty rates (ranging from 0.5%-3.4%). Significant unobservable inputs utilized in the market approach valuation method were EBITDA multiples from guideline public companies operating in similar industries and control premiums (ranging from 10%-15%). Significant increases (decreases) in royalty rates, growth rates, control premiums and multiples, assuming no change in discount rates, would result in a significantly higher (lower) fair value measurement. Significant decreases (increases) in discount rates, assuming no changes in royalty rates, growth rates, control premiums and multiples, would result in a significantly higher (lower) fair value measurement.

Fiscal 2015

The performance of the Company's annual impairment analysis did not result in any impairments of goodwill in fiscal 2015. Significant unobservable inputs utilized in the income approach valuation method were discount rates (ranging from 9%-14%), long-term growth rates (ranging from 0%-3%) and royalty rates (ranging from 0.5%-3.3%). Significant unobservable inputs utilized in the market approach valuation method were EBITDA multiples from guideline public companies operating in similar industries and control premiums (ranging from 10%-15%). REA Group Unsecured Revolving Loan Facility

REA Group entered into a A\$480 million unsecured syndicated revolving loan facility agreement in connection with the acquisition of iProperty. The REA Facility consists of three sub facilities of A\$120 million, A\$120 million and A\$240 million which become due in December 2017, December 2018 and December 2019, respectively. In February 2016, REA Group drew down the full A\$480 million (approximately \$340 million as of such date) available under the REA Facility, and the proceeds, less lenders' fees of \$1 million, were used to fund the iProperty acquisition. Borrowings under the REA Facility bear interest at a floating rate of the Australian BBSY plus a margin in the range of 0.85% and 1.45% depending on REA Group's net leverage ratio. As of June 30, 2016, REA Group was paying a margin of between 1.00% and 1.20%. REA Group paid approximately \$4 million in interest for the fiscal year ended June 30, 2016 at a weighted average interest rate of 3.2%. The REA Facility requires REA Group to maintain a net leverage ratio of not more than 3.25 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. As of June 30, 2016, REA Group was in compliance with all of the applicable debt covenants.

Revolving Credit Facility

The Company's Credit Agreement (as amended, the "Credit Agreement") provides for an unsecured \$650 million revolving credit facility (the "Facility") that can be used for general corporate purposes. The Facility has a sublimit of \$100 million available for issuances of letters of credit. Under the Credit Agreement, the Company may request increases in the amount of the Facility up to a maximum amount of \$900 million.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

In October 2015, the Company entered into an amendment to the Credit Agreement (the “Amendment”) which, among other things, extended the original term of the Facility by two years and lowered the commitment fee payable by the Company. As a result of the Amendment, the lenders’ commitments now terminate on October 23, 2020, and any borrowings will be due at that time. The Company may request that the commitments be extended under certain circumstances as set forth in the Credit Agreement for up to two additional one-year periods.

The Credit Agreement contains customary affirmative and negative covenants and events of default, with customary exceptions, including limitations on the ability of the Company and its subsidiaries to engage in transactions with affiliates, incur liens, merge into or consolidate with any other entity, incur subsidiary debt or dispose of all or substantially all of its assets or all or substantially all of the stock of its subsidiaries. In addition, the Credit Agreement requires the Company to maintain an adjusted operating income leverage ratio of not more than 3.0 to 1.0 and an interest coverage ratio of not less than 3.0 to 1.0. If any of the events of default occur and are not cured within applicable grace periods or waived, any unpaid amounts under the Credit Agreement may be declared immediately due and payable. As of June 30, 2016, the Company was in compliance with all of the applicable debt covenants.

Interest on borrowings under the Facility is based on either (a) a Eurodollar Rate formula or (b) the Base Rate formula, each as set forth in the Credit Agreement. The applicable margin and the commitment fee are based on the pricing grid in the Credit Agreement, which varies based on the Company’s adjusted operating income leverage ratio. As of June 30, 2016, the Company was paying a commitment fee of 0.225% on any undrawn balance and an applicable margin of 0.50% for a Base Rate borrowing and 1.50% for a Eurodollar Rate borrowing.

As of the date of this filing, the Company has not borrowed any funds under the Facility.

Total borrowings, excluding other obligations and debt issuance costs, have the following scheduled maturities for each of the next five fiscal years:

	<u>As of</u> <u>June 30, 2016</u> <u>(in millions)</u>
Fiscal 2017	\$ —
Fiscal 2018	90

NOTE 10. REDEEMABLE PREFERRED STOCK

In connection with the Company’s separation of its businesses (the “Separation”) from Twenty-First Century Fox, Inc. (“21st Century Fox”) on June 28, 2013 (the “Distribution Date”), 21st Century Fox sold 4,000 shares of cumulative redeemable preferred stock with a par value of \$5,000 per share of a newly formed U.S. subsidiary of the Company. The preferred stock pays dividends at a rate of 9.5% per annum, payable quarterly, in arrears. The preferred stock is callable by the Company at any time after the fifth year and is puttable at the option of the holder after 10 years. As of June 30, 2016 and 2015, \$20 million was included in Redeemable preferred stock on the Balance Sheets.

Authorized Capital Stock

The Company's authorized capital stock consists of 1,500,000,000 shares of Class A Common Stock, par value \$0.01 per share, 750,000,000 shares of Class B Common Stock, par value \$0.01 per share, 25,000,000 shares of Series Common Stock, par value \$0.01 per share, and 25,000,000 shares of Preferred Stock, par value \$0.01 per share.

Common Stock

Shares Outstanding—Following the Separation, the Company had approximately 379 million shares of Class A Common Stock outstanding at a par value of \$0.01 per share and 200 million shares of Class B Common Stock outstanding at a par value of \$0.01 per share. As of June 30, 2016, the Company had approximately 380 million shares of Class A Common Stock outstanding at a par value of \$0.01 per share and approximately 200 million shares of Class B Common Stock outstanding at a par value of \$0.01 per share.

Dividends—Dividends declared and paid per share on both the Company's Class A Common Stock and Class B Common Stock totaled \$0.20 for fiscal 2016. No dividends were declared or paid in fiscal 2015 or fiscal 2014. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Company's Board of Directors (the "Board of Directors"). The Board of Directors' decisions regarding the payment of future dividends will depend on many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

Voting Rights—Holders of the Company's Class A Common Stock are entitled to vote only in the limited circumstances set forth in the Company's Restated Certificate of Incorporation. Holders of the Company's Class B Common Stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders.

Liquidation Rights—In the event of a liquidation or dissolution of the Company, holders of Class A Common Stock and Class B Common Stock shall be entitled to receive all of the remaining assets of the Company available for distribution to its stockholders, ratably in proportion to the number of shares held by Class A Common Stock holders and Class B Common Stock holders, respectively. In the event of any merger or consolidation with or into another entity, the holders of Class A Common Stock and the holders of Class B Common Stock shall generally be entitled to receive substantially identical per share consideration.

Stock Repurchases

In May 2013, the Board of Directors authorized the Company to repurchase up to an aggregate of \$500 million of its Class A Common Stock. On May 10, 2015, the Company announced it had begun repurchasing shares of Class A Common Stock under the stock repurchase program. Through August 5, 2016, the Company repurchased approximately 5.2 million shares of Class A Common Stock for an aggregate purchase price of approximately \$71 million. The remaining authorized amount under the stock repurchase program as of August 5, 2016 was approximately \$429 million. All decisions regarding any future stock repurchases are at the sole discretion of a duly appointed committee of the Board of Directors and management. The committee's decisions regarding future stock repurchases will be evaluated from time to time in light of many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other

Stockholder Rights Agreement

During fiscal 2015, the Board of Directors adopted the second amended and restated rights agreement, which is referred to below as the “rights agreement.” Under the rights agreement, each outstanding share of common stock of the Company has attached to it one right. Initially, the rights are represented by the common stock of the Company, are not traded separately from the common stock and are not exercisable. The rights, unless redeemed or exchanged, will become exercisable for common stock of the Company 10 business days after public announcement that a person or group has obtained beneficial ownership (defined to include stock which a person has the right to acquire, regardless of whether such right is subject to the passage of time or the satisfaction of conditions), including by means of a tender offer, of 15% or more of the outstanding shares of the Company’s Class B Common Stock. Following such acquisition of beneficial ownership, each right will entitle its holder (other than the acquiring person or group) to purchase, at the exercise price (subject to adjustments provided in the rights agreement), a number of shares of the Company’s Class A or Class B Common Stock, as applicable, having a then-current market value of twice the exercise price, and in the event of a subsequent merger or other acquisition of the Company or transfer of 50% or more of the Company, to purchase, at the exercise price, a number of shares of common stock of the acquiring entity having a then-current market value of twice the exercise price. The exercise price for the Company rights will be \$90.00, subject to certain adjustments.

The rights will not become exercisable by virtue of (i) any person’s or group’s beneficial ownership, as of the Distribution Date, of 15% or more of the Class B Common Stock of the Company, unless such person or group acquires beneficial ownership of additional shares of the Company’s Class B Common Stock after June 18, 2015; (ii) the repurchase of the Company’s shares that causes a holder to become the beneficial owner of 15% or more of the Company’s Class B Common Stock, unless such holder acquires beneficial ownership of additional shares representing one percent or more of the Company’s Class B Common Stock; (iii) acquisitions by way of a pro rata stock dividend or a stock split; (iv) acquisitions solely as a result of any unilateral grant of any security by the Company or through the exercise of any options, warrants, rights or similar interests (including restricted stock) granted by the Company to its directors, officers and employees pursuant to any equity incentive or award plan; or (v) certain acquisitions determined by the Board of Directors to be inadvertent, provided, that following such acquisition, the acquirer promptly, but in any case within 10 business days, divests a sufficient number of shares so that such person would no longer otherwise qualify as an acquiring person.

The rights will expire on June 18, 2018, unless the rights agreement is earlier terminated or such date is advanced or extended by the Company, or the rights are earlier redeemed or exchanged by the Company.

NOTE 12. EQUITY-BASED COMPENSATION

Employees of the Company participate in the News Corporation 2013 Long-Term Incentive Plan (the “2013 LTIP”) under which equity-based compensation, including stock options, performance stock units (“PSUs”),

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

restricted stock awards, RSUs and other types of awards can be granted. The Company has the ability to award up to 30 million shares of Class A Common Stock under the terms of the 2013 LTIP in addition to awards assumed in connection with the Separation and with acquisitions.

In connection with the acquisition of Move in November 2014, the Company assumed Move’s equity incentive plans and substantially all of the awards outstanding under such plans. The stock options, RSUs and restricted stock awards that were assumed continue to have the same terms and conditions that applied to those awards immediately prior to the acquisition, except that such assumed awards were converted into awards with the right to be settled in, or by reference to, the Company’s Class A Common Stock in accordance with the acquisition agreement, using a formula designed to preserve the value of the awards based on the price per share paid in the acquisition. The Company assumed and converted approximately 4.3 million stock options and approximately 2.5 million RSUs and restricted stock awards in connection with the transaction.

The following table summarizes the Company’s equity-based compensation expense from continuing operations reported in the Statements of Operations:

	For the fiscal years ended June 30,		
	2016	2015	2014
	(in millions)		
Total Equity compensation expense	\$55	\$53	\$32
Total intrinsic value of stock options exercised	\$ 3	\$24	\$ 2

As of June 30, 2016, total compensation cost not yet recognized for all plans presented related to unvested awards held by the Company’s employees was approximately \$53 million and is expected to be recognized over a weighted average period of between one and two years.

The tax benefit recognized on PSUs and RSUs for the Company’s employees that vested, and stock options that were exercised by the Company’s employees, during the applicable fiscal year was \$11 million, \$17 million and \$8 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Summary of Incentive Plans

The fair value of equity-based compensation granted under the 2013 LTIP is calculated according to the type of award issued. Cash settled awards are marked-to-market at the end of each reporting period.

Performance Stock Units

PSU awards are grants that entitle the holder to shares of the Company’s Class A Common Stock or the cash equivalent value of such shares based on the achievement of pre-established performance metrics over the applicable performance period. PSUs are fair valued on the date of grant and expensed using a straight-line method as the awards cliff vest at the end of the three-year performance period. The number of PSUs that will vest can range from 0% to 200% of the target award and will be based on the achievement of the performance condition and the Company’s three-year total shareholder return (“TSR”). The expense recorded for the portion of the award that is subject to the performance condition is based on management’s determination of the probable outcome of the performance condition and the corresponding number of shares expected to vest. The Company records a cumulative expense adjustment in periods in which its estimate of the number of shares expected to vest changes. Additionally, the expense recognized is ultimately adjusted to reflect the actual number of shares that vested based on the achievement of the performance condition. The number of awards which vest is also

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

impacted by the Company's TSR as measured against the three-year TSR of the companies that comprise the Standard and Poor's 500 Index. The fair value of the TSR condition is determined using a Monte Carlo simulation model. Any person who holds PSUs shall have no ownership interest in the shares or cash to which such PSUs relate unless and until the shares or cash are delivered to the holder. All shares of Class A Common Stock reserved for cancelled or forfeited equity-based compensation awards become available for future grants.

In the first quarters of fiscal 2016 and 2015, certain employees of the Company each received a grant of PSUs that has a three-year performance measurement period beginning on July 1, 2015 and July 1, 2014, respectively. Vesting of the awards is subject to the achievement of the performance condition, consisting of pre-defined targets for cumulative earnings per share and cumulative free cash flow for the applicable performance period, as well as the TSR condition. The majority of these awards will be settled in shares of the Company's Class A Common Stock subject to the achievement of the relevant performance metrics and participants' continued employment with the Company.

In the second quarter of fiscal 2014, certain employees of the Company each received a grant of PSUs that has a three-year performance measurement period beginning on July 1, 2013. Vesting of the awards is subject to the achievement of the performance condition, consisting of pre-defined targets for cumulative earnings per share and consolidated free cash flow growth for the applicable performance period, as well as the TSR condition. The majority of these awards will be settled in shares of the Company's Class A Common Stock subject to the achievement of the relevant performance metrics and participants' continued employment with the Company.

For the fiscal years ended June 30, 2016, 2015 and 2014, a total of 4.2 million, 3.4 million and 4.3 million target PSUs were granted to the Company's employees, respectively, of which 3.0 million, 2.3 million and 2.7 million, respectively, will be settled in Class A Common Stock of the Company, with the remaining, having been granted to executive directors and to employees in certain foreign locations, being settled in cash.

For the fiscal years ended June 30, 2016, 2015 and 2014, approximately 1.2 million, 2.0 million and nil PSUs vested, respectively, of which approximately 0.2 million, 0.5 million and nil PSUs, respectively, were settled in cash for approximately \$3.3 million, \$8.2 million and nil before statutory tax withholdings, respectively.

Restricted Stock Units

RSU awards are grants that entitle the holder to shares of the Company's Class A Common Stock or the cash equivalent value of such shares based on the share price on the expected vesting date. The fair value of RSUs issued under the 2013 LTIP is based upon the fair market value of the shares underlying the awards on the grant date. Any person who holds RSUs shall have no ownership interest in the shares or cash to which such RSUs relate unless and until shares or cash are delivered to the holder.

During fiscal 2016, 2015 and 2014, certain employees of the Company each received a grant of time-vested RSUs. Vesting of the awards is subject to the participants' continued employment with the Company through the applicable vesting date. During the fiscal years ended June 30, 2016, 2015 and 2014, 0.3 million, 0.5 million and 0.2 million RSUs were granted to the Company's employees, respectively, which primarily vest over three to four years.

(c) The fair value of PSUs and RSUs held by the Company's employees that vested during the fiscal years ended June 30, 2016, 2015 and 2014 was \$26 million, \$32 million, and nil, respectively.

(d) For fiscal 2016, includes 0.8 million of target PSUs and 0.3 million RSUs cancelled and a payout adjustment of 1.0 million PSUs due to the actual performance level achieved for PSUs granted in fiscal 2013 that vested during fiscal 2016.

For fiscal 2015, includes 0.3 million of target PSUs and 0.3 million RSUs cancelled during fiscal 2015 and a payout adjustment of 0.6 million PSUs due to the actual performance level achieved for PSUs granted in fiscal 2012 that vested during fiscal 2015.

(e) The intrinsic value of these unvested RSUs and target PSUs was approximately \$89 million as of June 30, 2016.

NOTE 15. COMMITMENTS AND CONTINGENCIES

Commitments

The Company has commitments under certain firm contractual arrangements (“firm commitments”) to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The following table summarizes the Company’s material firm commitments as of June 30, 2016:

	As of June 30, 2016				
	Payments Due by Period				
	Total	1 year	2-3 years	4-5 years	After 5 years

Plant and machinery	4	2	2	—	—
Total commitments and contractual obligations	<u>\$3,411</u>	<u>\$628</u>	<u>\$838</u>	<u>\$694</u>	<u>\$1,251</u>

- (a) The Company has commitments under purchase obligations related to printing contracts, capital projects, marketing agreements and other legally binding commitments.
- (b) The Company has sports programming rights commitments with the National Rugby League, Australian Rugby Union and International Cricket as well as certain other broadcast rights which are payable through fiscal 2023. In November 2015, the Company entered into a sports programming rights agreement with the National Rugby League to license certain media rights for a five year period from 2018 to 2022 for approximately \$775 million (A\$1.1 billion). In August 2015, the Company entered into a sports programming rights agreement with the Australian Football League to license certain media rights for a six year period from 2017 to 2022 for approximately \$850 million (A\$1.2 billion). The sports programming rights for the Australian Football League were novated to Foxtel in the fourth quarter of fiscal 2016 and are not included in the table above.
- (c) The Company leases office facilities, warehouse facilities, printing plants and equipment. These leases, which are classified as operating leases, are expected to be paid at certain dates through fiscal 2062. This amount includes approximately \$250 million for office facilities that have been subleased from 21st Century Fox.

The Company has certain contracts to purchase newsprint, ink and plates that require the Company to purchase a percentage of its total requirements for production. Since the quantities purchased annually under these contracts are not fixed and are based on the Company’s total requirements, the amount of the related payments for these purchases is excluded from the table above.

In accordance with ASC 715, the net liability for pension and other postretirement benefit plans recognized as of June 30, 2016 was approximately \$356 million (See Note 16—Retirement Benefit Obligations). This amount is affected by, among other items, statutory funding levels, changes in plan demographics and assumptions and investment returns on plan assets. Because of the current overall funded status of the Company’s material plans, the accrued liability does not represent expected near-term liquidity needs and, accordingly, this amount is not included in the contractual obligations table.

Contingencies

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed below. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. Except as otherwise provided below, for the contingencies disclosed for which there is at least a reasonable possibility that a loss may be incurred, the Company was unable to estimate the amount of loss or range of loss. The Company recognizes gain contingencies when the gain becomes realized or realizable.

U.K. Newspaper Matters and Related Investigations and Litigation

On July 19, 2011, a purported class action lawsuit captioned *Wilder v. News Corp., et al.* was filed on behalf of all purchasers of 21st Century Fox's common stock between March 3, 2011 and July 11, 2011, in the U.S. District Court for the Southern District of New York (the "Wilder Litigation"). The plaintiff brought claims under Section 10(b) and Section 20(a) of the Securities Exchange Act of 1934, as amended, alleging that false and misleading statements were issued regarding alleged acts of voicemail interception at *The News of the World*. The suit named as defendants 21st Century Fox, Rupert Murdoch, James Murdoch and Rebekah Brooks, and sought compensatory damages, rescission for damages sustained and costs.

On June 5, 2012, the District Court issued an order appointing the Avon Pension Fund ("Avon") as lead plaintiff and Robbins Geller Rudman & Dowd as lead counsel. Avon filed an amended consolidated complaint on July 31, 2012, which among other things, added as defendants the Company's subsidiary, NI Group Limited (now known as News Corp UK & Ireland Limited), and Les Hinton, and expanded the class period to comprise February 15, 2011 to July 18, 2011. Defendants filed motions to dismiss the litigation, which were granted by the District Court on March 31, 2014. Plaintiffs were allowed to amend their complaint, and on April 30, 2014, plaintiffs filed a second amended consolidated complaint, which generally repeated the allegations of the amended consolidated complaint and also expanded the class period to comprise July 8, 2009 to July 18, 2011. Defendants moved to dismiss the second amended consolidated complaint, and on September 30, 2015, the District Court granted defendants' motions in their entirety and dismissed all of plaintiffs' claims. In its memorandum, opinion and order relating to the dismissal, the District Court gave plaintiffs until November 6, 2015 to file a motion for leave to amend their complaint. On October 21, 2015, plaintiffs filed a motion for reconsideration of the District Court's memorandum, opinion and order, which defendants have opposed. The Company's management believes these claims are entirely without merit and intends to vigorously defend this action. As described below, the Company will be indemnified by 21st Century Fox for certain payments made by the Company that relate to, or arise from, the U.K. Newspaper Matters (as defined below), including all payments in connection with the Wilder Litigation.

In addition, civil claims have been brought against the Company with respect to, among other things, voicemail interception and inappropriate payments to public officials at the Company's former publication, *The News of the World*, and at *The Sun*, and related matters (the "U.K. Newspaper Matters"). The Company has admitted liability in many civil cases and has settled a number of cases. The Company also settled a number of claims through a private compensation scheme which was closed to new claims after April 8, 2013.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

In connection with the Separation, the Company and 21st Century Fox agreed in the Separation and Distribution Agreement that 21st Century Fox would indemnify the Company for payments made after the Distribution Date arising out of civil claims and investigations relating to the U.K. Newspaper Matters as well as legal and professional fees and expenses paid in connection with the previously concluded criminal matters, other than fees, expenses and costs relating to employees (i) who are not directors, officers or certain designated employees or (ii) with respect to civil matters, who are not co-defendants with the Company or 21st Century Fox. 21st Century Fox's indemnification obligations with respect to these matters will be settled on an after-tax basis.

The Company incurred gross legal and professional fees related to the U.K. Newspaper Matters and costs for civil settlements totaling approximately \$42 million, \$101 million and \$169 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. These costs are included in Selling, general and administrative expenses in the Company's Statements of Operations. With respect to the fees and costs incurred during the fiscal years ended June 30, 2016, 2015 and 2014, the Company has been or will be indemnified by 21st Century Fox for \$23 million, net of tax, \$51 million, net of tax and \$97 million, net of tax, respectively, pursuant to the indemnification arrangements described above. Accordingly, the Company recorded a contra expense in Selling, general and administrative expenses for the after-tax costs that were or will be indemnified of \$23 million, \$51 million and \$97 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively, and recorded a corresponding receivable from 21st Century Fox. Therefore, the net impact on Selling, general and administrative expenses was \$19 million, \$50 million and \$72 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Refer to the table below for the net impact of the U.K. Newspaper Matters on Selling, general and administrative expenses recorded in the Statements of Operations:

	For the fiscal years ended June 30,		
	2016	2015	2014
	(in millions)		
Gross legal and professional fees related to the U.K. Newspaper Matters . . .	\$ 42	\$101	\$169
Indemnification from 21st Century Fox	(23)	(51)	(97)
Net impact on Selling, general and administrative expenses	\$ 19	\$ 50	\$ 72

As of June 30, 2016, the Company has provided for its best estimate of the liability for the claims that have been filed and costs incurred, including liabilities associated with employment taxes, and has accrued approximately \$99 million, of which approximately \$55 million will be indemnified by 21st Century Fox, and a corresponding receivable was recorded in Other current assets on the Balance Sheet as of June 30, 2016. It is not possible to estimate the liability or corresponding receivable for any additional claims that may be filed given the information that is currently available to the Company. If more claims are filed and additional information becomes available, the Company will update the liability provision and corresponding receivable for such matters.

The Company is not able to predict the ultimate outcome or cost of the civil claims. It is possible that these proceedings and any adverse resolution thereof could damage its reputation, impair its ability to conduct its business and adversely affect its results of operations and financial condition.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Company, L.P., Foster Poultry Farms, Smithfield Foods, Inc., HP Hood LLC and BEF Foods, Inc. (collectively, the “Named Plaintiffs”) alleged various claims under federal and state antitrust law against News Corporation, News America Incorporated (“NAI”), News America Marketing FSI L.L.C. (“NAM FSI”) and News America Marketing In-Store Services L.L.C. (“NAM In-Store Services” and, together with News Corporation, NAI and NAM FSI, the “NAM Group”), the Named Plaintiffs filed a fourth amended complaint on consent of the parties. The fourth amended complaint asserted federal and state antitrust claims both individually and on behalf of two putative classes in connection with the purchase of in-store marketing services and free-standing insert coupons. The complaint sought treble damages, injunctive relief and attorneys’ fees.

On August 11, 2014, the Named Plaintiffs filed a motion seeking certification of a class of all persons residing in the United States who purchased in-store marketing services on or after April 5, 2008 and did not purchase those services pursuant to contracts with mandatory arbitration clauses. On June 18, 2015, the District Court granted the Named Plaintiffs’ motion, although it subsequently amended the start date of the claim period to April 26, 2009.

On September 10, 2015, the District Court granted a stipulation dismissing with prejudice the Named Plaintiffs’ claims relating to free-standing insert coupons. Trial began on February 29, 2016, and on such date, the parties agreed to settle the litigation. Under the terms of the settlement, which remains subject to District Court approval, the NAM Group agreed, among other things, to pay the plaintiffs and their attorneys approximately \$250 million, and the parties agreed to dismiss the litigation with prejudice. The District Court has scheduled a final settlement approval hearing for September 21, 2016. The NAM Group also settled related claims for approximately \$30 million. As a result, the Company recorded one-time costs of approximately \$280 million for the fiscal year ended June 30, 2016 in NAM Group and Zillow settlements, net in the Company’s Statement of Operations.

Valassis Communications, Inc.

On November 8, 2013, Valassis Communications, Inc. (“Valassis”) initiated legal proceedings against certain of the Company’s subsidiaries alleging violations of various antitrust laws. These proceedings are described in further detail below.

- Valassis previously initiated an action against NAI, NAM FSI and NAM In-Store Services (collectively, the “NAM Parties”), captioned Valassis Communications, Inc. v. News America Incorporated, et al., No. 2:06-cv-10240 (E.D. Mich.) (“Valassis I”), alleging violations of federal antitrust laws, which was settled in February 2010. On November 8, 2013, Valassis filed a motion for expedited discovery in the previously settled case based on its belief that defendants had engaged in activities prohibited under an order issued by the U.S. District Court for the Eastern District of Michigan in connection with the parties’ settlement, which motion was granted by the magistrate judge.

Valassis subsequently filed a Notice of Violation of an order issued by the District Court in Valassis I. The Notice contained allegations that were substantially similar to the allegations Valassis made in Valassis II, described below, and sought treble damages, injunctive relief and attorneys’ fees. The Notice also re-asserted claims of unlawful bundling and tying which the magistrate judge had previously recommended be dismissed from Valassis II on the grounds that such claims could only be brought before a panel of antitrust experts previously appointed in Valassis I (the “Antitrust Expert Panel”). On March 2, 2015, the NAM Parties filed a motion to refer the Notice to the Antitrust Expert Panel or, in the alternative, strike the Notice. The District Court granted the NAM Parties’ motion in part on March 30, 2016 and ordered that the Notice be referred to the Antitrust Expert Panel. The District Court further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

NEWS CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

- On November 8, 2013, Valassis also filed a new complaint in the U.S. District Court for the Eastern District of Michigan against the NAM Group alleging violations of federal and state antitrust laws and common law business torts (“Valassis II”). The complaint sought treble damages, injunctive relief and attorneys’ fees and costs. On December 19, 2013, the NAM Group filed a motion to dismiss the newly filed complaint.

The District Court referred the NAM Group’s motion to dismiss to the magistrate judge for determination, and on July 16, 2014, the magistrate judge recommended that the District Court grant the NAM Group’s motion in part with respect to certain claims regarding alleged bundling and tying conduct and stay the remainder of the action. On March 30, 2016, the District Court adopted in part the magistrate judge’s recommendation. The District Court ordered that Valassis’s bundling and tying claims be dismissed without prejudice to Valassis’s rights to pursue relief for those claims in Valassis I. The District Court sustained Valassis’s objection to the stay of Valassis II, but further ordered that all remaining claims in the NAM Group’s motion to dismiss be referred to the Antitrust Expert Panel. The District Court further ordered that the case be administratively closed and that it may be re-opened following proceedings before the Antitrust Expert Panel.

On May 17, 2016, the District Court held a status conference to discuss the referral to the Antitrust Expert Panel in both Valassis I and Valassis II. While it is not possible at this time to predict with any degree of certainty the ultimate outcome of these actions, the NAM Group believes it has been compliant with applicable laws and intends to defend itself vigorously in both actions.

Zillow Settlement

In March 2014, Move, the National Association of Realtors® (“NAR”) and three related entities filed a complaint against Zillow, Inc. (“Zillow”) and Errol Samuelson in the Superior Court of the State of Washington alleging, among other things, misappropriation of trade secrets, tortious interference, breach of fiduciary duties and breach of contract. The complaint was amended in February 2015 to add Curt Beardsley as a defendant. On June 6, 2016, the parties entered into a settlement agreement and release pursuant to which Zillow paid the plaintiffs \$130 million and the pending litigation was dismissed with prejudice. Under the terms of an agreement with Move, NAR received 10% of the settlement proceeds after deduction of Move’s litigation-related costs and fees, and Move received the remainder. As a result, the Company recognized a \$122 million gain in NAM Group and Zillow settlements, net in the Company’s Statement of Operations for the fiscal year ended June 30, 2016.

Other

The Company’s operations are subject to tax in various domestic and international jurisdictions and as a matter of course, it is regularly audited by federal, state and foreign tax authorities. The Company believes it has appropriately accrued for the expected outcome of all pending tax matters and does not currently anticipate that the ultimate resolution of pending tax matters will have a material adverse effect on its financial condition, future results of operations or liquidity. As subsidiaries of 21st Century Fox prior to the Separation, the Company and each of its domestic subsidiaries have joint and several liability with 21st Century Fox for the consolidated U.S. federal income taxes of the 21st Century Fox consolidated group relating to any taxable periods during which the Company or any of the Company’s domestic subsidiaries were a member of the 21st Century Fox consolidated group. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any other member of the 21st Century Fox consolidated group. In conjunction with the Separation, the Company entered into the Tax Sharing and Indemnification Agreement with 21st Century Fox, which requires 21st Century Fox to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the IRS or other taxing authorities in amounts that the Company cannot quantify

NOTE 16. RETIREMENT BENEFIT OBLIGATIONS

The Company's employees participate in various defined benefit pension and postretirement plans sponsored by the Company and its subsidiaries. Plans in the U.S., U.K., Australia, and Canada are accounted for as defined benefit pension plans. Accordingly, the funded and unfunded position of each plan is recorded in the Balance Sheets. Actuarial gains and losses that have not yet been recognized through income are recorded in Accumulated other comprehensive (loss) income, net of taxes, until they are amortized as a component of net periodic benefit cost. The determination of benefit obligations and the recognition of expenses related to the plans are dependent on various assumptions. The major assumptions primarily relate to discount rates, expected long-term rates of return on plan assets and mortality rates. Management develops each assumption using relevant company experience in conjunction with market-related data for each individual country in which such plans exist. The funded status of the plans can change from year to year, but the assets of the funded plans have been sufficient to pay all benefits that came due in each of fiscal 2016, 2015, and 2014.

Summary of Funded Status

The Company uses a June 30 measurement date for all pension and postretirement benefit plans. The combined domestic and foreign pension and postretirement plans resulted in a net pension and postretirement benefits liability of \$356 million and \$281 million at June 30, 2016 and 2015, respectively. The Company recognized these amounts in the Balance Sheets at June 30, 2016 and June 30, 2015 as follows:

Summary of Net Periodic Benefit Costs

The Company recorded \$8 million, (\$4) million and \$7 million in net periodic benefit costs (income) in the Statements of Operations for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. Beginning in fiscal 2017, the Company will change the method used to estimate the service and interest cost components of net periodic benefit costs (income) for its pension and other postretirement benefit plans. For fiscal 2016 and previous periods presented, the Company estimated the service and interest cost components utilizing a single weighted-average discount rate for each country derived from a yield curve used to measure the benefit obligation. The new method utilizes a full yield curve approach in the estimation of these components by applying the specific spot rates along the yield curve used in the determination of the benefit obligation to their underlying projected cash flows. The Company changed to the new method to provide a more precise measurement of service and interest costs by improving the correlation between projected benefit cash flows and their corresponding spot rates. The change is accounted for as a change in accounting estimate which is applied prospectively. This change in estimate is not expected to have a material impact on the Company's pension and postretirement net periodic benefit expense in future periods.

The amortization of amounts related to unrecognized prior service costs (credits) and deferred losses were reclassified out of Other comprehensive income as a component of net periodic benefit costs.

The components of net periodic benefits costs were as follows:

The Company's investment strategy for its pension plans is to maximize the long-term rate of return on plan assets within an acceptable level of risk in order to minimize the cost of providing pension benefits while maintaining adequate funding levels. The Company's practice is to conduct a periodic strategic review of its asset allocation. The Company's current broad strategic targets are to have a pension asset portfolio comprised of 26% equity securities, 62% fixed income securities and 12% in cash and other investments. In developing the expected long-term rate of return, the Company considered the pension asset portfolio's past average rate of returns and future return expectations of the various asset classes. A portion of the other allocation is reserved in short-term cash to provide for expected benefits to be paid in the short term. The Company's equity portfolios are managed in such a way as to achieve optimal diversity. The Company's fixed income portfolio is investment grade in the aggregate. The Company does not manage any assets internally.

The Company's benefit plan weighted-average asset allocations, by asset category, are as follows:

	<u>Pension benefits</u>	
	<u>As of June 30,</u>	
	<u>2016</u>	<u>2015</u>
Asset Category:		
Equity securities	26%	29%

Cash and other	12%	16%
Total	<u>100%</u>	<u>100%</u>

Required pension plan contributions for the next fiscal year are expected to be approximately \$25 million; however, actual contributions may be affected by pension asset and liability valuation changes during the year. The Company will continue to make voluntary contributions as necessary to improve funded status.

NOTE 17. OTHER POSTRETIREMENT BENEFITS

Multiemployer Pension and Postretirement Plans

The Company contributes to various multiemployer defined benefit pension plans under the terms of collective-bargaining agreements that cover certain of its union-represented employees, primarily at the newspaper businesses. The risks of participating in these multiemployer pension plans are different from single-employer pension plans in that (i) contributions made by the Company to the multiemployer pension plans may be used to provide benefits to employees of other participating employers; (ii) if the Company chooses to stop participating in certain of these multiemployer pension plans, it may be required to pay those plans an amount based on the underfunded status of the plan, which is referred to as a withdrawal liability; and (iii) actions taken by a participating employer that lead to a deterioration of the financial health of a multiemployer pension plan may result in the unfunded obligations of the multiemployer pension plan being borne by its remaining participating employers. While no multiemployer pension plan that the Company contributed to is individually significant to the Company, the Company was listed on certain Form 5500s as providing more than 5% of total contributions based on the current information available. The financial health of a multiemployer plan is indicated by the zone status, as defined by the Pension Protection Act of 2006, which represents the funded status of the plan as certified by the plan's actuary. In general, plans in the red zone are less than 65% funded, plans in the yellow zone are between 65% and 80% funded, and plans in the green zone are at least 80% funded. The funded status of the plans which the Company was listed as providing more than 5% of total contributions reported green zone status for the most recent available plan year. Total contributions made by the Company to multiemployer pension plans for the fiscal years ended June 30, 2016, 2015 and 2014 were approximately \$5 million.

Defined Contribution Plans

The Company has defined contribution plans for the benefit of substantially all employees meeting certain eligibility requirements. Employer contributions to such plans were \$132 million, \$138 million and \$133 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Deferred Compensation Plan

The Company has non-qualified deferred compensation plans for the benefit of certain management employees. The investment funds offered to the participants generally correspond to the funds offered in the Company's 401(k) plan, and the account balance fluctuates with the investment returns on those funds. The unfunded obligation of the plans included in Other liabilities as of June 30, 2016 and 2015 were \$36 million, and the majority of these plans are closed to new employees.

(b) The Company recognized a tax benefit of approximately \$144 million upon reclassification of the Digital Education segment to discontinued operations in Income (loss) from discontinued operations, net of tax, in the Statements of Operations in fiscal 2016. In addition, a tax benefit of \$30 million related to the current year operations of the Digital Education segment was recorded to discontinued operations in Income (loss) from discontinued operations, net of tax, in the Statements of Operations in fiscal 2016. The tax (benefit) expense shown above excludes the tax benefit of the Company's digital education business. The Company will not have a current federal tax expense after accounting for the current federal tax benefits attributed to discontinued operations.

Foreign Tax Refund

The Company filed refund claims for certain losses pertaining to periods prior to the Separation in a foreign jurisdiction that were subject to litigation. During fiscal 2014, the litigation was resolved in favor of the Company and as a result, the Company received approximately \$794 million for the gross tax refund and interest owed to the Company by the foreign tax authority.

The Company recorded a tax benefit, net of applicable taxes on interest, of \$721 million for the fiscal year ended June 30, 2014 to Income tax benefit (expense) in the Statements of Operations. Refunds received related to these matters were paid to 21st Century Fox, net of applicable taxes on interest, in accordance with the terms of the Tax Sharing and Indemnification Agreement. Accordingly, for the fiscal year ended June 30, 2014, the Company recorded an expense to Other, net of \$721 million for the payment to 21st Century Fox in the Statements of Operations which is included in U.S. pre-tax book income in the table of jurisdictional earnings above.

- (a) The Company's foreign operations are located primarily in Australia and the United Kingdom ("U.K.") which have lower income tax rates than the U.S. For the fiscal years ended June 30, 2016 and June 30, 2015, the effect of foreign operations at lower tax rates decreased the Company's effective tax rate 1% and 2%, respectively, as the Company recorded pre-tax book income on a consolidated basis. For the year ended June 30, 2014, the effect of foreign operations at lower tax rates increased the Company's effective tax rate 38% as the Company recorded pre-tax book loss on a consolidated basis.
- (b) The Company recorded a tax benefit, net of applicable taxes on interest, of \$721 million for the fiscal year ended June 30, 2014 to Income tax benefit (expense) in the Statements of Operations related to certain foreign tax refunds received. See the discussion of Foreign Tax Refund above. The tax benefit related to these refunds increased our effective tax rate 405%. These foreign tax refunds received were paid to 21st Century Fox, net of applicable taxes on interest, in accordance with the terms of the Tax Sharing and Indemnification Agreement. Accordingly, for the fiscal year ended June 30, 2014, the Company recorded an expense to Other, net of approximately \$721 million for the payment to 21st Century Fox in the Statements of Operations. This expense is a non-deductible item the tax effect of which is approximately \$252 million and reflected as a decrease of approximately 142% in our effective tax rate.
- (c) Included in the change in valuation allowance is a tax benefit of \$106 million related to the release of previously established valuation allowances related to certain U.S. Federal net operating losses and state deferred tax assets. This benefit was recognized in conjunction with management's plan to dispose of the Company's digital education business during fiscal 2016, as the Company now expects to generate sufficient U.S. taxable income to utilize these deferred tax assets prior to expiration. Total tax benefits related to the release of valuation allowances decreased our effective tax rate by 62%.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

- (d) For the fiscal year ended June 30, 2016, the effective tax rate of (30%) represents income tax benefit when compared to consolidated pre-tax book income. For the fiscal year ended June 30, 2015, the effective tax rate of 34% represents an income tax expense when compared to consolidated pre-tax book income. For the fiscal year ended June 30, 2014, the effective tax rate of 345% represents an income tax benefit when compared to consolidated pre-tax book loss. As a result, certain reconciling items between the U.S. federal income tax rate and the Company's effective tax rate may have the opposite impact.

The Company recognized current and deferred income taxes in the Balance Sheets at June 30, 2016 and 2015, respectively:

- (a) In fiscal 2016, the Company early-adopted ASU 2015-17, "Balance Sheet Classification of Deferred Taxes", which requires that deferred income tax liabilities and assets be classified as non-current in the Consolidated Balance Sheet. As such, the requirement under prior guidance which required an entity to separate deferred tax liabilities and assets into a current and non-current amount in the Consolidated Balance Sheet has been eliminated. The prior periods have not been retroactively adjusted as a result of the adoption of ASU 2015-17.

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As of June 30, 2016, the Company had income tax Net Operating Loss Carryforwards (NOLs) (gross, net of uncertain tax benefits), in various jurisdictions as follows:

<u>Jurisdiction</u>	<u>Expiration</u>	<u>Amount (in millions)</u>
U.S. Federal	2021 to 2036	\$858
U.S. States	Various	581
Australia	Indefinite	452
U.K.	Indefinite	134
Other Foreign	Various	346

Utilization of the NOLs is dependent on generating sufficient taxable income from our operations in each of the respective jurisdictions to which the NOLs relate, while taking into account limitations and/or restrictions on our ability to use them. Certain of our U.S. Federal NOLs were acquired as part of the acquisitions of Move and Harlequin and are subject to limitations as promulgated under Section 382 of the Code. Section 382 of the Code limits the amount of acquired NOLs that we can use on an annual basis to offset future U.S. consolidated taxable income. The NOLs are also subject to review by relevant tax authorities in the jurisdictions to which they relate.

The Company recorded a deferred tax asset of \$580 million and \$540 million (net of approximately \$53 million and \$95 million, respectively, of unrecognized tax benefits) associated with its NOLs as of June 30, 2016 and 2015, respectively. Significant judgment is applied in assessing our ability to realize our NOLs and other tax assets. Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to utilize existing deferred tax assets within the applicable expiration period. On the basis of this evaluation, valuation allowances of \$97 million and \$304 million have been established to reduce the deferred tax asset associated with the Company's NOLs to an amount that will more likely than not be realized as of June 30, 2016 and 2015, respectively. The amount of the NOL deferred tax asset considered realizable, however, could be adjusted if estimates of future taxable income during the carryforward period are reduced or if objective negative evidence in the form of cumulative losses occurs.

As of June 30, 2016, the Company had approximately \$1.6 billion and \$1.7 billion of capital loss carryforwards in Australia and the U.K., respectively, which may be carried forward indefinitely and which are subject to tax authority review. Realization of our capital losses is dependent on generating capital gain taxable income and satisfying certain continuity of business requirements. The Company recorded a deferred tax asset of \$803 million and \$892 million as of June 30, 2016 and 2015, respectively for these capital loss carryforwards, however, it is more likely than not that the Company will not generate capital gain income in the normal course of business in these jurisdictions. Accordingly, valuation allowances of \$803 million and \$892 million have been established to reduce the capital loss carryforward deferred tax asset to an amount that will more likely than not be realized as of June 30, 2016 and 2015, respectively.

As of June 30, 2016, the Company had approximately \$26 million of U.S. Federal tax credit carryforward which includes \$22 million of foreign tax credits and \$4 million of research & development credits which begin to expire in 2025 and 2036, respectively.

As of June 30, 2016, the Company had approximately \$5 million of non-U.S. tax credit carryforwards which expire in various amounts beginning in 2025 and \$8 million of state tax credit carryforwards (net of U.S. federal benefit), of which the balance can be carried forward indefinitely. In accordance with the Company's accounting policy, a valuation allowance of \$5 million has been established to reduce the deferred tax asset associated with the Company's non-U.S. and state credit carryforwards to an amount that will more likely than not be realized as of June 30, 2016.

Tax Sharing and Indemnification Agreement

The Company entered into a Tax Sharing and Indemnification Agreement with 21st Century Fox that governs the Company's and 21st Century Fox's respective rights, responsibilities, and obligations with respect to tax liabilities and benefits, tax attributes, tax contests and other matters regarding income taxes, non-income taxes and related tax returns. Among other matters, as subsidiaries of 21st Century Fox prior to the Separation, the Company and each of its domestic subsidiaries have joint and several liability with 21st Century Fox for the consolidated U.S. federal income taxes of the 21st Century Fox consolidated group relating to any taxable periods during which the Company or any of such subsidiaries were a member of the 21st Century Fox consolidated group. Under the Tax Sharing and Indemnification Agreement, 21st Century Fox will indemnify the Company for any such liability.

The Tax Sharing and Indemnification Agreement provides that the Company will generally indemnify 21st Century Fox against taxes attributable to the Company's assets or operations for all tax periods or portions thereof after the Separation. For taxable periods or portions thereof prior to the Separation, 21st Century Fox will generally indemnify the Company against U.S. consolidated taxes attributable to such periods, and the Company will indemnify 21st Century Fox against the Company's separately filed U.S., state, and foreign taxes and foreign consolidated taxes for such periods.

Uncertain Tax Positions

The following table sets forth the change in the Company's unrecognized tax benefits, excluding interest and penalties:

	For the fiscal years ended June 30,		
	2016	2015	2014
	(in millions)		
Balance, beginning of period	\$129	\$ 58	\$ 127
Additions for prior year tax positions	6	79	39
Additions for current year tax positions	4	4	5
Reduction for prior year tax positions	(40)	(7)	(114)
Lapse of the statute of limitations	(2)	—	—
Cash settlements	(2)	—	—
Impact of currency translations	(9)	(5)	1
Balance, end of period	<u>\$ 86</u>	<u>\$129</u>	<u>\$ 58</u>

The Company recognizes interest and penalty charges related to unrecognized tax benefits as income tax expense, which is consistent with the recognition in prior reporting periods. The Company recognized a benefit related to interest of \$1 million for the fiscal year ended June 30, 2016 and interest charges of \$6 million and nil during the fiscal years ended June 30, 2015 and 2014, respectively. The Company recorded liabilities for accrued interest of approximately \$6 million and \$8 million as of June 30, 2016 and 2015, respectively.

The Company's tax returns are subject to on-going review and examination by various tax authorities. Tax authorities may not agree with the treatment of items reported in our tax returns, and therefore the outcome of tax reviews and examinations can be unpredictable. The Company is currently undergoing tax examinations in several states and foreign jurisdictions where the tax authorities are reviewing a range of prior year transactions which are at various stages of development. The Company believes it has appropriately accrued for the expected outcome of uncertain tax matters and believes such liabilities represent a reasonable provision for taxes

NEWS CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

ultimately expected to be paid, however, the Company may need to accrue additional income tax expense and our liability may need to be adjusted as new information becomes known and as these tax examinations continue to progress, or as settlements or litigations occur.

The following is a summary of major tax jurisdictions for which tax authorities may assert additional taxes based upon tax years currently under audit and subsequent years that could be audited by the respective taxing authorities.

<u>Jurisdiction</u>	<u>Fiscal Years Open to Examination</u>
U.S. Federal	2009-2015
U.S. States	Various
Australia	2010-2015
U.K.	2011-2015

It is reasonably possible that uncertain tax positions may increase or decrease in the next fiscal year, however, actual developments in this area could differ from those currently expected. As of June 30, 2016, approximately \$54 million would affect the Company's effective income tax rate, if and when recognized in future fiscal years. It is reasonably possible the amount of uncertain tax liabilities which may be resolved within the next fiscal year is between the range of approximately nil and \$35 million.

The Company has not provided for U.S. taxes on the undistributed earnings of foreign subsidiaries that are considered to be reinvested indefinitely. Calculation of the unrecognized deferred tax liability for temporary differences related to these earnings is not practicable. Undistributed earnings of foreign subsidiaries considered to be indefinitely reinvested amounted to approximately \$2.7 billion as of June 30, 2016. The amount of undistributed earnings reflects adjustments related to the Separation from 21st Century Fox that were finalized with the filing of our income tax returns in periods after the Separation.

During the fiscal years ended June 30, 2016, 2015 and 2014, the Company paid gross income taxes of \$103 million, \$134 million and \$116 million, respectively, and received income tax refunds of \$10 million, \$8 million and \$837 million, respectively. The income tax refunds for the fiscal year ended June 30, 2014 included the \$794 million related to amounts received from a foreign tax authority as discussed above.

NOTE 19. SEGMENT INFORMATION

The Company manages and reports its businesses in the following five segments:

- **News and Information Services**—The News and Information Services segment includes the global print and digital product offerings of *The Wall Street Journal* and the Dow Jones Media Group, which includes *Barron's* and MarketWatch, as well as the Company's suite of professional information products, including Factiva, Dow Jones Risk & Compliance, Dow Jones Newswires, Dow Jones PEVC and DJX. The Company also owns, among other publications, *The Australian*, *The Daily Telegraph*, *Herald Sun* and *The Courier-Mail* in Australia, *The Times*, *The Sunday Times*, *The Sun* and *The Sun on Sunday* in the U.K. and the *New York Post* in the U.S. This segment also includes both News America Marketing, a leading provider of home-delivered shopper media, in-store marketing products and services and digital marketing solutions, including Checkout 51's mobile application, as well as Unruly, a leading global video advertising distribution platform.
- **Book Publishing**—The Book Publishing segment consists of HarperCollins, the second largest consumer book publisher in the world, with operations in 18 countries and particular strengths in

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

general fiction, nonfiction, children's and religious publishing. HarperCollins owns more than 120 branded publishing imprints, including Avon, Harper, HarperCollins Children's Books, William Morrow, Harlequin and Christian publishers Zondervan and Thomas Nelson, and publishes works by well-known authors such as Harper Lee, Mitch Albom, Veronica Roth, Rick Warren, Sarah Young and Agatha Christie and popular titles such as *The Hobbit*, *Goodnight Moon*, *To Kill a Mockingbird*, *Jesus Calling* and the *Divergent* series.

- **Digital Real Estate Services**—The Digital Real Estate Services segment consists primarily of the Company's interests in REA Group and Move. REA Group is a publicly traded company listed on the Australian Securities Exchange (ASX: REA) that advertises property and property-related services on websites and mobile applications across Australia, Europe and Asia. REA Group operates Australia's leading residential and commercial property websites, realestate.com.au and realcommercial.com.au. The Company holds a 61.6% interest in REA Group.

Move, acquired in November 2014, is a leading provider of online real estate services in the U.S. and primarily operates realtor.com®, a premier real estate information and services marketplace. Move also offers a number of professional software and services products, including Top Producer®, TigerLead® and ListHub™. The Company owns an 80% interest in Move, with the remaining 20% being held by REA Group.

- **Cable Network Programming**—The Cable Network Programming segment consists of FOX SPORTS Australia, the leading sports programming provider in Australia, with seven high definition television channels distributed via cable, satellite and IP, several interactive viewing applications and broadcast rights to live sporting events in Australia including: National Rugby League, the domestic football league, international cricket and Australian Rugby Union.
- **Other**—The Other segment consists primarily of general corporate overhead expenses, the corporate Strategy and Creative Group and costs related to the U.K. Newspaper Matters. The Company's corporate Strategy and Creative Group was formed to identify new products and services across its businesses to increase revenues and profitability and to target and assess potential acquisitions and investments.

Segment EBITDA is defined as revenues less operating expenses, and selling, general and administrative expenses and excluding the impact from the NAM Group and Zillow legal settlements. Segment EBITDA does not include: Depreciation and amortization, impairment and restructuring charges, equity earnings of affiliates, interest, net, other, net, income tax benefit (expense) and net income attributable to noncontrolling interests. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA.

Segment EBITDA is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources within the Company's businesses. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences). The Company believes that information about Segment EBITDA allows users of its Consolidated Financial Statements to evaluate changes in the operating results of the Company's portfolio of businesses separate from non-operational factors that affect net income (loss), thus providing insight into both operations and the other factors that affect reported results.

Total Segment EBITDA is a non-GAAP measure and should be considered in addition to, not as a substitute for, net income (loss), cash flow and other measures of financial performance reported in accordance with

GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment and restructuring charges, which are significant components in assessing the Company's financial performance. News Corporation 2013 Long-Term Incentive Plan
 PERFORMANCE STOCK UNIT TERMS AND CONDITIONS NOTICE
 For the FY[] – FY[] Performance Cycle

(Cash)

Award of Performance Stock Units

News Corporation, a Delaware corporation (“News Corp”), has awarded you the target number of cash-settled performance stock units (“PSUs”) relating to shares of its Class A Common Stock, par value \$0.01 per share (the “NWSA Shares”), as set forth in your Summary of PSU Award (collectively, the “PSU Award”). The terms and conditions of the PSU Award are set forth in this PSU Terms and Conditions Notice, including any terms and conditions applicable to your country set forth in Appendix A attached hereto and incorporated by reference herein (collectively, this “PSU Terms and Conditions Notice”) and in the News Corporation 2013 Long-Term Incentive Plan, as amended and restated (the “2013 LTIP”).

The terms of the 2013 LTIP are incorporated herein by reference. All capitalized terms that are not defined in this PSU Terms and Conditions Notice have the meaning set forth in the 2013 LTIP. By accepting the PSU Award, you agree to all of the terms and conditions described in this PSU Terms and Conditions Notice (including in Appendix A attached hereto) and in the 2013 LTIP. You acknowledge that you have carefully reviewed the 2013 LTIP and agree that the terms of the 2013 LTIP will control in the case of any conflict between this PSU Terms and Conditions Notice and the 2013 LTIP.

Subject to the terms and conditions set forth herein, PSUs represent the potential to receive, at the end of the applicable performance period, the cash value of a number of NWSA Shares (the “PSU Program”).

Unless otherwise provided in this PSU Terms and Conditions Notice, the actual cash value of NWSA Shares awarded to you shall be from 0% to 200% of the target PSUs awarded, as determined by the Compensation Committee of the News Corp Board of Directors or its designees (the “Committee”), based on the achievement of the Performance Objectives (herein defined).

Conversion of Performance Stock Units

Unless otherwise provided in this PSU Terms and Conditions Notice, your PSUs will convert to the cash value of NWSA Shares on the vesting date after the end of the three-year performance period ending on the Sunday closest to June 30, [] (the “Performance Period”) with the cash value of NWSA Shares to be received, if any, determined by comparing News Corp’s actual results with objectives set by the Committee for the Performance Period (based on News Corp’s audited consolidated financial statements for the Performance Period) (the “Performance Objectives”).

The percentage to which each of the Performance Objectives has been achieved corresponds to a payout multiplier. The payout multipliers for each of the Performance Objectives are then averaged (using pre-set weightings for each) to create one overall payout multiplier, which is subject to an overall cap of 200%. The overall payout multiplier is then multiplied by the target number of PSUs to determine the number of corresponding NWSA Shares for which you will be entitled to receive the cash value.

The Committee has set the Performance Objectives and the Committee will determine the achievement of the Performance Objectives based on the actual results at the end of the Performance Period, and calculate the overall payout multiplier and the conversion of the PSUs into the cash value of NWSA Shares.

In all events, the Committee’s determination(s) will be binding.

As soon as is reasonably practicable following the vesting date set forth on the Summary of PSU Award (but in no event beyond December 31 of the calendar year in which the applicable vesting date occurs), the cash value of NWSA Shares payable with respect to the vested PSUs will be paid to you. Upon settlement, your PSUs shall be extinguished

and such PSUs will no longer be considered to be held by you for any purpose.

Dividend Equivalents

Dividend Equivalents will be credited on each PSU granted to you under your PSU Award in the manner set forth below. If News Corp declares one or more regular cash dividends (each, a “Dividend”) on the NWSA Shares during the period commencing on the Date of Grant of your PSU Award and ending on and including the day immediately preceding the day the PSUs are settled, then, on the date each such Dividend is paid to holders of NWSA Shares, you will be credited with Dividend Equivalents based on the amount of such Dividend that would have been payable to you if you held, as of the record date for such Dividend, a number of NWSA Shares equal to (i) the number of PSUs granted to you on the Date of Grant plus (ii) the number of NWSA Shares that any Dividend Equivalents previously credited to you under this PSU Terms and Conditions Notice were deemed to have been reinvested in pursuant to the next succeeding sentence. Each Dividend Equivalent will be deemed to have been reinvested in NWSA Shares as of the Dividend payment date based on the Fair Market Value of an NWSA Share on the day immediately preceding such Dividend payment date. Dividend Equivalents will be payable in cash. The foregoing does not obligate News Corp to pay dividends on NWSA Shares and nothing in the 2013 LTIP or in this PSU Terms and Conditions Notice shall be interpreted as creating such an obligation.

Any Dividend Equivalents credited to you will be subject to all of the provisions of this PSU Terms and Conditions Notice which apply to the PSUs with respect to which they have been credited and will be payable, if at all, at the time and to the extent that the underlying PSUs becomes payable. For the avoidance of doubt, the number of NWSA Shares for which you will be entitled to receive the cash value in respect of any Dividend Equivalents credited to you will be determined by multiplying the aggregate number of NWSA Shares that your Dividend Equivalents are deemed to be reinvested in by the overall payout multiplier. Dividend Equivalents will not be payable on any PSUs that do not vest, or are forfeited, pursuant to the terms of this PSU Terms and Conditions Notice.

Withholding Taxes

You agree, as a condition of the PSU Award, that any applicable Federal, state, provincial, local or foreign tax or withholding payment (including, without limitation, social security contributions or social taxes, if applicable) that may be due as a result of vesting and/or payment of your PSUs (including in respect of any Dividend Equivalents credited to you hereunder) shall be satisfied by News Corp or any Affiliate, as the case may be, by withholding such amounts from cash that would otherwise be paid to you under the PSU Award and any Dividend Equivalents credited to you hereunder.

Employment with News Corp or an Affiliate

Except as provided herein, your eligibility to receive the cash value of NWSA Shares is subject to the condition that you remain employed by News Corp or an Affiliate from the date hereof through the date on which the PSUs are paid out in the cash value of NWSA Shares, subject to the terms of your PSU Award and with the exceptions set forth below.

Subject to the exceptions set forth below, in the event your employment is terminated for any reason during the Performance Period or after the Performance Period and before the payout of your PSUs, you shall forfeit your PSU Award and neither you, nor your beneficiary or estate, shall be entitled to receive any payment under your PSU Award.

In the event your employment is terminated due to your Retirement or Permanent Disability, and if you were employed beyond the last day of the first fiscal year of the applicable Performance Period, you will receive the cash value of NWSA Shares on the PSU vesting date after the end of the relevant Performance Period based on the overall payout multiplier for the Performance Objectives.

In the event of your death, and if you were employed beyond the last day of the first fiscal year of the applicable Performance Period, your estate will receive the cash value of NWSA Shares as soon as practicable, based on the projected performance for the Performance Objectives (at the determination of News Corp) for all PSU Program cycles with less than one year remaining in the Performance Period, and based on target level performance otherwise.

In the event that your employment during the Performance Period transfers from one business group, including corporate groups, which participates in the PSU Program to another business group that also participates in the PSU Program, you will remain eligible to receive payment under your PSU Award.

If your business entity is merged with another entity within News Corp or is sold outside of News Corp, the Committee may, in its sole discretion, make such adjustments to your PSU Award as it deems appropriate. All determinations that the Committee makes shall be conclusive and binding on all persons for all purposes. The Committee need not treat all PSU awards in the same manner.

Leaves of Absence

For purposes of the PSU Award, your Service does not terminate when you go on a bona fide employee leave of absence that was approved by News Corp or an Affiliate in writing, if the terms of such leave provide for continued Service crediting, or when continued Service crediting is required by applicable law. However, your Service will be treated as terminating three months after the commencement of such leave, unless your right to return to active work is guaranteed by law or by a contract. Your Service terminates in any event when the approved leave ends unless you immediately return to active employee work.

The Committee shall determine, in its sole discretion, which leaves shall count for this purpose, and when your Service terminates for all purposes under the 2013 LTIP.

Current Market Price of Class A Common Stock

You can at any time find out the current market price of NWSA Shares on NASDAQ at <http://www.nasdaq.com/quotes> by using the code "NWSA." Also, News Corp undertakes to provide you the current market price of NWSA Shares on NASDAQ within a reasonable period of you making such a request by email to EquityPlanAdmin@newscorp.com.

Adjustments to News Corp Actual Results

At the end of or during the Performance Period, as applicable, actual results for News Corp may be adjusted at the sole discretion of the Committee as it deems appropriate (and subject to the terms of applicable regulatory rules) to:

- Exclude the effect of extraordinary, unusual and/or non-recurring items, discontinued operations, significant acquisitions, and accounting charges or policy changes; and
- Reflect such other facts as the Committee deems appropriate so as to reflect the performance of the business group and not distort the calculation of the PSU Award.

All such determinations of the Committee shall be conclusive and binding on all persons for all purposes.

No Vested Right in Future Awards

Participant acknowledges and agrees (by accepting the PSU Award and receiving this PSU Terms and Conditions Notice) that the eligibility to receive PSUs is made on a fully discretionary basis by the Committee and that the PSU Award does not lead to a vested right to receive any cash value of NWSA Shares, any additional PSUs or any other equity

incentive awards in the future.

Further, the PSU Award set forth in the Summary of PSU Award constitutes a non-recurring benefit and the terms of this PSU Terms and Conditions Notice are only applicable to the PSU Award distributed subject to this PSU Terms and Conditions Notice.

Employment Agreements

This PSU Terms and Conditions Notice shall not be applied or interpreted in a manner which would decrease the rights held by, or the payments owing to, you under any employment agreement with News Corp or any Affiliate and, if there is any conflict between the terms of such employment agreement and the terms hereof, the employment agreement shall control, except with respect to the forfeiture and recoupment provisions set forth below which shall control.

Forfeiture; Recoupment

Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, Participant acknowledges and agrees that the Committee shall have the right to cause Participant to forfeit any gain realized by Participant with respect to the PSU Award and any Dividend Equivalents credited to you hereunder, as the Committee in its discretion shall determine, on account of actions taken by, or failed to be taken by, Participant in violation or breach of or in conflict with any (i) employment agreement, (ii) non-competition agreement, (iii) agreement prohibiting solicitation of employees or clients of News Corp or any Affiliate, (iv) confidentiality obligation with respect to News Corp or any Affiliate, (v) News Corp policy or procedure including, without limitation, News Corp's Standards of Business Conduct, (vi) other agreement or (vii) any other obligation of Participant to News Corp or any Affiliate.

Confidentiality

You acknowledge that you have read and understand News Corp's policies on confidentiality as set forth in the News Corp Standards of Business Conduct and the News Corp Insider Trading and Confidentiality Policy (collectively, the "Confidentiality Policies") and hereby agree that during the course of your employment with News Corp or any Affiliate and any time after your employment with News Corp or any Affiliate is terminated, you will continue to abide by the terms of the Confidentiality Policies, including with respect to any materials or information you receive in connection with your PSU Award.

Retention and Other Rights

The PSU Award does not give you the right to be retained or employed by News Corp or any Affiliate in any capacity for any given period or upon any specific terms of employment.

You waive any and all rights to compensation or damages for the termination of your office or employment with News Corp or any Affiliate for any reason (including unlawful termination of employment) insofar as those rights arise from you ceasing to have rights in relation to the PSU Award as a result of that termination or from the loss or diminution in value of such rights.

Stockholder Rights

You, your estate and your heirs do not have and will not have any of the rights of a stockholder of News Corp with respect to the PSUs granted to you pursuant to this PSU Award.

PSU Award Transferability

Your PSUs may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, whether by operation of law or otherwise, nor may your PSUs be made subject to execution, attachment or similar process.

Applicable Law and Forum

This PSU Terms and Conditions Notice will be interpreted and enforced under the laws of the State of New York.

By accepting the PSU Award, you expressly consent to the exclusive jurisdiction of the federal or state courts serving New York, New York for all lawsuits and actions arising out of or relating to this PSU Terms and Conditions Notice, and you expressly waive any defense that such courts lack personal jurisdiction over you. All such lawsuits and actions shall be tried in the federal or state courts serving New York, New York to the exclusion of all other courts.

Severability

In the event that any provision of this PSU Terms and Conditions Notice shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this PSU Terms and Conditions Notice, and this PSU Terms and Conditions Notice shall be construed and enforced as if the illegal or invalid provision had not been included.

Data Privacy

News Corp and its Affiliates may collect, hold, use and process personal data about you in order to administer the 2013 LTIP. Such data includes, but are not limited to, information about you contained in the Summary of PSU Award, other personal and financial data about you, such as your Social Security or tax identification number, equity grant number, home address, business address and other contact information, payroll information and any other information that might be deemed appropriate by News Corp and its Affiliates to facilitate the administration of the 2013 LTIP (collectively, "Personal Data").

News Corp and its Affiliates will use reasonable administrative, technical and physical measures to safeguard your Personal Data in its possession against loss, theft and unauthorized use, disclosure or modification. News Corp and its Affiliates will retain Personal Data for no longer than is necessary for sound business and record retention purposes. You have a right to access your Personal Data and a right to ask for the correction or deletion of any inaccurate data held by News Corp and its Affiliates concerning yourself. If you wish to exercise those rights, please contact your local Human Resources representative and the News Corp Equity Plans Group.

News Corp and its Affiliates may make your Personal Data available to other parties, such as accountants, auditors, lawyers and other outside professional advisors, and to service providers that assist News Corp and its Affiliates in the administration of the 2013 LTIP (collectively, "Service Providers"). News Corp and its Affiliates take steps to ensure that Service Providers protect the confidentiality and security of your Personal Data.

By accepting the PSU Award, you freely give unambiguous consent to News Corp and its Affiliates to collect, hold, use and process your Personal Data and to make your Personal Data available to Service Providers for the purpose of administering the 2013 LTIP on the terms set out above. The processing for such administration is governed by your Fidelity Stock Plan Services Agreement, and agreements between News Corp and such Service Providers.

Special Non-U.S. Terms and Conditions

Notwithstanding any provisions in this PSU Terms and Conditions Notice, the PSU Award shall be subject to any special terms and conditions applicable to your country set forth in Appendix A attached hereto, which constitutes part of this PSU Terms and Conditions Notice. Moreover, if you relocate to one of the countries included in Appendix A, the special terms and conditions for such country will apply to you, to the extent News Corp determines that the application of such terms and conditions is necessary or advisable for legal or administrative reasons. You agree that the terms and conditions set forth in Appendix A will control in the case of any conflict between the body of this PSU Terms

Consent to Electronic Delivery

News Corp may choose to deliver certain statutory materials relating to the 2013 LTIP in electronic form. By accepting the PSU Award, you agree that News Corp and its Affiliates may deliver the 2013 LTIP, the 2013 LTIP prospectus, News Corp's annual report on Form 10-K and any related documents to you in an electronic format. If, at any time, you would prefer to receive paper copies of any such documents that you are entitled to receive, News Corp would be pleased to provide paper copies. Please contact the News Corp Equity Plans Group at EquityPlanAdmin@newscorp.com to request paper copies of these documents.

2013 LTIP Materials

Copies of the 2013 LTIP, the 2013 LTIP prospectus and News Corp's annual report on Form 10-K are available on the Fidelity Stock Plan Services website at www.netbenefits.com.

Section 409A

It is intended that this PSU Terms and Conditions Notice comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, this PSU Terms and Conditions Notice will be interpreted and administered to be in compliance with Section 409A of the Code. To the extent that News Corp determines that you would be subject to the additional taxes or penalties imposed on certain nonqualified deferred compensation plans pursuant to Section 409A of the Code as a result of any provision of this PSU Terms and Conditions Notice, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional taxes or penalties. The nature of any such amendment shall be finally determined by News Corp.

Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice or the 2013 LTIP, to the extent required to avoid accelerated taxation and penalties under Section 409A of the Code, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the PSU Award during the six-month period immediately following your "separation from service" within the meaning of Section 409A of the Code (a "Separation from Service") will instead be paid on the first payroll date after the six-month anniversary of your Separation from Service (or your death, if earlier). Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, for purposes of any provision of this PSU Terms and Conditions Notice providing for the settlement of any NWSA Shares upon or following a termination of employment or a termination of Service that are considered "deferred compensation" under Section 409A of the Code, references to your "termination of employment" or "termination of Service" (and corollary terms) with News Corp or any Affiliate shall be construed to refer to your Separation from Service. Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, if the PSUs are scheduled to vest and be settled between a Dividend record date and a Dividend payment date, then Dividend Equivalents with respect to such Dividend will be credited and paid to you on the Dividend payment date for such Dividend, but in no event later than the later of (i) March 15th following the date on which the PSUs vest and (ii) two and one half months following the end of the fiscal year of News Corp in which the PSUs vest.

News Corporation 2013 Long-Term Incentive Plan
PERFORMANCE STOCK UNIT TERMS AND CONDITIONS NOTICE
For the FY[] – FY[] Performance Cycle

(Stock)

Award of Performance Stock Units

News Corporation, a Delaware corporation (“News Corp”), has awarded you the target number of performance stock units (“PSUs”) relating to shares of its Class A Common Stock, par value \$0.01 per share (the “NWSA Shares”), as set forth in your Summary of PSU Award (collectively, the “PSU Award”). The terms and conditions of the PSU Award are set forth in this PSU Terms and Conditions Notice, including any terms and conditions applicable to your country set forth in Appendix A attached hereto and incorporated by reference herein (collectively, this “PSU Terms and Conditions Notice”) and in the News Corporation 2013 Long-Term Incentive Plan, as amended and restated (the “2013 LTIP”).

The terms of the 2013 LTIP are incorporated herein by reference. All capitalized terms that are not defined in this PSU Terms and Conditions Notice have the meaning set forth in the 2013 LTIP. By accepting the PSU Award, you agree to all of the terms and conditions described in this PSU Terms and Conditions Notice (including in Appendix A attached hereto) and in the 2013 LTIP. You acknowledge that you have carefully reviewed the 2013 LTIP and agree that the terms of the 2013 LTIP will control in the case of any conflict between this PSU Terms and Conditions Notice and the 2013 LTIP.

Subject to the terms and conditions set forth herein, PSUs represent the potential to receive, at the end of the applicable performance period, a number of NWSA Shares (the “PSU Program”).

Unless otherwise provided in this PSU Terms and Conditions Notice, the actual NWSA Shares awarded to you shall be from 0% to 200% of the target PSUs awarded, as determined by the Compensation Committee of the News Corp Board of Directors or its designees (the “Committee”), based on the achievement of the Performance Objectives (herein defined).

The NWSA Shares that you receive, if any, will be fully vested and may be immediately available for sale, subject to News Corp’s Insider Trading and Confidentiality Policy.

Conversion of Performance Stock Units

Unless otherwise provided in this PSU Terms and Conditions Notice, your PSUs will convert to NWSA Shares on the vesting date after the end of the three-year performance period ending on the Sunday closest to June 30, [] (the “Performance Period”) with the number of NWSA Shares to be received, if any, determined by comparing News Corp’s actual results with objectives set by the Committee for the Performance Period (based on News Corp’s audited consolidated financial statements for the Performance Period) (the “Performance Objectives”).

The percentage to which each of the Performance Objectives has been achieved corresponds to a payout multiplier. The payout multipliers for each of the Performance Objectives are then averaged (using pre-set weightings for each) to create one overall payout multiplier, which is subject to an overall cap of 200%. The overall payout multiplier is then multiplied by the target number of PSUs to determine the number of NWSA Shares that you will be entitled to receive.

The Committee has set the Performance Objectives and the Committee will determine the achievement of the Performance Objectives based on the actual results at the end of the Performance Period, and calculate the overall payout multiplier and the conversion of the PSUs into NWSA Shares.

In all events, the Committee’s determination(s) will be binding.

As soon as is reasonably practicable following the vesting date set forth on the Summary of PSU Award (but in no event beyond December 31 of the calendar year in which the applicable vesting date occurs), the NWSA Shares payable with respect to the vested PSUs

will be issued and evidenced in such manner as the Committee in its discretion shall deem appropriate, including, without limitation, book-entry, registration or issuance of one or more stock certificates. Upon issuance, your PSUs shall be extinguished and such PSUs will no longer be considered to be held by you for any purpose.

Dividend Equivalents

Dividend Equivalents will be credited on each PSU granted to you under your PSU Award in the manner set forth below. If News Corp declares one or more regular cash dividends (each, a “Dividend”) on the NWSA Shares during the period commencing on the Date of Grant of your PSU Award and ending on and including the day immediately preceding the day the NWSA Shares subject to the PSUs are issued to you, then, on the date each such Dividend is paid to holders of NWSA Shares, you will be credited with Dividend Equivalents based on the amount of such Dividend that would have been payable to you if you held, as of the record date for such Dividend, a number of NWSA Shares equal to (i) the number of PSUs granted to you on the Date of Grant plus (ii) the number of NWSA Shares that any Dividend Equivalents previously credited to you under this PSU Terms and Conditions Notice were deemed to have been reinvested in pursuant to the next succeeding sentence. Each Dividend Equivalent will be deemed to have been reinvested in NWSA Shares as of the Dividend payment date based on the Fair Market Value of an NWSA Share on the day immediately preceding such Dividend payment date. Dividend Equivalents will be payable in NWSA Shares. The foregoing does not obligate News Corp to pay dividends on NWSA Shares and nothing in the Plan or in this PSU Terms and Conditions Notice shall be interpreted as creating such an obligation.

Any Dividend Equivalents credited to you will be subject to all of the provisions of this PSU Terms and Conditions Notice which apply to the PSUs with respect to which they have been credited and will be payable, if at all, at the time and to the extent that the underlying PSUs becomes payable. For the avoidance of doubt, any Dividend Equivalents credited to you will convert to NWSA Shares based on the same overall payout multiplier that is used to convert the target number of PSUs to NWSA Shares. Dividend Equivalents will not be payable on any PSUs that do not vest, or are forfeited, pursuant to the terms of this PSU Terms and Conditions Notice.

Withholding Taxes

You agree, as a condition of the PSU Award, that you will make acceptable arrangements to pay any withholding or other taxes (including, without limitation, social security contributions or social taxes, if applicable) that may be due as a result of granting or vesting of your PSUs or your acquisition of NWSA Shares relating to the PSU Award (including in respect of any Dividend Equivalents credited to you hereunder). In the event that News Corp or any Affiliate, as the case may be, determines that any applicable Federal, state, provincial, local or foreign tax or withholding payment (including, without limitation, social security contributions or social taxes, if applicable) is required relating to the PSU Award or acquisition of NWSA Shares related thereto (including in respect of any Dividend Equivalents credited to you hereunder), News Corp, or any Affiliate, as the case may be, will have the right to: (i) require that you arrange to make such payments to News Corp or any Affiliate; (ii) withhold such amounts from other payments due to you from News Corp or any Affiliate; or (iii) allow for the surrender of the number of NWSA Shares relating to the PSU Award and any Dividend Equivalents credited to you hereunder in an amount equal to the withholding or other taxes due (for this purpose, surrendered NWSA Shares will be valued using the closing price of the NWSA Shares on the NASDAQ Global Select Market or other principal stock exchange on which the NWSA Shares are listed on the trading date immediately prior to the vesting date); provided that the NWSA Shares so withheld will have an aggregate Fair Market Value not exceeding the minimum amount of tax required to be withheld by applicable law.

Employment with News Corp or an Affiliate

Except as provided herein, your eligibility to receive NWSA Shares is subject to the condition that you remain employed by News Corp or an Affiliate from the date hereof through the date on which the PSUs are paid out in NWSA Shares, subject to the terms of your PSU Award and with the exceptions set forth below.

Subject to the exceptions set forth below, in the event your employment is terminated for any reason during the Performance Period or after the Performance Period and before the payout of your PSUs, you shall forfeit your PSU Award and neither you, nor your beneficiary or estate, shall be entitled to receive any payment under your PSU Award.

In the event your employment is terminated due to your Retirement or Permanent Disability, and if you were employed beyond the last day of the first fiscal year of the applicable Performance Period, you will receive NWSA Shares on the PSU vesting date after the end of the relevant Performance Period based on the overall payout multiplier for the Performance Objectives.

In the event of your death, and if you were employed beyond the last day of the first fiscal year of the applicable Performance Period, your estate will receive NWSA Shares as soon as practicable, based on the projected performance for the Performance Objectives (at the determination of News Corp) for all PSU Program cycles with less than one year remaining in the Performance Period, and based on target level performance otherwise.

In the event that your employment during the Performance Period transfers from one business group, including corporate groups, which participates in the PSU Program to another business group that also participates in the PSU Program, you will remain eligible to receive payment under your PSU Award.

If your business entity is merged with another entity within News Corp or is sold outside of News Corp, the Committee may, in its sole discretion, make such adjustments to your PSU Award as it deems appropriate. All determinations that the Committee makes shall be conclusive and binding on all persons for all purposes. The Committee need not treat all PSU awards in the same manner.

Leaves of Absence

For purposes of the PSU Award, your Service does not terminate when you go on a bona fide employee leave of absence that was approved by News Corp or an Affiliate in writing, if the terms of such leave provide for continued Service crediting, or when continued Service crediting is required by applicable law. However, your Service will be treated as terminating three months after the commencement of such leave, unless your right to return to active work is guaranteed by law or by a contract. Your Service terminates in any event when the approved leave ends unless you immediately return to active employee work.

The Committee shall determine, in its sole discretion, which leaves shall count for this purpose, and when your Service terminates for all purposes under the 2013 LTIP.

Adjustments to News Corp Actual Results	<p>At the end of or during the Performance Period, as applicable, actual results for News Corp may be adjusted at the sole discretion of the Committee as it deems appropriate (and subject to the terms of applicable regulatory rules) to:</p> <ul style="list-style-type: none"> • Exclude the effect of extraordinary, unusual and/or non-recurring items, discontinued operations, significant acquisitions, and accounting charges or policy changes; and • Reflect such other facts as the Committee deems appropriate so as to reflect the performance of the business group and not distort the calculation of the PSU Award. <p>All such determinations of the Committee shall be conclusive and binding on all persons for all purposes.</p>
No Vested Right in Future Awards	<p>Participant acknowledges and agrees (by accepting the PSU Award and receiving this PSU Terms and Conditions Notice) that the eligibility to receive PSUs is made on a fully discretionary basis by the Committee and that the PSU Award does not lead to a vested right to receive any NWSA Shares, any additional PSUs or any other equity incentive awards in the future.</p> <p>Further, the PSU Award set forth in the Summary of PSU Award constitutes a non-recurring benefit and the terms of this PSU Terms and Conditions Notice are only applicable to the PSU Award distributed subject to this PSU Terms and Conditions Notice.</p>
Employment Agreements	<p>This PSU Terms and Conditions Notice shall not be applied or interpreted in a manner which would decrease the rights held by, or the payments owing to, you under any employment agreement with News Corp or any Affiliate and, if there is any conflict between the terms of such employment agreement and the terms hereof, the employment agreement shall control, except with respect to the forfeiture and recoupment provisions set forth below which shall control.</p>
Forfeiture; Recoupment	<p>Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, Participant acknowledges and agrees that the Committee shall have the right to cause Participant to forfeit any gain realized by Participant with respect to the PSU Award and any Dividend Equivalents credited to you hereunder, as the Committee in its discretion shall determine, on account of actions taken by, or failed to be taken by, Participant in violation or breach of or in conflict with any (i) employment agreement, (ii) non-competition agreement, (iii) agreement prohibiting solicitation of employees or clients of News Corp or any Affiliate, (iv) confidentiality obligation with respect to News Corp or any Affiliate, (v) News Corp policy or procedure, including, without limitation, News Corp's Standards of Business Conduct, (vi) other agreement or (vii) any other obligation of Participant to News Corp or any Affiliate.</p>
Confidentiality	<p>You acknowledge that you have read and understand News Corp's policies on confidentiality as set forth in the News Corp Standards of Business Conduct and the News Corp Insider Trading and Confidentiality Policy (collectively, the "Confidentiality Policies") and hereby agree that during the course of your employment with News Corp or any Affiliate and any time after your employment with News Corp or any Affiliate is terminated, you will continue to abide by the terms of the Confidentiality Policies, including with respect to any materials or information you receive in connection with your PSU Award.</p>

Retention and Other Rights	<p>The PSU Award does not give you the right to be retained or employed by News Corp or any Affiliate in any capacity for any given period or upon any specific terms of employment.</p> <p>You waive any and all rights to compensation or damages for the termination of your office or employment with News Corp or any Affiliate for any reason (including unlawful termination of employment) insofar as those rights arise from you ceasing to have rights in relation to the PSU Award as a result of that termination or from the loss or diminution in value of such rights.</p>
Stockholder Rights	<p>You, your estate and your heirs do not have any of the rights of a stockholder of News Corp, including, without limitation, any right to receive dividends declared or paid on the NWSA Shares, unless and until any PSUs are paid out into NWSA Shares and a certificate for such NWSA Shares has been issued or an appropriate book entry has been made.</p>
PSU Award Transferability	<p>Your PSUs may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, whether by operation of law or otherwise, nor may your PSUs be made subject to execution, attachment or similar process.</p>
Applicable Law and Forum	<p>This PSU Terms and Conditions Notice will be interpreted and enforced under the laws of the State of New York.</p> <p>By accepting the PSU Award, you expressly consent to the exclusive jurisdiction of the federal or state courts serving New York, New York for all lawsuits and actions arising out of or relating to this PSU Terms and Conditions Notice, and you expressly waive any defense that such courts lack personal jurisdiction over you. All such lawsuits and actions shall be tried in the federal or state courts serving New York, New York to the exclusion of all other courts.</p>
Severability	<p>In the event that any provision of this PSU Terms and Conditions Notice shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this PSU Terms and Conditions Notice, and this PSU Terms and Conditions Notice shall be construed and enforced as if the illegal or invalid provision had not been included.</p>
Data Privacy	<p>News Corp and its Affiliates may collect, hold, use and process personal data about you in order to administer the 2013 LTIP. Such data includes, but are not limited to, information about you contained in the Summary of PSU Award, other personal and financial data about you, such as your Social Security or tax identification number, equity grant number, home address, business address and other contact information, payroll information, and any other information that might be deemed appropriate by News Corp and its Affiliates to facilitate the administration of the 2013 LTIP (collectively, “Personal Data”).</p> <p>News Corp and its Affiliates will use reasonable administrative, technical and physical measures to safeguard your Personal Data in its possession against loss, theft and unauthorized use, disclosure or modification. providers that assist News Corp and its Affiliates in the administration of the 2013 LTIP (collectively, “Service Providers”). News Corp and its Affiliates take steps to ensure that Service Providers protect the confidentiality and security of your Personal Data.

By accepting the PSU Award, you freely give unambiguous consent to News Corp and its Affiliates to collect, hold, use and process your Personal Data and to make your Personal Data available to Service Providers for the purpose of administering the 2013 LTIP on the terms set out above. The processing for such administration is governed by your Fidelity Stock Plan Services Participant Agreement, and agreements between News Corp and such Service Providers.

Special Non-U.S. Terms and Conditions

Notwithstanding any provisions in this PSU Terms and Conditions Notice, the PSU Award shall be subject to any special terms and conditions applicable to your country set forth in Appendix A attached hereto, which constitutes part of this PSU Terms and Conditions Notice. Moreover, if you relocate to one of the countries included in Appendix A, the special terms and conditions for such country will apply to you, to the extent News Corp determines that the application of such terms and conditions is necessary or advisable for legal or administrative reasons. You agree that the terms and conditions set forth in Appendix A will control in the case of any conflict between the body of this PSU Terms and Conditions Notice and Appendix A.

Consent to Electronic Delivery

News Corp may choose to deliver certain statutory materials relating to the 2013 LTIP in electronic form. By accepting the PSU Award, you agree that News Corp and its Affiliates may deliver the 2013 LTIP, the 2013 LTIP prospectus, News Corp’s annual report on Form 10-K and any related documents to you in an electronic format. If, at any time, you would prefer to receive paper copies of any such documents that you are entitled to receive, News Corp would be pleased to provide paper copies. Please contact the News Corp Equity Plans Group at EquityPlanAdmin@newscorp.com to request paper copies of these documents.

2013 LTIP Materials

Copies of the 2013 LTIP, the 2013 LTIP prospectus and News Corp’s annual report on Form 10-K are available on the Fidelity Stock Plan Services website at www.netbenefits.com.

Section 409A

It is intended that this PSU Terms and Conditions Notice comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, this PSU Terms and Conditions Notice will be interpreted and administered to be in compliance with Section 409A of the Code. To the extent that News Corp determines that you would be subject to the additional taxes or penalties imposed on certain nonqualified deferred compensation plans pursuant to Section 409A of the Code as a result of any provision of this PSU Terms and Conditions Notice, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional taxes or penalties. The nature of any such amendment shall be finally determined by News Corp.

Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice or the 2013 LTIP, to the extent required to avoid accelerated taxation and penalties under Section 409A of the Code, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the PSU Award during the six-month period immediately following your “separation from service” within the meaning of Section 409A of the Code (a “Separation from Service”) will instead be paid on the first payroll date after the six-month anniversary of your Separation from Service (or your death, if earlier). Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, for purposes of any provision of this PSU Terms and Conditions Notice providing for the

settlement of any NWSA Shares upon or following a termination of employment or a termination of Service that are considered “deferred compensation” under Section 409A of the Code, references to your “termination of employment” or “termination of Service” (and corollary terms) with News Corp or any Affiliate shall be construed to refer to your Separation from Service. Notwithstanding anything to the contrary in this PSU Terms and Conditions Notice, if the PSUs are scheduled to vest and be settled between a Dividend record date and a Dividend payment date, then Dividend Equivalents with respect to such Dividend will be credited and paid to you on the Dividend payment date for such Dividend, but in no event later than the later of (i) March 15th following the date on which the PSUs vest and (ii) two and one-half months following the end of the fiscal year of News Corp in which the PSUs vest.

News Corporation 2013 Long-Term Incentive Plan
RESTRICTED SHARE UNIT TERMS AND CONDITIONS NOTICE

(Stock)

Award of Restricted Share Units

News Corporation, a Delaware corporation (“News Corp”), has awarded you the number of restricted share units (“RSUs”) relating to shares of its Class A Common Stock, par value \$0.01 per share (the “NWSA Shares”), as set forth in your Summary of RSU Award (collectively, the “RSU Award”). The terms and conditions of the RSU Award are set forth in this RSU Terms and Conditions Notice, including any terms and conditions applicable to your country set forth in Appendix A attached hereto and incorporated by reference herein (collectively, this “RSU Terms and Conditions Notice”) and in the News Corporation 2013 Long-Term Incentive Plan, as amended and restated (the “2013 LTIP”).

The terms of the 2013 LTIP are incorporated herein by reference. All capitalized terms that are not defined in this RSU Terms and Conditions Notice have the meaning set forth in the 2013 LTIP. By accepting the RSU Award, you agree to all of the terms and conditions described in this RSU Terms and Conditions Notice (including in Appendix A attached hereto) and in the 2013 LTIP. You acknowledge that you have carefully reviewed the 2013 LTIP and agree that the terms of the 2013 LTIP will control in the case of any conflict between this RSU Terms and Conditions Notice and the 2013 LTIP.

Subject to the terms and conditions set forth herein, RSUs represent the potential to receive, at the end of the applicable vesting period, a number of NWSA Shares (the “RSU Program”).

The NWSA Shares that you receive, if any, will be fully vested and may be immediately available for sale, subject to News Corp’s Insider Trading and Confidentiality Policy.

Conversion of Restricted Share Units

Unless otherwise provided in this RSU Terms and Conditions Notice, your RSUs will convert to NWSA Shares according to the vesting schedule set forth in the RSU Award; provided that you remain employed by News Corp from the date of the RSU Award through the relevant vesting dates, as set forth in the Summary of RSU Award and with the exceptions set forth below.

As soon as is reasonably practicable following the vesting date set forth in the Summary of RSU Award (but in no event beyond December 31 of the calendar year in which the applicable vesting date occurs), the NWSA Shares payable with respect to the vested RSUs will be issued and evidenced in such manner as the Committee in its discretion shall deem appropriate, including, without limitation, book-entry, registration or issuance of one or more stock certificates. Upon issuance, your RSUs shall be extinguished and such RSUs will no longer be considered to be held by you for any purpose.

Withholding Taxes

You agree, as a condition of the RSU Award, that you will make acceptable arrangements to pay any withholding or other taxes (including, without limitation, social security contributions or social taxes, if applicable) that may be due as a result of granting or vesting of your RSUs or your acquisition of NWSA Shares relating to the RSU Award. In the event that News Corp or any Affiliate, as the case may be, determines that any applicable Federal, state, provincial, local or foreign tax or withholding payment (including, without limitation, social security contributions or social taxes, if applicable)

is required relating to the RSU Award or acquisition of NWSA Shares related thereto, News Corp, or any Affiliate, as the case may be, will have the right to: (i) require that you arrange to make such payments to News Corp or any Affiliate; (ii) withhold such amounts from other payments due to you from News Corp or any Affiliate; or (iii) allow for the surrender of the number of NWSA Shares relating to the RSU Award in an amount equal to the withholding or other taxes due (for this purpose, surrendered NWSA Shares will be valued using the closing price of the NWSA Shares on the NASDAQ Global Select Market or other principal stock exchange on which the NWSA Shares are listed on the trading

date immediately prior to the vesting date); provided that the NWSA Shares so withheld will have an aggregate Fair Market Value not exceeding the minimum amount of tax required to be withheld by applicable law.

Employment with News Corp or an Affiliate

Except as provided herein, your eligibility to receive NWSA Shares is subject to the condition that you remain employed by News Corp or an Affiliate from the date hereof through the date on which the RSUs vest, subject to the terms of your RSU Award and with the exceptions set forth below.

Subject to the exceptions set forth below, in the event your employment is terminated before your RSUs vest, you shall forfeit your RSU Award and neither you, nor your beneficiary or estate, shall be entitled to receive any payment under your RSU Award.

In the event your employment is terminated due to your Retirement or Permanent Disability before your RSUs vest, your RSUs shall continue to vest, to the extent not already vested, for a period of three years following such termination. At the end of the three-year period, you shall forfeit any remaining unvested RSUs and neither you, nor your beneficiary or estate, shall be entitled to receive any payment under your RSU Award.

In the event of your death, RSUs not previously vested shall immediately become vested.

In the event that your employment during the applicable vesting period transfers from one business group, including corporate groups, which participates in the RSU Program to another business group that also participates in the RSU Program, you will remain eligible to receive payment under your RSU Award.

If your business entity is merged with another entity within News Corp or is sold outside of News Corp, the Committee may, in its sole discretion, make such adjustments to your RSU Award as it deems appropriate. All determinations that the Committee makes shall be conclusive and binding on all persons for all purposes. The Committee need not treat all RSU awards in the same manner.

Leaves of Absence

For purposes of the RSU Award, your Service does not terminate when you go on a bona fide employee leave of absence that was approved by News Corp or an Affiliate in writing, if the terms of such leave provide for continued Service crediting, or when continued Service crediting is required by applicable law. However, your Service will be treated as terminating three months after the commencement of such leave, unless your right to return to active work is guaranteed by law or by a contract. Your Service terminates in any event when the approved leave ends unless you immediately return to active employee work.

The Committee shall determine, in its sole discretion, which leaves shall count for this purpose, and when your Service terminates for all purposes under the 2013 LTIP.

I, Robert J. Thomson, certify that:

1. I have reviewed this annual report on Form 10-K of News Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Report of Independent Auditors

To the Members of Sky Cable Pty Limited

We have audited the accompanying combined financial statements of the Foxtel Group, which is comprised of Foxtel Partnership, Foxtel Management Pty Ltd, Customer Services Pty Ltd, Foxtel Cable Television Pty Ltd, Foxtel Television Partnership and their controlled entities. The combined financial statements comprise the combined balance sheets as of June 30, 2016 and 2015, and the related combined statements of operations, comprehensive income, cash flows and partners' deficit for each of the three years in the period ended June 30, 2016, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined financial position of the Foxtel Group at June 30, 2016 and 2015, and the combined results of its operations and its cash flows for each of the three years in the period ended June 30, 2016 in conformity with U.S. generally accepted accounting principles.

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

NOTE 1. DESCRIPTION OF BUSINESS

The Foxtel Group (see definition in Note 2, Basis of presentation and principles of combination) is the largest pay-TV provider in Australia. It is owned equally by Sky Cable Pty Limited, a subsidiary of News Corporation (hereafter both entities will be referred to as “News Corp”) and Telstra Media Pty Limited, a subsidiary of Telstra Corporation Limited (hereafter both entities will be referred to as “Telstra”), an Australian ASX-listed Telecommunications company (collectively referred to as “Partners”). The Foxtel Group had more than 2.9 million subscribing households throughout Australia as of June 30, 2016 through cable, satellite and IP distribution.

The Foxtel Group delivers 200 channels (including standard definition channels, high definition versions of some of those channels, and audio and interactive channels) covering news, sports, general entertainment, movies, documentaries, music and children’s programming. Foxtel’s premium content includes FOX SPORTS Australia’s suite of sports channels such as FOX SPORTS 1, FOX SPORTS 2, FOX SPORTS 3, FOX SPORTS 4, FOX SPORTS 5, FOX FOOTY and FOX SPORTS NEWS, and TV content from HBO, FOX and Universal, among others. Foxtel also owns and operates 30 channels, including general entertainment and movie channels, and sources an extensive range of movie programming through arrangements with major U.S. studios. Foxtel’s channels are distributed to subscribers via both Telstra’s hybrid fibre coaxial cable network and a long-term contracted satellite platform provided by Optus. Cable and satellite distribution is enabled by Foxtel’s set-top-boxes, including the iQ3, Foxtel’s newest box. Foxtel also offers versions of its services via the Internet through Telstra’s T-Box platform, Foxtel Play, an Internet television service available on a number of compatible devices (including the Sony PlayStation platform, select Samsung, LG and Sony televisions, select Samsung Blu-ray players and personal computers), and Foxtel Go, an Internet television service that allows subscribers to watch Foxtel channels via mobile devices and tablets. In addition, Foxtel has a subscription video-on-demand service called Presto that distributes movies and television programming to subscribers. Foxtel owns Presto Movies, while Presto TV is operated under a joint venture with a subsidiary of Seven West Media Limited, an ASX-listed Media company. Foxtel also offers a triple play bundle product, which consists of Foxtel’s existing pay-TV services, sold together with broadband and/or home phone services.

The Foxtel Group generates revenue primarily through subscription revenue as well as advertising revenue. For the fiscal year ended June 30, 2016 the Foxtel Group recorded revenues of \$3.3 billion, net income before income taxes of \$267.4 million, net interest expense of \$223.5 million, depreciation and amortization of \$318.4 million, foreign exchange and other gains on hedges, net of \$0.5 million, restructuring of \$9.9 million and equity losses of affiliates, of \$8.0 million. Net cash provided by operating activities for the fiscal year ended June 30, 2016 was \$521.7 million. The Foxtel Group made cash distributions to partners of \$73.0 million in aggregate and paid interest of \$94.8 million in aggregate on shareholder loans.

The Foxtel Group is a combination of corporate and partnership entities. At June 30, 2016, News Corp and Telstra equally own the Foxtel Group. Since inception, the partners’ have contributed \$1.1 billion in capital to the Foxtel Group through one of the partnership structures, the Foxtel Partnership (a general partnership) which was used to fund the initial startup losses and required investments of the Foxtel Group. The Foxtel Group has assessed the ability to make distributions based on financial performance, available cash and undrawn debt facilities. Net cash provided by operating activities has been \$1.8 billion over the three year period ending June 30, 2016. Approved distributions to partners over the same three year period have totaled \$653 million and are made from the accumulated profit account of the Foxtel Partnership. The combined financial statements of the Foxtel Group report an accumulated deficit at June 30, 2016 of \$1.3 billion as the total returns to partners since inception are in excess of the aggregated earnings of the combined group in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”).

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

In May 2012, the Foxtel Group purchased Austar United Communications Pty Limited (“AUSTAR”) a subscription television business providing satellite and digital television services in regional and rural Australia. This combination created a national subscription television service in Australia. The AUSTAR transaction was funded by the Foxtel Group bank debt (“term debt”) and the partners made pro-rata capital contributions in the form of subordinated shareholder notes (“loan”) based on their respective ownership interest. These loans amounted to \$902.6 million as at June 30, 2016 and June 30, 2015. This term debt is in the form of Australian dollar fixed interest term debt and US private placement debt, predominantly denominated in US\$ with floating interest rate. This debt exposes the Foxtel Group to foreign exchange currency rate risk and interest rate risk. The Foxtel Group uses a portfolio of interest rate swaps and cross currency interest rate swaps to mitigate exposure to these risks. The Foxtel Group also enter into foreign exchange contracts to convert US\$ cost exposures to the Australian dollar. Where possible, the Foxtel Group designates all hedges to qualify for hedge accounting in U.S. GAAP.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation and principles of combination

The financial statements are prepared in accordance with U.S. GAAP and present, on a combined basis, the historical Australian dollar results of operations, comprehensive income, financial position and cash flows of the Foxtel Partnership, Foxtel Management Pty Ltd, Customer Services Pty Ltd, Foxtel Cable Television Pty Ltd, the Foxtel Television Partnership and their controlled entities, which collectively comprise the “Foxtel Group” or “the Group.”

Controlled entities are all those entities over which the Foxtel Group has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights and variable interest entities in which the Foxtel Group is the primary beneficiary. Controlled entities are fully consolidated from the date on which control is transferred to the Foxtel Group. They are de-consolidated from the date that control ceases. All intercompany transactions and accounts within the Foxtel Group and its controlled entities have been eliminated. Accounting policies of controlled entities have been changed where necessary to ensure consistency with the policies adopted by the Foxtel Group.

Reclassifications

Reclassifications have been made to the prior period financial statements to reflect the early adoption of ASU 2015-03 and ASU 2015-17 respectively.

Liquidity and partnership equity

The Foxtel Group’s combined financial statements have been prepared in accordance with U.S. GAAP on a going concern basis. The going concern basis assumes that assets are realized and liabilities are extinguished in the ordinary course of business at amounts disclosed in the combined financial statements.

The Foxtel Group contains corporate and partnership structures. The partners’ capital of the Foxtel Group of \$1.1 billion as of June 30, 2016 has been raised through the partnership structures (general partnerships). Distributions to partners are recorded against the accumulated profit account of the partnership paying the distribution. Approved returns of \$653 million in aggregate have been made to partners over the past three years. Over the same period, net cash provided by operating activities has been \$1.8 billion. The Foxtel Group

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

has assessed the ability to make distributions based on financial performance, available cash and undrawn debt facilities. This method of providing returns has resulted in negative aggregate net current assets of \$212.9 million. The partners are obliged, under the terms of the partnership agreements, to contribute capital to the partnerships in order to achieve the business plan approved by the Partners and as such this contribution would fund any liability that the group does not meet from cash from operations through at least the next twelve months in the absence of any alternative funding options. In addition, aggregate net assets (excluding Borrowings from related parties) are \$604.0 million and the Foxtel Group has available undrawn debt facilities of \$192.8 million at June 30, 2016. Based on these factors, the Foxtel Group believes that the going concern basis is supported. The combined financial statements do not include any adjustments to the amounts and classifications of assets and liabilities that might be necessary should the Foxtel Group be unable to continue as a going concern. Such adjustments could be material.

Business combinations

Business combinations are accounted for utilizing the guidance of Accounting Standards Codification (“ASC”) 805, “Business Combinations”. The purchase price of an acquisition is allocated to the assets acquired, including intangible assets and liabilities assumed, based on their respective fair values at the acquisition date. Any pre-acquisition contingencies, including contingent consideration, are recognized and measured at fair value (if possible) and liabilities related to contingent consideration are remeasured at fair value in each subsequent reporting period. The excess of the cost of an acquired entity over the net of the amounts assigned to the assets acquired and liabilities assumed is recognized as goodwill. The net assets and results of operations of an acquired entity are included in the Foxtel Group’s combined financial statements from the acquisition date.

The Foxtel Group has not incurred any business combinations and integration related costs during fiscal 2016, 2015 and 2014.

Variable Interest Entities

An entity is considered a variable interest entity (“VIE”) if it meets the criteria outlined in ASC 810, “Consolidation”, which are: (i) the entity has equity that is insufficient to permit the entity to finance its activities without additional subordinated financial support; (ii) the entity has equity investors that, as a group, lack the characteristics of a controlling financial interest; or (iii) the legal entity is structured with non-substantive voting rights.

The Foxtel Group consolidates a VIE when it is considered the primary beneficiary and has both the power to direct the activities that most significantly impact the VIE’s economic performance and a right to receive benefits or the obligation to absorb losses of the entity that could be potentially significant to the VIE.

Use of estimates

The preparation of the Foxtel Group’s combined financial statements is in conformity with U.S. GAAP and requires management to make estimates and assumptions that affect the amounts that are reported in the combined financial statements and accompanying disclosures. Areas where management uses subjective judgment include, but are not limited to, determining the provision for accounts receivable, fair value hierarchy of financial instruments, fair value of financial instruments, estimation of useful lives of long-lived and intangible assets, impairment of goodwill and estimation of useful lives of other indefinite-lived intangible assets, amortization period of deferred installation revenue and installation costs, amortization period of

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

programming rights, accounting for deferred income taxes, other than temporary assessment for unrealized losses on available-for-sale securities and assessing the valuation of the assets and liabilities assumed in a business combination. Actual results could differ from those estimates.

For the fiscal year ended June 30, 2016, the Foxtel Group reassessed the useful lives of its cable and satellite installation and upgrade assets from four to six years. The useful lives of such assets are based on the average customer life and useful life of cable and satellite equipment. The impact on the change in useful life of the installation and upgrade assets to the combined statements of operations is a \$81.7 million reduction in the depreciation and amortisation expense and an increase in net income for the fiscal year ended June 30, 2016. The impact of this change also resulted in a higher 'property and equipment, net' line item and a lower 'accumulated deficit' line item on the combined balance sheets. Costs related to service of subscriber connectivity and disconnections are expensed as incurred.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Concentrations of Credit Risk

Cash and cash equivalents are maintained with several financial institutions. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions of reputable credit and, therefore, bear minimal credit risk.

The Foxtel Group has no significant concentrations of credit risk in trade receivables, as trade receivable balances are made up of a large number of individually immaterial balances. The risk is mitigated by the Foxtel Group's assessment of its customers' creditworthiness and its ongoing monitoring process of outstanding balances. The Foxtel Group maintains reserves for estimated credit losses and these losses have generally been within expectations. Trade receivables (related parties) include amounts owing from Telstra as of June 30, 2016 and June 30, 2015 of \$13.2 million and \$15.5 million, respectively. This balance was within its terms of trade and no impairment was made as of June 30, 2016 or June 30, 2015, respectively. There are no guarantees against this receivable however management closely monitors the receivable balance on a monthly basis and is in regular contact with Telstra to mitigate risk. Beginning in the 2013 financial year, the Foxtel Group initiated a program whereby a portion of the monthly Telstra receivable is factored to a financial institution with no recourse. The receivables factored under this program are derecognized from the Foxtel Group's combined balance sheet and the Foxtel Group has no continuing involvement. The costs of factoring of \$3.9 million and \$4.1 million were recorded in the combined statements of operations during the fiscal year ended June 30, 2016 and 2015, respectively.

The Foxtel Group monitors its positions with, and the credit quality of, the financial institutions which are counterparties to its financial instruments. The Foxtel Group would be exposed to the risk of credit loss in the event of nonperformance by the counterparties to the agreements. At June 30, 2016, the Foxtel Group did not anticipate nonperformance by any of the counterparties.

Receivables

Trade and other receivables are carried at net realizable value and are presented net of an allowance for doubtful accounts, which is an estimate of amounts that may not be collectible. The Foxtel Group's receivables

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS
(ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

did not represent significant concentrations of credit risk as of June 30, 2016 or 2015 due to the high number of low valued receivables with debtors which have limited history of default with the Foxtel Group. No customer individually represented greater than 10% of the total accounts receivable as of June 30, 2016 or 2015. Other receivables are mainly comprised of Goods and Services Tax (“GST”) receivables, licensing fees and sub-licensing fees receivables. The allowances for doubtful accounts is estimated based on historical experience, significant financial difficulties of the debtor, delinquency in payments (more than 60 days overdue), current economic trends and specific identification of certain receivables that are at risk of not being paid. Receivable balances are written off after all collection effort has ceased.

Receivables, net consist of:

	As of June 30,	
	2016	2015
	(in thousands)	
Trade receivables	\$316,165	\$181,329
Trade receivables (related parties)	27,134	26,347
Other receivables	35,192	40,701
Allowances for doubtful accounts	(15,399)	(11,284)
Current receivables, net	\$363,092	\$237,093

There are no allowances recorded against receivables from related parties for all periods presented.

Inventories

Inventory principally consists of acquired program rights which are recorded at the lower of amortized cost or net realizable value. In accordance with ASC 920, “Entertainment-Broadcasters,” costs incurred in acquiring program rights are capitalized and amortized over the license period or projected useful life of the programming. Program rights and the related liabilities are recorded at the gross amounts of the liabilities when the license period has begun, the cost of the program is determinable and the program is accepted and available for airing. Any program rights that do not meet the criteria to be recorded are included in the commitments disclosure. All program rights and production costs for Foxtel Group produced content (original programming) are amortized on the straight-line basis over the period in which an economic benefit is expected to be derived based on the timing of the Foxtel Group’s usage of and benefit from such programming. If estimates of future cash flows are insufficient or if there is no plan to broadcast certain programming, an impairment charge is recognized in the combined statements of operations.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation and include all direct costs and certain indirect costs associated with new subscriber installations, other property and equipment, technical equipment, and digital set top units. Depreciation on equipment is provided using the straight-line method over an estimated useful life of the assets as follows:

Leasehold improvements	4 to 7 years
Technical equipment	5 to 7 years
Digital set top units and installations	3 to 7 years
Other property and equipment	2 to 7 years

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

Leasehold improvements are amortized using the straight-line method over the shorter of their useful lives or the life of the lease. Costs associated with the repair and maintenance of property are expensed as incurred and betterment that extends the useful life of property and equipment are capitalized as additions to the related assets. Retirement, sale and disposals of assets are recorded by removing the cost and related accumulated depreciation with any resulting gain or loss reflected in the combined statements of operations. Changes in circumstances, such as technological advances or changes to Foxtel Group's business model or capital strategy could result in the actual useful lives differing from the Foxtel Group's estimates. In those cases where the Foxtel Group determines that the useful life should be shortened, the Foxtel Group would depreciate the asset over its revised remaining useful life, thereby increasing depreciation expense.

In accordance with ASC 350-40 "Internal-use Software", the Foxtel Group capitalizes certain costs incurred in connection with developing or obtaining internal use software. Costs incurred in the preliminary project stage are expensed. All direct costs incurred to develop internal use software during the development stage are capitalized and amortized using the straight-line method over the useful lives, estimated to be 2.5 years. Costs such as maintenance and training are expensed as incurred.

Leases

In accordance with ASC 840, "Leases", leases for a lessee are classified at the inception date as either a capital lease or an operating lease.

For operating leases, minimum lease payments, including minimum scheduled rent increases, are recognized as rent expense on a straight-line basis over the applicable lease terms. The term used for straight-line rent expense is calculated initially from the date that possession is obtained of the leased premises through the expected lease termination date. Certain lease agreements contain rent holidays which are considered in determining a straight-line rent expense to be recorded over the lease term. The terms of the leases do not contain, contingent rent, or purchase options. There are no restrictions placed upon the Foxtel Group by entering into these leases.

Goodwill and intangible assets

Goodwill

Goodwill represents the excess of the purchase price over the amounts assigned to the fair value of the identifiable tangible and intangible assets acquired and the liabilities assumed of an acquired business. In accordance with ASC 350, "Goodwill and Other Intangible Assets", ("ASC 350") recorded goodwill amounts and other indefinite-lived intangible assets are not amortized, but rather are tested for impairment annually or more frequently if indicators of impairment are present.

Intangible assets

Intangible assets with finite useful lives are carried at cost less accumulated amortization and any recorded impairment. Intangible assets acquired in a business combination are recognized initially at fair value at the date of acquisition. Intangible assets with finite useful lives are amortized using the straight-line method of amortization that reflects the estimated pattern in which the economic benefits of the intangible asset are to be consumed.

Investments

Equity method investments

Investments in and advances to equity or joint ventures in which the Foxtel Group can exercise significant influence, but does not own a majority equity interest or control, are accounted for using the equity method of accounting in accordance with ASC 323 “Investments—Equity Method and Joint Ventures”. When the Foxtel Group owns an interest between 20% and 50%, it is presumed that the Foxtel Group is able to exercise significant influence.

Under the equity method of accounting the Foxtel Group includes its investment and amounts due to and from its equity method investments in its balance sheets. The Foxtel Group’s statements of operations include the Foxtel Group’s share of the investees’ earnings (losses) and the Foxtel Group’s statements of cash flows include all cash received from or paid to the equity investee.

The Foxtel Group’s investments are comprised of a 35% investment in Nickelodeon Australia and Nickelodeon Australia Management Pty Ltd and a 50% investment in Presto TV Pty Limited. These investments are accounted for under the equity method of accounting.

Other investments

Investments in which the Foxtel Group has no significant influence (generally less than a 20% ownership interest) or does not have the ability to exercise significant influence are designated as available-for-sale securities if a readily determinable market value exists. Such investments in listed securities are measured at fair value based on quoted market prices. Unrealized gains and losses on investments in listed securities are included in Accumulated other comprehensive (loss) income (AOCI), net of applicable taxes and other adjustments, until the investment is sold or considered impaired. If an investment’s fair value is not readily determinable, the Foxtel Group accounts for its investment at cost.

Impairment assessments

In accordance with ASC 350, the Foxtel Group’s goodwill is tested annually during the fourth quarter for impairment or earlier if events occur or circumstances change that would more likely than not reduce the fair value below its carrying amount. In assessing goodwill for impairment, the Foxtel Group has the option to first perform a qualitative assessment to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the Foxtel Group determines that it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, the Foxtel Group is not required to perform any additional tests in assessing goodwill for impairment. However, if the Foxtel Group concludes otherwise or elects not to perform the qualitative assessment, then it is required to perform the first step of a two-step impairment test. Under the two-step impairment test, the first step of the impairment test involves comparing the fair value of the reporting unit with its carrying amount, including goodwill. Fair value is primarily determined by computing the future discounted cash flows expected to be generated by the reporting unit. If the reporting unit’s carrying value exceeds its fair value, goodwill may be impaired. If this occurs, the Foxtel Group performs the second step of the goodwill impairment test to determine the amount of impairment loss. The fair value of the reporting unit is allocated to its assets and liabilities in a manner similar to a purchase price allocation in order to determine the implied fair value of the reporting unit’s goodwill. If the implied goodwill fair value is less than its carrying value, the difference is recognized as an impairment loss. Qualitative goodwill impairment tests were performed as of June 30, 2016 and 2015. No impairment loss was recorded for any of the years presented.

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

ASC 360, "Property, Plant and Equipment" and ASC 350 require that the Foxtel Group periodically reviews the carrying amounts of its long-lived assets, including property and equipment and finite-lived intangible assets, to determine whether current events or circumstances indicate that such carrying amounts may not be recoverable. If the carrying amount of the asset is greater than the expected undiscounted cash flows to be generated by such asset, an impairment adjustment is recognized if the carrying value of such asset exceeds its fair value. The Foxtel Group generally measures fair value by considering sale prices for similar assets or by discounting estimated future cash flows using an appropriate discount rate. Considerable management judgment is necessary to estimate the fair value of assets; accordingly, actual results could vary significantly from such estimates. Assets to be disposed of are carried at the lower of their financial statement carrying amount or fair value less costs to sell. No impairment charge was recorded for any of the years presented.

Equity method investments are regularly reviewed to determine whether a significant event or change in circumstances has occurred that may impact the fair value of each investment. If the fair value of the investment has dropped below the carrying amount, management considers several factors when determining whether an other-than-temporary decline in market value has occurred, including the length of time and extent to which the market value has been below cost, the financial condition and near-term prospects of the issuer, the intent and ability of the Foxtel Group to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in market value and other factors influencing the fair market value, such as general market conditions.

The Foxtel Group also regularly reviews investments in listed securities for other-than-temporary impairment based on criteria that include the extent to which the investment's carrying value exceeds its related market value, the duration of the market decline, the Foxtel Group's ability to hold until recovery and the financial strength and specific prospects of the issuer of the security.

As of June 30, 2016 and 2015, investments (equity method and other) were not impaired.

Accrued employee liabilities

The liability for long service leave is recognized in other current and other non-current liabilities, depending on the unconditional right to defer settlement of the liability for at least twelve months after the reporting date. The liability is measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted where applicable using market yields at the reporting date. Accrued liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within twelve months of the reporting date are recognized in other current liabilities in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Borrowings

Loans and borrowings are initially recognized at the fair value of the consideration received. Transaction costs are recorded within current borrowings (current portion) and non-current borrowings (long-term portion) on the combined balance sheets. They are subsequently measured at amortized cost using the effective interest method. Where there is an unconditional right to defer settlement of the liability for at least twelve months after the reporting date, the loans or borrowings are classified as non-current.

Debt may also be considered extinguished when it has been modified and the terms of new debt instruments and old debt instruments are substantially different, as that term is defined in the debt modification guidance in ASC 470-50 "Debt—Modifications and Extinguishments".

Revenue recognition

Revenue is recognized when persuasive evidence of an arrangement exists, the fees are fixed or determinable, the product or service has been delivered and collectability is reasonably assured. The Foxtel Group considers the terms of each arrangement to determine the appropriate accounting treatment.

Subscriber revenue

Subscriber revenue represents a majority of the Foxtel Group's revenues and is earned from pay television broadcast services, broadband and home phone services. Revenue is recognized in the period that the services are provided. Non-refundable subscriptions billed before the underlying service is provided to the customer are recorded as deferred revenue on the combined balance sheets. This revenue is then recognized in the combined statements of operations over the service period.

Other revenues

Advertising revenue is recognized in the period in which the advertising is broadcast. Installation revenue represents revenue earned from the installation of the Foxtel Group's equipment and the connections to broadband and for home phone services at subscribers' premises, which is recognized to the extent of subscriber acquisition costs expensed. Any amounts exceeding subscriber acquisition costs are deferred within deferred revenue on the combined balance sheets and amortized over the average life of the subscriber. Television facilities and service revenue represents revenues earned from the Foxtel Group's services and are recognized in the period the services are provided, net of returns, trade allowances and duties and taxes paid.

Multiple-element arrangements

The Foxtel Group bundles and sells its cable, internet and phone services to its customers as part of a single arrangement. As each of the services included in the bundles are considered to be its own unit of accounting, the Foxtel Group accounts for each deliverable separately.

A separate unit of accounting exists where the deliverable has value to the customer on a stand-alone basis and any undelivered items cannot be terminated by the customer without incurring charges if the delivered item was returned.

The revenue to be recognized is allocated to each of the separate units based on the relative selling prices of each unit. If there is neither vendor specific objective evidence nor third party evidence for the selling price, then the item is measured based on the best estimate of the selling price of that unit. When allocating revenue to the separate units within an arrangement, the amount allocated to a delivered item is limited to the amount that is not contingent upon the delivery of additional items or meeting other specified performance conditions (non-contingent amount). The non-contingent revenue allocated to each unit is then recognized in accordance with the revenue recognition policies above.

Subscriber acquisition costs

Subscriber acquisition costs primarily consist of amounts paid for third-party customer acquisitions, which consist of the cost of commissions paid to authorized retailers and dealers for subscribers added through their respective distribution channels and the cost of hardware and installation subsidies for subscribers. All costs, including hardware, installation and commissions, are expensed upon activation. However, where legal

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

ownership of the equipment is retained, the cost of the equipment and direct and indirect installation costs are capitalized and depreciated over the useful life. Additional components of subscriber acquisition costs include the cost of print, radio and television advertising, which are expensed as incurred.

Operating expenses

Operating expenses on the combined statements of operations include costs related to satellite and broadband transmission costs, license and production costs, studio and engineering expense, and installation costs. Costs incurred for shipping and handling are reflected in 'Operating expenses' in the combined statements of operations.

Advertising expenses

The Foxtel Group expenses advertising costs as incurred in accordance with ASC 720-35, "Other Expenses—Advertising Cost." Advertising and promotional expenses recognized totaled \$110.0 million, \$120.5 million and \$158.7 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. Advertising expenses are recognized in 'Selling, general and administrative' in the combined statements of operations.

Restructuring charges

The Foxtel Group recognized restructuring charges totaling \$9.9 million, \$nil and \$nil for the fiscal years ended June 30, 2016, 2015 and 2014, respectively. These charges were related to employee termination benefits.

Translation of foreign currencies

The combined financial statements are presented in Australian dollars which is the Foxtel Group's functional and reporting currency. Foreign transactions are translated into Australian dollars using the current rate method. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at closing rates on the period end date are recognized in the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'.

Income tax

Foxtel Partnership and Foxtel Television Partnership are taxed as a pass-through for Australian income tax purposes. The results of operations are included in the tax returns of the respective partners and not taxed at the Foxtel Group level.

The Foxtel Group includes a number of stand-alone taxpayers (Customer Services Pty Limited, Foxtel Cable Television Pty Limited, Foxtel Management Pty Limited, Multi Channel Network Pty Limited and Main Event Pty Limited) and two separate Australian tax consolidated groups, the Foxtel Holdings Pty Limited tax consolidated group and the XYZnetworks Pty Limited tax consolidated group (all collectively referred to as the "Foxtel taxpayers"). XYZnetworks is equally owned by Foxtel Partnership and Foxtel Holdings Pty Limited. The provision of income taxes for these entities is computed using the asset and liability method, pursuant to ASC 740, "Accounting for Income Taxes" ("ASC 740"). Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credits carried forward. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the combined statements of operations in the period that includes the enactment date. ASC 740 requires an assessment of whether valuation allowances are needed against deferred tax assets based upon consideration of all available evidence using a “more likely than not” standard.

GST and other similar taxes

Revenues, expenses, assets (except receivables) and liabilities (except payables) are recognized net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognized as part of the cost of the acquisition of the asset or as part of the expense. Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST fully recoverable from, or payable to, the tax authority is included in other receivables or payables in the combined balance sheets.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

Fair value measurements

In accordance with ASC 820, “Fair Value Measurements” (“ASC 820”), the Foxtel Group measures assets and liabilities using inputs from the following three levels of the fair value hierarchy: (i) inputs that are quoted prices in active markets for identical assets or liabilities (“Level 1”); (ii) inputs other than quoted prices included within Level 1 that are observable, including quoted prices for similar assets or liabilities (“Level 2”); and (iii) unobservable inputs that require the entity to use its own best estimates about market participant assumptions (“Level 3”).

The Foxtel Group holds financial instruments that are considered to be Level 1 and Level 2 measurements and are measured at fair value on a recurring basis, including derivative instruments (see Note 9—Financial Instruments and Fair Value). There were no assets or liabilities classified as Level 3 at June 30, 2016 and 2015.

All carrying values of financial instruments reflect their fair value with the exception of:

- the 2009 U.S. private placement borrowings which is carried at amortized cost of \$200.0 million at June 30, 2016 and \$193.3 million at June 30, 2015;
- a portion of the 2012 U.S. private placement borrowings which is carried at amortized cost adjusted for fair value interest rate risk of \$194.8 million at June 30, 2016 and \$178.3 million at June 30, 2015. Prior to October 17, 2014, the entire US\$500.0 million 2012 U.S. private placement borrowings was measured at amortized cost adjusted for fair value interest rate risk.
- a portion of the 2012 U.S. private placement borrowings which is carried at amortized cost of \$480.1 million at June 30, 2016 and \$463.7 million at June 30, 2015. Prior to October 17, 2014, the entire US\$500.0 million 2012 U.S. private placement borrowings was measured at amortized cost adjusted for fair value interest rate risk.

The fair value of the 2009 U.S. private placement borrowing at June 30, 2016 and June 30, 2015 was \$217.5 million and \$213.4 million, respectively. The fair value of the 2012 U.S. private placement borrowing at June 30, 2016 and June 30, 2015 was \$729.6 million and \$675.8 million. The fair value of the remaining borrowings is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial instruments. The derivative financial instruments are recorded at estimated fair value and the

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

listed securities are recorded at fair value based on the quoted prices in active markets with unrealized gains or losses recorded in AOCI. The carrying values of cash and cash equivalents (Level 1), receivables and trade and other payables approximate their fair values due to their short-term nature.

Financial instruments and derivatives

ASC 815, "Derivatives and Hedging" ("ASC 815"), requires derivative instrument (including certain derivative instruments embedded in other contracts) to be recorded on the combined balance sheet at fair value as either an asset or a liability. ASC 815 also requires that changes in the fair value of recorded derivatives be recognized currently in the combined statements of operations unless specific hedge accounting criteria are met.

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

For derivatives that will be accounted for as hedging instruments, the Foxtel Group formally designates and documents, at inception, the financial instrument as a hedge of a specific underlying exposure, the risk management objective and the strategy for undertaking the hedge transaction. In addition, the Foxtel Group formally assesses, both at the inception and at least quarterly thereafter, whether the financial instruments used in hedging transactions are effective at offsetting changes in either the fair values or cash flows of the related underlying exposures. Any ineffective portion of a financial instrument's change in fair value is immediately recognized into earnings.

The Foxtel Group determines the fair values of its derivatives using standard valuation models. The notional amounts of the derivative financial instruments do not necessarily represent amounts exchanged by the parties and, therefore, are not a direct measure of our exposure to the financial risks described above. The amounts exchanged are calculated by reference to the notional amounts and by other terms of the derivatives, such as interest rates and foreign currency exchange rates. The Foxtel Group does not view the fair values of its derivatives in isolation, but rather in relation to the fair values or cash flows of the underlying hedged transactions or other exposures. All of the Foxtel Group's derivatives are straightforward over-the-counter instruments with liquid markets. The carrying values of the derivatives reflect the impact of legally enforceable master netting agreements which allow the Foxtel Group to net settle positive and negative positions with the same counterparty. As the Foxtel Group does not intend to settle any derivatives at their net positions, derivative instruments are presented gross in the combined balance sheets.

The Foxtel Group has established strict counterparty credit guidelines whereby transactions are limited to financial institutions of investment grade or better and exposure limits are tiered with the majority of exposure falling within the AAA to AA- bucket. The Foxtel Group monitors counterparty exposures regularly and reviews any downgrade in credit rating immediately. To mitigate pre settlement risk, minimum credit standards become more stringent as the duration of the derivative financial instrument increases. In addition, the Foxtel Group's master netting agreements reduce credit risk by permitting the Foxtel Group to net settle for transactions with the same counterparty. To minimize the concentration of credit risk, the Foxtel Group enters into derivative transactions with a portfolio of financial institutions. Based on these factors, the Foxtel Group considers the risk of counterparty default to be minimal. The maximum amount of loss due to credit exposure is equivalent to the value of derivatives in an asset position as of June 30, 2016.

Cash flow hedges

Cash flow hedges are used to mitigate the Foxtel Group's exposure to variability in cash flows that is attributable to particular risk associated with a highly probable forecast transaction or a recognized asset or liability which could affect income or expenses. The effective portion of the gain or loss on the hedging instrument is recognized directly in other comprehensive income, whilst the ineffective portion is recognized in the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'. Amounts taken to equity remain in equity and are amortized to earnings when the hedged forecast transaction impacts income and are recorded within the same line item in the combined statements of operations to which the hedged item relates.

Cash flow hedges are tested for effectiveness on a regular basis both retrospectively and prospectively to ensure that each hedging relationship is highly effective so that it can continue to be designated as a cash flow hedge. If the forecasted transaction is no longer expected to occur, amounts recognized in equity are transferred to the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'. If the hedging instrument is sold, terminated, expires, exercised without replacement or rollover, or if the hedge becomes ineffective and is de-designated as a hedge, amounts previously recognized in equity remain in equity until the hedged forecast transaction affects earnings at which time the amounts are recorded in earnings within the same line item in the combined statements of operations to which the hedged item relates.

Fair value hedges

Fair value hedges are used to mitigate the Foxtel Group's exposure to changes in the fair value of a recognized asset or liability, or an identified portion thereof that is attributable to a particular risk and could affect income or expenses. The hedged item is adjusted for gains and losses attributable to the risk being hedged and the derivative is remeasured to fair value. Gains and losses from both are taken to the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'.

Fair value hedge accounting is discontinued if the hedging instrument is sold, terminated, expires, exercised, no longer meets the criteria for hedge accounting or is de-designated as a hedge.

Economic hedges

Derivatives not designated in accounting hedge relationships are referred to as economic hedges. Economic hedges are those derivatives which Foxtel Group uses to mitigate their exposure to variability in the cash flows of a forecast transaction or the fair value of a recognized asset or liability, but which do not qualify for hedge accounting in accordance with ASC 815. The economic hedges are accounted for at fair value by recording the unrealized mark-to-market (fair value adjustment) in each period in the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'. Realized gains and losses on the economic hedges arising from the periodic cash flows and settlements that take place on these economic hedges (for example, interest or other cash flows) are also recorded in the combined statements of operations within 'Foreign exchange and other gains / (losses) on hedges, net'.

Comprehensive income

Comprehensive income is defined to include all changes in partners' equity except those resulting from investments by partners and distributions to partners. Among other disclosures, ASC 220, "Comprehensive Income" requires that all items that are required to be recognized under current accounting standards as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other financial statements.

Recently issued accounting pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, “Revenue from Contracts with Customers (Topic 606)” (“ASU 2014-09”). ASU 2014-09 removes inconsistencies and differences in existing revenue requirements between GAAP and International Financial Reporting Standards (“IFRS”) and requires a company to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Once effective, ASU 2014-09 can be applied retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initial adoption recognized at the date of initial application. In March 2016, the FASB issued ASU 2016-08, “Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)” (“ASU 2016-08”). The amendments in ASU 2016-08 clarify the implementation guidance on principal versus agent considerations. In April 2016, the FASB issued ASU 2016-10, “Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing” (“ASU 2016-10”). The amendments in ASU 2016-10 clarify the aspects of identifying performance obligations and improve the operability and understandability of the licensing implementation guidance. In May 2016, the FASB issued ASU 2016-12, “Update 2016-12— Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients” (“ASU 2016-12”). The amendments in ASU 2016-12 address certain issues identified on assessing collectability, presentation of sales taxes, noncash consideration, and completed contracts and contract modifications at transition. The effective date for all ASUs noted above is annual and interim reporting periods beginning July 1, 2018. The Foxtel Group is currently evaluating the impact these ASUs will have on its Financial Statements.

In February 2015, the FASB issued ASU 2015-02, “Consolidation (Topic 810): Amendments to the Consolidation Analysis” (“ASU 2015-02”). ASU 2015-02 is intended to address stakeholder concerns regarding the usefulness of financial statements where a reporting entity is required to consolidate a legal entity where the reporting entity’s contractual rights do not give it the ability to act primarily on its own behalf, the reporting entity does not hold a majority of the legal entity’s voting rights, or the reporting entity is not exposed to a majority of the legal entity’s economic benefits or obligations. The update amends the accounting guidance around the consolidation of limited partnerships, the consideration surrounding the primary beneficiary determination and the consolidation of certain investment funds. ASU 2015-02 is effective for the Foxtel Group for annual and interim periods beginning after December 15, 2015, however, early adoption is permitted. The Foxtel Group does not expect the adoption of ASU 2015-02 to have a significant impact on its Financial Statements.

In April 2015, the FASB issued ASU 2015-05, “Intangibles-Goodwill and Other-Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Fees Paid in a Cloud Computing Arrangement” (“ASU 2015-05”). ASU 2015-05 clarifies guidance about whether a customer’s cloud computing arrangement includes a software license. If a cloud computing arrangement includes a software license, then the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, the customer should account for the arrangement as a service contract. The guidance will not change GAAP for customer’s accounting for service contracts. In addition, the guidance in this update supersedes paragraph 350-40-25-16. Consequently, all software licenses within the scope of Subtopic 350-40 will be accounted for consistent with other licenses of intangible assets. The amendment can either be adopted prospectively for all arrangements entered into or materially modified after the effective date or retrospectively. ASU 2015-05 is effective for the Foxtel Group for annual and interim periods beginning July 1, 2016, however, early adoption is permitted. The Foxtel Group does not expect the adoption of ASU 2015-05 to have a significant impact on its Financial Statements.

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

In April 2015, the FASB issued ASU 2015-03, “Simplifying the Presentation of Debt Issuance Costs,” which requires debt issuance costs relating to a recognized debt liability to be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The new guidance is effective for the Foxtel Group for the annual period beginning 1 July 2016, and should be applied retrospectively for all prior periods presented. As permitted by ASU 2015-03, the Foxtel Group early-adopted this standard and applied it retrospectively.

In November 2015, the FASB issued ASU 2015-17, “Balance Sheet Classification of Deferred Taxes” (“ASU 2015-17”). ASU 2015-17 amends existing guidance to require that deferred income tax liabilities and assets be classified as non-current in the Consolidated Balance Sheet, and eliminates the prior guidance which required an entity to separate deferred tax liabilities and assets into a current and non-current amount in the Consolidated Balance Sheet. As permitted by ASU 2015-17, the Foxtel Group early-adopted this standard and applied it retrospectively.

In January 2016, the FASB issued ASU 2016-01, “Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities” (“ASU 2016-01”). The amendments in ASU 2016-01 address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for the Foxtel Group for annual and interim reporting periods beginning July 1, 2018. The Foxtel Group is currently evaluating the impact ASU 2016-01 will have on Financial Statements.

In February 2016, the FASB issued ASU 2016-02, “Leases (Topic 842)” (“ASU 2016-02”). The amendments in ASU 2016-02 address certain aspects in lease accounting, with the most significant impact for lessees. The amendments in ASU 2016-02 require lessees to recognize all leases on the balance sheet by recording a right-of-use asset and a lease liability, and lessor accounting has been updated to align with the new requirements for lessees. The new standard also provides changes to the existing sale-leaseback guidance. ASU 2016-02 is effective for the Foxtel Group for annual and interim reporting periods beginning July 1, 2019. The Foxtel Group is currently evaluating the impact ASU 2016-02 will have on its Financial Statements.

In March 2016, the FASB issued ASU 2016-07, “Investments—Equity Method and Joint Ventures (Topic 323): Simplifying the Transition to the Equity Method of Accounting” (“ASU 2016-07”). The amendments in ASU 2016-07 address recognition and measurement of equity investments. The amendments in this update eliminate the requirement to retroactively adjust the investment, results of operations and retained earnings when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree of influence. ASU 2016-07 is effective for the Foxtel Group for annual and interim reporting periods beginning July 1, 2018. As permitted by ASU 2016-07, the Foxtel Group early-adopted this standard and there was no impact on its Financial Statements.

Investment in listed securities	13.84%	46,200	—
		\$50,841	\$5,278

During fiscal 2016, the Foxtel Group purchased an approximate 13.84% interest in Ten Network Holdings Limited for approximately \$77.0 million and recorded an unrealized loss of approximately \$30.8 million in 'Other comprehensive income, net' for the fiscal year ended June 30, 2016 for subsequent changes in fair value. The Foxtel Group evaluated the near-term prospects of Ten Network Holdings Limited in relation to the severity and the duration of the decline in market value. Based on that evaluation and the Foxtel Group's ability and intent to hold the investment for a reasonable period of time sufficient for a forecasted recovery of fair value, the Foxtel Group does not consider the investment to be other-than-temporarily impaired at June 30, 2016.

Total commitment fees related to the above facilities amounted to \$1.1 million and \$2.4 million for the fiscal years ended June 30, 2016 and 2015, respectively. The working capital facility has been drawn down by borrowings and also utilized through the provision of bank guarantees as outlined in Note 12.

2016 Update

There were no changes in external debt in the current financial year. Refer to the “loans with partners” section below for details on change to shareholders loan. During the year, the Foxtel Group made various drawdown and repayments on the working capital facility.

2015 Update

On June 12, 2015, the group entered into a refinancing agreement with a syndicate of banks in terms of which current debt facilities held with the syndicate were restructured as follows:

- \$400,000,000 of current term debt facilities with a maturity date of April 2016 were refinanced to mature in July 2020. The interest rate on this facility equals the bank bill rate plus a margin of 1.38% as at June 30, 2015.
- \$1,100,000,000 of current term debt facilities were repriced at an interest rate equal to the bank bill rate plus a margin between 1.13% and 1.33% as at June 30, 2015, and their tenor extended by 6 months. The maturity of this facility is repayable in four tranches of \$400,000,000, \$300,000,000, \$200,000,000 and \$200,000,000 repayable in October 2017, April 2019, May 2019 and January 2020, respectively.

U.S. private placement (Senior unsecured notes)

On September 24, 2009, the Foxtel Group entered into a U.S. dollar private placement fixed interest loan for US\$180.0 million. The entire loan and interest are economically hedged by a series of cross currency interest rate swaps held by the combined Foxtel Group. On September 24, 2014, the Foxtel Group made a repayment of US\$31.0 million.

On May 23, 2012, the Foxtel Group entered into a firm commitment for funding by way of a private placement in the amount of US\$500.0 million and A\$100.0 million. The funds were drawn down on July 25, 2012. In relation to the US\$ component, the foreign currency fixed interest loan and interest payments are hedged by a series of cross currency interest rate swaps designated as fair value hedges. On October 17, 2014, a portion of the US\$ component was de-designated from its fair value hedge relationship and re-designated into a cash flow hedge relationship using a combination of cross currency interest rate swaps and newly entered interest rate swaps (refer to as “Combined swaps”). The remaining portion of the US\$ component which was not de-designated remains in a fair value hedge relationship. At June 30, 2016, of the US\$500.0 million debt, US\$138.6 million is in a fair value hedge relationship, US\$357.2 million is in a cash flow hedge relationship and US\$4.2 million is the fair value adjustment required to accrete the loan back to its par value at maturity date.

Covenants, Collateral and Unamortized borrowing costs

The Foxtel Group’s external borrowings (term debt, facilities and U.S. private placement) require the Foxtel Group to comply with specified financial and non-financial covenants calculated in accordance with Australian International Financial Reporting Standards. These covenants include restrictions on undertaking future transactions, incurring liens, undertaking transactions with related parties, making repayments of other loans, having fundamental business changes and entering into certain other financing arrangements. The financial debt covenants include maximum levels of total debt to Earnings Before Interest, Tax, Depreciation and Amortization (“EBITDA”) and minimum levels of interest cover (EBITDA to total interest expense) ratios. In the event of default, the liability of the partners is limited to the assets of the Foxtel Partnership and Foxtel Television Partnership. The Foxtel Group is in compliance with these covenants as of June 30, 2016. There were no assets pledged as collateral for any of the borrowings.

Unamortized borrowing costs (representing the costs of acquiring external loan facilities) of \$4.9 million and \$7.8 million are capitalized against borrowings as of June 30, 2016 and 2015, respectively. Of this amount, \$2.5 million and \$2.9 million have been netted against current borrowings and \$2.4 million and \$4.9 million has been netted against non-current borrowings as of June 30, 2016 and 2015, respectively. The amortized borrowing costs recorded in the combined statements of operations were \$2.9 million, \$5.6 million and \$6.7 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Loans from partners

In addition to the facilities outlined in the table above, the Foxtel Group has a subordinated note facility granted expressly for the purpose of the AUSTAR acquisition of which it was equally provided by controlled entities of Telstra and by controlled entities of News Corporation. The original note entitles each of the two investors a 12.0% per annum fixed return. During the year, the note was modified to reduce the interest rate from 12.0% to 10.5% per annum with effect from July 1, 2015. The loan is repayable within 15 years and three months of drawdown (April 15, 2012) and can be repaid within 10 years and three months of drawdown subject to prior repayment of senior debt (consisting of bank facilities and U.S. private placement debt). The loan from partners is \$902.6 million as of June 30, 2016 and 2015.

NOTE 9. FINANCIAL INSTRUMENTS AND FAIR VALUE

The Foxtel Group is directly and indirectly affected by changes in certain market conditions. These changes in market conditions may adversely impact the Foxtel Group's financial performance and are referred to as "market risks." When deemed appropriate, the Foxtel Group uses derivative instruments as a risk management tool to mitigate the potential impact of these market risks. The primary market risks managed by the Foxtel Group through the use of derivative instruments include:

- foreign currency exchange rate risk: arising through foreign currency borrowing, payments for license fees, and capital expenditures (predominately digital set top units); and
- interest rate risk: arising from floating rate borrowings.

The Foxtel Group uses derivative financial instruments such as cross currency interest rate swaps, interest rate swaps and foreign exchange contracts to hedge certain risk exposures. The Foxtel Group does not use derivative financial instruments for trading or speculative purposes.

Financial risk management is carried out by the Foxtel Group's treasury department ("Treasury") under policies approved by the Board of Directors ("Board"). These policies include identification and analysis of the risk exposure of the Foxtel Group and appropriate procedures, controls and risk limits. Treasury identifies, evaluates and enters into derivative transactions for the Foxtel Group.

The Foxtel Group formally designates all qualifying derivatives in hedge relationships ("hedges") and applies hedge accounting where possible. However, all derivatives entered into by the Foxtel Group pre-July 1, 2012 did not qualify for hedge accounting under U.S. GAAP. These hedges are nevertheless economically hedging exposures arising on forecast transactions or recognized assets and liabilities, in line with the Foxtel Group's risk mitigation strategy. As a result, the changes in fair value of these hedges have been, and will continue to be, included as a component of net income in each reporting period, within 'Foreign exchange and other gains / (losses) on hedges, net'.

Hedges are classified as current or non-current based on their maturity.

The accounting for gains and losses that result from changes in the fair values of derivative instruments depends on whether the derivatives have been designated and qualify as hedging instruments and the type of hedging relationships.

Cash flow hedging strategy

Management has a risk management policy to hedge at least 50% of expected operating foreign currency transactions for the subsequent 24 months, subject to approval by the chief financial officer ("CFO") and to hedge 100% of the foreign exchange risk on foreign currency borrowings. Adjustments to the level of hedged exposure can be approved by the CFO upon recommendation by the Treasury Manager. The maximum hedged term of a forecasted foreign currency transaction is in respect of foreign currency borrowings which are hedged to July 2024.

The total notional value of foreign exchange contract derivatives that have been designated and qualify for the Foxtel Group's foreign currency cash flow hedging program was US\$271.0 million and US\$314.5 million as of June 30, 2016 and 2015, respectively. Foreign exchange contract derivatives are entered into to mitigate currency exchange risk in relation to payments for license fees and capital expenditures (predominately digital set top units).

The Foxtel Group monitors the mix of short-term debt and long-term debt regularly and manages the risk of interest rate fluctuations through the use of derivative financial instruments including forward starting instruments. 50% – 100% of the expected exposures on floating rate Australian dollar debt (including Term Debt, bridging facility and revolving working capital facility) in years 1 – 2, 50% – 80% of the exposures in years 3 – 5 and 50% of years 6 – 10 are hedged. The Foxtel Group has entered into interest rate swap agreements and has designated these as accounting hedges in conjunction with the Foxtel Group's interest rate cash flow hedging program. The objective of this hedging program is to mitigate the risk of adverse changes in benchmark interest rates on the Foxtel Group's future interest payments. The total notional value of these interest rate swap

agreements that were designated and qualified for the Foxtel Group's interest rate cash flow hedging program was \$700.0 million as of June 30, 2016 and 2015, respectively. The maximum hedged term over which the Foxtel Group is hedging exposure to variability in interest payments is to September 2022.

On October 17, 2014, the Foxtel Group entered into interest rate swap agreements to mitigate the risk of interest rate fluctuations on the Foxtel Group's U.S. dollar private placement 2012 borrowings, which up to this date were hedged under designated cross-currency interest rate swap agreements. The Foxtel Group, de-designated a portion of the cross-currency interest rate swaps, and formally re-designated them in a qualifying combined notional swap together with the new interest rate swap agreements. The total notional value of the Combined swaps that were designated and qualified for the Foxtel Group's hedging program was US\$357.2 million as of June 30, 2016. The maximum hedged term over which the Foxtel Group is hedging exposure to variability in interest payments is to July 2024.

Total notional value of foreign exchange contract derivatives where the cash flow hedging relationships have been discontinued was \$nil million during the fiscal year ended June 30, 2016. There were no interest rate swaps or Combined swaps where the cash flow hedging relationship was discontinued during the fiscal years ended June 30, 2016 and June 30, 2015.

The following table presents the pre-tax impact (\$nil tax impact) that changes in the fair values of derivatives designated as cash flow hedges had on AOCI and earnings during the fiscal years ended June 30, 2016, 2015 and 2014:

During each of the fiscal years presented, the amounts recognized in earnings on derivative instruments designated as cash flow hedges related to the ineffective portion were not material, and the Foxtel Group did not exclude any component of the changes in fair value of the derivative instruments from the assessment of hedge effectiveness.

As of June 30, 2016, the Foxtel Group estimates that approximately \$10.0 million of net derivative gains related to its cash flow hedges included in AOCI will be reclassified into earnings within the next 12 months on the assumption that the exchange rate and interest rates are identical to June 30, 2016.

Fair value hedging strategy

The Foxtel Group's primary interest rate risk arises from long-term debt. Borrowings issued at fixed rates and in US dollars expose the Foxtel Group to fair value interest rate risk and currency rate risk. The Foxtel Group

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS

(ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

manages fair value interest rate risk and currency rate risk through the use of cross-currency interest rate swaps under which the Foxtel Group exchanges fixed interest payments equivalent to the interest payments on the US\$ denominated debt for floating rate Australian dollar denominated interest payments. The changes in fair values of derivatives designated as fair value hedges and the offsetting changes in fair values of the hedged items are recognized in earnings. As of June 30, 2016, such adjustments increased the carrying value of long-term debt by \$16.6 million. As described under cash flow hedging strategy, on October 17, 2014, the Foxtel Group entered into interest rate swaps designed to mitigate the Foxtel Group's exposure to floating rate interest payments on a portion of the cross-currency interest rate swaps relating to the U.S. private placement 2012 debt. This resulted in a de-designation of a portion of cross-currency interest rate swaps on this date, as the rate exposure was re-designated in a cash flow hedge. The total notional value of cross-currency interest rate derivatives that related to fair value hedges of this type was US\$138.6 million as of June 30, 2016 and June 30, 2015 respectively which relates to the U.S. private placement 2012 debt.

Economic (non-designated) hedging strategy

In addition to derivative instruments that are designated and qualify for hedge accounting, the Foxtel Group also uses certain derivatives not designated as accounting hedges to mitigate foreign currency and interest rate risk. These are referred to as economic hedges. The changes in fair value of economic hedges are immediately recognized into earnings.

The total notional value of foreign exchange derivatives related to the Foxtel Group's foreign currency economic hedges (excluding those that were de-designated during the year) was US\$ nil million as of June 30, 2016 and 2015. The total notional value of interest rate derivatives related to the Foxtel Group's interest rate economic hedges was \$749.9 million and \$849.9 million as of June 30, 2016 and 2015, respectively, which primarily relates to the term debt facilities. The total notional value of cross currency interest rate derivatives related to the Foxtel Group's fair value interest rate risk economic hedges was US\$149.0 million as of June 30, 2016 and 2015, which relate to the U.S. private placement 2009 debt.

(a) The net impact of the fair value adjustment on borrowings and corresponding fair value adjustment on the derivative designated as a fair value hedge on earnings was \$0.5 million gain and \$3.0 million gain for the fiscal years ended June 30, 2016 and 2015, respectively. Overall, the combined impact on earnings from the borrowing and the hedging instrument was \$0.5 million gain, \$3.0 million gain and \$11.2 million loss for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

(b) These represent the non-cash fair value adjustments and foreign currency translation adjustments as disclosed on the combined statements of cash flow within 'Fair value adjustments and foreign currency translation' of (\$12.8 million), (\$23.2 million) and (\$6.2 million) for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.

Fair value measurement

In accordance with ASC 815 "Derivatives and Hedging", the Foxtel Group has included additional disclosures about the Foxtel Group's derivatives and hedging activities (Level 2). There were no assets or liabilities classified as Level 3 as of June 30, 2016 and 2015. Level 1 incorporates cash and cash equivalents and other investments (listed securities) as per Note 5.

There were no transfers between levels of the fair value hierarchy during any of the periods presented. Specific valuation techniques used to value level 2 financial instruments include:

- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves;
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at each reporting date; and
- The fair value of cross currency interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves and determined using forward exchange rates at each reporting date.

The Foxtel Group includes a number of stand-alone taxpayers (Customer Services Pty Limited, Foxtel Cable Television Pty Limited, Foxtel Management Pty Limited, Multi-Channel Network Pty Limited and Main Event Pty Limited) and two separate Australian tax consolidated groups, the Foxtel Holdings Pty Limited tax consolidated group and the XYZnetworks Pty Limited tax consolidated group (all collectively referred to as the “Foxtel taxpayers”). The table above and disclosures below represent the deferred income taxes for the Foxtel taxpayers.

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

At June 30, 2016, the Foxtel taxpayers had approximately \$208.1 million of net operating loss carryforwards available to offset future taxable income. These net operating loss carryforwards have an unlimited carryforward period subject to the satisfaction of the loss testing rules (i.e. continuity of ownership test (“COT”) or failing COT, the same business test). The Foxtel Group utilized the benefits of prior year operating loss carryforwards in the amount of \$51.4 million and \$50.1 million for the fiscal years ended June 30, 2016 and 2015, respectively. The net operating losses have been carried forward by the Foxtel taxpayers since the AUSTAR acquisition on May 23, 2012.

Franking credits available for subsequent periods, based on a tax rate of 30%, amounted to \$34.5 million for the fiscal year ended June 30, 2016.

Realization of the net deferred tax assets of \$53.6 million is dependent upon the Foxtel taxpayers’ ability to generate future taxable income in the relevant tax jurisdiction to obtain benefit from the reversal of temporary differences and net operating loss carryforwards. The amount of deferred taxes considered realizable is subject to adjustment in future periods if estimates of future taxable income are reduced. As of June 30, 2016, deferred tax assets of two controlled entities were not considered to be realizable and therefore a full valuation allowance has been established.

Uncertain tax positions are accounted for in accordance with accounting standards that require management’s assessment of the expected treatment of a tax position taken in a filed tax return, or planned to be taken in a future tax return, that has not been reflected in measuring income tax expense for financial reporting purposes. Until such positions are sustained by the taxing authorities, the Foxtel Group would not recognize the tax benefits resulting from such positions and would report the tax effect as a liability in the Foxtel Group’s combined balance sheets. The Foxtel Group has elected to classify interest and penalties related to unrecognized tax benefits, if and when required, as part of income tax expense, in the combined statements of operations. As of June 30, 2016, the Foxtel Group had no unrecognized tax benefits or interest or penalties recorded for any of the periods presented. The tax years ended 2009 through 2016 for Foxtel Holdings and 2009 through 2016 for all other entities remain open to examination by the major taxing jurisdiction in which the entities are subject to tax.

NOTE 11. RELATED PARTY TRANSACTIONS

In the ordinary course of business, the Foxtel Group enters into transactions with related parties. Related parties consist of partners, entities owned by partners and equity method investees.

Revenue transactions with these related parties include primarily subscriber revenue for resale and distribution of the Foxtel Group products and other revenue. Payment of goods and services from related parties includes purchases of and license fees for programming content, contributions to marketing and television production costs, telephony and internet and networking costs.

NOTE 12. COMMITMENTS AND CONTINGENCIES

The Foxtel Group has commitments under certain firm contractual arrangements (“firm commitments”) to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The following table summarizes the Foxtel Group’s material firm commitments as of June 30, 2016:

	As of June 30, 2016

Total commitments and contractual obligations	\$3,330,150	\$682,965	\$1,137,059	\$754,559	\$755,567

- (a) The Foxtel Group leases property, motor vehicles, IT and equipment which are classified as operating leases. Leases are for multiple years and may contain renewal options. The operating lease expense including the satellite service agreements was approximately \$124.3 million, \$124.5 million and \$126.5 million for the fiscal years ended June 30, 2016, 2015 and 2014, respectively.
- (b) Satellite expenditures in respect of payments for transponder services. During the year, the Foxtel Group renewed its transponder services arrangements to 2028. The transponder services arrangements are accounted for as operating leases.
- (c) The capital lease minimum payments are represented net of interest. The interest component is \$4.0 thousand for year 1.
- (d) Operating expenditures in respect of minimum subscriber guarantees payable for license fees to third parties and related parties are based on the contracted period. For the related parties minimum subscriber guarantee, it includes commitments with contract periods of between 1 and 3 years as well as a commitment of \$116.2 million per year under a perpetual contract with no defined term of expiry. For the purposes of the table above, the commitments arising from the perpetual contract have not been presented.
- (e) Programming expenditures in respect of payments committed to various suppliers for programming content.
- (f) Capital expenditures in respect of digital set top boxes, satellite dishes and other ancillary electronic components.

FOXTEL GROUP

NOTES TO THE COMBINED FINANCIAL STATEMENTS (ALL AMOUNTS ARE IN AUSTRALIAN DOLLARS UNLESS OTHERWISE STATED)

- (g) The Foxtel Group has contractual commitments for marketing contributions to an equity investee of \$5 million per annum under a perpetual contract with no defined term of expiry. For the purposes of the “funding commitments to equity investee” in this note disclosure, 5 years of the perpetual contract have been included in the disclosure.
- (h) Broadcasting rights are primarily in respect of AFL sporting rights. A new 6 year AFL deal for \$1.2 billion commencing during the 2017 fiscal year was novated to the Foxtel Group from News Corp Australia in the current financial year.

The Foxtel Group also has certain contractual arrangements in relation to certain investees that would require the Foxtel Group to make payments or provide funding if certain circumstances occur (“contingent guarantees”). The Foxtel Group does not expect that these contingent guarantees will result in any material amounts being paid by the Foxtel Group in the foreseeable future. The timing of the amounts presented in the table below reflect when the maximum contingent guarantees will expire and does not indicate that the Foxtel Group expects to incur an obligation to make payments during that time frame.

	As of June 30, 2016				
	Guarantees expiration per year				
	Total	1 year	2-3 years	3-4 years	After 5 years
	(in thousands)				
Bank guarantees ^(a)	\$9,187	\$1,177	\$3,014	—	\$4,996

- (a) The Foxtel Group has outstanding bank guarantees expiring in favour of the landlords of the Foxtel Group’s leased office premises, issued by a financial institution. The Foxtel Group may be obligated to contribute funding to the banks in event of default on their lease payments. These guarantees have varying terms which extend through the life of the lease. There is no obligation booked as of June 30, 2016 as the event of default is remote.

During 2015, the Foxtel Group entered into an agreement to provide Presto Pay TV Limited a working capital facility of up to \$30 million, which can be drawn down at any point in time in accordance with board approved budgets, up until maturity date. At year-end, \$15.1 million has been drawn (30 June 2015: \$3.9 million). The facility matures 10 years after the first draw down which occurred on 30 January 2015 and the interest rate is BBSW plus 3.5%.

Contingencies

The Foxtel Group could be involved in routine litigation and contingencies through the ordinary course of its business. A provision for litigation would be accrued when information available to the Foxtel Group indicates that it is probable a liability has been incurred and the amount of loss can be reasonably estimated. For the limited routine litigation that arises from the ordinary course of business, the Foxtel Group is currently unable to estimate the reasonably possible loss or a range of reasonably possible losses as the proceedings are in the early stages and there is a lack of clear or consistent interpretation of laws specific to the industry-specific complaints among different jurisdictions. As a result, there is considerable uncertainty regarding the timing or ultimate resolution of such matters, which includes eventual loss, fine, penalty or business impact, if any, and therefore, an estimate for the reasonably possible loss or a range of reasonably possible losses cannot be made. However, the Foxtel Group believes that such matters, individually and in the aggregate, when finally resolved, are not reasonably likely to have a material adverse effect on the Foxtel Group’s combined statements of operations, balance sheets, or statements of cash flow.

NOTE 13. SUBSEQUENT EVENTS

In accordance with ASC 855, “Subsequent Events”, the Foxtel Group evaluated subsequent events through August 8, 2016, which was also the date that these combined financial statements were issued.

No matters or circumstances have arisen since June 30, 2016 that have significantly affected, or may significantly affect the Foxtel Group’s operations, the results of those operations, or the Foxtel Group’s state of affairs.
