About Abilene Oil and Gas Limited

Abilene Oil and Gas Limited is a Mid West USA focused production, development and exploration company. The company assets are located in Kansas. The company strategy is focused on building up oil production assets, increasing drilling locations and adding exploration acreage in the region. The company strategy is based on a combination of targeting high return projects and innovative funding while maintaining low overhead and corporate costs.

Abilene Oil and Gas Limited ('Abilene' or 'the Company') is pleased to announce that it has entered into a Loan Agreement (Agreement) with a related entity of Mr Paul Salter, MAP Capital Pty Ltd ATF Atlas Capital Series D (Bond) Fund ('MAP Capital'), to secure further short term funding for the Company. Under the Agreement, MAP Capital will provide the Company with a \$350,000 loan in order to fund the Company's oil and gas activities in the US and working capital requirements.

The loan provided by MAP Capital will bear interest of 8% per annum with a repayment date of 12 October 2017 and is an unsecured loan.

The Board is of the view that the terms on which MAP Capital has agreed to provide the facilities are substantially better than those available to the Company from commercial lenders and that the Agreement is otherwise on arms' length terms.
