NON RENOUNCEABLE RIGHTS ISSUE

Tawana Resources NL (“Tawana” or the “Company”) announces it is undertaking a 1 for 1 pro rata non-renounceable rights issue (**Rights Issue** or **Offer**) of approximately 73,762,751 fully paid ordinary shares (**New Shares**) to raise approximately \$1,106,441. The price of New Shares under the Offer is \$0.015 each (**Issue Price**).

The Offer is not underwritten.

Completion of the Offer will result in an increase in cash in hand of up to approximately \$1,106,441 (before the payment of costs associated with the Offer). The Company intends to apply the funds raised under the Offer as follows:

Item	Allocation	\$	%
A	Mofe Creek Project maintenance and associated Liberian administration costs	341,061	30.83
B	Company and administration expenses	241,250	21.80
C	Potential acquisition opportunities	150,000	13.56
D	Working capital	334,130	30.20
E	Expenses of the Offer	40,000	3.61
	Total	1,106,441	100

In the event that the Company raises less than the full subscription of \$1,106,441 (and after accounting for Offer costs), any funds raised will be allocated proportionately between items A and B. Any remaining funds will then be used to examine potential opportunities (item C) and then for general working capital (item D).

The above table is a statement of the Board’s current intentions as at the date of this Offer Document. However, Shareholders should note that, as with any budget, the allocation of funds set out in the above table may change depending on a number of factors, including the outcome of operational and development activities, regulatory developments, market and general economic conditions and environmental factors. In light of this, the Board reserves the right to alter the way the funds are applied.

The Offer is being made to all shareholders of the Company (**Shareholders**) named on its register of members at 5pm (WST) on Friday, 13 May 2016 (**Record Date**), whose registered address is in Australia, New Zealand or Shareholders registered on the JSE.

New Shares will rank equally with all fully paid ordinary shares in the capital of the Company (**Shares**) already on issue.

Following completion of the Offer, the Company will have issued approximately 73,762,751 New Shares resulting in total Shares on issue of approximately 147,525,502. These figures assume that all rights are taken up and no options are exercised before the Record Date.
