ASX ANNOUNCEMENT

MVP signs Respiratory deals in the United States and Portugal

Medical Developments International Limited (ASX: MVP) is delighted to announce that it has signed distribution deals with:

- AmerisourceBergen for the distribution of its range of “Anti-static Compact Space Chamber™” Respiratory Devices in the United States of America (US); and
- OverPharma Lda. for the exclusive sales and marketing of its range of “Anti-static Space Chamber Plus® Range” Respiratory Devices in Portugal.

MVP CEO, Mr. John Sharman said: “There is significant interest in our range of respiratory products in the US. The deal with AmerisourceBergen is a great first step for our company. AmerisourceBergen is the largest global generics purchasing organisation and one of the US’s leading specialty pharmaceutical distributors. Our first shipment of product has arrived in the US and will be delivered to AmerisourceBergen this week. We expect this deal will be the first of a number of deals that will bring our patented, Australian developed technology to the US. We hope to announce further distribution deals in the USA in the near future.”

Mr. Sharman said: “OverPharma is a specialty healthcare distributor and this deal will give us a strong market presence in Portugal and is another step towards expanding the global footprint of our Respiratory Device business.”
