QUARTERLY ACTIVITIES REPORT FOR THE QUARTER ENDED 30 June 2016 (ASX code - SXX)

Southern Cross Exploration N.L. ("the Company" or "Southern Cross" or "SXX") is pleased to present its Activities Report for the Quarter ended 30 June 2016.

MINING EXPLORATION AREAS

URANIUM - BIGRLYI URANIUM JOINT VENTURE (5%) - NORTHERN TERRITORY, AUSTRALIA

The Company's 5% interest in the Bigrlyi Uranium Joint Venture is classified in its accounts as "Investment in Joint Venture". The Project comprises 10 granted exploration retention licences (ELRs 46-55) granted over 30 years ago and several applications within the Ngalia Basin, located approximately 350km northwest of Alice Springs. The Bigrlyi Project is characterised by relatively high uranium grades and excellent metallurgical recoveries. Historical base case acid leach tests recorded extraction rates of 98% uranium.

Energy Metals Limited (EME) holds 53.3% and is the Operator. The joint venture also includes Paladin Energy Ltd, which holds 41.7% through its subsidiary, Northern Territory Uranium Pty Ltd.

Southern Cross acquired its initial interest in 1981 in a purchase from the Commonwealth Atomic Energy Commission. A joint venture with a number of uranium pioneering entities resulted, in which Central Pacific Minerals, Urangesellschaft, AGIP Nucleare, Offshore Oil NL, and the Yuendumu Mining Company N L et al were participants at various times.

China Uranium Development Co. Limited, Energy Metals' largest shareholder (60.6%) since 2009, is a wholly owned subsidiary of China General Nuclear Power Holding Company (CGNPC). CGNPC is one of only two companies authorised by the Chinese government to import and export uranium.

URANIUM - MKUJU RIVER, TANZANIA (7%)

Advice received during the quarter was that the majority stakeholder had failed to keep the tenements in good standing and as such the tenements have now been relinquished.

GOLD - PHILIPPINES

BATANGAS PROJECT (10%)

(Tenement applications - EPA IVA-115 and PMPA IV-110)

The Batangas Gold Project is located in the Province of Batangas, about 2 hours from Manila. The project consists of an EP Application and an MPSA, which are yet to be granted. After exercising options, a 10% interest was acquired by the Company's wholly-owned subsidiary Northern Star Investments (Qld) Pty Ltd.

GENERAL

Examination regarding possible participation in a number of new projects and maintaining and reviewing the Company's existing projects were the principal activities during the quarter.

Considerable effort was given to the development of further opportunities, a number being examined, but discarded as not being in the best interest of SXX shareholders.

Directors continue to investigate opportunities to participate in joint ventures and acquire projects in Australia and overseas.

SXX remains committed to its investment in Dateline Resources Limited (ASX: DTR), in which it holds a 18.38% stake, and believes there is considerable value to be unlocked from DTR's future growth and development. Similar investments are under consideration.

SXX will update shareholders on its investment activities as and when appropriate.
