About Touchcorp:

Touchcorp is a technology-driven business that has developed, built, owns and operates a scalable software platform that is used by blue-chip corporates in the convenience retail, healthcare, government, and telecommunications sectors. The platform enables the delivery of non-physical products, services and entitlements to consumers via in-store and self-service methods.

Touchcorp generates revenue from transaction fees for the delivery of completed transactions, integration fees for the connection of new customers to Touchcorp's system and integration fees for granting existing customers access to additional service modules.
