Dear Board Members

**Tasmania Mines Limited**

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Tasmania Mines Limited.

As lead audit partner for the review of the financial statements of Tasmania Mines Limited for the half-year ended 30 June 2016, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely

## **Independent Auditor's Review Report to the members of Tasmania Mines Limited**

We have reviewed the accompanying half-year financial report of Tasmania Mines Limited, which comprises the condensed statement of financial position as at 30 June 2016, and the condensed statement of profit or loss and comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 6 to 13.

### *Director's Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Tasmania Mines Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## *Auditor's Independence Declaration*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Tasmania Mines Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

## *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Tasmania Mines Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

## Directors' declaration

The directors declare that:

- (a) in the directors' opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable;
- (b) in the directors' opinion, the attached financial statements and notes thereto for the half year ended 30 June 2016 are in accordance with the Corporations Act 2001, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the consolidated entity.

*Signed in accordance with a resolution of the directors made pursuant to s. 303(5) of the Corporations Act 2001.*

## Notes to the condensed consolidated financial statements For the half-year ended 30 June 2016

### 1. Significant accounting policies

#### Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

#### Basis of preparation

The condensed consolidated financial statements have been prepared under the historical cost convention, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars.

The consolidated entity is a company of the kind referred to in ASIC Class Order 98/100, dated 10 July 1998 and in accordance with that Class Order amounts in the directors' report and the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2015 annual financial report for the financial year ended 31 December 2015. These accounting policies are consistent with Australian equivalents to International Financial Reporting Standards (A-IFRS).

The consolidated entity has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current reporting period. The adoption of amending Standards does not have any impact on the disclosures or the amounts recognised in the consolidated entity's condensed financial statements.

### 2. Segment information

The consolidated entity operates in the mining industry with operations comprising the sole business of exploration, production and sale of magnetite and high grade scheelite primarily within Australia.

### 3. Subsequent events

No matters have arisen since 30 June 2016 that may significantly affect the operations or the state of affairs of the consolidated entity in subsequent reporting periods.

### 4. Contingent liabilities and contingent assets

There were no contingent liabilities or contingent assets disclosed in the 31 December 2015 annual financial report. As such there are no updates for purposes of this period end report.

There were no contingent liabilities or assets identified during the period that would require disclosure in this period end report.

# Tasmania Mines Limited

---

## Notes to the condensed consolidated financial statements For the half-year ended 30 June 2016

### 5. Exploration and evaluation assets

Exploration and evaluation expenditures including costs associated with drilling and other work to establishing the technical and commercial viability of extracting a mineral resource identified through exploration are capitalised. Capitalised exploration and evaluation expenditure is not charged to profit/(loss) account until the commencement of commercial production. If, after expenditure is capitalised, information becomes available suggesting that the recovery of expenditure is unlikely, the amount capitalised is written off in the period the new information becomes available.

### 6. Deferred stripping costs

Stripping costs (overburden and other waste removal) incurred in the development of a mine before production commences are capitalised and subsequently amortised over the estimated life of the mine on a units of production basis. Several open pits are regarded as separate operations for the purpose of mine planning, stripping costs are accounted for separately by reference to the ore from each separate pit. Deferred stripping costs are included as part of "Mine properties".

### 7. Key management personnel

Remuneration arrangements of key management personnel are disclosed in the annual financial report.

### 8. Financial instruments

The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the half-year financial report of Tasmania Mines Limited approximate their fair values.

### 9. Dividends

During the half-year, Tasmania Mines Limited declared a fully franked dividend of three cents (\$0.03) per share to the holders of fully paid ordinary shares. The total dividend of \$547,575 was paid on 27 May 2016.

### 10. Issued Capital

Issued capital as at 30 June 2016 amounted to \$9,534 thousand (18,252,496 ordinary shares). There were no movements in the issued capital in the consolidated entity in either the current or prior period.
