

## **Contract Extension with Austin Health Includes Latest ITL Healthcare Innovation**

ITL Limited, a diversified healthcare company and owner of ITL Healthcare which produces quality customised procedure packs and surgical apparel, is pleased to announce a one-year contract extension with Austin Health, a major provider of tertiary health services and professional education and research in Melbourne. The extension is anticipated to be worth approximately \$1.5million p.a. and extends ITL Healthcare's sole supply to Austin Health to 5 years.

Austin Health comprises the Austin Hospital, Heidelberg Repatriation Hospital and the Royal Talbot Rehabilitation Centre in Melbourne. Austin Health operates 980 beds across acute, sub-acute and mental health with an annual operating budget of more than \$700 million.

This agreement enables ITL Healthcare to showcase two new innovative product strategies;

1. Transition the Austin's current range of surgical drapes and gowns to ITL Healthcare's new Airtech range. Airtech is a light-weight, environmentally responsible range of surgical fabrics that use the latest manufacturing technologies to provide optimal clinical protection
2. Transition the Austin's current range of surgical components to ITL Limited clinically equivalent products which have been manufactured in our Malaysian facility (EN 13485 and ISO-14001 compliant). This facility is able to provide a full range of surgical component as it is fully equipped for the tooling, manufacture, assembly (cleanroom) and testing of medical devices and procedure packs.

Bill Mobbs, Executive Chairman commented "This contract extension with a very large and highly respected company is an excellent achievement by ITL Healthcare and reflects the continued high quality of work and competitive service that it provides."

"Airtech is another innovative product to come from the division and its inclusion in this contract is a very positive step".

Bill Mobbs  
Executive Chairman

**ITL Limited ABN 16 088 212 088**  
**Unit 1, 63 Wells Road**  
**Chelsea Heights, Victoria, 3196**

ITL is an innovative diversified medical technology company that creates and manufactures leading edge medical devices for Operating Theatres, Bloodbanks and laboratories.

ITL's patented medical devices are sold in over 50 countries and protect healthcare workers in millions of procedures annually.

ITL's wholly owned subsidiary MyHealthTest creates and markets highly innovative direct to consumer pathology testing for major chronic diseases.
