Update Regarding Fund Transfer

Dear Mr. Davey,

We at Valentia will execute a fund transfer of US\$ 10 million to EnviroMission on July 11.

We have made all arrangements with our sources, and delays were due to time taken for authentication processes of the receiving bank account. We apologize for the various setbacks, and seek the understanding of all concerned, including shareholders.

We look forward to deepening our long-term relationship with EnviroMission and all concerned, and will contribute our best efforts going forward.

Ends.
