ASX Market Announcements

Multi Company Trial Agreement

The Board of Directors of Zyber Holdings Limited (ASX: ZYB) ('Zyber' or 'the Company'), is pleased to announce the signing of a multi company trial agreement with **REDtrac, Wegis and Young and Water Associates**.

Water Associates, which is an Inc. 500 company (ranked as one of America's top 500 privately held growth companies), as well as the associated **REDtrac and Wegis and Young** companies will utilize Zyber's solution to share files securely amongst their employees.

"As I take our businesses into the realm of mobile device computing and cloud-based file-sharing to store and collaborate on our important documents, the amount of sensitive information that could fall into the wrong hands is an increasing concern for me. I chose the Zyber solution over the likes of Dropbox and other Cloud based file sharing solutions because of its unique differentiators.", said Jeff Young, President of Water Associates / REDtrac.

Ben Daly, CEO of Cyber states, "The Zyber solution is viable and ready to sell, so that's what the name of the game is now. Deployment of the Zyber platform not only provides valuable application feedback for future enhancements but is a strong driver and leverage for closing additional deals".
