

# MARKET RELEASE

9 May 2016

**Genex Power Limited**

## **TRADING HALT**

The securities of Genex Power Limited (the "Company") will be placed in Trading Halt Session State at the request of the Company, pending the release of an announcement by the Company. Unless ASX decides otherwise, the securities will remain in Trading Halt Session State until the earlier of the commencement of normal trading on Wednesday, 11 May 2016 or when the announcement is released to the market.

Security Code: GNX

Andrew Kabega

**SENIOR ADVISER, LISTINGS COMPLIANCE (SYDNEY)**

## ASX Announcement

9 May 2016

### REQUEST FOR TRADING HALT

Genex Power Limited (**ASX: GNX**) (**Genex** or the **Company**) hereby requests a trading halt in its securities from the ASX effective immediately pending the release of an announcement to the market with respect to the awarding of a material contract to the Company in relation to the Company's Kidston 50MW PV Solar Project. The trading halt will ensure an orderly market while allowing the Company to finalise and obtain appropriate approvals for the terms of an announcement.

The trading halt will last until the earlier of the commencement of trading on Tuesday 10 May, 2016 or the release to the market of an announcement in relation to the contract.

The Company is not aware of any reason as to why the trading halt should not be granted or any further information required to be disclosed to the market regarding the trading halt.

Yours faithfully,

**Justin Clyne**  
Company Secretary

#### About Genex Power Limited:

Genex Power is a power generation development company listed on the ASX. The Company is focussed on innovative clean energy generation and electricity storage solutions which deliver attractive commercial returns for shareholders. Genex is currently pursuing a number of unique energy development opportunities across Australia.

The Company's current focus is on the development of its large-scale Kidston hydroelectric pumped storage generation project and its large-scale solar PV project located in Northern Queensland.
