MESSAGE FROM THE CHAIRMAN

Dear Securityholders,

On behalf of the Infigen Boards it is my pleasure to report that the outlook for the business has improved markedly over the last 12 months. Infigen is now a simplified business that has a better capital structure and is positioned for profitable growth in a rejuvenated Australian market.

We have moved into a supportive policy environment where renewable energy is acknowledged as a significant contributor to delivering reliable, affordable and sustainable electricity. Australia's active participation in the Paris Climate Conference in December 2015 demonstrated our renewed commitment to supporting global efforts to limit the worst effects and risks of climate change. This, and the change in Federal Government leadership in September 2015, helped to restore market confidence in the Large-scale Renewable Energy Target legislation.

During the 2016 financial year (FY16) we completed the sale of our US assets. We also completed an organisation restructure to reduce our corporate overhead costs. We substantially reduced our debt during the year and now have improved prospects for refinancing of our corporate debt facility. This would reduce our cost of debt and free up cash flow that could be directed towards further growth and distributions in the medium term.

We are pleased to see improved value recognition for Infigen's business with the security price increasing over the 2016 financial year with some improved level of institutional investment emerging.

The Annual General Meeting (**AGM**) of Infigen Energy is to be held at 3pm on 17 November 2016 at the Radisson Blu Plaza Hotel, 27 O'Connell Street, Sydney. At the meeting, you will have the opportunity to vote on:

- the adoption of the Remuneration Report as set out in the Infigen Energy Annual Report 2016;
- the re-election of Philip Green as a Director of Infigen;
- the election of Sylvia Wiggins as a Director of Infigen;
- the approval of the Managing Director's further participation in the Infigen Energy Equity Plan; and
- the re-appointment of the Auditor for Infigen Energy (Bermuda) Limited.

Finally, I would like to thank securityholders for your continued support. Your Directors look forward to welcoming you to our Annual General Meeting on 17 November 2016.

ORDINARY BUSINESS

Item 1: Financial Report – Company, Foreign Company and Trust

The Infigen Energy Annual Report 2016 has been distributed to securityholders. The Infigen Energy Annual Report 2016 includes combined financial reports, as well as combined Directors' and Auditor's reports, for the Company and Trust. The Infigen Energy Annual Report 2016 is available at Infigen Energy's website: www.infigenenergy.com

Securityholders do not vote on the financial reports and the Directors' and Auditor's reports. However, an opportunity for securityholders to discuss the financial and other reports will be provided at the meetings.

Item 2: To adopt the Remuneration Report – Company only

Securityholders are asked to consider and adopt the Remuneration Report of the Company by way of a non-binding resolution. The Remuneration Report is set out in the Directors' Report included within the Infigen Energy Annual Report 2016 and is also available from the Company's website: www.infigenenergy.com

The information included in each annual Remuneration Report is largely determined by the requirements of the Corporations Act 2001 (Cth). However, the Chairman has prepared a letter to securityholders at the start of the Remuneration Report that aims to assist securityholders by identifying the key remuneration-related matters for the Company for FY16.

An opportunity to discuss the Remuneration Report will be provided at the meeting.

The vote on the Remuneration Report is advisory only. The Directors will, however, take into account the discussion on this resolution and the outcome of the vote when considering the future remuneration arrangements of Directors and senior management.

The Directors of the Company recommend the adoption of the Remuneration Report.

If at least 25% of the votes cast on the resolution at the 2016 AGM are against the adoption of the Remuneration Report, then:

- if comments are made on the report at the meeting, the Company's Remuneration Report for the financial year ending 30 June 2017 will be required to include an explanation of the Board of the Company's proposed action in response or, if no action is proposed, the Board of the Company's reasons for this; and
- if, at the Company's 2017 AGM, at least 25% of the votes cast on the resolution for adoption of the Remuneration Report for the financial year ending 30 June 2017 are against its adoption, the Company will be required to put to securityholders a resolution proposing that a general meeting (**Spill Meeting**) be called to consider the election of Directors of the Company (**Spill Resolution**). For any Spill Resolution to be passed, more than 50% of the votes cast on the resolution must be in favour of it. If a Spill Resolution is passed, all of the Directors of the Company (other than the Managing Director) will cease to hold office immediately before the end of the Spill Meeting unless re-elected at that meeting.

Item 3: Director Re-election – Company and Foreign Company only

Philip Green retires as a Director of the Company and of the Foreign Company and being eligible, offers himself for re-election.

Philip was originally appointed to the Board of the Company and the Board of the Foreign Company on 18 November 2010. Up until 1 May 2016, Philip was a member of the Audit, Risk & Compliance Committee.

Philip is a Partner of TCI Advisory Services LLP (TCI), an advisor to a substantial securityholder of Infigen Energy. Philip joined TCI in 2007 and his responsibilities include TCI's global utility, renewable energy and infrastructure investments.

Prior to joining TCI, Philip led European Utilities equity research at Goldman Sachs, Merrill Lynch and Lehman Brothers over a 12-year period. Philip is a UK Chartered Accountant (ACA) and has a Bachelor of Science (Hons) in Geotechnical Engineering.

The Directors of the Boards of the Company and Foreign Company (other than Philip Green who abstains) recommend that shareholders vote in favour of re-electing Philip Green as a Director of the Company and Foreign Company.

Item 4: Director Election – Company and Foreign Company only

Sylvia Wiggins, who has been appointed by the Directors of the Company and the Foreign Company in accordance with article 10.8 of the Constitution of the Company and bye-law 12.8 of the Bye-Laws of the Foreign Company, and being eligible offers herself for election.

Sylvia was originally appointed to the Board of the Company and the Board of the Foreign Company on 18 April 2016. Sylvia is a member of the Audit, Risk & Compliance Committee.

Sylvia has over 20 years' experience as a legally qualified chief executive officer, executive and senior investment banker across a broad range of businesses and countries, most recently working in the energy, infrastructure, defence and structured finance areas.

Sylvia has originated, structured and advised upon transactions including capital and debt issuance, IPOs, asset acquisitions and divestments, mergers and acquisitions, and trade sales. Sylvia has also provided corporate advice covering strategic planning, commercial negotiations, capital management and corporate governance.

Sylvia manages her own advisory firm which she established in 2014 having previously worked with a number of international investment and advisory firms. From 2009 to 2011 Sylvia worked at the Alinta Energy Group. Prior to that Sylvia was the inaugural Chief Executive Officer of Global Investments Limited, which is listed on the Singapore Stock Exchange.

The Directors of the Boards of the Company and Foreign Company (other than Sylvia Wiggins who abstains) recommend that shareholders vote in favour of electing Sylvia Wiggins as a Director of the Company and Foreign Company.

Item 5: Participation in the Infigen Energy Equity Plan by Mr Miles George – Company, Foreign Company and Trust

The remuneration of the Managing Director, Mr Miles George, has been determined with reference to market practice, Infigen's remuneration policy, Mr George's current employment contract and prior advice from an independent remuneration adviser, Guerdon Associates. The Nomination & Remuneration Committee engaged Guerdon Associates to provide remuneration market data, advice regarding incentive plan design and measures, and advice on other remuneration-related matters. Information regarding Mr George's FY16 remuneration is included in the Remuneration Report.

Approval is sought for the grant of performance rights under the Equity Plan to Mr George. A summary of the rules of the Equity Plan is set out in Annexure A to this Notice.

The performance rights are proposed to be granted for the purpose of the Long Term Incentive (LTI) component of Mr George's FY17 remuneration package and to satisfy the deferred component of his FY16 Short Term Incentive (STI) award as described below.

Award of performance rights to satisfy the deferred component of the Managing Director's FY16 STI

Under the Infigen Energy Short Term Incentive Plan (STI Plan) 50% of Mr George's FY16 STI award is required to be deferred and, subject to approval by securityholders, is to be awarded in the form of a grant of performance rights under the Equity Plan.

The deferred component of Mr George's FY16 STI award has a value of \$300,580. This results in a proposed grant of 287,225 performance rights to the Managing Director. The number of performance rights to be granted has been determined using the volume weighted average ASX market price of Stapled Securities in the last five trading days of the FY16 financial year of \$1.0465 in accordance with the rules of the STI Plan.

The vesting and forfeiture conditions that apply to the performance rights granted in satisfaction of the deferred component of Mr George's FY16 STI award are:

1. Unless they vest or are forfeited or lapse at an earlier date in accordance with the Equity Plan, the performance rights will vest when the first

trading window is opened (as determined under the Company's Securities Trading Policy) after the release of Infigen Energy's financial results for FY17.

2. The performance rights will be forfeited if the Managing Director's employment ceases other than due to death, total and permanent disablement, redundancy, retirement or other reason approved by the Board prior to the vesting date in point 1 above.
3. The performance rights will automatically lapse upon the happening of certain events specified in the Equity Plan (these are summarised in Annexure A).
4. The Board of the Company may declare that a performance right has lapsed if the performance right was awarded to the Managing Director based on a Key Performance Indicator (KPI) achievement under the STI Plan for FY16 that is subsequently determined to be incorrect as a result of misstated financial information and the performance right would not have been awarded by the Board of the Company had it been aware of the financial misstatement.
5. The Board of the Company may declare that a performance right has lapsed where the Board determines that any performance rights awarded to the Managing Director as part of a previous LTI award which vested in FY16 should not have vested because the assessment of the applicable performance condition was based on a materially adverse financial misstatement and that the Managing Director's deferred FY16 STI performance rights should be forfeited to take account of the LTI performance rights which should not have vested.
6. The Board of the Company has discretion to accelerate the vesting of all or part of any unvested Award in certain circumstances described in the Equity Plan, including if a takeover bid is made to the holders of Stapled Securities that the Board resolves has a reasonable prospect of success or if Stapled Securities cease to be quoted on an exchange. These circumstances are outlined in Annexure A.

Long Term Incentive as part of Mr George's FY17 remuneration package

Mr George will, subject to Securityholder approval, be eligible to receive an LTI award under the Equity Plan that is on the same terms as LTI awards made to other senior managers for FY17.

Under the FY17 LTI award, Mr George is eligible to receive a maximum of 523,173 performance rights, dependent upon the achievement of applicable performance conditions over the measurement period (see further discussion below). This award is for performance rights with a market value of \$547,500 as at 1 July 2016 assuming all performance conditions are ultimately satisfied and all 523,173 performance rights ultimately vest. This market value has been determined using the volume weighted average ASX market price of Stapled Securities in the last five trading days of the FY16 financial year of \$1.0465 multiplied by the 523,173 performance rights.

Current remuneration of Mr George

The table below sets out the estimated remuneration of Mr George for FY17 as set by the Nomination & Remuneration Committee. The estimated remuneration is based on information available to Infigen Energy at the time of preparing the Notice of Meetings. The actual remuneration may differ based on achievement of Key Performance Indicators and other performance hurdles included within the short-term and long-term incentive plans, and will be reported in Infigen Energy's subsequent Annual Reports.

Remuneration categories	FY17 remuneration
Fixed remuneration (inclusive of statutory superannuation)	\$648,500
Maximum short-term incentive opportunity (up to 50% of any STI award will be deferred under the rules of the STI Plan)	\$533,500
Long-term incentive opportunity	\$547,500

Performance conditions of proposed awards under the Equity Plan in respect of the FY17 LTI Grant

1. If the proposed award is approved by securityholders, performance rights will be awarded to the Managing Director in two tranches of equal value (**Tranche 1** and **Tranche 2**).

2. The number (if any) of performance rights awarded to the Managing Director that will ultimately vest is dependent on the achievement of performance conditions determined by the Board of the Company. The Board of the Company has determined the performance rights should be subject to a Total Shareholder Return (**TSR**) performance condition and an operational performance condition involving earnings before interest, taxes, depreciation and amortisation (**EBITDA**). The vesting of Tranche 1 of the performance rights will be subject to the TSR performance condition, while the vesting of Tranche 2 of the performance rights will be subject to the EBITDA performance condition.
3. The performance period for both Tranche 1 (TSR performance condition) and Tranche 2 (EBITDA performance condition) will be a three-year period from 1 July 2016 to 30 June 2019.
4. The Board of the Company has the discretion to vary or substitute either or both of the performance conditions in circumstances where a significant corporate transaction materially affects the achievability of a performance condition. If these circumstances arise the Board of the Company will exercise its discretion in a manner consistent with ensuring that the revised or alternative performance condition(s) is/are not materially easier or more difficult to achieve than the condition(s) as it/they stood before the transaction occurred.
5. Further details of the current performance conditions are provided below.
6. **TSR performance condition** (applicable to Tranche 1 performance rights) – TSR measures the growth in the price of securities plus cash distributions notionally reinvested in securities. In order for any of the Tranche 1 performance rights to vest, the TSR of Stapled Securities must outperform that of the median company in the S&P/ASX 200 index (excluding companies in the financial services and the materials/resources sector).
7. For the purpose of calculating the TSR measurement, the security prices of each company in the S&P/ASX 200 index (as modified above) and of Infigen Energy will be averaged over the 30 trading days preceding the start and end date of the performance period. The percentage of the Tranche 1 performance rights that vest will be as follows:

Infigen Energy's TSR performance compared to the relevant peer group	Percentage of Tranche 1 performance rights that vest
0 to 24 th percentile	Nil
25 th percentile	25%
26 th to 50 th percentile	26% to 50% (i.e. for every percentile increase between 26% and 50% an additional 1% of the Tranche 1 performance rights will vest)
51 st to 75 th percentile	52% to 100% (i.e. for every percentile increase between 51% and 75% an additional 2% of the Tranche 1 performance rights will vest)
>75 th percentile	100%

8. **EBITDA performance condition** (applicable to Tranche 2 performance rights) – the vesting of the Tranche 2 performance rights will be subject to an EBITDA performance condition set by the Board of the Company. An EBITDA growth target is to be established annually by the Board of the Company. This growth target will be a stretch goal. The EBITDA performance will be measured relative to Infigen Energy's capital base. The annual EBITDA growth target will be a specified percentage increase in the ratio of EBITDA to Infigen Energy's Capital Base over the year. The Capital Base will be measured as prior year net assets less derivative valuations, plus current year's earnings and net debt, normalised for foreign exchange. Both the EBITDA and Capital Base will be measured on a proportionately consolidated basis to reflect Infigen Energy's economic interest in all investments. Any shortfall or overachievement in each year of the three-year performance period will be rolled over into the calculation of results for the next year. At the completion of the annual measurement periods the EBITDA growth targets will provide a cumulative target of which at least 90% must be achieved in order for any vesting of Tranche 2 performance rights to occur.

The annual EBITDA growth target for FY17 has been set to reflect the performance expectations of Infigen Energy's business and prevailing market conditions. The annual target for each subsequent financial year will be established by the Board of the Company no later than the time of the release of Infigen Energy's annual financial results for the preceding financial year.

The prospective targets remain confidential. However, each year's target, and the performance against that target, will be disclosed retrospectively in the Remuneration Report.

The EBITDA performance condition rewards senior management for sustaining and delivering capital efficiency performance over an extended period.

The vesting scale for the FY17 Tranche 2 performance rights is set out in the table below:

Infigen Energy's EBITDA Performance	Percentage of Tranche 2 performance rights that vest
0 to <90% of the cumulative target	Nil
90% ≤ 110% of the cumulative target	5% to 100% (i.e. for every 1% increase between 90% and 110% of target, an additional 5% of the Tranche 2 Performance Rights will vest)
>110%	100%

9. Any performance rights that do not vest following the measurement of performance against the TSR and EBITDA performance conditions described above will be subject to a single re-test four years after the commencement of the relevant performance period (i.e. after 30 June 2020). Any performance rights that do not vest following that re-test will then lapse.
10. The Board of the Company has discretion to accelerate the vesting of all or part of any unvested Award in certain circumstances described in the Equity Plan, including if a takeover bid is made to the holders of Stapled Securities that the Board resolves has a reasonable prospect of success or if Stapled Securities cease to be quoted on an exchange. These circumstances are outlined in Annexure A.

11. The rules relating to the lapse of unvested Awards and the circumstances in which a participant who ceases employment is entitled to retain their unvested Awards are set out in the Equity Plan and are summarised in Annexure A.
12. The Board of the Company may declare that a performance right has lapsed following a materially adverse financial misstatement which previously overstated the Infigen Energy Group's financial performance to take account of performance rights which would not have been awarded or vested had the Board been aware of the financial misstatement.

Requirement for approval

Under Listing Rule 10.14, a Director of a listed entity can only acquire securities under an employee incentive scheme that may involve the issue of new listed securities with securityholder approval. In accordance with the requirements of the Listing Rules, the following information is provided to securityholders:

1. Each performance right that vests in accordance with the vesting conditions described above will (subject to the Board of the Company determining that the vested performance rights will be satisfied by the delivery of Stapled Securities instead of their cash equivalent value) translate into one Stapled Security (subject to any adjustment in accordance with the Equity Plan rules). Securityholder approval under item 5 is sought for the grant of a maximum of 810,398 performance rights to Mr George and the acquisition by Mr George of Stapled Securities in consequence of the vesting of these performance rights in accordance with the Equity Plan rules.
2. Mr George will not be required to pay any amount on the grant or vesting of his performance rights.
3. In accordance with the approved grant of performance rights to Mr George at the 2015 AGM, Mr George has been granted 2,229,460 performance rights for nil consideration since that meeting. Of those performance rights 448,956 vested on 12 September 2016 and resulted in the same number of Stapled Securities being issued to Mr George in accordance with the Equity Plan (being the performance rights granted to satisfy Mr George's deferred component of his FY15 STI). In addition, other changes since the 2015 AGM to the number of performance rights held by Mr George are as follows:

- 1,189,288 performance rights vested and resulted in the same number of Stapled Securities being issued to Mr George on 12 September 2016 – these performance rights related to Tranche 1 of Mr George’s FY13 LTI Award (granting of these performance rights was approved by securityholders at the 2013 AGM);
 - 1,035,573 performance rights vested and resulted in the same number of Stapled Securities being issued to Mr George on 12 September 2016 – these performance rights related to Tranche 1 of Mr George’s FY14 LTI Award (granting of these performance rights was approved by securityholders at the 2014 AGM);
 - 932,016 performance rights vested and resulted in the same number of Stapled Securities being issued to Mr George on 12 September 2016 – these performance rights related to Tranche 2 of Mr George’s FY14 LTI Award (granting of these performance rights was approved by securityholders at the 2014 AGM); and
 - 103,557 performance rights lapsed on 12 September 2016 – these performance rights related to the unvested portion of Tranche 2 of Mr George’s FY14 LTI Award (granting of these performance rights was approved by securityholders at the 2014 AGM).
4. Mr George will be prohibited from entering into hedging arrangements or transactions that will limit or reduce exposure to the economic risk of holding unvested performance rights.
 5. The proposed grant of performance rights to Mr George will be made as soon as practicable after securityholder approval is obtained, and in any event no later than 12 months after this meeting.
 6. No loan will be made by Infigen Energy in connection with the potential grant of performance rights to Mr George.
 7. Mr George is currently the only Director of the Company, Foreign Company or Responsible Entity entitled to potentially receive a grant of performance rights under the Equity Plan.

The Directors of the Boards of the Company, the Foreign Company and the Responsible Entity (other than Miles George who abstains) recommend that securityholders vote in favour of this resolution.

Item 6: Re-appointment of Auditor – Foreign Company only

Section 89 of the Companies Act 1981 (Bermuda) requires that the Auditor of the Foreign Company be appointed as Auditor by the shareholders of the Foreign Company at each Annual General Meeting of the Foreign Company. Upon appointment, the Auditor is to hold office until the close of the next Annual General Meeting. PricewaterhouseCoopers is the current Auditor of the Company, Foreign Company and Trust, and as such, PricewaterhouseCoopers is nominated for re-appointment as Auditor of the Foreign Company up until the close of the next Annual General Meeting.

Section 89 of the Companies Act 1981 (Bermuda) also provides that the Directors of the Foreign Company may approve the remuneration of the Auditor as authorised by the shareholders of the Foreign Company. Directors of the Company and the Responsible Entity of the Trust currently have authority to approve the remuneration of PricewaterhouseCoopers in its capacity as Auditor of both the Company and the Trust. Shareholders of the Foreign Company are therefore requested to provide the Directors of the Foreign Company with similar authority to approve the remuneration of PricewaterhouseCoopers in its capacity as Auditor of the Foreign Company. The remuneration paid to PricewaterhouseCoopers in its capacity as Auditor of the Company, the Trust and the Foreign Company during the 2016 financial year is shown in Note 34 to the financial statements within the Infigen Energy Annual Report 2016.

The Directors of the Board of the Foreign Company recommend that shareholders of the Foreign Company approve the resolution to re-appoint PricewaterhouseCoopers as Auditor of the Foreign Company.

Securityholders are reminded that the Foreign Company is now a largely inoperative formal element of Infigen Energy's historical structure that is maintained only because its removal could be complex and expensive under the terms of the stapling deed and various lender arrangements.

ANNEXURE A

Overview of the Infigen Energy Equity Plan (“Equity Plan”)

1. The Board of the Company (**Board**) may in its absolute discretion determine which eligible persons will be offered the opportunity to participate in the Equity Plan.
2. Eligible persons may be invited to apply to be a participant in the Equity Plan.
3. Under the Equity Plan, the Company may grant performance rights, options or security appreciation rights (**Awards**).
4. The main difference between an option and a performance right is that an exercise price as determined by the Board is required to be paid by the participant to exercise a vested option, whereas a vested performance right has a nil exercise price (unless determined otherwise by the Board at the time of grant).
5. Security appreciation rights are the right to receive, upon vesting, a cash payment equal to the difference between the base price of the security appreciation right (set by the Board at the time of grant, having regard to the then market price of Stapled Securities) and the market price of Stapled Securities at the time when the security appreciation right vests. No amount is payable to a security appreciation right holder if the market price of Stapled Securities at the time of vesting is less than the original base price.
6. The grant of an Award is subject to the rules of the Equity Plan and the terms of the specific award as determined by the Board.
7. The Board is responsible for administering the Equity Plan in accordance with the rules of the Equity Plan and the terms and conditions of specific grants of an Award to participants in the Equity Plan.
8. An application to participate in the Equity Plan will not be accepted if, at the time of the application, the applicant:
 - (a) is not an employee of an Infigen Energy Group entity;
 - (b) has given notice of his or her resignation as an employee; or
 - (c) has been given notice of termination of his or her employment.

9. The Board may impose performance conditions on any awards under the Equity Plan to reflect Infigen Energy Group's business plans, budgets and performance objectives. The Board may vary these performance conditions from time to time. Awards will not vest unless these vesting conditions are satisfied or accelerated vesting occurs in accordance with paragraph 13 below.
10. An Award does not entitle a participant to participate in any new issue of Stapled Securities. Awards will also not attract dividends, distributions or voting rights until they vest (and in the case of options, are exercised) and Stapled Securities are allocated (whether or not the Stapled Securities are then subject to non-disposal restrictions).
11. On the vesting of an Award, the Company must cause to be issued, transferred or paid (as applicable) to the participant:
 - (a) in respect of vested options which are exercised by the option holder, the number of Stapled Securities (expressed to one decimal place) the subject of each vested option multiplied by the number of vested options exercised by the participant, rounded down to the nearest whole number of Stapled Securities;
 - (b) in respect of vested performance rights, in the absolute discretion of the Board, either:
 - (i) the number of Stapled Securities (expressed to one decimal place) the subject of each vested performance right multiplied by the number of vested performance rights held by that participant, rounded down to the nearest whole number of Stapled Securities; or
 - (ii) a cash amount equivalent to the Market Price of a Stapled Security on the vesting date multiplied by the number of Stapled Securities contemplated under paragraph 11(b)(i) above. The Market Price means an amount equal to the volume weighted average of the selling price of a Stapled Security recorded on the ASX over the five ASX trading days immediately preceding the vesting date or if no sale occurred during such period the last sale price of a Stapled Security recorded on the ASX; or

- (c) in respect of vested security appreciation rights, a cash amount (rounded to the nearest whole dollar) calculated by multiplying the number of Stapled Securities to which those security appreciation rights relate by an amount equal to the amount by which the Market Price of a Stapled Security on the vesting date of the security appreciation right exceeds the base price of that security appreciation right. As stated in paragraph 5 above, no amount is payable where that Market Price does not exceed that base price.

12. No amount is payable for the grant of an Award.

13. The Board may, in its absolute discretion, accelerate the vesting of all or part of any unvested Award, in the following circumstances:

- (a) a takeover bid is made to holders of Stapled Securities which the Board resolves has a reasonable prospect of success;
- (b) a court orders that a meeting be held to consider a scheme involving a proposed arrangement for the merger or acquisition of the Infigen Energy Group;
- (c) if Stapled Securities cease to be quoted on any securities exchange;
- (d) the winding up of the Company, Foreign Company or Trust; or
- (e) a participant's employment ceases due to death or total and permanent disability.

The Equity Plan contains rules regulating the exercise of the Board's discretion in these circumstances.

14. An unvested Award held by a plan participant will lapse on the earlier of:

- (a) the expiry date applicable to that option, performance right or security appreciation right; or
- (b) that participant becoming bankrupt or committing an act of bankruptcy; or
- (c) the Board determining that the participant:
 - (i) has committed (or it is evident that the participant intends to commit) any act (whether by omission or commission) which amounts or would amount to any of dishonesty, fraud, wilful misconduct, wilful

breach of duty, serious and wilful negligence or incompetence in the performance of the participant's duties;

(ii) is convicted of a criminal offence (other than minor/trivial offences) or is guilty of wilful or recklessly indifferent conduct which may injure the reputation or business of an Infigen Energy Group member; or

(iii) has failed to comply with a non-compete or confidentiality condition contained in their employment contract with an Infigen Energy Group member;

(d) that participant ceasing to be an employee due to reasons other than death, total and permanent disablement, redundancy or retirement (unless the Board of the Company determines otherwise in its absolute discretion); or

(e) subject to certain exceptions, the compulsory or voluntary winding up of the Company, Foreign Company or Trust as detailed in the Equity Plan.

15. If a participant's employment ceases due to death, total and permanent disablement, redundancy or retirement, or for any other reason approved by the Board in its absolute discretion, then his or her unvested Awards will be retained by the participant after his or her employment ceases and will vest or lapse in accordance with the terms of the grant of the Award and the Equity Plan rules.

16. The Equity Plan provides for the acquisition, by issue or transfer, of fully paid Stapled Securities by the plan entity appointed by the Company. Stapled Securities may then be transferred from the plan entity to a participant upon the relevant performance conditions being satisfied. Any Stapled Securities issued under the Equity Plan will rank equally with those traded on the ASX at the time of issue.

17. A participant may not sell, assign, transfer or otherwise deal with, or grant a security interest over, an Award. An Award lapses immediately on any purported sale, assignment, transfer, dealing or grant of security interest unless the Board in its absolute discretion approves the dealing or transfer or transmission is effected by force of law on death or legal incapacity to the participant's legal representative.

18. In the event of any capital reorganisation of the Company (or certain other matters affecting the Company's capital structure including any bonus issues and rights issues), the participant's Award will be adjusted, as set out in the Equity Plan and otherwise in accordance with the ASX Listing Rules. In general, it is intended that the participant will not receive any advantage or disadvantage from any such adjustment relative to holders of Stapled Securities.
19. The Board may impose restrictions on the disposal of Stapled Securities acquired by a participant under the Equity Plan and implement such arrangements (including a holding lock) as it determines are necessary to enforce this restriction. Once any restriction is removed, and subject to the Company's Securities Trading Policy, Stapled Securities acquired under the Equity Plan may be dealt with freely by the participant.
