The Company has not declared, and does not propose to pay, any dividends for the period ended 30 June 2016.

Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

Revenue for the six month period to 30 June 2016 was €4,991,968 (2015: €841,605), an increase of 493%. Recurring revenue, which for the period amounted to €511,812 (2015: €302,751), an increase of 69%, continues to grow as the company expands its customer base. During the period, the company continued implementation across the following hospitals or hospital systems:

- Epworth HealthCare comprising 8 hospitals in Melbourne, Australia
- The Sydney Children's Hospital Network at Westmead in Sydney,
- The University of Iowa Children's Hospital in Iowa City

As at 30 June 2016, the Oneview system was live in 1,671 beds with a further 3,291 beds contracted but not yet installed. There were a further 2,836 beds in contract negotiation and 7,439 beds in tender

process. During the period, Oneview announced the signing of a multi-year contract with NYU Langone Medical Center (a leading academic teaching hospital in Manhattan) to deploy Oneview's software initially at its 374 bed state-of-the-art facility, Helen L. and Martin S Kimmel Pavilion in New York. The contract provides for the further roll-out of Oneview's software across 2,000 end points (equivalent to an estimated 1,000 beds) across other NYU facilities. Oneview also announced a number of US based proof of concept implementation projects with three separate hospital systems which the directors expect to convert to full scale hospital implementations in the second half of 2016. The company continues to have a strong pipeline of new business opportunities across the four territories in which the group currently operates.

Following the company's IPO, the business has continued to invest in attracting world-class employees across each of its primary office locations and has over doubled the headcount to 104 personnel as at 30 June 2016 from 51 at 30 June 2015. The growth in headcount has primarily been in the areas of sales, implementation and research and development. To support the significant planned further US expansion the company recently announced the opening of a new US headquarters based in Chicago which is scheduled to open in September.
