Quarterly Activities Report – March 2016

Nemex Resources Limited (ASX: NXR, Nemex or the Company) reports its activities and corporate developments for the March 2016 Quarter.

INVESTMENT IN SECURITY BIOMETRIC TECHNOLOGY

During the quarter, Wavefront Biometric Technologies Pty Ltd (“Wavefront”) advised Nemex that it had lodged its taxation return and has received a cash refund under the Federal Government’s Research and Development (R&D) Tax Incentive Scheme (Scheme) in respect of the year ended 30 June 2015.

The refund will in part be used to settle existing creditors, partially repay the current Nemex loan and make necessary amendments to the Wavefront technology in relation to the International Centre for Biometric Research at Purdue University (“Purdue ICBR”) validation report.

Nemex intends to assist and support Wavefront in continuing to examine alternatives to address the issues identified by Purdue ICBR and intends to re-process data from previous testing with a view to undertaking further independent validation at Purdue ICBR.

Wavefront advised Nemex that Dr Shanny Dyer will resign as Managing Director of Wavefront effective from 15 April 2016. Dr Dyer will continue in her role as Chairperson/Director of Wavefront.

MINERAL INTERESTS

During the quarter, Nemex relinquished its rights to E57/634 as the results to date are considered to be low grade with diminished prospects of an economic deposit being defined and to reduce holding costs in the short to medium term.

Nemex is reviewing its interests in its remaining mineral projects in conjunction with consideration of a potential change in activities.

Reinstatement to Trading

NXR expects that the suspension to the quotation of its securities will end upon NXR making an announcement in respect of an update on the Company's investment in Wavefront, update on discussions with potential customers, development partners and investors based in China relating to assisting Wavefront in further development of its technology and an appointment to the Board. NXR expects that this announcement will be made by 1 July 2016.

About Nemex Resources

NXR boasts a diversified asset portfolio comprising interests in both the minerals and technology sectors.

NXR has acquired a 40% interest in Australian-based biometric technology developer Wavefront, and has the right to increase this to a 51% interest.

Wavefront's core business is developing innovative biometric solutions for authentication of identity utilising the unique properties of the eye. Wavefront's vision is to become the identity authentication platform provider for all mobile devices and transactions requiring end-user verification, across government and military; enterprise; and consumer markets.

NXR also holds interests in two prospective resources projects, the Telimele DSO Iron project in Guinea and the Woodley Iron project in Western Australia.

Notes

- 1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- 2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 **Issued and quoted securities.** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, *AASB 1022: Accounting for Extractive Industries* and *AASB 1026: Statement of Cash Flows* apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.

+ See chapter 19 for defined terms.
