

## **ASX ANNOUNCEMENT – 12 July 2016**

### **Proposed Grant of Options to Directors**

Middle Island Resources Limited (ASX:MDI; Company) advises that on 11 July 2016, the Board of Directors has resolved to issue incentive options to its executives and non-executive directors.

The issue of the options, which will be subject to shareholder approval in next general meeting, will serve to provide compensation for significant previous reductions in fees and salaries, and prior pro-bono contributions, as well as incentive and compensation for future services in a manner that aligns the interests of the executive and Directors interests with the interests of all Shareholders.

The number of options proposed to be granted has been determined by reference to each recipient's executive or non-executive role as well as current market practices in the junior exploration sector.

The Company also confirms Mr Kirk has assumed his new role as Project Manager for the Sandstone Gold Project and has relinquished his non-executive director role with effect from close of business yesterday.
