UPDATE ON CYCLIQ PUBLIC OFFER

Voyager Global Group Limited (**Voyager** or **Company**) is pleased to advise that there has been a very high level of interest in its public share offer (**Public Offer**) pursuant to its prospectus dated 29 September 2016 (**Prospectus**). To date, Voyager has received significantly more demand to the share offer than the company intends to raise.

Voyager was notified yesterday by the Australian Securities and Investment Commission (**ASIC**) of an interim stop order which has been placed on the Company's Prospectus and has raised some concerns in relation to certain disclosures in the Prospectus. While the interim stop order remains in place, the Company will make no offers, issues, sales or transfers of shares under the Prospectus. The Company is currently working with ASIC to address their concerns with a view to resolving them as soon as possible.

As previously announced, Voyager shareholders approved the Company's proposed acquisition of Federation Enterprises (WA) Pty Ltd (**Cycliq**) a technology company, on 9 September 2016. Completion of the acquisition is conditional upon completion of the Public Offer and approval from ASX to reinstate Voyager's shares to trading on ASX. The Company is targeting re-quotation of its shares by 21 November 2016, with shares to trade under the new ASX ticker "**CYQ**".
