The Board of Red Emperor Resources NL ("**Red Emperor**" or the "**Company**") provides the following commentary and Appendix 5B for the period ending 30 September 2016.

Philippines (SC 55)

During the quarter, all relevant documentation for the transfer of Otto Energy Limited's (ASX: OEL "Otto") equity interest in Block SC 55 was prepared by Otto, approved by the Joint Venture and has now been submitted to the Philippines Department of Energy (DoE) for final approval. Once ratified by the DoE, Red Emperor's equity interest will increase from 15% to 37.5%.

In June this year, the DoE formally granted a two-year moratorium, until 23 December 2017, on required work activity under Service Contract 55. During the moratorium period, the JV will conduct specialised geophysical studies in the area surrounding the Hawkeye Prospect, which encountered gas shows when it was drilled last year. Although the Hawkeye well did not encounter gas in commercial quantities, it proved the presence of an active petroleum system in the contract area that hosts the "Cinco Prospect" as well as several other leads.

Georgia

Sale negotiations continue with at least one interested party for the purchase of Block VIa. Red Emperor is not involved in the negotiations, although remains a 20% shareholder of Strait Oil and Gas Ltd which currently holds the Production Sharing Contract across Block VIa.

Corporate

The Board is currently reviewing a number of opportunities, both at specific asset level as well as at a corporate level and believes it is well placed to advance these discussions further during the current quarter.
