BAOBAB PROJECT - PICTORIAL UPDATE

Avenira Limited ('Avenira' or the 'Company') is pleased to provide a pictorial update from the Baobab Phosphate Project in Senegal.

The update demonstrates the solid progress being made on the removal of overburden and the construction of waste stockpiles as well as the construction of critical infrastructure such as site offices and accommodation and the foundations for the processing plant.

The presentation, below, can also be found on the Avenira website at www.avenira.com

Further updates will be provided throughout the construction process.
