Dear Shareholder

### Invitation to participate in Azure's Share Purchase Plan

A little over 12 months ago the Directors of Azure Minerals Limited (“**Azure**” or “**Company**”) invited shareholders to participate in a Share Purchase Plan at a price of 1.32 cents per share, which received strong support from shareholders. Since that time, the Company has successfully made an exciting new silver discovery at Mesa de Plata and progressed it to the point of a defined maiden JORC resource. Pleasingly, this success has delivered significant share price appreciation and value creation for shareholders.

Once again, the Directors of Azure are delighted to extend an invitation to Eligible Shareholders to participate in a Share Purchase Plan (“**Plan**”) which was announced to the Australian Securities Exchange (“**ASX**”) on 23 May 2016 (“**Announcement Date**”).

This SPP presents an opportunity for Eligible Shareholders to take advantage of prevailing market conditions and to participate in the future growth of the Company. Funds raised through the Plan, combined with the \$15 million raised via the placement also announced to the ASX on 23 May 2016, will primarily be used to continue exploration and development studies including economic and resource development at Mesa de Plata, resource drilling and metallurgical testing from Loma Bonita as well as exploration of a number of other high priority exploration targets we have identified at Alacrán.

The Plan allows Eligible Shareholders to purchase up to \$15,000 worth of fully paid ordinary shares in the Company (“**Shares**”) without any brokerage or transaction costs and at the same price per Share as the recently announced placement to institutional and sophisticated investors. Shares under the Plan will be issued at 3.8 cents per Share, which represents a 13.6% discount to the last traded closing price of the Company's Shares on the ASX on 17 May 2016 and an 8.9% discount to the volume-weighted average price for the 5 trading days prior to 23 May 2016. The offer of Shares under the Plan is open to all Eligible Shareholders (as defined in the attached Offer) as at 5:00pm (WST) on 20 May 2016 (“**Record Date**”).

The Plan seeks to raise up to \$3,000,000 (“**Offer Amount**”). The directors reserve the right to expand the size of the Plan (subject to the ASX Listing Rules) or to scale back acceptances at their discretion.

The Plan allows Eligible Shareholders, irrespective of the size of their shareholding, to apply for one of the following parcels of Shares:

Offer	Value
A	\$1,000
B	\$2,500
C	\$5,000
D	\$7,500
E	\$10,000
F	\$15,000

Participation in the Plan is entirely optional. Offers under the Plan are non-renounceable, meaning that you are not permitted to transfer your rights to subscribe for Shares under the Plan.

If, after reading the attached Offer, you wish to participate in the Plan you must complete the accompanying personalised Application Form and return it together with payment for the exact application monies in Australian dollars to the Company’s Share Registry **on or before 5.00pm (WST) on 20 June 2016**. Alternatively, you may make a payment directly via BPAY® in accordance with the instructions set out in the Application Form.

**Alacrán Project (Azure to earn 100% ownership from Teck)**

Alacrán is located in northern Mexico approximately 50km south of the USA border. The property covers 54km<sup>2</sup> of highly prospective exploration ground in the middle of the Sonora-Arizona Copper Province. This is North America’s most prolific copper-producing district, extending from Mexico into the southern United States, and the second largest concentration of copper deposits in the world. Azure’s property lies close to several large copper mines, including being just 12km south of the giant Cananea Copper Mine (Figure 1).

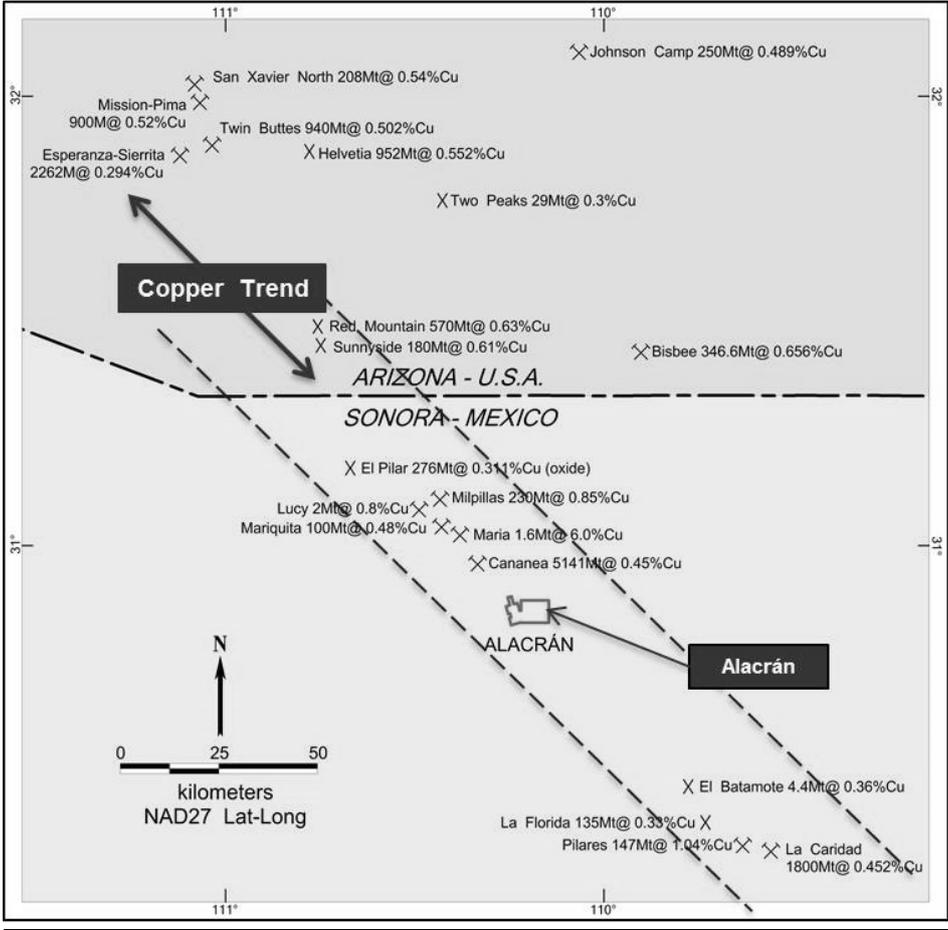

Figure 1: Copper mines and resources in Mexico-Southwest USA Copper Belt

On 16 September 2015 Azure announced that it had made a high grade silver discovery at Mesa de Plata (MDP), within the Alacrán Project, and since that time has provided a number of updates on progress at MDP culminating in an announcement on 9 May 2016 of a maiden

Indicated Resource of 9.6Mt grading 84 g/t silver for 25.9 million ounces of silver. Within this was a high grade zone of 2.2Mt grading 220 g/t Ag for 15.3 million ounces of silver.

In addition to the silver discovered at MDP, the nearby the Loma Bonita area is shaping up as an area with significant gold potential with the latest drilling result announced to ASX on 10 May 2016 of 48m at 2.7 g/t gold and 27 g/t silver and containing a higher grade intersection of 15.6m grading 5.2 g/t gold.

Funds raised from this SPP will be used primarily for exploration activities and development studies, including the following:

- preliminary development and economic studies at MDP, including further resource drilling;
- continuation of metallurgical testing of MDP mineralisation;
- further drilling on the Loma Bonita gold-silver prospect to resource status;
- preliminary metallurgical testing of gold-silver ore at Loma Bonita;
- undertake drilling of other gold, silver and base metal targets elsewhere on the project;
- further target generation activities elsewhere on the Alacrán Project; and
- minor work and expenses at Azure's other projects.

Azure acquired the rights to the Alacrán Project in December 2014 through its wholly owned Mexican subsidiary Minera Piedra Azul S.A. de C.V. Azure has signed an agreement with a subsidiary of Teck Resources Limited (**Teck**) to acquire 100% of the property, subject to an underlying back-in right retained by Teck and a 2% net smelter royalty retained by Grupo Mexico. Teck is Canada's largest diversified resource company. Grupo Mexico is Mexico's largest, and one of the world's largest, copper producers.

**Promontorio Project (Azure 100%; Kennecott (Rio Tinto) may earn up to an 80% interest)**

A drilling program to test for porphyry-related copper mineralisation commenced earlier this year with four holes completed to date. Results will be announced at the completion of the program.

If you have any questions on our future activities or how to participate in the Plan, please contact us on 08 9481 2555. We look forward to your continued support for the Company.

Yours sincerely

Peter Ingram  
Chairman

### 3. Issue Price

3.1 The Shares under the Plan will be issued at 3.8 cents per Share (**Issue Price**). The Issue Price has been calculated by reference to the last traded closing market price of the Shares on the ASX on 17 May 2016 which was 4.4 cents and represents a 13.6% discount to that price. The Issue Price also represents a discount of 8.9% to the 5 day volume weighted average price of the Shares traded on the ASX immediately prior to the announcement of the Plan on 23 May 2016 (**Announcement Date**).

3.2 Shareholders should note that the market price of Shares may rise or fall between the date of this Offer and the date the Shares are issued (**Issue Date**). 3.3 No brokerage, commissions or other transaction costs are payable by Eligible Shareholders under the Offer.

#### 4. Number of Shares Offered

4.1 The maximum number of Shares that is able to be issued under the Plan in order to comply with ASX Listing Rules requirements is 30% of the number of ordinary shares in the Company currently on issue (being a maximum of approximately 373 million Shares).

4.6 No fractions of Shares will be issued. Any fraction of a Share will be rounded up to the nearest whole number of Shares.

4.7 The Offer is non-renounceable. This means that Eligible Shareholders cannot transfer their entitlement to purchase Shares under the Plan to another person.

4.8 Subject to paragraph 4.9 below, if the Company receives applications for more than \$3,000,000 of Shares under the Plan, the directors may in their absolute discretion, undertake a scale-back to the extent and in the manner it sees fit. If there is a scale-back you may not receive all the Shares for which you have applied. If a scale-back produces a fractional number when applied to your application, the number of Shares you will be allotted will be rounded up to the nearest whole number of Shares and any monies promptly refunded to you without interest.

4.9 The directors reserve the right to expand the size of the Plan (subject to the ASX Listing Rules) and accept subscriptions above \$3,000,000.

4.10 If applications under the Offer total an amount less than \$3,000,000, this shortfall may, subject to the ASX Listing Rules, be placed at the discretion of the directors to investors to whom disclosure is not required to be made under section 708 of the Corporations Act 2001.
