RAMSAY REAFFIRMS MARKET GUIDANCE

Ramsay Health Care Limited (Ramsay) notes certain comments made last week about slowing hospital admissions growth in Australia in the quarter ended 30 September 2016.

Ramsay's large strategically diversified quality portfolio of hospitals continues to deliver admissions growth in line with its long term trend.

Ramsay advises that its FY17 first quarter results are in line with its expectations and reaffirms that it is targeting Core NPAT and Core EPS growth for the Group of 10-12% for FY17.
