A more resilient building products business

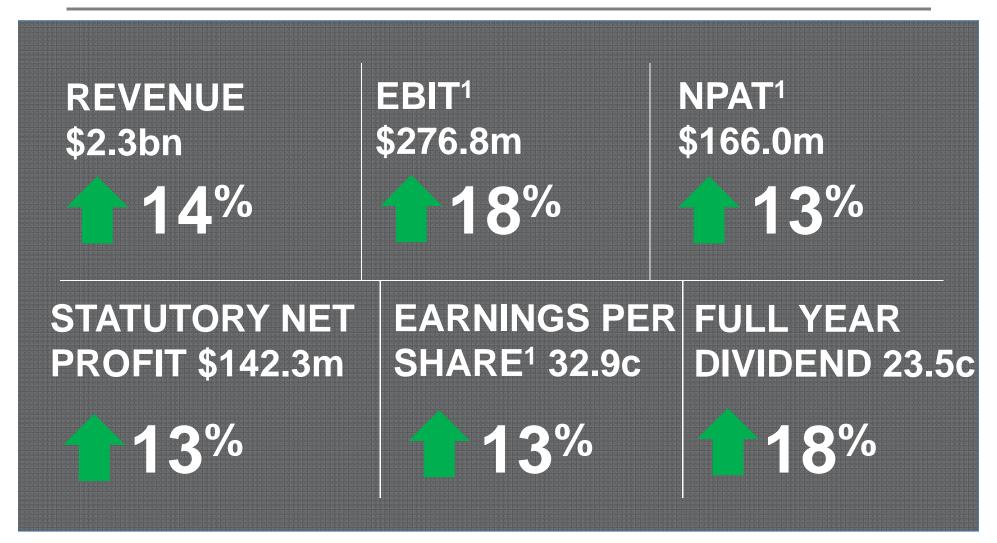

CSR LIMITED PRESENTATION 2016 MANAGING DIRECTOR'S REPORT

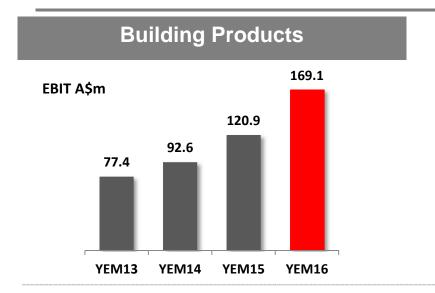

Highest net profit since 2010 divestment of Sugar

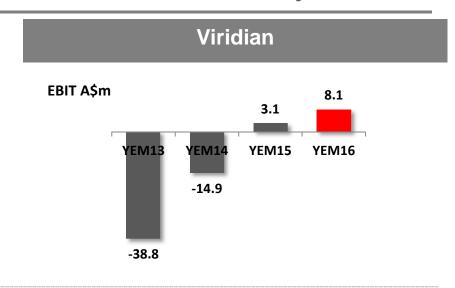

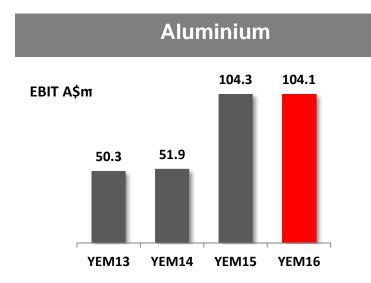

¹ EBIT, net profit and earnings per share are all before significant items. They are non-IFRS measures and are used internally by management to assess the performance of the business and have been extracted or derived from CSR's financial statements for the year ended 31 March 2016. All comparisons are to the year ended 31 March 2015 unless otherwise stated.

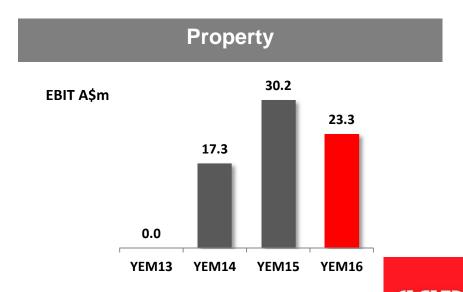

EBIT¹ reflects solid improvement in last few years

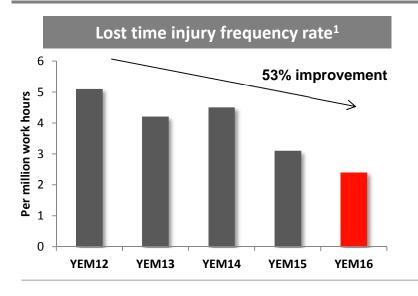

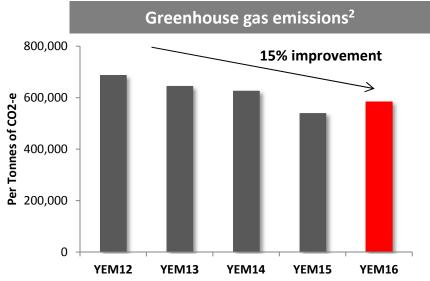

1. EBIT before significant items.

Improving safety and environmental performance

- Lost time injury frequency rate has improved by 53% over the last five years
- Key focus area this year young and new employees
 - Represents nearly half of all injuries as CSR
- Per million work hours. Includes PGH Bricks JV as of 1 May 2015 and excludes other joint ventures.

- Significant reductions in last five years
 - Greenhouse gas emissions down 15%
 - Potable water use down 23%
 - Solid waste produced down 43%

2. Environmental data reported for the period of 1 July to 30 June for the respective years to be consistent with the National Greenhouse and Energy Reporting Scheme.

Focused on sustainable long-term growth

Sustainable long-term growth **Develop** close-to-core growth options Fix core / strengthen existing asset base Off-site construction solutions • Growth in multi-res • Structural systems for exposure multi-res market Viridian turnaround Develop Bradford Energy Market leading customer Solutions Bricks restructuring and trade service Gyprock Optimised Core Gyprock and Bradford Build a deeper pipeline of Invest in innovation and expansion growth options R&D • Investment in distribution networks CSR Connect digital • Fix legacy issues including asbestos

Changing demographics of housing

Housing market composition 250,000 Multi-residential Detached 200,000 150,000 100,000 50,000

Changing the way we build

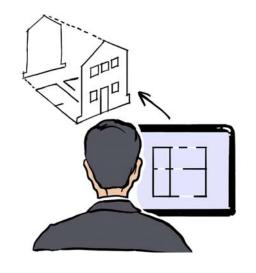

Enhancing the customer digital experience

OUTLOOK

Outlook for year ending 31 March 2017 (YEM17)

Building Products

- Residential construction markets continue to experience record levels of activity which will support demand for CSR products in the year ahead.
- Earnings in Building Products expected to improve compared to last year.

Viridian

Expected to deliver further earnings improvement from growth in high performance glass and increasing its presence in the commercial market.

Aluminium

54% of its aluminium sales (net of alumina) hedged at an average price of A\$2,327 per tonne (before premiums).

Property

- Earnings are always subject to the timing of transactions.
- The continuing development of a number of projects will underpin earnings over the next five to 10 years.
